11 It is the sense of the Senate that—

12 (1) from the prenatal period to the first day of
13 kindergarten, children’s development rapidly pro-
14 gresses at a pace exceeding that of any subsequent
15 stage of life;

16 (2) as reported by the National Academy of
17 Sciences in 2001, striking disparities exist in what
18 children know and can do that are evident well be-
19 fore they enter kindergarten; these differences are
20 strongly associated with social and economic cir-
21 cumstances, and they are predictive of subsequent
22 academic performance;

23 (3) research has consistently demonstrated that
24 investments in high-quality programs that serve in-
25 fants and toddlers better position those children for

1 success in elementary, secondary, and postsecondary
2 education as well as helping children develop the
3 critical physical, emotional, social, and cognitive
4 skills that they will need for the rest of their lives;

5 (4) in 2011, there were 11,000,000 infants and
6 toddlers living in the United States and 49 percent
7 of these children came from low-income families liv-
8 ing with incomes at or below 200 percent of the
9 Federal poverty guidelines;

10 (5) the Maternal, Infant, and Early Childhood
11 Home Visiting (MIECHV) program was authorized
12 by Congress to facilitate collaboration and partner-
13 ship at the Federal, State, and community levels to
14 improve health and development outcomes for at-risk
15 children, including those from low-income families,
16 through evidence-based home visiting programs;

17 (6) MIECHV is an evidence-based policy initia-
18 tive and its authorizing legislation requires that at
19 least 75 percent of funds dedicated to the program
20 must support programs to implement evidence-based
21 home visiting models, which includes the home-based
22 model of Early Head Start;

23 (7) in fiscal year 2016, MIECHV served ap-
24 proximately 160,000 parents and children, which is
25 only a small portion of those eligible, in 893 counties

1 covering all 50 States, the District of Columbia, and
2 5 territories; and

3 (8) Congress should increase its investment in
4 MIECHV to support the work of States to help
5 more at-risk families voluntarily receive home visits
6 from home visitors to—

7 (A) promote maternal, infant, and child
8 health;

9 (B) improve school readiness and achieve-
10 ment;

11 (C) prevent potential child abuse or neglect
12 and injuries;

13 (D) support family economic self-suffi-
14 ciency;

15 (E) reduce crime or domestic violence; and

16 (F) improve coordination or referrals for
17 community resources and supports.
