

3. Most state and local officials, as well as the public, encourage and support body and car cams for law enforcement. These video cameras have been proven to be very helpful for protection of policeman and the public.

4. Consider the most recent case of Nurse Alexandra Wubbels barring police from drawing blood from an unconscious patient. Her position was that the unconscious patient has a right to know what is happening to their body. She stood her ground. The police thought they had a right under the law, it didn't play well in the media. The end result, Salt Lake City and the University Hospital settled for \$500,000 payment to Ms. Wubbels.

Today's society will not longer accept gross mistreatment of unconscious patients presently shrouded in secrecy. The National Unconscious Patient's Bill of Rights will promote the use of modern technology, cameras mounted and in use during surgical procedures. Upon request from the patient such recordings must be available to patient or assigned legal representative. Doctors and medical staff will be held responsible for their actions.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, December 13, 2018 may be found in the Daily Digest of today's RECORD.

MEETINGS SCHEDULED

DECEMBER 14
