14 **SEC. 307. INTELLIGENCE COMMUNITY STUDENT LOAN RE-**  
15 **PAYMENT PROGRAMS.**

16 (a) SENSE OF CONGRESS.—It is the sense of Con-

25 (3) departments and agencies containing ele-  
26 ments of the intelligence community have authority

1 to establish student loan repayment programs either  
2 under section 5379 of title 5, United States Code,

5 the National Security Act of 1947 (50 U.S.C.  
6 3024(n)(1));

7 (4) although the Director should use the au-  
8 thority under such section 102A(n)(1) sparingly,  
9 and should be exceedingly sparing in delegating such  
10 authority to an element of the intelligence commu-  
11 nity, the Director should approve well-predicated re-  
12 quests for such authority in the student loan repay-  
13 ment context if an element of the intelligence com-  
14 munity can articulate an impediment to establishing  
15 or enhancing a program under section 5379 of title  
16 5, United States Code; and

17 (5) student loan repayment programs estab-  
18 lished by an element of the intelligence community

22 after the day on which they first become intelligence  
23 community employees.

4 lish minimum standards for the repayment of student  
5 loans of employees of elements of the intelligence commu-  
6 nity by such elements of the intelligence community.

7 (c) REPORT.—Not later than 180 days after the date  
8 of the enactment of this Act, the Director shall submit  
9 to the appropriate congressional committees a report on

11 port shall include—

12 (1) an explanation of why such minimum stand-

18 nies for talented employees; and

19 (C) promoting the development of a diverse  
20 workforce.

21 (d) FAILURE TO MEET STANDARDS.—Not later than  
22 180 days after the date on which the standards required  
23 under subsection (b) are established, the head of an ele-  
24 ment of the intelligence community that does not meet  
25 such standards shall submit to the appropriate congres-

1 sional committees a report containing an explanation for  
2 why such element does not meet such standards and an  
3 identification of any additional authority or appropriations  
4 required to for the element to meet such standards.

5 (e) SUBMITTAL OF REGULATIONS AND POLICIES TO  
6 CONGRESS.—Not later than 180 days after the date on

12 ment as well as copies of such policies redacted to remove  
13 classified information.

16 sional committees” means—

17 (1) the Permanent Select Committee on Intel-  
18 ligence of the House of Representatives;

19 (2) the Select Committee on Intelligence of the  
20 Senate;

17 **ATORS OF NATIONAL SECURITY SYSTEMS .**

18 (a) STUDY.—Not later than one year after the date  
19 of the enactment of this Act, the Director of the National  
20 Security Agency shall conduct a feasibility study with re-  
21 spect to requiring contractors (including subcontractors)  
22 of departments or agencies of the Federal Government  
23 that own or operate national security systems to imple-  
24 ment mandatory cybersecurity policies or defensive meas-  
25 ures. The study shall include—

1           (1) the estimated cost to the Federal Govern-  
2           ment of deploying such mandatory cybersecurity  
3           policies or defensive measures;

4           (2) whether there are sufficient legal and policy  
5           authorities in place to implement such mandatory  
6           cybersecurity policies or defensive measures;

7           (3) a description of enforcement mechanisms  
8           for such mandatory cybersecurity policies or defen-  
9           sive measures; and

12          ures.

13          (b) BRIEFINGS.—Not later than 90 days after the  
14          date of the enactment of this Act, and quarterly thereafter

5 **SEC. 608. ARTIFICIAL INTELLIGENCE RESEARCH AND DE-**  
6           **VELOPMENT.**

7           (a) FINDINGS; SENSE OF CONGRESS.—

8           (1) FINDINGS.—Congress finds the following:

9           (A) All elements of the intelligence commu-  
10          nity employ artificial intelligence in some form,  
11          and the artificial intelligence research and de-  
12          velopment efforts of many of the elements over-  
13          lap;

14          (B) the elements do not adequately share  
15          resources, expertise, and data and often fail to  
16          make even closely related systems interoperate;

17          (C) siloed artificial intelligence research  
18          and development inefficiently splits resources  
19          across the intelligence community leading to du-  
20          plicative and less effective capabilities;

21          (D) developing state-of-the-art artificial in-  
22          telligence capabilities requires large quantities  
23          of training data, computing power, and subject  
24          matter expertise;

1           (E) research and development is the larg-  
2 est cost driver for artificial intelligence capabili-  
3 ties but once developed, artificial intelligence  
4 capabilities are generally inexpensive to provide  
5 to more users;

6           (F) the Director of National Intelligence  
7 has addressed similar challenges in the realm of  
8 information technology through the IC IT En-  
9 terprise initiative;

10          (G) the IC IT Enterprise initiative has  
11 successfully consolidated capabilities like cloud  
12 computing and identity management into intel-  
13 ligence community-wide capabilities, primarily  
14 by selecting executive agents from within the  
15 intelligence community to take the lead in their  
16 respective areas of interest and excellence; and

17          (H) the Augmenting Intelligence through  
18 Machines initiative of the Office of the Director  
19 of National Intelligence has centralized stra-  
20 tegic thinking in its strategy for augmenting in-  
21 telligence using machines but has not suffi-  
22 ciently coordinated the artificial intelligence and  
23 machine learning research programs of the in-  
24 telligence community to encourage efficiency  
25 and avoid duplication of effort.

1           (2) SENSE OF CONGRESS.—It is the sense of  
2 Congress that—

3           (A) consolidating the resources of the intel-  
4 ligence community regarding artificial intel-  
5 ligence research and development to carry out  
6 intelligence community-wide efforts would yield  
7 economies of scale and improve mission out-  
8 comes; and

9           (B) the Augmenting Intelligence through  
10 Machines initiative of the Office of the Director  
11 of National Intelligence should lead such ef-  
12 forts.

13       (b) AI PROJECT IDENTIFICATION.—Not later than  
14 180 days after the date of the enactment of this Act, the  
15 Director of National Intelligence, in consultation with the  
16 Chief Information Officer of the Intelligence Community,  
17 the Chief Data Officer of the Intelligence Community, the  
18 Director of Science and Technology of the Office of the  
19 Director of National Intelligence, and the heads of ele-  
20 ments of the intelligence community the Director deter-  
21 mines appropriate, shall identify research areas, applica-  
22 tions, supporting technologies, and infrastructure regard-  
23 ing artificial intelligence that—

24           (1) would advance the mission of multiple ele-  
25 ments of the intelligence community, with an empha-

1       sis in areas that are already being worked on by  
2       multiple elements;

3               (2) can be either assigned to an executive agent  
4       or addressed by a joint research and development ef-  
5       fort; and

6               (3) have the potential to significantly impact in-  
7       telligence outcomes or the efficiency of the intel-  
8       ligence community.

9       (c) IMPLEMENTATION PLAN.—

10              (1) DEVELOPMENT.—With respect to each re-  
11       search area, application, supporting technology, or  
12       infrastructure identified under subsection (b), the  
13       Director shall develop an implementation plan to  
14       consolidate research and development, program man-  
15       agement, acquisition, and sustainment into an intel-  
16       ligence community-wide effort that results in intel-  
17       ligence community-wide capabilities. Each such plan  
18       shall include—

19              (A) an outline of the most significant bar-  
20       riers to creating effective, intelligence commu-  
21       nity-wide artificial intelligence capabilities; and

22              (B) recommendations to overcome such  
23       barriers.

24              (2) SUBMISSION.—Not later than 180 days  
25       after the date on which the Director identifies a re-

1 search area, application, supporting technology, or  
2 infrastructure under subsection (b), the Director  
3 shall submit to the congressional intelligence com-  
4 mittees the plan under paragraph (1).

5 **SEC. 609. SEEDLING INVESTMENT IN NEXT-GENERATION**  
6 **MICROELECTRONICS IN SUPPORT OF ARTIFI-**  
7 **CIAL INTELLIGENCE.**

8 (a) FINDINGS.—Congress finds that—

9 (1) developing faster, more energy efficient, and  
10 more resilient computing is important to the future  
11 of the national security of the United States and the  
12 leadership by the United States in artificial intel-  
13 ligence; and

14 (2) multidisciplinary teams co-designing micro-  
15 electronics for artificial intelligence will lead to un-  
16 precedented capabilities that will help ensure that  
17 the United States maintains its superiority in this  
18 worldwide competition for economic and national se-  
19 curity.

20 (b) AWARDS FOR RESEARCH AND DEVELOPMENT.—

21 The Director of National Intelligence, acting through the  
22 Director of the Intelligence Advanced Research Projects  
23 Activity, shall award contracts or grants, or enter into  
24 transactions other than contracts, to encourage microelec-  
25 tronics research.

1           (c) USE OF FUNDS.—The Director shall award con-  
2 tracts or grants to, or enter into transactions other than  
3 contracts with, entities under subsection (b) to carry out  
4 any of the following:

5           (1) Advanced engineering and applied research  
6 into novel computing models, materials, devices, ar-  
7 chitectures, or algorithms to enable the advancement  
8 of artificial intelligence and machine learning.

9           (2) Research efforts to—

10           (A) overcome challenges with engineering  
11 and applied research of microelectronics, includ-  
12 ing with respect to the physical limits on tran-  
13 sistors, electrical interconnects, and memory  
14 elements; or

15           (B) promote long-term advancements in  
16 computing technologies, including by fostering a  
17 unified and multidisciplinary approach encom-  
18 passing research and development into algo-  
19 rithm design, computing architectures, micro-  
20 electronic devices and circuits, and the chem-  
21 istry and physics of new materials.

22           (3) Any other activity the Director determines  
23 would promote the development of microelectronics  
24 research.

1 (d) AWARD AMOUNTS.—In awarding contracts or  
2 grants, or entering into transactions other than contracts,  
3 under subsection (b), the Director may award not more  
4 than a total of \$15,000,000.

8 **SEC. 801. LIMITATION ON AVAILABILITY OF FUNDS UNTIL**  
9 **SUBMISSION OF REQUIRED REPORT ON MUR-**  
10 **DER OF JAMAL KHASHOGGI.**

11 (a) FINDINGS; SENSE OF CONGRESS.—

12 (1) FINDINGS.—Congress finds the following:

13 (A) There is a strong bipartisan conviction,  
14 shared widely throughout the legislative and ex-  
15 ecutive branches of the United States Govern-  
16 ment and elsewhere, that ensuring full account-  
17 ability for the brutal murder on October 2,  
18 2018, of Jamal Khashoggi, a former Wash-  
19 ington Post columnist and resident of the  
20 United States, is in the public interest and also  
21 the national interest of the United States.

22 (B) Section 5714 of the Damon Paul Nel-  
23 son and Matthew Young Pollard Intelligence  
24 Authorization Act for Fiscal Years 2018, 2019,  
25 and 2020 (division E of Public Law 116–92;

1 133 Stat. 2173) required the Director of Na-  
2 tional Intelligence to submit to Congress a writ-  
3 ten report in “unclassified form” that includes  
4 “identification of those who carried out, partici-  
5 pated in, ordered, or were otherwise complicit in  
6 or responsible for the death of Jamal  
7 Khashoggi.”.

8 (C) Section 1277 of the National Defense  
9 Authorization Act for Fiscal Year 2020 (Public  
10 Law 116–92; 133 Stat. 1701) likewise obligated  
11 the Director to submit to the Committee on  
12 Foreign Affairs and the Permanent Select Com-  
13 mittee on Intelligence of the House of Rep-  
14 resentatives and the Committee on Foreign Re-  
15 lations and the Select Committee on Intel-  
16 ligence of the Senate a written report on the as-  
17 sessment of the intelligence community regard-  
18 ing Mr. Khashoggi’s brutal murder.

19 (D) Such section 1277 specifically called,  
20 among other things, for a determination and  
21 presentation of evidence with respect to the ad-  
22 vance knowledge and role of any current or  
23 former official of the Government of Saudi Ara-  
24 bia or any current or former senior Saudi polit-  
25 ical figure over the directing, ordering, or tam-

1 pering of evidence in relation to Mr.  
2 Khashoggi's murder.

3 (E) Such section 1277 also required the  
4 Director to submit a list of foreign persons  
5 whom the Director has high confidence were re-  
6 sponsible for, complicit in, or otherwise know-  
7 ingly and materially assisted the murder, or im-  
8 peded its impartial investigation, or who or-  
9 dered or otherwise directed an act or acts con-  
10 tributing to or causing the murder.

11 (F) Contrary to the unambiguous and law-  
12 ful command of Congress under such sections  
13 5714 and 1277, the Director did not produce  
14 any unclassified report as required by either  
15 such section, and instead, on February 20,  
16 2020, the Director submitted to such commit-  
17 tees a classified report, which the Director re-  
18 ferred to as an "annex".

19 (G) The evident belief of the Director that  
20 no unclassified information can be produced in  
21 accordance with the directives of Congress is  
22 dubious, in light of the extensive body of cred-  
23 ible, unclassified reporting available regarding  
24 the murder of Mr. Khashoggi, and the roles and

1           culpability of officials at the highest levels of  
2           the Government of Saudi Arabia.

3           (2) SENSE OF CONGRESS.—It is the sense of  
4           Congress that the Director of National Intelligence  
5           should reasonably have been able to produce an un-  
6           classified report pursuant to section 5714 of the  
7           Damon Paul Nelson and Matthew Young Pollard In-  
8           telligence Authorization Act for Fiscal Years 2018,  
9           2019, and 2020 and section 1277 of the National  
10          Defense Authorization Act for Fiscal Year 2020 that  
11          did not alter or obscure, in any way, the intelligence  
12          community’s core determinations, its presentation of  
13          evidence, or identification of relevant persons, as re-  
14          quired, without putting sources and methods at risk.

15          (b) LIMITATION.—

16                (1) IN GENERAL.—None of the funds author-  
17                ized to be appropriated by this Act or otherwise  
18                made available for fiscal year 2021 for any element  
19                of the intelligence community may be obligated or  
20                expended for the purposes described in paragraph  
21                (2) until the date on which the Director of National  
22                Intelligence makes public the covered annex pursu-  
23                ant to subsection (d).

24                (2) PURPOSES DESCRIBED.—The purposes de-  
25                scribed in this paragraph are any engagement or

1 interaction of any kind with the General Intelligence  
2 Presidency of the Government of Saudi Arabia, or  
3 any other intelligence or security service of the Gov-  
4 ernment of Saudi Arabia, including with respect to  
5 supporting, partnering, assisting, or otherwise co-  
6 operating, directly or indirectly with the General In-  
7 telligence Presidency or such services.

8 (3) EXCEPTION.—The limitation in paragraph  
9 (1) shall not apply to sharing information with or  
10 receiving from the Government of Saudi Arabia re-  
11 garding—

12 (A) a threat of death or serious bodily  
13 harm to any person; or

14 (B) law enforcement activities, including  
15 with respect to cooperation between the Federal  
16 Bureau of Investigation and the Government of  
17 Saudi Arabia.

18 (c) DECLASSIFICATION REVIEW.—

19 (1) REQUIREMENT.—Not later than 90 days  
20 after the date of the enactment of this Act, the Di-  
21 rector, acting through the National Intelligence  
22 Council, shall complete a declassification review of  
23 the covered annex.

24 (2) CONDUCT OF REVIEW.—The declassification  
25 review under paragraph (1) shall—

1 (A) be conducted in accordance with sec-  
2 tion 1.7 of Executive Order No. 13526 (75 Fed.  
3 Reg. 707; relating to classified national security  
4 information) with respect to requiring that in  
5 no case shall information be classified, continue  
6 to be maintained as classified, or fail to be de-  
7 classified in order to—

8 (i) conceal violations of law;

9 (ii) prevent embarrassment to a per-  
10 son, organization, or agency; or

11 (iii) prevent or delay the release of in-  
12 formation that does not require protecting  
13 in the interest of the national security;

14 (B) evaluate and take into consideration  
15 the full body of credible, open-source reporting  
16 available to the intelligence community regard-  
17 ing the murder of Jamal Khashoggi; and

18 (C) make public as much information con-  
19 tained in the covered annex as possible.

20 (d) PUBLICATION AND SUBMISSION.—

21 (1) PUBLICATION.—Following the declassifica-  
22 tion review of the covered annex under subsection  
23 (c), the Director shall make public on the internet  
24 website of the Director the covered annex. If the de-  
25 classification review determines that any information

1 in the covered annex should remain classified, the  
2 Director may redact such information in a manner  
3 that—

4 (A) prevents public release of information  
5 only to the extent necessary to protect specific,  
6 identified harms to the national security of the  
7 United States; and

8 (B) does not alter or obscure the deter-  
9 minations of, presentation of evidence by, or  
10 identification of relevant persons by, the intel-  
11 ligence community with respect to the murder  
12 of Jamal Khashoggi.

13 (2) SUBMISSION.—Not later than 15 days be-  
14 fore the date on which the Director makes the cov-  
15 ered annex public under paragraph (1), the Director  
16 shall submit to the congressional intelligence com-  
17 mittees a report on the redactions made by the Di-  
18 rector under such paragraph, including, for each  
19 such redaction, an explanation of how the redacted  
20 information would harm the national security of the  
21 United States despite the robust body of available  
22 open-source reporting on the murder of Jamal  
23 Khashoggi.

1           (3) FORM.—The report under paragraph (2)  
2           shall be in unclassified form to the extent prac-  
3           ticable, but may include a classified annex.

4           (e) COVERED ANNEX DEFINED.—In this section, the  
5 term “covered annex” means the report regarding the  
6 murder of Jamal Khashoggi submitted on February 20,  
7 2020, by the Director of National Intelligence to the Com-  
8 mittee on Foreign Affairs and the Permanent Select Com-  
9 mittee on Intelligence of the House of Representatives and  
10 the Committee on Foreign Relations and the Select Com-  
11 mittee on Intelligence of the Senate.

13 **INTELLIGENCE SHARING RELATING TO CER-**  
14 **TAIN AIR STRIKES IN YEMEN.**

15           (a) PROHIBITION.—Except as provided by subsection

18 for any element of the intelligence community may be obli-  
19 gated or expended to share intelligence for the purpose  
20 of enabling or assisting air strikes in Yemen by the Saudi  
21 Arabia-led coalition.

22           (b) EXCEPTION.—The prohibition under subsection  
23 (a) shall not apply with respect to the sharing of intel-  
24 ligence with Saudi Arabia for the purposes of countering  
25 al-Qaeda, the Islamic State in Yemen, or other terrorist

2 erating in Yemen and to pose a threat to the United  
3 States.

13 (2) STATEMENT OF POLICY.—It is the policy of  
14 the United States that credible evidence of gross vio-  
15 lations of internationally recognized human rights by  
16 the coalition led by Saudi Arabia in Yemen should  
17 be a principal factor in United States decisions to

22 (1) IN GENERAL.—Not later than 30 days after

14 (i) efforts by the Government of Saudi

18 (ii) whether United States assistance  
19 to the Saudi-led coalition has led to a de-  
20 monstrable decrease in civilians killed or  
21 injured by Saudi-led airstrikes and damage  
22 to civilian infrastructure;

2           under this subsection shall be submitted in unclassi-  
3           fied form, but may contain a classified annex.

4           (c) RULE OF CONSTRUCTION.—Nothing in this sec-

6                   **IN THE MIDDLE EAST.**

7       (a) SENSE OF CONGRESS; STATEMENT OF POLICY.—

8           (1) SENSE OF CONGRESS.—It is the sense of  
9       Congress that—

10           (A) it is in the vital national interest of the

6 section 123 of the Atomic Energy Act of  
7 1954 (42 U.S.C. 2153); and

8 (ii) these negotiations are stalled over  
9 nonproliferation conditions.

10 (2) STATEMENT OF POLICY.—It is the policy of  
11 the United States that any civil nuclear cooperation  
12 agreement by the United States with Saudi Arabia  
13 should include strong safeguards, including the non-  
14 proliferation criteria established under section 123

6           Plan of Action.

7           (F) If the United States and Saudi Arabia  
8           were to enter into a civil nuclear cooperation  
9           agreement under such section 123 that does not  
10          contain the prohibitions and criteria described  
11          in subparagraphs (C) and (D), the likelihood

13          remove restrictions on its peaceful nuclear pro-  
14          gram and renegotiate its civil nuclear coopera-  
15          tion agreement with the United States.

16          (3) SOURCES.—The report under paragraph (1)
