The Bureau of Indian Affairs may carry out the operation of Indian programs by direct expenditure, contracts, cooperative agreements, compacts, and grants, either directly or in cooperation with States and other organizations.

Notwithstanding Public Law 87–279 (25 U.S.C. 15), the Bureau of Indian Affairs may contract for services in support of the management, operation, and maintenance of the Power Division of the San Carlos Irrigation Project.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Affairs for central office oversight and Executive Direction and Administrative Services (except executive direction and administrative services funding for Tribal Priority Allocations, regional offices, and facilities operations and maintenance) shall be available for contracts, grants, compacts, or cooperative agreements with the Bureau of Indian Affairs under the provisions of the Indian Self-Determination Act or the Tribal Self-Governance Act of 1994 (Public Law 103–413).

In the event any tribe returns appropriations made available by this Act to the Bureau of Indian Affairs, this action shall not diminish the Federal Government’s trust responsibility to that tribe, or the government-to-govern-
relationship between the United States and that
tribe, or that tribe’s ability to access future appropri-
tions.

Notwithstanding any other provision of law, no funds
available to the Bureau of Indian Education, other than

may waive this prohibition to support expansion of up to
one additional grade when the Secretary determines such
waiver is needed to support accomplishment of the mission

(25 U.S.C. 2021)), except that a charter school that is
in existence on the date of the enactment of this Act and
that has operated at a Bureau-funded school before Sep-
tember 1, 1999, may continue to operate during that pe-
period, but only if the charter school pays to the Bureau
a pro rata share of funds to reimburse the Bureau for
the use of the real and personal property (including buses
and vans), the funds of the charter school are kept sepa-
rate and apart from Bureau funds, and the Bureau does
not assume any obligation for charter school programs of
the State in which the school is located if the charter
school loses such funding. Employees of Bureau-funded
schools sharing a campus with a charter school and per-

ties-related costs for such assets that are not owned by
the Bureau. Provided further, That the term “satellite

payments under section 1117(b)(1) of the Agricultural Act
of 2014 (7 U.S.C. 9017(b)(1)), that provides all or some
of the State Farm Service Agency offices in each State

State a supplemental payment described in subsection (c)
based on the alternate calculation method described in
subsection (b) for 1 or more counties in a State if the
office for that State determines that the alternate calcula-
tion method is necessary to ensure that, to the maximum
extent practicable, there are not significant yield calcula-
tion disparities between comparable counties in the State.

(b) The alternate calculation method referred to in
subsection (a) is a method of calculating the actual yield
for the 2018 crop year for county-level agriculture risk
coverage payments under section 1117(b)(1) of the Agri-

county (as determined under standards of the Sec-

county yield is determined using comparable contig-
uous county NASS data as determined by the Farm
Service Agency office in the applicable State; and

(3) if there is insufficient NASS data for a
comparable contiguous county (as determined under
standards of the Secretary in effect as of the date
of enactment of this Act), the calculation of the
county yield is determined using reliable yield data
from other sources, such as Risk Management Agen-
cy data, National Agricultural Statistics Service dis-
trict data, National Agricultural Statistics Service
State yield data, or other data as determined by the
Farm Service Agency office in the applicable State.
(c)(1) A supplemental payment made under the pilot program established under this section may be made to an agricultural producer who is subject to the alternate calculation method described in subsection (b) if that agricultural producer would otherwise receive a county-level agriculture risk coverage payment for the 2018 crop year in an amount that is less than the payment that the agricultural producer would receive under the alternate calculation method.

(2) The amount of a supplemental payment to an agricultural producer under this section may not exceed the difference between—

(A) the payment that the agricultural producer would have received without the alternate calculation method described in subsection (b); and

(B) the payment that the agricultural producer would receive using the alternate calculation method.

(d)(1) There is appropriated to the Secretary, out of funds of the Treasury not otherwise appropriated, $5,000,000, to remain available until September 30, 2020, to carry out the pilot program described in this section.

(2) To the extent that the cost of the pilot program exceeds the amount made available, the Secretary shall reduce all payments under the pilot program on a pro rata basis.

(f) Nothing in this section affects the calculation of actual yield for purposes of county-level agriculture risk coverage payments under section 1117(b)(1) of the Agricultural Act of 2014 (7 U.S.C. 9017(b)(1)) other than payments made in accordance with the pilot program under this section.

(g) A calculation of actual yield made using the alternate calculation method described in subsection (b) shall not be used as a basis for any agriculture risk coverage payment determinations under section 1117 of the Agricultural Act of 2014 (7 U.S.C. 9017) other than for purposes of the pilot program under this section.
