

116TH CONGRESS
1ST SESSION

H. R. 1678

To create a task force within the Department of Education to address the threat of foreign government influence and threats to academic research integrity on college campuses, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 12, 2019

Mr. BANKS (for himself, Mr. KELLY of Mississippi, Mr. COOK, and Mr. BACON) introduced the following bill; which was referred to the Committee on Education and Labor, and in addition to the Committees on Intelligence (Permanent Select), Armed Services, and Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To create a task force within the Department of Education to address the threat of foreign government influence and threats to academic research integrity on college campuses, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Protect Our Univer-
5 sities Act of 2019”.

1 **SEC. 2. FINDINGS.**

2 Congress finds the following:

3 (1) Adversaries of the United States take ad-
4 vantage of a largely vulnerable academic system.
5 Academia is a place of uniquely free thought; how-
6 ever, adversaries take advantage of access to feder-
7 ally funded sensitive research that takes place on the
8 campuses of institutions of higher education.

9 (2) As stated in a 2018 report by the White
10 House Office of Trade and Manufacturing Policy,
11 “More than 300,000 Chinese nationals annually at-
12 tend U.S. universities or find employment at U.S.
13 national laboratories, innovation centers, incubators,
14 and think tanks. Chinese nationals now account for
15 approximately one third of foreign university and
16 college students in the United States and about 25
17 percent of graduate students specializing in science,
18 technology, engineering, or math (STEM).”.

19 (3) International students from nations that are
20 adversarial to the United States could face undue
21 pressure or incentives to divulge technology to their
22 home nation or to use sensitive information to nega-
23 tively impact the United States. According to the
24 same 2018 White House Report, “The national and
25 economic security risks are that the Chinese State
26 may seek to manipulate or pressure even unwitting

1 or unwilling Chinese nationals into becoming non-
2 traditional information collectors that serve Beijing’s
3 military and strategic ambitions.”.

4 (4) Technology and information that could be
5 deemed sensitive to the national security interests of
6 the United States should be given increased scrutiny
7 to determine if access should be restricted in a re-
8 search environment.

9 (5) An open federally funded research environ-
10 ment exposes the United States to the possibility of
11 exchanging research affiliated with current or future
12 critical military technological systems.

13 (6) In Federal Bureau of Investigation (FBI)
14 Director Wray’s view, Chinese non-traditional intel-
15 ligence collectors “are exploiting the very open re-
16 search and development environment that we have,
17 which we all revere. But they’re taking advantage of
18 it, so one of the things we’re trying to do is view the
19 China threat as not just the whole-of-government
20 threat, but a whole-of-society threat on their end,
21 and I think it’s going to take a whole-of-society re-
22 sponse by us.”.

23 (7) As stated in the January 2018 China’s
24 Technology Transfer Strategy report by the Defense
25 Innovation Unit, “Academia is an opportune envi-

1 ronment for learning about science and technology
2 since the cultural values of U.S. educational institu-
3 tions reflect an open and free exchange of ideas. As
4 a result, Chinese science and engineering students
5 frequently master technologies that later become
6 critical to key military systems, amounting over time
7 to unintentional violations of U.S. export control
8 laws.”.

9 **SEC. 3. TASK FORCE.**

10 (a) **TASK FORCE ESTABLISHED.**—Not later than one
