116TH CONGRESS 2D SESSION

H.R.4686

AN ACT

To require ride-hailing companies to implement an enhanced digital system to verify passengers with their authorized ride-hailing vehicles and drivers.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

1 SECTION 1. SHORT TITLE.

2	This Act may be cited as "Sami's Law".				
3	SEC. 2. MINIMUM REQUIREMENTS FOR RIDE-HAILING VE-				
4	HICLES AND RIDE-HAILING COMPANIES.				
5	(a) Requirements for TNC Platforms.—Not				
6	later than 90 days after the date of enactment of this Act,				
7	each transportation network company shall establish and				
8	implement a system and policy within the transportation				
9	network company's TNC platform that shall make avail-				
10	able to each passenger a digital method to verify that the				
11	driver with whom the passenger has been matched through				
12	the transportation network company's TNC platform has				
13	been authorized by the transportation network company				
14	to accept the passenger's trip request prior to the begin-				
15	ning of the trip. Such system shall include—				
16	(1)(A) an initial notification sent to the pas-				
17	senger's personal mobile device, or otherwise com-				
18	municated to the passenger, containing verifiable in-				
19	formation specific to the TNC driver or TNC vehicle				
20	with which the passenger has been matched;				
21	(B) the ability for the passenger, driver, and				
22	TNC platform to confirm the verifiable information				
23	matching the passenger to the authorized TNC driv-				
24	er or TNC vehicle prior to the beginning of the trip;				
25	(C) a TNC platform restriction on a TNC driv-				
26	er from commencing a trip via the TNC platform				

- until both the passenger and the TNC driver verify the other's identity using the system; and
 - (D) a way for a passenger to use a non-visual arrangement to verify the TNC driver under the system used in accordance with this subparagraph; or
 - (2) as an alternative to implementing the system required under paragraph (1), a transportation network company may implement any successor technology-based system that enables verification that the driver with whom the passenger has been matched through the transportation network company's TNC platform has been authorized by the transportation network company to accept the passenger's trip requests received through its digital network prior to the beginning of the trip.
- 16 (b) OPT OUT.—A transportation network company
 17 may offer a passenger an option not to use the system
 18 that the transportation network company has implemented
 19 under subsection (a). Any trip completed by a passenger
 20 who opts not to use the system shall not be a violation
 21 of this section.
- 22 (c) EXEMPTIONS.—This section shall not apply to 23 any trips in which—
- 24 (1) a third party, including any third-party 25 business, non-profit, or government entity, facilitates

- the trip for the individual who is transported in the
 TNC vehicle; or
- (2) compliance with subsection (a) is impracticable due to circumstances beyond a transportation
 network company's control, including instances
 where a passenger's personal mobile device has
 failed to operate or there is degraded, reduced, or
 otherwise insufficient cellular connectivity in order
 for the system to properly operate.

10 SEC. 3. SUCCESSOR TECHNOLOGY PERFORMANCE STAND-

11 ARDS.

- than 180 days after the establishment of the "SAMI's Law Council" pursuant to section 4, such Council shall recommend to the Secretary of Transportation performance standards for the successor technology-based systems permitted under section 2(a)(2) and the Secretary shall thereafter issue performance standards consistent with the Council's recommendations and provide a reasonable time for a TNC to comply. Such standards shall require, at a minimum, that—
 - (A) any successor technology-based system that enables the verification that the driver with whom the passenger has been matched through

- the TNC platform has been authorized by the transportation network company to accept the passenger's trip request received through its TNC platform prior to the beginning of the trip;
 - (B) confirmation protocols are visually and non-visually accessible; and
 - (C) a transportation network company implement a system incorporating a driver education and public awareness program related to the use of its successor technology and its required verifiable information.
 - (2) Updating performance standards.—
 Six months after the establishment of the performance standards required by this section, and, at a minimum, annually thereafter, the Secretary shall solicit input from the SAMI's Law Council, established under section 4, about whether the performance standards need to be updated or expanded to incorporate new technological developments. The Secretary may amend the performance standards to account for new technological developments.
 - (3) Interim standards.—Prior to the adoption of performance standards, a transportation network company may adopt and deploy any other suc-

senger to verify that the driver with whom the passenger has been matched through the transportation network company's platform has been authorized by the transportation network company to accept the passenger's trip requests received through its platform prior to the beginning of the trip. A successor technology-based system deployed under this subparagraph shall be considered to fulfill the requirements of section 2(a). A successor technology-based system adopted under this section shall be presumed to meet such requirements unless the Secretary determines otherwise. If the Secretary makes such a determination, a reasonable time to cure shall be provided.

(4) Reports.—Upon first issuing performance standards under paragraph (1), and each year thereafter, the Secretary shall transmit a report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce of the Senate detailing the performance standards recommended by the SAMI's Law Council, established under section 4, and issued by the Secretary under paragraph (1), including any up-

1	dates to such standards and explaining the rationale
2	for issuing such performance standards.
3	SEC. 4. SAFETY ACTIONS FOR MATCHING AND IDENTI-
4	FYING RIDE SHARE CUSTOMERS ADVISORY
5	COUNCIL.
6	(a) Establishment.—Subject to the availability of
7	appropriations, not later than 60 days after the date of
8	enactment of this Act, the Secretary shall establish the
9	Safety Actions for Matching and Identifying Ride Share
10	Customers' Council (hereinafter referred to as the
11	"SAMI's Law Council"), an advisory council for the pur-
12	pose of developing recommended performance standards
13	for successor technology that will protect TNC passengers
14	and TNC drivers, as permitted under sections 2(a)(2) and
15	authorized under section 3.
16	(b) Composition of the Advisory Council.—The
17	advisory council shall be composed of the following mem-
18	bers:
19	(1) The Secretary of Transportation shall des-
20	ignate a representative from paragraph (2), who
21	shall serve as Council Chair.
22	(2) One representative, to be appointed by the
23	Secretary of Transportation, from each of the fol-
24	lowing:

1	(A) The National Highway Traffic Safety
2	Administration.
3	(B) The Federal Highway Administration.
4	(C) The National Institute of Standards
5	and Technology.
6	(D) The Federal Trade Commission.
7	(E) The Federal Aviation Administration.
8	(F) An association or trade group that
9	represents technology companies, whose mem-
10	bership includes at least one transportation net-
11	work company.
12	(G) An organization of and for TNC driv-
13	ers and present in at least two States.
14	(3) Two representatives, to be appointed by the
15	Secretary of Transportation, from each of the fol-
16	lowing:
17	(A) Transportation network companies.
18	(B) Law enforcement agencies.
19	(C) National organizations of and for peo-
20	ple with disabilities.
21	(D) Ride-haling victims advocacy groups.
22	(c) Terms.—Members of the Council shall serve for
23	a term of 3 consecutive years.
24	(d) VACANCIES.—Any vacancy occurring in the mem-
25	bership of the Council shall be filled in the same manner

- 1 as the original appointment for the position being vacated.
- 2 The vacancy shall not affect the power of the remaining
- 3 members to execute the duties of the Council.
- 4 (e) Duties.—The Council shall gather and analyze
- 5 data, provide technical advice, and develop and present
- 6 best practices or recommendations supported by the ma-
- 7 jority of members of the Council to the Secretary of
- 8 Transportation regarding performance standards the Sec-
- 9 retary may adopt regarding any successor technology-
- 10 based system described in section 2(a)(2).
- 11 (f) Technical Assistance.—On request of the
- 12 Council, the Secretary shall provide such technical assist-
- 13 ance to the Council as the Secretary determines to be nec-
- 14 essary to carry out the Council's duties.
- 15 (g) Detail of Federal Employees.—On the re-
- 16 quest of the Council, the Secretary may detail, with or
- 17 without reimbursement, any employee of the Department
- 18 of Transportation to the Council to assist the Council in
- 19 carrying out its duties. The detail of any such employee
- 20 shall not interrupt or otherwise affect the civil service sta-
- 21 tus or privileges of the employee.
- 22 (h) Payment and Expenses.—Members of the
- 23 Council shall serve without pay, except travel and per diem
- 24 will be paid to each member for meetings called by the
- 25 Secretary.

- 1 (i) Review.—Twelve years after the date of enact-
- 2 ment of this Act, the Secretary shall review, and solicit
- 3 public input, as to whether it is necessary for the Council
- 4 to remain in existence. The Secretary shall thereafter have
- 5 the authority to terminate the Council if the Secretary de-
- 6 termines that the Council is no longer necessary. If the
- 7 Secretary terminates the Council, the Secretary shall
- 8 maintain the authority to update performance standards
- 9 related to successor technology.

10 SEC. 5. PROHIBITION ON SALE OF RIDE-HAILING SIGNAGE.

- It shall be unlawful for any person to sell or offer
- 12 for sale any signage that is designed to help a passenger
- 13 identify a transportation network company vehicle and—
- 14 (1) contains a transportation network com-
- pany's proprietary trademark or logo, or
- 16 (2) purports to be that of a transportation net-
- work company,
- 18 unless such person is the transportation network company
- 19 associated with such proprietary trademark or logo or au-
- 20 thorized by the transportation network company to sell or
- 21 offer for sale such signage.

22 SEC. 6. ENFORCEMENT.

- 23 (a) VIOLATIONS OF SECTION 2.—The Secretary is
- 24 authorized to issue a penalty to a transportation network
- 25 company of up to \$5,000 per each day of non-compliance

- 1 with section 2 and a penalty of up to \$20,000 per each
- 2 day of non-compliance with section 2 when such non-com-
- 3 pliance is knowing and willful. With regards to a violation
- 4 relating to any successor technology-based system used by
- 5 a transportation network company permitted under sec-
- 6 tion 2(1)(5), the Secretary shall rely on whether such sys-
- 7 tem meets the performance standards issued under section
- 8 3.

(b) VIOLATIONS OF SECTION 5.—

10 (1) In general.—A violation of section 5 shall 11 be treated as a violation of a rule defining an unfair 12 or deceptive act or practice prescribed under section 13 18(a)(1)(B) of the Federal Trade Commission Act 14 (15 U.S.C. 57a(a)(1)(B)). The Federal Trade Com-15 mission shall enforce this Act in the same manner, 16 by the same means, and with the same jurisdiction, 17 powers, and duties as though all applicable terms 18 and provisions of the Federal Trade Commission Act 19 (15 U.S.C. 41 et seq.) were incorporated into and made a part of this Act. Any person who violates 20 21 section 5 shall be subject to the penalties and enti-22 tled to the privileges and immunities provided in the 23 Federal Trade Commission Act (15 U.S.C. 41 et

seq.).

1	(2) SAVINGS CLAUSE.—Nothing in this Act
2	shall be construed to limit the authority of the Fed-
3	eral Trade Commission under any other provision of
4	law.
5	SEC. 7. G.A.O. STUDY ON THE INCIDENCE OF ASSAULT AND
6	ABUSE OF PASSENGERS AND DRIVERS OF
7	TNC VEHICLES, TAXICABS, AND OTHER FOR-
8	HIRE VEHICLES.
9	The Comptroller General of the United States shall
10	conduct a study on the incidence of assault and abuse per-
11	petrated on drivers by passengers of TNC vehicles, taxi-
12	cabs, and other for-hire vehicles, and on such passengers
13	by drivers of TNC vehicles, taxicabs, and other for-hire
14	vehicles. The Comptroller General shall submit a report
15	to Congress not later than one year after the date of en-
16	actment of this Act. The report shall also examine—
17	(1) the nature and specifics of any background
18	checks conducted on prospective drivers of TNC ve-
19	hicles, taxicabs, and other for-hire vehicles, including
20	any State and local laws which may require such
21	background checks;
22	(2) incidences where individuals who are not
23	TNC drivers, taxicab drivers, or other for-hire vehi-
24	cle drivers try to pose as TNC drivers, taxicab driv-
25	ers, or other for-hire vehicle drivers:

1	(3) incidences of passengers entering the wrong					
2	vehicle, whether or not the vehicle was a TNC vehicle.					
3	cle, taxicab, and other for-hire vehicle; and					
4	(4) efforts by transportation network compa					
5	nies, taxicab companies, or for-hire vehicle compa					
6	nies to implement additional safety measures an					
7	practices and of State and local governments require					
8	ing such measures, and the efficacy of those efforts					
9	practices, and requirements.					
10	SEC. 8. DEFINITIONS.					
11	For purposes of this Act—					
12	(1) the terms "non-visual" and "non-visually					
13	accessible", with regards to the system required					
14	under sections 2(a)(1)(D) and 3(1)(B) mean digital					
15	content that—					
16	(A) meets the success criteria of the Web					
17	Content Accessibility Guidelines (WCAG) 2.0,					
18	Level AA, and any successor to or revision of					
19	such guidelines that has been incorporated into					
20	the Section 508 standards issued by the United					
21	States Access Board, including, to the extent					
22	applicable, the Web Accessibility Initiative - Ac-					

cessible Rich Internet Applications (WAI–

ARIA); or

23

1	(B) allows a blind or visually impaired pas-
2	senger to access the same information, and uti-
3	lize the same system offered to other passengers
4	as required under Sections $2(a)(1)(D)$ and
5	3(1)(B) in a way that provides a comparable
6	level of privacy, independence and substantially
7	equivalent ease of use to the passenger;
8	(2) the term "passenger" means an individual
9	who is matched with a TNC driver by using a TNC
10	platform;
11	(3) the term "personal mobile device" means
12	any mobile device that an individual uses to connect
13	to a TNC platform;
14	(4) The term "Secretary" means the Secretary
15	of Transportation;
16	(5) the term "TNC driver" means an individual
17	who contracts with a transportation network com-
18	pany and provides transportation services to pas-
19	sengers;
20	(6) the term "TNC platform" means an online-
21	enabled application or digital network made available
22	by a transportation network company to connect rid-
23	ers to TNC drivers for the purpose of providing pre-

arranged transportation services;

- (7) the term "TNC vehicle" means a vehicle owned, leased, or otherwise authorized for use by TNC driver that the TNC driver uses to provide prearranged transportation services, also known as a ride-hailing vehicle; and
 - (8) the term "transportation network company"—
 - (A) means a corporation, partnership, sole proprietorship, or other entity, that makes available an online-enabled application or digital network to connect passengers to TNC drivers in order for the driver to transport the passenger using a vehicle owned, leased, or otherwise authorized for use by the driver to a point chosen by the passenger; and
 - (B) does not include a shared-expense carpool or vanpool arrangement that is not intended to generate profit for the driver; and
 - (9) the term "verifiable information" means data shared between a TNC platform, TNC driver, and passenger that includes a personal authentication number confirmation system, a license plate confirmation system, or a successor technology system.

1 SEC. 9. DETERMINATION OF BUDGETARY EFFECTS.

- 2 The budgetary effects of this Act, for the purpose of
- 3 complying with the Statutory Pay-As-You-Go Act of 2010,
- 4 shall be determined by reference to the latest statement
- 5 titled "Budgetary Effects of PAYGO Legislation" for this
- 6 Act, submitted for printing in the Congressional Record
- 7 by the Chairman of the House Budget Committee, pro-
- 8 vided that such statement has been submitted prior to the
- 9 vote on passage.

Passed the House of Representatives July 29, 2020. Attest:

Clerk.

116TH CONGRESS H. R. 4686

AN ACT

To require ride-hailing companies to implement an enhanced digital system to verify passengers with their authorized ride-hailing vehicles and drivers.
