COMMITTEE AUTHORIZATION AND OVERSIGHT PLAN

Adopted February 15, 2017

In accordance with Rule X of the House of Representatives, the Committee on the Judiciary is responsible for determining whether the laws and programs within its jurisdiction are implemented and carried out in accordance with the intent of Congress and whether they should be continued, curtailed, eliminated, or enhanced. Accordingly, in the 115th Congress the Committee will review all laws and programs within its jurisdiction to assess their application, administration, execution, and effectiveness. The Committee will also review the organization and operation of Federal agencies and entities within its jurisdiction for the administration and execution of laws and programs within its jurisdiction.

The Committee will review the mission and operations of all agencies and programs within its jurisdiction as it prepares to reauthorize the components of the Departments of Justice and Homeland Security and other agencies as appropriate. In doing so, the Committee will identify wasteful, inefficient, or duplicative programs that should be streamlined or eliminated, as well as those that could be enhanced. Through such oversight, the Committee seeks to determine how these agencies and entities can achieve more impactful and effective programs with an eye toward improving the efficiency and effectiveness of Federal programs and agencies. The Committee also seeks to eliminate fraud, abuse, and mismanagement. As a result of this oversight, the Committee anticipates

pates streamlining and eliminating spending on agencies and programs within its jurisdiction, if appropriate.

This document outlines the current plans of the Committee on the Judiciary for authorization and oversight activities in the 115th Congress. Part I includes a description of programs and agencies the Committee intends to reauthorize in the 115th Congress and notes which such programs and agencies received funding in fiscal year 2016 despite having lapsed authorizations. Part II includes oversight to be conducted by the Committee to help determine whether to authorize certain programs and agencies or eliminate them.

PART I

The following programs and agencies will be considered for reauthorization in the 115th Congress. Programs or agencies designated with an *asterisk* received funding during fiscal year 2016 despite having no current authorization for appropriation.

ADMINISTRATIVE OFFICE OF THE COURTS

Extension of temporary office of bankruptcy judges in certain judicial districts

The volume of bankruptcy cases commenced in the U.S. continues to grow as individuals and businesses attempt to cope with the effects of the recent recession . . . The lapse date for these temporary judgeships is May 25, 2017.

Authority to redact certain limited information from financial disclosure reports

The Judiciary seeks continued authority for judges and judicial employees to redact certain limited information from their financial disclosure reports in order to protect their safety and the safety of their families pursuant to the Ethics in Government Act (5 U.S.C. app. Sec. (b)(3)(A)–(E)). The current authority expires December 31, 2017.

DEPARTMENT OF JUSTICE

*General Administration**

General Administration (GA) supports the Attorney General and the Department of Justice's senior policy level officials in managing Department resources and developing policies for legal, law enforcement, and criminal justice activities. GA consists of four decision units: Department Leadership, Intergovernmental Relations and External Affairs, Executive Support and Professional Responsibility, and the Justice Management Division.

The Department Leadership decision unit includes the Offices of the Attorney General, Deputy Attorney General, Associate Attorney General, Privacy and Civil Liberties, Rule of Law, and Access to Justice. Intergovernmental Relations and External Affairs includes the Offices of Public Affairs, Legislative Affairs, and Tribal Justice. Executive Support and Professional Responsibility includes the Offices of Legal Policy, Professional Responsibility, Information Policy, and the Professional Responsibility Advisory Office. Finally, the Justice Management Division provides advice to senior DOJ of-

officials and develops departmental policies in the areas of management and administration, ensures compliance by DOJ components with departmental and other federal policies and regulations, and provides a full range of management and administration support services.

*Justice Information Sharing Technology**

Justice Information Sharing Technology (JIST) programs fund DOJ's enterprise investments in information technology (IT). As a centralized fund under the control of the Department of Justice Chief Information Officer (DOJ CIO), it ensures that investments in IT systems, cyber security, and information sharing technology are well planned and aligned with the Department's overall IT strategy and enterprise architecture.

*Administrative Review and Appeals**

The Executive Office for Immigration Review (EOIR) contains the corps of Immigration Judges, the Board of Immigration Appeals, and the Office of the Chief Administrative Hearing Officer. EOIR presides over administrative immigration hearings such as benefits adjudications, removal, bond, and employer sanctions proceedings. Timely and fair adjudication of cases in immigration courts is an essential part of effective immigration enforcement as well as benefits adjudications. Funding for EOIR personnel and programs must keep pace with other immigration enforcement activities in order for the entire immigration enforcement system to function properly.

*Office of the Inspector General**
