22 State, local, Tribal, and territorial entities and pub-
23 lic and private sector stakeholders.

24 “(4) Conducting security assessments based on
25 the guidelines developed pursuant to paragraph (1)

1 to provide recommendations for the improvement of
2 the security of pipeline transportation and pipeline
3 facilities against cybersecurity threats, an act of ter-
4 rorism, and other nefarious acts that jeopardize the
5 physical security or cybersecurity of such transpor-
6 tation or facilities, including the security plans,
7 practices, and training programs maintained by own-
8 ers and operators of pipeline facilities.

9 “(5) Carrying out a program to inspect pipeline
10 transportation and pipeline facilities, including in-
11 spections of pipeline facilities determined critical by
12 the Administrator based on a risk assessment con-
13 ducted in consultation with relevant Federal, State,
14 local, Tribal, and territorial entities and public and
15 private sector stakeholders.

16 “(6) Preparing notice and comment regulations
17 for publication, if determined necessary by the Ad-
18 ministrator.

19 “(e) DETAILS.—In furtherance of the section’s mis-
20 sion, as set forth in subsection (b), the Administrator and
21 the Director of the Cybersecurity and Infrastructure Secu-
22 rity Agency may detail personnel between their compo-
23 nents to leverage expertise.”.
