RECOGNIZING THE 90TH ANNIVERSARY OF ST. RICHARD PARISH IN CHICAGO

HON. DANIEL LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 26, 2018

Mr. LIPINSKI. Mr. Speaker, I rise today to honor the 90th anniversary of St. Richard Parish in Chicago. On Sunday, October 28, the church will hold a celebration to commemorate nearly a century of faith and service to the community, and I am pleased that I will be joining them.

St. Richard Parish has a long and thriving history, dating back to the 1920s. As the Archer Heights community grew, George Cardinal Mundelein of the Archdiocese of Chicago recognized the need for a new Catholic parish in the area and established St. Richard on June 8, 1928.

While services were temporarily held in a storefront on 51st Street, the men from the parish banded together and built their first church. This endeavor required hard work, commitment, and sincerity, all unifying characteristics of the church's parishioners. Fr. Edward Kilroy became pastor in 1944, and during his 22 years leading the parish he oversaw significant growth. In 1947 the St. Richard Parish School was opened, giving the children of Archer Heights an opportunity for an outstanding Catholic education and chance to better themselves spiritually and intellectually. As the parish grew, a new church was constructed in 1959 on the corner of Kastner Avenue and 50th Street. In the first decade of the 21st century, under the leadership of Fr. Thomas Bernas, a community center was added by the parish. I'm proud to have been able to help with the funding for that project which helps the parish serve the Archer Heights community.

From their first pastor, Rev. Horace Wellman, to their current pastor, Fr. Krzysztof Janczak, St. Richard's diverse group of parishioners continue to enrich the community with outreach programs, a strong school, and an unwavering commitment to their faith in Jesus Christ.

Mr. Speaker, I ask my colleagues to join me in honoring St. Richard Parish and its parishioners on the parish's 90th anniversary. I am proud to have in the Third District of Illinois such a vibrant example of the values that can be provided by a church with outstanding leadership and committed parishioners.

IN RECOGNITION OF MR. GEORGE GUASTELLO AND HIS 10-YEAR ANNIVERSARY AS PRESIDENT AND CEO OF UNION STATION KANSAS CITY

HON. EMANUEL CLEAVER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, October 26, 2018

Mr. CLEAVER. Mr. Speaker, I rise today to recognize Mr. George Guastello's 10-year an-

niversary as the President and Chief Executive Officer of Union Station Kansas City and to celebrate his countless contributions to Kansas City's rich history and vibrant culture. It is an honor to commemorate his profound career with this Congressional Record.

As a lifetime Kansas City resident, George Guastello keeps close ties to his neighborhood and continues to be a pillar of the community through his role as President and CEO of Union Station Kansas City. Although Mr. Guastello has fulfilled the duties of his role for a decade, his devotion to the Kansas City area far exceeds this single role. Mr. Guastello has an unremitting dedication to the revitalization of the city and continues to serve as an agent of change in its growth.

Mr. Guastello spearheaded the reopening of Union Station Kansas City in 1999, following years of neglect. Once dormant, Union Station is now one of the city's most beloved and well-known landmarks. Union Station has become a crown jewel of our great city, visited not only by locals, but by tourists from all over the world. Mr. Guastello's hard work to highlight the historic fabric of Kansas City through the preservation of Union Station continues to unite Kansas Citians and visitors beyond city limits. It connects individuals from across the country with innovative exhibits, significant historical background, and engaging educational experiences. As we navigate through an everchanging society, the importance of preserving aspects of our history becomes increasingly more relevant and vital to ensuring the generations to come have an opportunity to reflect on history while shaping their own. The grand reopening of Union Station Kansas City ensured that a significant piece of Kansas City's history would not become a faint memory, but, instead, would transcend time for generations to come.

Moreover, Mr. Guastello's work regarding Union Station is but one of many achievements he has championed. Mr. Guastello's role as President and CEO for the American Royal Association highlighted our region's lush agricultural heritage. In addition, as the Vice President of Marketing and Business Strategy for Starlight Theater, Mr. Guastello shined a spotlight on innovation and helped the company achieve an all-time high season attendance of over a quarter million people. While these are only a few of Mr. Guastello's many accomplishments, they speak volumes to not only the commitment Mr. Guastello makes to the greater Kansas City community, but also to his meritorious character.

It is a privilege to stand today and recognize the work of Mr. Guastello. Mr. Speaker, please join me in honoring Mr. George Guastello's remarkable career and service to the people of the greater Kansas City area. I look forward to seeing the work and contributions of Mr. Guastello continue to shape and advance the greater Kansas City Community.

WILLIAM "BILL" COORS

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Friday, October 26, 2018

Mr. PERLMUTTER. Mr. Speaker, I rise today to honor the life of William "Bill" Coors who passed away peacefully last week at the

age of 102. Bill served as the chairman of what became the Coors Brewing Company from 1959 until 2000, and he continued serving as an official beer taster for Coors until his 100th birthday.

Through Bill's decades of service to the Brewery, he was involved in much of the growth in the beer industry in America. One of his biggest accomplishments was his development of the aluminum can. Before 1959, Americans drank beer out of a tin-lined steel container. Not only was this practice extremely wasteful, but the lining affected the flavor of the beer. Bill realized aluminum would be a better container because it is 100 percent recyclable, it would be less expensive to transport, and wouldn't affect the taste of the beer. Bill's push to use the aluminum can and modernize the canning assembly line almost 60 years ago had a lasting impact on the entire industry.

More importantly, Bill was a close family friend who worked with my father Leonard Perlmutter over the years. The two enjoyed a great friendship which spread to the rest of our families. I will always remember Bill as a fantastic piano player, as he would often play the piano beautifully at parties I attended. He was also involved in many community organizations throughout Colorado.

I want to thank Bill for his years of friendship and recognize his tremendous contributions to the Coors Brewing Company over the years.
