To amend title 10, United States Code, to direct the Secretary of Defense to make certain limitations on the transfer of personal property to Federal and State agencies, and for other purposes.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Stop Militarizing Law Enforcement Act’’.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) Under section 2576a of title 10, United States Code, the Department of Defense is authorized to provide excess property to local law enforcement agencies. The Defense Logistics Agency, administers such section by operating the Law Enforcement Support Office program.

(2) New and used material, including mine-resistant ambush-protected vehicles and weapons determined by the Department of Defense to be “military grade” are transferred to Federal, Tribal, State, and local law enforcement agencies through the program.

(3) As a result local law enforcement agencies, including police and sheriff’s departments, are acquiring this material for use in their normal operations.

(4) As a result of the wars in Iraq and Afghanistan, military equipment purchased for, and used in,
those wars has become excess property and has been
made available for transfer to local and Federal law
enforcement agencies.

(5) In Fiscal Year 2017, $504,000,000 worth
of property was transferred to law enforcement
agencies.

(6) More than $6,800,000,000 worth of weap-
os and equipment have been transferred to police
organizations in all 50 States and four territories
through the program.

(7) In May 2012, the Defense Logistics Agency
instituted a moratorium on weapons transfers
through the program after reports of missing equip-
ment and inappropriate weapons transfers.

(8) Though the moratorium was widely pub-
licized, it was lifted in October 2013 without ade-
quate safeguards.

(9) On January 16, 2015, President Barack
Obama issued Executive Order 13688 to better co-
ordinate and regulate the federal transfer of military
weapons and equipment to State, local, and Tribal
law enforcement agencies.

(10) In July, 2017, the Government Account-
ability Office reported that the program’s internal
controls were inadequate to prevent fraudulent applicants’ access to the program.

(12) As a result, Federal, State, and local law enforcement departments across the country are eligible again to acquire free “military-grade” weapons and equipment that could be used inappropriately during policing efforts in which people and taxpayers could be harmed.

(13) The Department of Defense categorizes equipment eligible for transfer under the 1033 program as “controlled” and “un-controlled” equipment. “Controlled equipment” includes weapons, explosives such as flash-bang grenades, mine-resistant ambush-protected vehicles, long-range acoustic devices, aircraft capable of being modified to carry armament that are combat coded, and silencers, among other military grade items.
