1 ship focused on advancing the economic interests of
2 both countries.

3 (2) In 2013, Mexico adopted major energy re-

19 Education, in the 2015–2016 academic year, more
20 than 56,000 United States students studied in other
21 countries in the Western Hemisphere region while
22 more than 84,000 non-United States students from
23 the region studied in the United States, but only
24 5,000 of those United States students studied in

1 Mexico and only 16,000 of those non-United States
2 students were from Mexico.

3 (5) In March 2011, the United States launched
4 the 100,000 Strong in the Americas Initiative, which
5 seeks to increase educational exchanges between the
6 United States and other countries in the Western
7 Hemisphere region so that 100,000 United States
8 students are studying in other countries in the West-
9 ern Hemisphere region and 100,000 non-United
10 States students from the region are studying in the
11 United States per year by 2020.

18 tions, corporations, and universities in the United
19 States and other countries of the Western Hemi-
