(1) the authority granted to Congress under article I, section 4 of the Constitution of the United States gives Congress the power to enact laws governing the time, place, and manner of elections for Members of the House of Representatives; and
(2) the authority granted to Congress under section 5 of the 14th Amendment to the Constitution gives Congress the power to enact laws to enforce section 2 of such amendment, which requires Representatives to be apportioned among the several States according to their number.

**TITLE I—RANKED CHOICE VOTING**

**SEC. 101. REQUIRING RANKED CHOICE VOTING FOR ELECTION OF REPRESENTATIVES.**

(a) In General.—Title III of the Help America Vote Act of 2001 (52 U.S.C. 21081 et seq.) is amended by adding at the end the following new subtitle:

“Subtitle C—Ranked Choice Voting

“PART 1—REQUIRING RANKED CHOICE VOTING FOR ELECTION OF REPRESENTATIVES

“SEC. 321. REQUIRING RANKED CHOICE VOTING FOR ELECTION OF REPRESENTATIVES.

“(a) Ranked Choice Voting.—Each State shall carry out elections for the office of Representative in Congress using a system of ranked choice voting under which each voter shall rank the candidates for the office in the order of the voter’s preference, in accordance with the following:
“(1) In any single-seat election, the State shall carry out the election using single-seat ranked choice voting as described in section 331.

“(2) In any multi-seat election, the State shall carry out the election using multi-seat ranked choice voting as described in section 332.

“(b) BALLOT DESIGN.—Each State shall ensure that the ballot used in an election carried out using a system of ranked choice voting under this title meets each of the following requirements:

“(1) The ballot shall be simple and easy to understand.

“(2) The ballot shall include all qualified candidates for the election and (to the extent permitted under State law) options for voters to select write-in candidates. If feasible, the ballot shall permit voters to rank every candidate in the election. If it is not feasible for the ballot to permit voters to rank every candidate, the State may limit the number of candidates who may be ranked on the ballot to not fewer than six.

“(3) The ballot shall include such instructions as the State considers necessary to enable the voter to rank candidates and successfully cast the ballot under the system.
“(c) DEFINITION.—In this title—

“(1) the term ‘single-seat election’ means any primary election in which exactly one candidate in the primary election will advance to the general election, any special election for exactly one seat, and any general election in which only one Representative is elected at large; and

“(2) the term ‘multi-seat election’ means any primary election in which more than one candidate in the primary election will advance to the general election, any special election for more than one seat, and any general election in which more than one Representative is elected at large or in a multi-member district.

“SEC. 322. APPLICATION TO DISTRICT OF COLUMBIA AND TERRITORIES.

“(a) ELECTION OF DELEGATES AND RESIDENT COMMISSIONER.—In this subtitle, the term ‘Representative’ includes a Delegate or Resident Commissioner to the Congress.

“(b) APPLICATION TO NORTHERN MARIANA ISLANDS.—This subtitle shall apply with respect to the Commonwealth of the Northern Mariana Islands in the same manner as this subtitle applies to a State.
“SEC. 323. TREATMENT OF STATES NOT HOLDING PRIMARY ELECTIONS PRIOR TO DATE OF GENERAL ELECTION.

“Nothing in this title shall be construed to require a State to hold a primary election for the office of Representative in Congress prior to the date established under section 25 of the Revised Statutes of the United States (2 U.S.C. 7) for the regularly scheduled general election for such office, so long as the determination of the candidates who are elected to such office is based solely on the votes cast with respect to the election held on such date, as determined in accordance with the system of ranked choice voting under this title.

“PART 2—TABULATION PROCESS

“SEC. 331. TABULATION FOR SINGLE-SEAT CONGRESSIONAL ELECTIONS.

“(a) IN GENERAL.—

“(1) Determination of candidate’s number of votes.—In the case of a single-seat election, the number of votes received by a candidate in either the initial tabulation or in an additional round of tabulation shall be equal to the number of ballots on which that candidate is the highest ranked continuing candidate.

“(2) Criteria for election.—In the case of a single-seat election, a candidate shall be elected to
the office of Representative in Congress (or, in the case of a primary election, shall advance to the general election for such office as provided under the law of the State involved) if—

“(A) in the initial tabulation of ballots, the candidate receives a number of votes greater than 50 percent of the number of ballots cast in the election; or

“(B) if the election official carries out an additional round of tabulation under subsection (b), the candidate receives the greatest number of votes of the 2 remaining continuing candidates (as described in such subsection).

“(b) Process in case no candidate elected under initial tabulation.—

“(1) Additional rounds of tabulation.— If, under the initial tabulation of ballots, no candidate is elected to office (or, in the case of a primary election, no candidate advances to the general election for such office) under the criteria described in subsection (a)(2)(A), the election official shall carry out additional rounds of tabulation in accordance with paragraph (2) until only two continuing candidates remain.
“(2) Treatment of ballots in additional rounds.—In each additional round of tabulation carried out under this subsection—

“(A) the candidate receiving the fewest number of votes among all candidates (or, in the case of a State which applies batch elimination under section 334, each candidate in the batch elimination group) shall be treated as a defeated candidate;

“(B) for each ballot cast for a defeated candidate, the election official shall determine the highest-ranked candidate on the ballot who is a continuing candidate; and

“(C) the vote cast on the ballot shall be transferred to, and added to the total number of votes received by, the highest-ranked continuing candidate determined under subparagraph (B).

“(a) In General.—

“(1) Votes counted in rounds.—In the case of a multi-seat election, the votes shall be counted in a series of rounds of tabulation until the number of winning candidates equals the required number of
winning candidates with respect to the election, as described in paragraph (4).

“(2) CRITERIA FOR ELECTION.—In the case of a multi-seat election, a candidate shall be considered a winning candidate and shall be elected to one of the offices of Representative in the congressional district (or, in the case of a primary election, shall advance to the general election for such offices as provided under the law of State involved) if—

“(A) in any round, the candidate has a vote total that exceeds the multi-seat election threshold, as determined under this section; or

“(B) the candidate is a continuing candidate and the number of remaining continuing candidates plus the number of candidates already designated as winning candidates is equal to or less than the required number of winning candidates with respect to the election.

“(3) DETERMINATION OF MULTI-SEAT ELECTION THRESHOLD.—The multi-seat election threshold with respect to an election shall be equal to the total number of valid votes cast in the election divided by the sum of the number one and the required number of winning candidates with respect to the election, rounded up to four decimal places.
“(4) TABULATION PROCESS.—In the case of a multi-seat election, the votes shall be counted in a series of rounds, beginning with the initial round, under which each candidate has a number of votes equal to the number of votes cast in the election in which the candidate was the highest-ranked candidate, and proceeding as follows:

“(A) If, following any round of counting, the number of winning and continuing candidates combined is greater than the required number of winning candidates with respect to the election, and at least one candidate has a vote total that exceeds the multi-seat election threshold, as determined under this section, then the following round shall be a surplus tabulation round.

“(B) If, following any round of counting, the number of winning and continuing candidates combined is greater than the required number of winning candidates with respect to the election, and no candidate has a vote total that exceeds the multi-seat election threshold, as determined under this section, then the following round shall be a candidate elimination round.
“(C) If, following any round of counting, the number of winning and continuing candidates combined is equal to or less than the required number of winning candidates with respect to the election, then the remaining continuing candidates shall be designated as winning candidates, and the tabulation is complete.

“(5) Tabulation rounds described.—

“(A) Surplus tabulation round.—In this section, a ‘surplus tabulation round’ is a tabulation round under which each candidate with a vote total greater than the multi-seat election threshold is designated as a winning candidate and the surplus votes for such candidate are transferred to other candidates, as described in subsection (b)(2).

“(B) Candidate elimination round.—In this section, a ‘candidate elimination round’ is a tabulation round under which the candidate with the fewest votes is designated as defeated and votes for that candidate are transferred to other candidates, as described in subsection (b)(3).

“(b) Process for transferring votes.—
“(1) Surplus tabulation rounds.—In a surplus tabulation round, each candidate with a vote total that exceeds the multi-seat election threshold shall be designated as a winning candidate, and the election official shall transfer the surplus votes for each such candidate to other candidates as follows:

“(A) The official shall determine the surplus fraction for each candidate designated as a winning candidate at the beginning of the round by taking the difference between the candidate’s vote total at the beginning of the round and the multi-seat election threshold, and dividing that difference by the candidate’s vote total at the beginning of the round.

“(B) The official shall reweight each vote counting for each candidate designated as a winning candidate at the beginning of the round by multiplying the vote’s current weight (equal to one if the vote has not been reweighted in any prior surplus tabulation round) by the surplus fraction determined with respect to the candidate under subparagraph (A), rounding down to four decimal places.

“(C) The official shall transfer each vote counting for each candidate designated as a
winning candidate at the beginning of the round to the highest ranked continuing candidate on the ballot on which the vote was cast, counting the vote as a fraction of a vote equal to its new weight as determined under subparagraph (B).

“(D) For all subsequent surplus tabulation rounds, the official shall set the vote total of each candidate designated as a winning candidate at the beginning of the round to be equal to the multi-seat election threshold.

“(2) CANDIDATE ELIMINATION ROUNDS.—In a candidate elimination round, the candidate with the fewest votes (or, in the case of a State which applies batch elimination under section 334, each candidate in the batch elimination group) shall be designated as defeated, and the election official shall transfer the votes for such candidate to other candidates as follows:

“(A) The official shall transfer each vote counting for the candidate designated as defeated at the beginning of the round to the highest ranked continuing candidate on the ballot on which the vote was cast, except that if the vote was counted as a fraction of a vote due
to being reweighted in a prior surplus transfer round, it shall continue to count as the same fraction of a vote in the subsequent candidate elimination round.

“(B) For all subsequent candidate elimination rounds, the official shall set the vote total of each candidate designated as defeated at the beginning of the round to zero votes.

“SEC. 333. EXCLUSION OF INACTIVE BALLOTS.

“(a) Initial Tabulation.—In the initial tabulation of ballots under section 331 or the initial round of tabulation under section 332, if a vote is cast on an inactive ballot, no vote on the ballot shall be counted for any candidate.

“(b) Additional Rounds of Tabulation.—

“(1) Single-seat elections.—In any additional round of tabulation conducted with respect to a single-seat election under section 331(b), if a vote cast for a defeated candidate is cast on an inactive ballot, no vote on the ballot may be transferred to a continuing candidate under section 331(b).

“(2) Multi-seat elections.—In any additional round of tabulation conducted with respect to a multi-seat election under section 332(b)—
“(A) if a vote cast for the winning candidate is cast on an inactive ballot, no portion of the surplus vote on such ballot may be transferred to a continuing candidate under any surplus vote tabulation round described in paragraph (2) of section 332(b); and

“(B) if a vote cast for a defeated candidate is cast on an inactive ballot, the vote may not be transferred to any continuing candidate under any candidate elimination round described in paragraph (3) of section 332(b).

“(c) INACTIVE BALLOT DEFINED.—In this subsection, the term ‘inactive ballot’ means—

“(1) a ballot on which the voter does not rank any of the continuing candidates in order of preference;

“(2) a ballot on which the voter ranked more than one continuing candidate at the highest order of preference; or

“(3) a ballot on which the voter skips two or more consecutive numerical rankings prior to the ranking for the continuing candidate at the highest order of preference.
“SEC. 334. BATCH ELIMINATION.

“At the option of the State, with respect to any candidate elimination round carried out under this subsection, a State may use batch elimination to treat multiple candidates as defeated candidates for purposes of section 331(b)(2) and section 332(b)(2). A continuing candidate is in the elimination batch if the number of winning and continuing candidates with more votes than that candidate is greater than the number of winning candidates required with respect to the election, and it is mathematically impossible for that candidate to be a winning candidate in the election for any of the following reasons:

“(1) The candidate’s vote total in the initial tabulation of ballots plus all of the votes that could possibly be transferred to the candidate in the additional rounds of tabulation would not be enough to equal or surpass the continuing candidate with the next highest vote total in the initial tabulation of ballots.

“(2) The candidate has a lower current vote total than a continuing candidate who is described by paragraph (1).

“SEC. 335. TREATMENT OF TIES BETWEEN CANDIDATES.

“If a tie occurs between candidates with the greatest number of votes or the fewest number of votes at any point in the tabulation of ballots under this part and the tabula-
tion cannot proceed until the tie is resolved, the tie shall be resolved in accordance with State law.

“SEC. 336. CONTINUING CANDIDATE DEFINED.

“In this part, the term ‘continuing candidate’ means, with respect to any round of tabulation under this part, a candidate who is neither a winning candidate nor a candidate who is treated as a defeated candidate under such subsection during the tabulation of ballots under that round of tabulation.

“PART 3—PAYMENTS TO STATES TO IMPLEMENT RANKED CHOICE VOTING

“SEC. 341. PAYMENTS TO STATES TO IMPLEMENT RANKED CHOICE VOTING.

“(a) Payments.—Not later than June 1, 2021, the Commission shall make a payment to the State in an amount equal to—

“(1) in the case of the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands, $1,500,000; or

“(2) in the case of any other State, the sum of $1,000,000 and the product of—

“(A) the number of Representatives to which the State is entitled under the reappor-
tionment of Representatives resulting from the regular decennial census conducted during 2020; and

“(B) $500,000.

“(b) Use of Funds.—A State shall use the payment made under subsection (a) to implement ranked choice voting under this subtitle, including educating voters about ranked choice voting, and to otherwise carry out elections for Federal office in the State.

“(c) No Effect on Requirements Payments.—The receipt or use of the payment made under this section shall not affect a State’s eligibility for or use of a requirements payment made under part 1 of subtitle D of title II.

“(d) Authorization of Appropriations.—There are authorized to be appropriated such sums as may be necessary for payments under this section.”.

(b) Clerical Amendment.—The table of contents of such Act is amended by adding at the end of the item relating to title III the following:

TITLE II—MULTI-MEMBER DISTRICTS
SEC. 201. REQUIRING USE OF MULTI-MEMBER DISTRICTS IN CERTAIN STATES.
(a) Rules for States With Six or More Representatives.—If a State is entitled to six or more Representatives in Congress under an apportionment made under section 22(a) of the Act entitled “An Act to provide for the fifteenth and subsequent decennial censuses and to provide for an apportionment of Representatives in
Congress”, approved June 18, 1929 (2 U.S.C. 2a(a)), the State shall establish a number of districts for the election of Representatives in the State that is less than the number of Representatives to which the State is entitled, and Representatives shall be elected only from districts so established.

(b) Criteria for Number of Districts.—In establishing the number of districts for the State under subsection (a), the State shall follow the following criteria:

(1) The State shall ensure that districts shall each have equal population per Representative as nearly as practicable, in accordance with the Constitution of the United States.

(2) The number of Representatives to be elected from any district may not be fewer than three or greater than five.

SEC. 202. REQUIRING CERTAIN STATES TO ELECT ALL REPRESENTATIVES AT LARGE.

SEC. 203. ESTABLISHING MINIMUM NUMBER OF CANDIDATES IN GENERAL ELECTION.

(a) States With Partisan Nominating Primaries.—

(1) In general.—If, in a primary election for the office of Representative, the candidates that advance to the general election do so by winning the nomination of a political party (without regard to whether or not the election is open or closed to voters on the basis of political party preference), the State shall ensure that the number of candidates to be nominated by each political party is equal to the number of Representatives who will be elected from the district involved.

(2) Authority of political parties to determine number of candidates advancing in multi-seat elections.—Notwithstanding paragraph (1), in the case of a primary election described in such paragraph which is a multi-seat primary election, a State may permit a political party to adopt a rule that provides for such number of nominees of that political party to advance to the general election as the party considers appropriate, so long as the number is not less than two.

(3) Multi-seat primary election defined.—In this subsection, the term “multi-seat
primary election” means a primary election held to
select the candidates for a general election in which
more than one Representative shall be elected.

(b) States With Nonpartisan Blanket Pri-
maries.—

(1) Number of Candidates.—If a State uses
a nonpartisan blanket primary election to determine
which candidates will advance to the general election
for the office of Representative, the State shall en-
sure that the number of candidates who advance to
the general election for the office is not less than the
greater of—

(A) five;

(B) twice the number of Representatives
who will be elected from the district involved; or

(C) such greater number as the State may
establish by law.

(2) Nonpartisan Blanket Primary Elec-
tion Defined.—In this subsection, a “nonpartisan
blanket primary election” is a primary election for
the office of Representative conducted prior to the
date established under section 25 of the Revised
Statutes of the United States (2 U.S.C. 7) for the
regularly scheduled general election for such office,
under which—
(A) each candidate for such office, regardless of the candidate’s political party preference or lack thereof, shall appear on a single ballot;

(B) each voter in the State who is eligible to vote in elections for Federal office in the district involved may cast a ballot in the election, regardless of the voter’s political party preference or lack thereof; and

(C) the identification and number of candidates who advance to the general election for the office is determined without regard to the candidates’ political party preferences or lack thereof.

(e) EXCEPTION FOR STATES NOT HOLDING PRIMARY ELECTIONS PRIOR TO DATE OF REGULARLY SCHEDULED GENERAL ELECTION.—In the case of a State that does not hold primary elections for the office of Representative prior to the date established under section 25 of the Revised Statutes of the United States (2 U.S.C. 7) for the regularly scheduled general election for such offices, all seats shall be elected at the election taking place on such date.

“Candidates for Representative” and inserting “Except as provided in title II of the Fair Representation Act, candidates for Representative”.

SEC. 205. EXCEPTION FOR STATES IN WHICH USE OF MULTI-MEMBER DISTRICTS WILL RESULT IN DIMINISHMENT OF VOTING RIGHTS.

(a) Exception.—If the written evaluation of any of the redistricting plans of the independent redistricting commission of a State under subtitle B of title III with respect to the apportionment of Representatives resulting from a decennial census, as developed and published under section 313(e), indicates that the redistricting plan will deny or abridge the right to vote by having the effect of diminishing the ability of any citizens of the United States on account of race or color, or in contravention of the guarantees set forth in section 4(f)(2) of the Voting Rights Act of 1965 (52 U.S.C. 10303(f)(2)), to elect their preferred candidates of choice—

(1) this title shall not apply with respect to any election held in the State which is based on the apportionment of Representatives to which such redistricting plan would apply; and

(2) the independent redistricting commission shall (in accordance with subtitle B of title III) develop and publish a redistricting plan for the State
for purposes of title III under which there are no
multi-member districts in the State.

(b) No Effect on Other Requirements.—Nothing in this section shall be construed to waive the application of any of the other titles of this Act or the amendments made by any of the other titles of this Act to a State for which there are no multi-member districts as a result of this section, including the requirement to use ranked choice voting as set forth in title I or the requirement to carry out congressional redistricting in the State through the use of independent redistricting commissions as set forth in title III.

SEC. 206. EFFECTIVE DATE.

This title and the amendments made by this title shall apply with respect to the One Hundred Eighteenth Congress and each subsequent Congress.

TITLE III—REQUIREMENTS FOR CONGRESSIONAL REDISTRICTING

Subtitle A—General Requirements

SEC. 301. REQUIRING CONGRESSIONAL REDISTRICTING TO BE CONDUCTED THROUGH PLAN OF INDEPENDENT STATE COMMISSION.

(a) Use of Plan Required.—Notwithstanding any other provision of law, and except as provided in sub-
section (c) and subsection (d), any congressional redistricting conducted by a State shall be conducted in accordance with—

(1) the redistricting plan developed and enacted into law by the independent redistricting commission established in the State, in accordance with subtitle B; or

(2) if a plan developed by such commission is not enacted into law, the redistricting plan developed and enacted into law by a 3-judge court, in accordance with section 321.

(b) CONFORMING AMENDMENT.—Section 22(c) of the Act entitled “An Act to provide for the fifteenth and subsequent decennial censuses and to provide for an apportionment of Representatives in Congress”, approved June 18, 1929 (2 U.S.C. 2a(c)), is amended by striking “in the manner provided by the law thereof” and inserting: “in the manner provided by the Redistricting Reform Act of 2019”.

(c) SPECIAL RULE FOR EXISTING COMMISSIONS.—Subsection (a) does not apply to any State in which, under law in effect continuously on and after the date of the enactment of this Act, congressional redistricting is carried out in accordance with a plan developed and approved

(1) Publicly Available Application Process.—Membership on the commission is open to citizens of the State through a publicly available application process.

(2) Disqualifications for Government Service and Political Appointment.—Individuals who, for a covered period of time as established by the State, hold or have held public office, individuals who are or have been candidates for elected public office, and individuals who serve or have served as an officer, employee, or paid consultant of a campaign committee of a candidate for public office are disqualified from serving on the commission.

(3) Screening for Conflicts.—Individuals who apply to serve on the commission are screened through a process that excludes persons with conflicts of interest from the pool of potential commissioners.

(4) Multi-Partisan Composition.—Membership on the commission represents those who are affiliated with the two political parties whose candidates received the most votes in the most recent statewide election for Federal office held in the
State, as well as those who are unaffiliated with any party or who are affiliated with political parties other than the two political parties whose candidates received the most votes in the most recent statewide election for Federal office held in the State.

(5) Criteria for Redistricting.—Members of the commission are required to meet certain criteria in the map drawing process, including minimizing the division of communities of interest and a ban on drawing maps to favor a political party.

(6) Public Input.—Public hearings are held and comments from the public are accepted before a final map is approved.

(7) Broad-Based Support for Approval of Final Plan.—The approval of the final redistricting plan requires a majority vote of the members of the commission, including the support of at least one member of each of the following:
