

116TH CONGRESS
1ST SESSION

H. R. 2174

To remove fish and wildlife as an authorized purpose of the Missouri River Mainstem Reservoir System and to make flood control the highest priority of authorized purposes of such system, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

APRIL 9, 2019

Mr. GRAVES of Missouri introduced the following bill; which was referred to the Committee on Transportation and Infrastructure

A BILL

To remove fish and wildlife as an authorized purpose of the Missouri River Mainstem Reservoir System and to make flood control the highest priority of authorized purposes of such system, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. AUTHORIZED PURPOSES OF THE MISSOURI**
4 **RIVER MAINSTEM RESERVOIR SYSTEM.**

5 (a) AUTHORIZATION.—Fish and wildlife shall not be
6 an authorized purpose of the Missouri River Mainstem
7 Reservoir System.

1 (b) PRIORITY.—Flood control shall be the highest
2 priority of authorized purposes for the Missouri River
3 Mainstem Reservoir System at all times.

4 (c) REVISION OF CONTROL MANUAL.—Not later than
5 90 days after the date of enactment, the Chief of Engi-
6 neers shall revise the Missouri River Mainstem Reservoir
7 System Master Water Control Manual and any related
8 regulations to conform with subsections (a) and (b).
