

116TH CONGRESS
2D SESSION

H. R. 6233

To amend the Internal Revenue Code of 1986 to provide a tax credit for taxpayers who remove lead-based hazards.

IN THE HOUSE OF REPRESENTATIVES

MARCH 12, 2020

Mr. COHEN (for himself, Mr. MCKINLEY, Mr. KATKO, Ms. NORTON, and Mr. GRIJALVA) introduced the following bill; which was referred to the Committee on Ways and Means

A BILL

To amend the Internal Revenue Code of 1986 to provide a tax credit for taxpayers who remove lead-based hazards.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; FINDINGS; PURPOSE.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Home Lead Safety Tax Credit Act of 2020”.

6 (b) FINDINGS.—Congress finds that:

7 (1) Lead is a metal that can produce a wide
8 range of health effects in humans when ingested.
9 Children are more vulnerable to lead poisoning than
10 adults.

1 (2) Lead poisoning is a serious, entirely pre-
2 ventable threat to a child’s intelligence, behavior,
3 and learning. In severe cases, lead poisoning can re-
4 sult in death.

5 (3) According to the Department of Housing
6 and Urban Development, approximately 22,000,000
7 housing units nationwide have at least 1 lead paint
8 hazard.

9 (4) While appropriated Federal lead abatement
10 programs, such as the Lead Hazard Control and
11 Healthy Homes grant programs, have helped reduce
12 childhood lead poisoning, funding constraints have
13 limited their impact to only about 400,000 homes
14 since 1993.

15 (5) Childhood lead poisoning can be dramati-
16 cally reduced by the abatement or complete removal
17 of all lead-based hazards. Empirical studies also
18 have shown substantial reductions in lead poisoning
19 when the affected properties have undergone “in-
20 terim control measures” that are less costly than
21 abatement.

22 (c) PURPOSE.—The purpose of this section is to en-
23 courage the safe removal of lead hazards from homes and
24 thereby decrease the number of children who suffer re-

duced intelligence, learning difficulties, behavioral problems, and other health consequences due to lead poisoning.

SEC. 2. HOME LEAD HAZARD REDUCTION ACTIVITY TAX CREDIT.

(a) IN GENERAL.—Subpart C of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by inserting after section 36B the following new section:

“SEC. 36C. HOME LEAD HAZARD REDUCTION ACTIVITY.

“(a) ALLOWANCE OF CREDIT.—

12 credit against State or local tax liabilities which is
13 allowable under the laws of any State or political
14 subdivision thereof to a taxpayer with respect to any
15 costs paid or incurred by the taxpayer which would
16 otherwise qualify as lead hazard reduction activity
17 costs under this section, the amount of the credit al-
18 lowed under subsection (a) for any eligible dwelling
19 unit for any taxable year (determined after applica-
20 tion of paragraph (1)) shall not exceed an amount
21 equal to the excess, if any, of—
