To establish the Partnership Fund for Peace to promote joint economic development and finance ventures between Palestinian entrepreneurs and companies and those in the United States and Israel to improve economic cooperation and people-to-people peacebuilding programs, and to further shared community building, peaceful coexistence, dialogue, and reconciliation between Israelis and Palestinians.

IN THE SENATE OF THE UNITED STATES

JUNE 5, 2019

Mr. COONS (for himself, Mr. GRAHAM, Mr. KAINE, and Mr. GARDNER) introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To establish the Partnership Fund for Peace to promote joint economic development and finance ventures between Palestinian entrepreneurs and companies and those in the United States and Israel to improve economic cooperation and people-to-people peacebuilding programs, and to further shared community building, peaceful coexistence, dialogue, and reconciliation between Israelis and Palestinians.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Partnership Fund for
3 Peace Act of 2019”.

4 **SEC. 2. FINDINGS.**

5 Congress finds the following:

6 (1) Economic development in conflict settings
7 has been shown to support stabilization by empow-
8 ering entrepreneurs, growing the middle class, and
9 mitigating unemployment.

10 (2) In 2018, unemployment in the Palestinian
11 territories was 32.4 percent, reaching 53.7 percent
12 in Gaza and 18 percent in the West Bank. GDP
13 growth in the Palestinian territories declined from
14 2.7 percent in 2017 to 2 percent in 2018, and it is
15 projected to further decline to between 1.7 and 1.9
16 percent in 2019 and 2020.

17 (3) Increased economic activity and projects to
18 improve the quality and conditions of life for the
19 Palestinians will help create a viable Palestinian
20 economy.

21 (4) Although economic development is an im-
22 portant tool for stabilizing conflict-prone settings
23 and establishing connections between communities,
24 economic development by itself will not lead to last-
25 ing peace. People-to-people peacebuilding programs
26 further advance reconciliation efforts by promoting

1 greater understanding, mutual trust, and coopera-
2 tion between communities.

3 (5) While the United States and its inter-
4 national allies continue to support diplomatic and
5 political negotiations between the representatives of
6 the parties to the Israeli-Palestinian conflict, such
7 efforts require broad popular support among the
8 people on the ground to succeed.

9 (6) Achieving sustainable, high-level agreements
10 for lasting peace in the Middle East must come
11 through, and with the support of, the people who
12 live there.

13 (7) Economic initiatives and people-to-people
14 peacebuilding programs can help millions of ordinary
15 Israelis and Palestinians affected by the ongoing
16 conflict in the Middle East.

17 **SEC. 3. SENSE OF CONGRESS.**

18 It is the sense of Congress that—

19 (1) building a viable Palestinian economy is
20 central to the effort to preserve the possibility of a
21 2-state solution;

22 (2) strengthening engagement between the Pal-
23 estinian territories, the United States and Israel in
24 the areas of economic development and people-to-
25 people peacebuilding programs will—

1 (A) increase the bonds of friendship and
2 understanding between the people living in the
3 Palestinian territories and the people of the
4 United States and Israel; and

5 (B) advance the state of research and de-
6 velopment in multiple sectors to the benefit of
7 all parties;

8 (3) cooperation between the business sectors of
9 the Palestinian territories, the United States and
10 Israel will benefit the Palestinian, American, and
11 Israeli people and should be encouraged; and

12 (4) United States and international support for
13 grassroots, people-to-people efforts aimed at shared
14 reconciliation and fostering tolerance can help
15 counter extremist propaganda and the growing issue
16 of incitement.
