## A BILL

To award a Congressional Gold Medal to Greg LeMond in recognition of his service to the United States as an athlete, activist, role model, and community leader.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Greg LeMond Congres-  
5 sional Gold Medal Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1           (1) Gregory James LeMond (referred to in this  
2 section as “Greg”) was born in Lakewood, Cali-  
3 fornia, on June 26, 1961.

4           (2) Greg began cycling at 14 years of age, win-  
5 ning an astonishing 11 straight races to begin his  
6 career.

7           (3) At the 1979 Junior World Championships,  
8 Greg took home a full suite of medals, including  
9 gold, silver, and bronze, emerged victorious in the  
10 road race, and placed in both team and track pur-  
11 suit events.

12           (4) At 18 years of age, Greg became the young-  
13 est cyclist in the history of the sport to be selected  
14 for the United States Men’s Olympic team.

15           (5) Greg emerged victorious in the 1980 Circuit  
16 de la Sarthe, becoming the first individual from the  
17 United States, and the youngest rider ever, to win  
18 a major pro-am cycling event on the European con-  
19 tinent.

20           (6) At 19 years of age, Greg signed his first  
21 professional contract.

22           (7) In 1982, Greg made the first of several re-  
23 markable recoveries, returning from a broken collar-  
24 bone to win the silver medal at the World Cham-  
25 pionships in Great Britain.

1           (8) The Tour de France, the world's pre-  
2 eminent cycling competition, was first held more  
3 than a century ago, in 1903.

4           (9) The Tour de France takes place over 23  
5 days, covers an extraordinary 2,200 miles, winds  
6 through multiple mountain ranges, spans multiple  
7 nations, and is viewed as comparable to running a  
8 marathon every day for 3 consecutive weeks.

9           (10) Greg first competed in the Tour de France  
10 in 1984, when he finished third, and finished second  
11 the following year, but, in both years, he deputized  
12 himself to his teammates by sacrificing a chance to  
13 win himself to boost those teammates toward vic-  
14 tory.

15           (11) Greg emerged victorious in the 1986 Tour  
16 de France, ascending the fabled Alpe D'Huez, de-  
17 feating the field by more than 3 full minutes, and  
18 becoming the first individual from the United States,  
19 and the first non-European, to win cycling's most  
20 prestigious race.

21           (12) In 1987, while recovering from a broken  
22 wrist and collarbone, Greg was tragically shot during  
23 a turkey hunting accident. After the accident, Greg  
24 was in intensive care, required the removal of more  
25 than 40 shotgun pellets from his abdomen, was

1 deemed unlikely to ever ride a bicycle again, and  
2 likely survived only due to the abnormal strength of  
3 his cardiovascular system.

4 (13) After the accident described in paragraph  
5 (12), Greg mounted the greatest comeback in the  
6 history of American sports, taking home an aston-  
7 ishing victory at the 1989 Tour de France and win-  
8 ning by 8 seconds in the closest finish in the history  
9 of that race, even though, after surviving life-threat-  
10 ening gunshot wounds, he had endured multiple sur-  
11 geries, including tendon repair and an appendec-  
12 tomy.

13 (14) Greg won a third Tour de France victory  
14 in 1990.

15 (15) Greg is the only individual from the  
16 United States to win the Tour de France.

17 (16) Greg has vocally spoken out to champion  
18 healthy sport among athletes of all ages and com-  
19 petition levels.

20 (17) Greg and his wife, Kathy, are active in nu-  
21 merous nonprofit causes, including promoting  
22 healthy sport and assisting victims of sexual abuse  
23 and various childhood illnesses.

24 (18) Cycling offers young people a healthy, ac-  
25 tive, outdoor hobby.

1           (19) Greg completed his professional career  
2           having won 2 World Championships, 3 Tour de  
3           France championships, and 22 titles overall.

4           (20) More than any other cyclist, Greg personi-  
5           fied the “breakaway” culture of cycling in the  
6           United States in the 1970s and 1980s, was viewed  
7           universally as the epitome of a young person on a  
8           bicycle, and attempted to accomplish feats no other  
9           individual from the United States had achieved.

10          (21) Greg has not only reached the pinnacle of  
11          international sport, but has devoted his time and re-  
12          sources to assisting his fellow athletes.

13          (22) Greg has demonstrated the commitment to  
14          excellence, generosity, community, and tenacity that  
15          makes him an example for all to follow.

10 materials, dies, use of machinery, and overhead expenses,  
11 and the cost of the gold medal.
