Subtitle G—Severability

Sec. 2601. Severability.
Subtitle A—Findings Reaffirming Commitment of Congress To Restore the Voting Rights Act

SEC. 2001. FINDINGS REAFFIRMING COMMITMENT OF CONGRESS TO RESTORE THE VOTING RIGHTS ACT.

Congress finds the following:

(1) The right to vote for all Americans is sacrosanct and rules for voting and election administration should protect the right to vote and promote voter participation.

(2) The Voting Rights Act has empowered the Department of Justice and Federal courts for nearly a half a century to block discriminatory voting practices before their implementation in States and localities with the most troubling histories and ongoing records of racial discrimination.

(3) There continues to be an alarming movement to erect barriers to make it more difficult for Americans to participate in our Nation’s democratic process. The Nation has witnessed unprecedented efforts to turn back the clock and erect barriers to voting for communities of color which have faced historic and continuing discrimination, as well as disabled, young, elderly, and low-income Americans.
(4) The Supreme Court’s 2013 Shelby County v. Holder decision gutted decades-long Federal protections for communities of color that face historic and continuing discrimination, emboldening States and local jurisdictions to pass voter suppression laws and implement procedures, such as those requiring photo identification, limiting early voting hours, eliminating same-day registration, purging voters from the rolls, and reducing the number of polling places. Congress is committed to reversing the devastating impact of this decision.

(5) Racial discrimination in voting is a clear and persistent problem. The actions of States and localities around the country post-Shelby County, including at least 10 findings by Federal courts of intentional discrimination, underscore the need for Congress to conduct investigatory and evidentiary hearings to determine the legislation necessary to restore the Voting Rights Act and combat continuing efforts in America that suppress the free exercise of the franchise in communities of color.

(6) The 2018 midterm election provides further evidence that systemic voter discrimination and intimidation continues to occur in communities of color across the country, making it clear that democ-
racy reform cannot be achieved until Congress re-
stores key provisions of the Voting Rights Act.

(7) Congress must remain vigilant in protecting
every eligible citizen’s right to vote. Congress should
respond by modernizing the electoral system to—

(A) improve access to the ballot;

(B) enhance the integrity and security of
our voting systems;

(C) ensure greater accountability for the
administration of elections; and

(D) restore protections for voters against
practices in States and localities plagued by the
persistence of voter disenfranchisement; and

(E) ensure that Federal civil rights laws
protect the rights of voters against discrimina-
tory and deceptive practices.

Subtitle B—Findings Relating to
Native American Voting Rights

SEC. 2101. FINDINGS RELATING TO NATIVE AMERICAN VOT-
ING RIGHTS.

Congress finds the following:

(1) The right to vote for all Americans is sa-
cred. Congress must fulfill the Federal Government’s
trust responsibility to protect and promote Native
Americans’ exercise of their fundamental right to
vote, including equal access to voter registration voting mechanisms and locations, and the ability to serve as election officials.

(2) The Native American Voting Rights Coalition’s four-State survey of voter discrimination (2016) and nine field hearings in Indian Country (2017–2018) revealed obstacles that Native Americans must overcome, including a lack of accessible and proximate registration and polling sites, non-traditional addresses for residents on Indian reservations, inadequate language assistance for Tribal members, and voter identification laws that discriminate against Native Americans. The Department of Justice and courts have recognized that some jurisdictions have been unresponsive to reasonable requests from federally recognized Indian Tribes for more accessible and proximate voter registration sites and in-person voting locations.

(3) The 2018 elections provide further evidence that systemic voter discrimination and intimidation continues to occur in communities of color and Tribal lands across the country, making it clear that democracy reform cannot be achieved until Congress restores key provisions of the Voting Rights Act and passes additional protections.
(4) Congress has broad, plenary authority to enact legislation to safeguard the voting rights of Native American voters.

(5) Congress must conduct investigatory and evidentiary hearings to determine the necessary legislation to restore the Voting Rights Act and combat continuous efforts that suppress the voter franchise within Tribal lands, to include, but not to be limited to, the Native American Voting Rights Act (NAVRA) and the Voting Rights Advancement Act (VRAA).

Subtitle C—Findings Relating to District of Columbia Statehood

SEC. 2201. FINDINGS RELATING TO DISTRICT OF COLUMBIA STATEHOOD.

Congress finds the following:

(1) District of Columbia residents deserve full congressional voting rights and self-government, which only statehood can provide.

(2) The 700,000 residents of the District of Columbia pay more Federal taxes per capita than residents of any State in the country, yet do not have full and equal representation in Congress and self-government.
(3) Since the founding of the United States, the residents of the District of Columbia have always carried all the obligations of citizenship, including serving in all of the Nation’s wars and paying Federal taxes, all without voting representation on the floor in either Chamber of Congress or freedom from congressional interference in purely local matters.

(4) There are no constitutional, historical, financial, or economic reasons why the 700,000 Americans who live in the District of Columbia should not be granted statehood.

(5) The District of Columbia has a larger population than two States, Wyoming and Vermont, and is close to the population of the seven States that have a population of under one million fully represented residents.

(6) The District of Columbia government has one of the strongest fiscal positions of any jurisdiction in the United States, with a $14,600,000,000 budget and a $2,700,000,000 general fund balance, or surplus.

(7) The District of Columbia’s total personal income is higher than that of seven States, its per capita personal consumption expenditures is higher than those of any State, and its total personal con-
summation expenditures is greater than those of seven States.

(8) Congress has authority under article IV, section 3, clause 1, which gives Congress power to admit new States to the Union, and Article I, Section 8, Clause 17, which grants Congress power over the seat of the Federal Government, to admit the new State carved out of the residential areas of the Federal seat of Government, while maintaining as the Federal seat of Government the United States Capitol Complex, the principal Federal monuments, Federal buildings and grounds, the National Mall, the White House and other Federal property.

Subtitle D—Findings Relating to Territorial Voting Rights

SEC. 2301. FINDINGS RELATING TO TERRITORIAL VOTING RIGHTS.

Congress finds the following:

(1) The right to vote is one of the most powerful instruments residents of the territories of the United States have to ensure that their voices are heard.

(2) These Americans have played an important part in the American democracy for more than 120 years.
(3) Political participation and the right to vote are among the highest concerns of territorial residents in part because they were not always afforded these rights.

(4) Voter participation in the territories consistently ranks higher than many communities on the mainland.

(5) Territorial residents serve and die, on a per capita basis, at a higher rate in every United States war and conflict since WWI, as an expression of their commitment to American democratic principles and patriotism.

**Subtitle E—Redistricting Reform**

**SEC. 2400. SHORT TITLE; FINDING OF CONSTITUTIONAL AUTHORITY.**

(a) SHORT TITLE.—This subtitle may be cited as the “Redistricting Reform Act of 2019”.

(b) FINDING OF CONSTITUTIONAL AUTHORITY.—Congress finds that it has the authority to establish the terms and conditions States must follow in carrying out Congressional redistricting after an apportionment of Members of the House of Representatives because—

(1) the authority granted to Congress under article I, section 4 of the Constitution of the United States gives Congress the power to enact laws gov-
erning the time, place, and manner of elections for
Members of the House of Representatives; and
(2) the authority granted to Congress under
section 5 of the fourteenth amendment to the Con-
stitution gives Congress the power to enact laws to
enforce section 2 of such amendment, which requires
Representatives to be apportioned among the several
States according to their number.

PART 1—REQUIREMENTS FOR CONGRESSIONAL
REDISTRICTING

SEC. 2401. LIMIT ON CONGRESSIONAL REDISTRICTING
AFTER AN APPORTIONMENT.
The Act entitled “An Act for the relief of Doctor Ri-
cardo Vallejo Samala and to provide for congressional re-
districting”, approved December 14, 1967 (2 U.S.C. 2e),
is amended by adding at the end the following: “A State
which has been redistricted in the manner provided by law
after an apportionment under section 22(a) of the Act en-
titled ‘An Act to provide for the fifteenth and subsequent
decennial censuses and to provide for an apportionment
of Representatives in Congress’, approved June 18, 1929
(2 U.S.C. 2a), may not be redistricted again until after
the next apportionment of Representatives under such sec-
tion, unless a court requires the State to conduct such
subsequent redistricting to comply with the Constitution
or to enforce the Voting Rights Act of 1965 (52 U.S.C. 10301 et seq.).”.

SEC. 2402. REQUIRING CONGRESSIONAL REDISTRICTING TO BE CONDUCTED THROUGH PLAN OF INDEPENDENT STATE COMMISSION.

(a) Use of Plan Required.—Notwithstanding any other provision of law, any Congressional redistricting conducted by a State shall be conducted in accordance with—

(1) the redistricting plan developed and enacted into law by the independent redistricting commission established in the State, in accordance with part 2; or

(2) if a plan developed by such commission is not enacted into law, the redistricting plan developed and enacted into law by a 3-judge court of the United States District Court for the District of Columbia, in accordance with section 2421.

(b) Conforming Amendment.—Section 22(c) of the Act entitled “An Act to provide for the fifteenth and subsequent decennial censuses and to provide for an apportionment of Representatives in Congress”, approved June 18, 1929 (2 U.S.C. 2a(e)), is amended by striking “in the manner provided by the law thereof” and insert-
ing: “in the manner provided by the Redistricting Reform Act of 2019”.

PART 2—INDEPENDENT REDISTRICTING COMMISSIONS

with a meaningful opportunity to participate in the
development and enactment of the State’s redis-
tracting plan.

(b) PROCEDURES FOR CONDUCTING COMMISSION
BUSINESS.—

(1) CHAIR.—Members of an independent redis-

Subtitle A—Findings Relating to Illicit Money Undermining Our Democracy

SEC. 4001. FINDINGS RELATING TO ILLICIT MONEY UNDERMINING OUR DEMOCRACY.

Congress finds the following:

(1) Criminals, terrorists, and corrupt government officials frequently abuse anonymously held limited liability companies (LLCs), also known as “shell companies,” to hide, move, and launder the dirty money derived from illicit activities such as trafficking, bribery, exploitation, and embezzlement. Ownership and control of the finances that run through shell companies are obscured to regulators and law enforcement because little information is required and collected when establishing these entities.

(2) The public release of the “Panama Papers” in 2016 and the “Paradise Papers” in 2017 revealed that these shell companies often purchase and sell United States real estate. United States anti-money laundering laws do not apply to cash transactions involving real estate effectively concealing the beneficiaries and transactions from regulators and law enforcement.
(3) Congress should curb the use of anonymous shell companies for illicit purposes by requiring United States companies to disclose their beneficial owners, strengthening anti-money laundering and counter-terrorism finance laws.

(4) Congress should examine the money laundering and terrorist financing risks in the real estate market, including the role of anonymous parties, and review legislation to address any vulnerabilities identified in this sector.

(5) Congress should examine the methods by which corruption flourishes and the means to detect and deter the financial misconduct that fuels this driver of global instability. Congress should monitor government efforts to enforce United States anti-corruption laws and regulations.

Subtitle C—Honest Ads

SEC. 4201. SHORT TITLE.

This subtitle may be cited as the “Honest Ads Act”.

SEC. 4202. PURPOSE.

The purpose of this subtitle is to enhance the integrity of American democracy and national security by improving disclosure requirements for online political advertisements in order to uphold the Supreme Court’s well-established standard that the electorate bears the right to be fully informed.

SEC. 4203. FINDINGS.

Congress makes the following findings:

(1) On January 6, 2017, the Office of the Director of National Intelligence published a report titled “Assessing Russian Activities and Intentions in Recent U.S. Elections”, noting that “Russian President Vladimir Putin ordered an influence campaign in 2016 aimed at the US presidential election . . .”. Moscow’s influence campaign followed a Russian
messaging strategy that blends covert intelligence operation—such as cyber activity—with overt efforts by Russian Government agencies, state-funded media, third-party intermediaries, and paid social media users or “trolls”.

(2) On November 24, 2016, The Washington Post reported findings from 2 teams of independent researchers that concluded Russians “exploited American-made technology platforms to attack U.S. democracy at a particularly vulnerable moment . . . as part of a broadly effective strategy of sowing distrust in U.S. democracy and its leaders.”.

(3) Findings from a 2017 study on the manipulation of public opinion through social media conducted by the Computational Propaganda Research Project at the Oxford Internet Institute found that the Kremlin is using pro-Russian bots to manipulate public discourse to a highly targeted audience. With a sample of nearly 1,300,000 tweets, researchers found that in the 2016 election’s 3 decisive States, propaganda constituted 40 percent of the sampled election-related tweets that went to Pennsylvanians, 34 percent to Michigan voters, and 30 percent to those in Wisconsin. In other swing States, the figure reached 42 percent in Missouri, 41 percent in Flor-
ida, 40 percent in North Carolina, 38 percent in Colorado, and 35 percent in Ohio.

(4) On September 6, 2017, the nation’s largest social media platform disclosed that between June 2015 and May 2017, Russian entities purchased $100,000 in political advertisements, publishing roughly 3,000 ads linked to fake accounts associated with the Internet Research Agency, a pro-Kremlin organization. According to the company, the ads purchased focused “on amplifying divisive social and political messages . . .”.

(5) In 2002, the Bipartisan Campaign Reform Act became law, establishing disclosure requirements for political advertisements distributed from a television or radio broadcast station or provider of cable or satellite television. In 2003, the Supreme Court upheld regulations on electioneering communications established under the Act, noting that such requirements “provide the electorate with information and insure that the voters are fully informed about the person or group who is speaking.”.

(6) According to a study from Borrell Associates, in 2016, $1,415,000,000 was spent on online advertising, more than quadruple the amount in 2012.
(7) The reach of a few large internet platforms—larger than any broadcast, satellite, or cable provider—has greatly facilitated the scope and effectiveness of disinformation campaigns. For instance, the largest platform has over 210,000,000 Americans users—over 160,000,000 of them on a daily basis. By contrast, the largest cable television provider has 22,430,000 subscribers, while the largest satellite television provider has 21,000,000 subscribers. And the most-watched television broadcast in United States history had 118,000,000 viewers.

(8) The public nature of broadcast television, radio, and satellite ensures a level of publicity for any political advertisement. These communications are accessible to the press, fact-checkers, and political opponents; this creates strong disincentives for a candidate to disseminate materially false, inflammatory, or contradictory messages to the public. Social media platforms, in contrast, can target portions of the electorate with direct, ephemeral advertisements often on the basis of private information the platform has on individuals, enabling political advertisements that are contradictory, racially or socially inflammatory, or materially false.
(9) According to comScore, 2 companies own 8 of the 10 most popular smartphone applications as of June 2017, including the most popular social media and email services—which deliver information and news to users without requiring proactivity by the user. Those same 2 companies accounted for 99 percent of revenue growth from digital advertising in 2016, including 77 percent of gross spending. 79 percent of online Americans—representing 68 percent of all Americans—use the single largest social network, while 66 percent of these users are most likely to get their news from that site.

(10) In its 2006 rulemaking, the Federal Election Commission noted that only 18 percent of all Americans cited the internet as their leading source of news about the 2004 Presidential election; by contrast, the Pew Research Center found that 65 percent of Americans identified an internet-based source as their leading source of information for the 2016 election.

(11) The Federal Election Commission, the independent Federal agency charged with protecting the integrity of the Federal campaign finance process by providing transparency and administering
campaign finance laws, has failed to take action to
address online political advertisements.

(12) In testimony before the Senate Select
Committee on Intelligence titled, “Disinformation: A
Primer in Russian Active Measures and Influence
Campaigns”, multiple expert witnesses testified that
while the disinformation tactics of foreign adver-
saries have not necessarily changed, social media
services now provide “platform[s] practically pur-
pose-built for active measures[.]” Similarly, as Gen.
Keith B. Alexander (RET.), the former Director of
the National Security Agency, testified, during the
Cold War “if the Soviet Union sought to manipulate
information flow, it would have to do so principally
through its own propaganda outlets or through ac-
tive measures that would generate specific news:
planting of leaflets, inciting of violence, creation of
other false materials and narratives. But the news
itself was hard to manipulate because it would have
required actual control of the organs of media, which
took long-term efforts to penetrate. Today, however,
because the clear majority of the information on so-
cial media sites is uncurated and there is a rapid
proliferation of information sources and other sites
that can reinforce information, there is an increasing
likelihood that the information available to average consumers may be inaccurate (whether intentionally or otherwise) and may be more easily manipulable than in prior eras.”.

(13) Current regulations on political advertisements do not provide sufficient transparency to uphold the public’s right to be fully informed about political advertisements made online.

SEC. 4204. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the dramatic increase in digital political advertisements, and the growing centrality of online platforms in the lives of Americans, requires the Congress and the Federal Election Commission to take meaningful action to ensure that laws and regulations provide the accountability and transparency that is fundamental to our democracy;

(2) free and fair elections require both transparency and accountability which give the public a right to know the true sources of funding for political advertisements in order to make informed political choices and hold elected officials accountable; and

(3) transparency of funding for political advertisements is essential to enforce other campaign fi-
nance laws, including the prohibition on campaign
spending by foreign nationals.

Subtitle A—Findings Relating to Citizens United Decision

SEC. 5001. FINDINGS RELATING TO CITIZENS UNITED DECISION.

Congress finds the following:

(1) The American Republic was founded on the principle that all people are created equal, with rights and responsibilities as citizens to vote, be represented, speak, debate, and participate in self-government on equal terms regardless of wealth. To secure these rights and responsibilities, our Constitution not only protects the equal rights of all Americans but also provides checks and balances to prevent corruption and prevent concentrated power and wealth from undermining effective self-government.

(2) The Supreme Court’s decisions in Citizens United v. Federal Election Commission, 558 U.S.
310 (2010) and McCutcheon v. FEC, 572 U.S. 185 (2014), as well as other court decisions, erroneously invalidated even-handed rules about the spending of money in local, State, and Federal elections. These flawed decisions have empowered large corporations, extremely wealthy individuals, and special interests to dominate election spending, corrupt our politics, and degrade our democracy through tidal waves of unlimited and anonymous spending. These decisions also stand in contrast to a long history of efforts by Congress and the States to regulate money in politics to protect democracy, and they illustrate a troubling deregulatory trend in campaign finance-related court decisions. Additionally, an unknown amount of foreign money continues to be spent in our political system as subsidiaries of foreign-based corporations and hostile foreign actors sometimes connected to nation-States work to influence our elections.

(3) The Supreme Court’s misinterpretation of the Constitution to empower monied interests at the expense of the American people in elections has seriously eroded over 100 years of congressional action to promote fairness and protect elections from the toxic influence of money.
(4) In 1907, Congress passed the Tillman Act in response to the concentration of corporate power in the post-Civil War Gilded Age. The Act prohibited corporations from making contributions in connection with Federal elections, aiming “not merely to prevent the subversion of the integrity of the electoral process [but] . . . to sustain the active, alert responsibility of the individual citizen in a democracy for the wise conduct of government”.

(5) By 1910, Congress began passing disclosure requirements and campaign expenditure limits, and dozens of States passed corrupt practices Acts to prohibit corporate spending in elections. States also enacted campaign spending limits, and some States limited the amount that people could contribute to campaigns.

(6) In 1947, the Taft-Hartley Act prohibited corporations and unions from making campaign contributions or other expenditures to influence elections. In 1962, a Presidential commission on election spending recommended spending limits and incentives to increase small contributions from more people.

(7) The Federal Election Campaign Act of 1971 (FECA), as amended in 1974, required disclo-
sure of contributions and expenditures, imposed con-
tribution and expenditure limits for individuals and
groups, set spending limits for campaigns, can-
didates, and groups, implemented a public funding
system for Presidential campaigns, and created the
Federal Election Commission to oversee and enforce
the new rules.

(8) In the wake of Citizens United and other
damaging Federal court decisions, Americans have
witnessed an explosion of outside spending in elec-
tions. Outside spending increased nearly 900 percent
between the 2008 and 2016 Presidential election
years. Indeed, the 2018 elections once again made
clear the overwhelming political power of wealthy
special interests, to the tune of over $5,000,000,000.
And as political entities adapt to a post-Citizens
United, post-McCutcheon landscape, these trends
are getting worse, as evidenced by the experience in
the 2018 midterm congressional elections, where
outside spending more than doubled from the pre-
vious midterm cycle.

(9) The torrent of money flowing into our polit-
ical system has a profound effect on the democratic
process for everyday Americans, whose voices and
policy preferences are increasingly being drowned
out by those of wealthy special interests. The more campaign cash from wealthy special interests can flood our elections, the more policies that favor those interests are reflected in the national political agenda. When it comes to policy preferences, our Nation’s wealthiest tend to have fundamentally different views than do average Americans when it comes to issues ranging from unemployment benefits to the minimum wage to health care coverage.

(10) The Court has tied the hands of Congress and the States, severely restricting them from setting reasonable limits on campaign spending. For example, the Court has held that only the Government’s interest in preventing quid pro quo corruption, like bribery, or the appearance of such corruption, can justify limits on campaign contributions. More broadly, the Court has severely curtailed attempts to reduce the ability of the Nation’s wealthiest and most powerful to skew our democracy in their favor by buying outsized influence in our elections. Because this distortion of the Constitution has prevented truly meaningful regulation or reform of the way we finance elections in America, a constitutional amendment is needed to achieve a democracy for all the people.
(11) Since the landmark Citizens United decision, 19 States and nearly 800 municipalities, including large cities like New York, Los Angeles, Chicago, and Philadelphia, have gone on record supporting a constitutional amendment. Transcending political leanings and geographic location, voters in States and municipalities across the country that have placed amendment questions on the ballot have routinely supported these initiatives by considerably large margins.

(12) At the same time millions of Americans have signed petitions, marched, called their Members of Congress, written letters to the editor, and otherwise demonstrated their public support for a constitutional amendment to overturn Citizens United that will allow Congress to reign in the outsized influence of unchecked money in politics. Dozens of organizations, representing tens of millions of individuals, have come together in a shared strategy of supporting such an amendment.

(13) In order to protect the integrity of democracy and the electoral process and to ensure political equality for all, the Constitution should be amended so that Congress and the States may regulate and set limits on the raising and spending of money to
influence elections and may distinguish between natural persons and artificial entities, like corporations, that are created by law, including by prohibiting such artificial entities from spending money to influence elections.

SEC. 6102. CLARIFICATION OF TREATMENT OF COORDINATED EXPENDITURES AS CONTRIBUTIONS TO CANDIDATES.

(a) Treatment as Contribution to Candidate.—Section 301(8)(A) of the Federal Election Campaign Act of 1971 (52 U.S.C. 30101(8)(A)) is amended—

(1) by striking “or” at the end of clause (i);

472 (b) DEFINITIONS.—Title III of such Act (52 U.S.C. 30101 et seq.), as amended by section 4702(a), is amend-
ed by adding at the end the following new section:

"SEC. 326. PAYMENTS FOR COORDINATED EXPENDITURES.

"(a) COORDINATED EXPENDITURES.—

"(1) IN GENERAL.—For purposes of section 301(8)(A)(iii), the term ‘coordinated expenditure’ means—

“(A) any expenditure, or any payment for a covered communication described in sub-
section (d), which is made in cooperation, con-
sultation, or concert with, or at the request or suggestion of, a candidate, an authorized com-
mittee of a candidate, a political committee of a political party, or agents of the candidate or com-
mittee, as defined in subsection (b); or

“(B) any payment for any communication which republishes, disseminates, or distributes, in whole or in part, any video or broadcast or any written, graphic, or other form of campaign material prepared by the candidate or com-
mittee or by agents of the candidate or com-
mittee (including any excerpt or use of any video from any such broadcast or written, graphic, or other form of campaign material).
“(2) Exception for payments for certain communications.—A payment for a communication (including a covered communication described in subsection (d)) shall not be treated as a coordinated expenditure under this subsection if—

“(A) the communication appears in a news story, commentary, or editorial distributed through the facilities of any broadcasting station, newspaper, magazine, or other periodical publication, unless such facilities are owned or controlled by any political party, political committee, or candidate; or

“(B) the communication constitutes a candidate debate or forum conducted pursuant to regulations adopted by the Commission pursuant to section 304(f)(3)(B)(iii), or which solely promotes such a debate or forum and is made by or on behalf of the person sponsoring the debate or forum.

“(b) Coordination Described.—

“(1) In general.—For purposes of this section, a payment is made ‘in cooperation, consultation, or concert with, or at the request or suggestion of,’ a candidate, an authorized committee of a candidate, a political committee of a political party, or
agents of the candidate or committee, if the payment, or any communication for which the payment is made, is not made entirely independently of the candidate, committee, or agents. For purposes of the previous sentence, a payment or communication not made entirely independently of the candidate or committee includes any payment or communication made pursuant to any general or particular understanding with, or pursuant to any communication with, the candidate, committee, or agents about the payment or communication.

“(2) **NO FINDING OF COORDINATION BASED SOLELY ON SHARING OF INFORMATION REGARDING LEGISLATIVE OR POLICY POSITION.**—For purposes of this section, a payment shall not be considered to be made by a person in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate or committee, solely on the grounds that the person or the person’s agent engaged in discussions with the candidate or committee, or with any agent of the candidate or committee, regarding that person’s position on a legislative or policy matter (including urging the candidate or committee to adopt that person’s position), so long as there is no communication between the person and the can-
didate or committee, or any agent of the candidate or committee, regarding the candidate’s or committee’s campaign advertising, message, strategy, policy, polling, allocation of resources, fundraising, or other campaign activities.

“(3) No effect on party coordination standard.—Nothing in this section shall be construed to affect the determination of coordination between a candidate and a political committee of a political party for purposes of section 315(d).

“(4) No safe harbor for use of firewall.—A person shall be determined to have made a payment in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate or committee, in accordance with this section without regard to whether or not the person established and used a firewall or similar procedures to restrict the sharing of information between individuals who are employed by or who are serving as agents for the person making the payment.

“(c) Payments by coordinated spenders for covered communications.—

“(1) Payments made in cooperation, consultation, or concert with candidates.—For purposes of subsection (a)(1)(A), if the person who
makes a payment for a covered communication, as defined in subsection (d), is a coordinated spender under paragraph (2) with respect to the candidate as described in subsection (d)(1), the payment for the covered communication is made in cooperation, consultation, or concert with the candidate.

“(2) COORDINATED SPENDER DEFINED.—For purposes of this subsection, the term ‘coordinated spender’ means, with respect to a candidate or an authorized committee of a candidate, a person (other than a political committee of a political party) for which any of the following applies:

“(A) During the 4-year period ending on the date on which the person makes the payment, the person was directly or indirectly formed or established by or at the request or suggestion of, or with the encouragement of, the candidate (including an individual who later becomes a candidate) or committee or agents of the candidate or committee, including with the approval of the candidate or committee or agents of the candidate or committee.

“(B) The candidate or committee or any agent of the candidate or committee solicits funds, appears at a fundraising event, or en-
gages in other fundraising activity on the person’s behalf during the election cycle involved, including by providing the person with names of potential donors or other lists to be used by the person in engaging in fundraising activity, regardless of whether the person pays fair market value for the names or lists provided. For purposes of this subparagraph, the term ‘election cycle’ means, with respect to an election for Federal office, the period beginning on the day after the date of the most recent general election for that office (or, if the general election resulted in a runoff election, the date of the runoff election) and ending on the date of the next general election for that office (or, if the general election resulted in a runoff election, the date of the runoff election).

“(C) The person is established, directed, or managed by the candidate or committee or by any person who, during the 4-year period ending on the date on which the person makes the payment, has been employed or retained as a political, campaign media, or fundraising adviser or consultant for the candidate or committee or for any other entity directly or indi-
rectly controlled by the candidate or committee,
or has held a formal position with the candidate
or committee (including a position as an em-
ployee of the office of the candidate at any time
the candidate held any Federal, State, or local
public office during the 4-year period).

“(D) The person has retained the profes-
sional services of any person who, during the 2-
year period ending on the date on which the
person makes the payment, has provided or is
providing professional services relating to the
campaign to the candidate or committee, with-
out regard to whether the person providing the
professional services used a firewall. For pur-
poses of this subparagraph, the term ‘profes-
sional services’ includes any services in support
of the candidate’s or committee’s campaign ac-
tivities, including advertising, message, strat-
egy, policy, polling, allocation of resources,
fundraising, and campaign operations, but does
not include accounting or legal services.

“(E) The person is established, directed, or
managed by a member of the immediate family
of the candidate, or the person or any officer or
agent of the person has had more than inci-
dental discussions about the candidate’s campaign with a member of the immediate family of the candidate. For purposes of this subparagraph, the term ‘immediate family’ has the meaning given such term in section 9004(e) of the Internal Revenue Code of 1986.

“(d) COVERED COMMUNICATION DEFINED.—

“(1) IN GENERAL.—For purposes of this section, the term ‘covered communication’ means, with respect to a candidate or an authorized committee of a candidate, a public communication (as defined in section 301(22)) which—

“(A) expressly advocates the election of the candidate or the defeat of an opponent of the candidate (or contains the functional equivalent of express advocacy);

“(B) promotes or supports the candidate, or attacks or opposes an opponent of the candidate (regardless of whether the communication expressly advocates the election or defeat of a candidate or contains the functional equivalent of express advocacy); or

“(C) refers to the candidate or an opponent of the candidate but is not described in subparagraph (A) or subparagraph (B), but
only if the communication is disseminated during the applicable election period.

“(2) Applicable Election Period.—In paragraph (1)(C), the ‘applicable election period’ with respect to a communication means—

“(A) in the case of a communication which refers to a candidate in a general, special, or runoff election, the 120-day period which ends on the date of the election; or

“(B) in the case of a communication which refers to a candidate in a primary or preference election, or convention or caucus of a political party that has authority to nominate a candidate, the 60-day period which ends on the date of the election or convention or caucus.

“(3) Special Rules for Communications Involving Congressional Candidates.—For purposes of this subsection, a public communication shall not be considered to be a covered communication with respect to a candidate for election for an office other than the office of President or Vice President unless it is publicly disseminated or distributed in the jurisdiction of the office the candidate is seeking.

“(e) Penalty.—
“(1) Determination of Amount.—Any person who knowingly and willfully commits a violation of this Act by making a contribution which consists of a payment for a coordinated expenditure shall be fined an amount equal to the greater of—

“(A) in the case of a person who makes a contribution which consists of a payment for a coordinated expenditure in an amount exceeding the applicable contribution limit under this Act, 300 percent of the amount by which the amount of the payment made by the person exceeds such applicable contribution limit; or

“(B) in the case of a person who is prohibited under this Act from making a contribution in any amount, 300 percent of the amount of the payment made by the person for the coordinated expenditure.

“(2) Joint and Several Liability.—Any director, manager, or officer of a person who is subject to a penalty under paragraph (1) shall be jointly and severally liable for any amount of such penalty that is not paid by the person prior to the expiration of the 1-year period which begins on the date the Commission imposes the penalty or the 1-year period which begins on the date of the final judgment fol-
