SEC. 884. PILOT PROGRAM EXPLORING THE USE OF CONSUMPTION-BASED SOLUTIONS TO ADDRESS SOFTWARE-INTENSIVE WARFIGHTING CAPABILITY.

(a) FINDING.—In its final report, the Section 809 Panel recommended the adoption of consumption-based approaches at the Department of Defense, stating, “More things will be sold as a service in the future. XaaS could really mean everything in the context of the Internet of
things (IoT). Consumption-based solutions are appearing in many industry sectors, from last mile transportation (e.g., bike shares and electric scooters) to agriculture (e.g., tractor-as-a-service for farmers in developing countries).

Most smart phone users are familiar with software updates that provide bug fixes or new features. A more extreme example of technology innovation enabled by the IoT is the ability to deliver physical performance improvements to vehicles through over-the-air software updates. . . In the not-so-distant future, cloud computing and the IoT will enable consumption-based solution offerings and delivery models that are hard to imagine today.”

(b) Sense of Congress.—It is the sense of Congress—

(1) that the Department of Defense should take advantage of “as-a-service” or “aaS” approaches in commercial capability development, particularly where the capability is software-defined, and cloud-enabled;

(2) to support the Department of Defense’s commitment to new approaches to development and acquisition of software;

(3) that the Department should explore a variety of approaches, to include the use of consump-
tion-based solutions for software-intensive warfighting capability; and

(4) that, in conducting activities under the pilot program established under this program, the Department should use the Software pathway under the new Adaptive Acquisition Framework.

(e) In General.—Subject to the availability of appropriations, the Secretary of Defense is authorized to establish a pilot program to explore the use of consumption-based solutions to address software-intensive warfighting capability.

(d) Selection of Initiatives.—The Secretary of each military department and the commander of each combatant command with acquisition authority shall propose for selection by the Secretary of Defense for the pilot program at least one and not more than three initiatives that are well-suited to explore consumption-based solutions to address software-intensive warfighting capability. The initiatives may be new or existing programs of record and shall focus on software-defined or machine-enabled warfighting applications, and may include applications that—

(1) rapidly analyze sensor data;

(2) secure warfighter networks, including multi-level security;
(3) swiftly transport information across various networks and network modalities; or

(4) otherwise enable joint all-domain operational concepts, including in a contested environment.

(e) CONTRACT REQUIREMENTS.—Contracts for consumption-based solutions entered into pursuant to the pilot program shall provide for—

(1) the solution to be measurable on a frequent interval customary for the type of solution;

(2) the contractor to notify the government when consumption reaches 75 percent and 90 percent of the contract funded amount; and

(3) discretion for the contracting officer to add new features or capabilities without additional competition for the contract, provided that the amount of the new features or capabilities does not exceed 25 percent of the total contract value.

(f) DURATION OF INITIATIVES.—Each initiative carried out under the pilot program shall be carried out during the three-year period following selection of the initiative.

(g) MONITORING AND EVALUATION OF PILOT PROGRAM.—The Director of the Office of Cost Assessment and Program Evaluation shall establish continuous moni-

The report shall also include lessons learned about the use of consumption-based solutions for software-intensive capabilities and any recommendations for statutory or regulatory changes to facilitate their use.
(i) **Consumption-based Solution Defined.**—In this section, the term “consumption-based solution” means any combination of software, hardware or equipment, and labor or services that provides a seamless capability that is metered and billed based on actual usage and predetermined pricing per resource unit, and includes the ability to rapidly scale capacity up or down.

SEC. 1214. SENSE OF SENATE ON SPECIAL IMMIGRANT VISA PROGRAM FOR AFGHAN ALLIES.

It is the sense of the Senate that—

(1) the special immigrant visa program for Afghan allies is critical to the mission in Afghanistan and the long-term interests of the United States;

(2) maintaining a robust special immigrant visa program for Afghan allies is necessary to support United States Government personnel in Afghanistan who need translation, interpretation, security, and other services;
(3) Afghan allies routinely risk their lives to assist United States military and diplomatic personnel;

(4) honoring the commitments made to Afghan allies with respect to the special immigrant visa program is essential to ensuring—

(A) the continued service and safety of such allies; and

(B) the willingness of other like-minded individuals to provide similar services in any future contingency;

(5) the Afghan Allies Protection Act of 2009 (8 U.S.C. 1101 note) states that all Government-controlled processing of applications for special immigrant visas under that Act “should be completed not later than 9 months after the date on which an eligible alien submits all required materials to complete an application for such visa”;

(6) any backlog in processing special immigrant visa applications should be addressed as quickly as possible so as to honor the United States commitment to Afghan allies as soon as possible;

(7) failure to process such applications in an expeditious manner puts lives at risk and jeopardizes a critical element of support to United States operations in Afghanistan; and
(8) to prevent harm to the operations of the United States Government in Afghanistan, additional visas should be made available to principal aliens who are eligible for special immigrant status under that Act.

SEC. 1215. SENSE OF SENATE AND REPORT ON UNITED STATES PRESENCE IN AFGHANISTAN.

(a) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) the United States and our coalition partners have made progress in the fight against al-Qaeda and ISIS in Afghanistan; however, both groups—

(A) maintain an ability to operate in Afghanistan;

(B) seek to undermine stability in the region; and

(C) threaten the security of Afghanistan, the United States, and the allies of the United States;

(2) the South Asia strategy correctly emphasizes the importance of a conditions-based United States presence in Afghanistan; therefore, any decision to withdraw the Armed Forces of the United States from Afghanistan should be done in an orderly manner in response to conditions on the
ground, and in coordination with the Government of
Afghanistan and United States allies and partners in
the Resolute Support mission, rather than arbitrary
timelines;

(3) a precipitous withdrawal of the Armed
Forces of the United States and United States diplo-
matic and intelligence personnel from Afghanistan
without effective, countervailing efforts to secure
gains in Afghanistan may allow violent extremist
groups to regenerate, threatening the security of the
Afghan people and creating a security vacuum that
could destabilize the region and provide ample safe
haven for extremist groups seeking to conduct exter-
nal attacks;

(4) ongoing diplomatic efforts to secure a
peaceful, negotiated solution to the conflict in Af-
ghanistan are the best path forward for establishing
long-term stability and eliminating the threat posed
by extremist groups in Afghanistan;

(5) the United States supports international
diplomatic efforts to facilitate peaceful, negotiated
resolution to the ongoing conflict in Afghanistan on
terms that respect the rights of innocent civilians
and deny safe havens to terrorists; and
(6) as part of such diplomatic efforts, and as a condition to be met prior to withdrawal, the United States should seek to secure the release of any United States citizens being held against their will in Afghanistan.

(b) REPORT.—

(1) IN GENERAL.—Not later than September 1, 2020, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representative a report that includes—

(A) an assessment of—

(i) the external threat posed by extremist groups operating in Afghanistan to the United States homeland and the homelands of United States allies;

(ii) the impact of cessation of United States counterterrorism activities on the size, strength, and external aims of such groups; and

(iii) the international financial support the Afghan National Defense and Security Forces requires in order to maintain current operational capabilities, including force cohesion and combat effectiveness;
(B) a plan for the orderly transition of all security-related tasks currently undertaken by the Armed Forces of the United States in support of the Afghan National Defense and Security Forces to Afghanistan, including—

(i) precision targeting of Afghanistan-based terrorists;

(ii) combat-enabler support, such as artillery and aviation assets; and

SEC. 1258. STATEMENT OF POLICY AND SENSE OF SENATE ON THE TAIWAN RELATIONS ACT.

(a) STATEMENT OF POLICY.—It is the policy of the United States—

(1) that the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.) and the “Six Assurances” provided by the United States to Taiwan in July 1982 are the foundation for United States-Taiwan relations;

(2) that nothing in the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.) constrains deepening, to the extent possible, the extensive, close, and friendly relations of the United States and Taiwan, including defense relations;

(3) that the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.) shall be implemented and executed in a manner consistent with evolving political, security, and economic dynamics and circumstances;

(4) that, as set forth in the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.), the United States expects the “future of Taiwan will be determined by peaceful means,” and that “any effort
to determine the future of Taiwan by other than peaceful means” is “a threat to the peace and security of the Western Pacific area and of grave concern to the United States”;

(5) that the increasingly coercive and aggressive behavior of the People’s Republic of China towards Taiwan, including growing military maneuvers targeting Taiwan, is contrary to the expectation of the peaceful resolution of the future of Taiwan;

(6) that, as set forth in the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.), the United States will support the development of capable, ready, and modern defense forces necessary for Taiwan to maintain a sufficient self-defense capability, including by—

(A) supporting acquisition by Taiwan of defense articles and services through foreign military sales, direct commercial sales, and industrial cooperation, with an emphasis on capabilities that support the asymmetric defense strategy of Taiwan, including antiship, coastal defense, antiarmor, air defense, undersea warfare, advanced command, control, communications, computers, intelligence, surveillance, and
reconnaissance, and resilient command and control capabilities;

(B) ensuring timely review of and response to requests of Taiwan for defense articles and services;

(C) conducting practical training and military exercises with Taiwan, including, as appropriate, the Rim of the Pacific exercise, combined training at the National Training Center at Fort Erwin, and bilateral naval exercises and training;

(D) examining the potential for expanding professional military education and technical training opportunities in the United States for military personnel of Taiwan;

(E) pursuing a strategy of military engagement with Taiwan that fully integrates exchanges at the strategic, policy, and functional levels;

(F) increasing exchanges between senior defense officials and general officers of the United States and Taiwan consistent with the Taiwan Travel Act (Public Law 115–135; 132 Stat. 341), especially for the purpose of enhancing cooperation on defense planning and im-
proving the interoperability of the military forces of the United States and Taiwan;

(G) conducting military exchanges with Taiwan specifically focused on improving the reserve force of Taiwan; and

(H) expanding cooperation in military medicine and humanitarian assistance and disaster relief, including through the participation of medical vessels of Taiwan in appropriate exercises with the United States; and

(7) that, as set forth in the Taiwan Relations Act (Public Law 96–8; 22 U.S.C. 3301 et seq.), the United States will maintain the capacity “to resist any resort to force or other forms of coercion that would jeopardize the security, or the social or economic system, of the people on Taiwan”, including the capacity of the United States Armed Forces to deny a “fait accompli” operation by the People’s Republic of China to rapidly seize control of Taiwan.

(b) SENSE OF SENATE.—It is the sense of the Senate that the Secretary of Defense should—

(1) ensure that policy guidance to the Department of Defense related to United States-Taiwan defense relations is fully consistent with the statement of policy set forth in subsection (a); and
(2) issue new policy guidance required to carry out such policy.

SEC. 1259. SENSE OF CONGRESS ON PORT CALLS IN TAIWAN WITH THE USNS COMFORT AND THE USNS MERCY.

(B) donations of face masks;

(2) if it is determined that a ground-based, long-range anti-ship cruise missile system would meet shared defense requirements, the United States and Japan should consider co-development of such a system.

(B) to deter the People’s Republic of China from pursuing military aggression;

(C) to promote the peaceful resolution of territorial disputes in accordance with international law;

(D) to promote private sector-led long-term economic development while countering efforts by the Government of the People’s Republic of China to leverage predatory economic practices as a means of political and economic coercion in the Indo-Pacific region and beyond;

(E) to promote the values of democracy and human rights, including through efforts to end the repression by the Chinese Communist Party of political dissidents and Uyghurs and other ethnic Muslim minorities, Tibetan Buddhists, Christians, and other minorities;

(F) to respond to the crackdown by the Chinese Communist Party, in contravention of the commitments made under the Sino-British Joint Declaration of 1984 and the Basic Law

It is the sense of the Senate that—

(1) the North Atlantic Treaty Organization (NATO) continues to play an essential role in the national security of the United States and the independent nuclear deterrents of other NATO members, such as the United Kingdom, have helped underwrite peace and security;

(2) the nuclear programs of the United States and the United Kingdom have enjoyed significant collaborative benefits as a result of the cooperative
relationship formalized in the Agreement for Co-
operation on the Uses of Atomic Energy for Mutual 
Defense Purposes, signed at Washington July 3, 
1958, and entered into force August 4, 1958 (9

(8) bilateral cooperation on the parallel development of the W93/Mk7 warhead of the United States and the replacement warhead of the United Kingdom, as well as associated components, will allow the United States and the United Kingdom to responsibly address challenges within their legacy nuclear forces in a cost-effective manner that—

(A) preserves independent, sovereign control;
(B) is consistent with each country’s obligations under the Treaty on the Non-Proliferation of Nuclear Weapons, done at Washington, London, and Moscow July 1, 1968 (21 UST 483) (commonly referred to as the “Nuclear Non-Proliferation Treaty’’); and

(C) supports nonproliferation objectives; and

SEC. 1703. FINDINGS.

Congress makes the following findings:

(1) The Joint Declaration and the Basic Law clarify certain obligations and promises that the Government of China has made with respect to the future of Hong Kong.

(2) The obligations of the Government of China under the Joint Declaration were codified in a legally-binding treaty, signed by the Government of the United Kingdom of Great Britain and Northern Ireland and registered with the United Nations.

(3) The obligations of the Government of China under the Basic Law originate from the Joint Declaration, were passed into the domestic law of China by the National People’s Congress, and are widely considered by citizens of Hong Kong as part of the de facto legal constitution of Hong Kong.
Foremost among the obligations of the Government of China to Hong Kong is the promise that, pursuant to Paragraph 3b of the Joint Declaration, “the Hong Kong Special Administrative Region will enjoy a high degree of autonomy, except in foreign and defence affairs which are the responsibilities of the Central People’s Government”.

The obligation specified in Paragraph 3b of the Joint Declaration is referenced, reinforced, and extrapolated on in several portions of the Basic Law, including Articles 2, 12, 13, 14, and 22.

Article 22 of the Basic Law establishes that “No department of the Central People’s Government and no province, autonomous region, or municipality directly under the Central Government may interfere in the affairs which the Hong Kong Special Administrative Region administers on its own in accordance with this Law.”.

The Joint Declaration and the Basic Law make clear that additional obligations shall be undertaken by China to ensure the “high degree of autonomy” of Hong Kong.

Paragraph 3c of the Joint Declaration states, as reinforced by Articles 2, 16, 17, 18, 19, and 22 of the Basic Law, that Hong Kong “will be
vested with executive, legislative and independent judicial power, including that of final adjudication’’.

(9) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (8) of this section, including the following:

(A) In 1999, the Standing Committee of the National People’s Congress overruled a decision by the Hong Kong Court of Final Appeal on the right of abode.

(B) On multiple occasions, the Government of Hong Kong, at the advice of the Government of China, is suspected to have not allowed persons entry into Hong Kong allegedly because of their support for democracy and human rights in Hong Kong and China.

(C) The Liaison Office of China in Hong Kong has, despite restrictions on interference in the affairs of Hong Kong as detailed in Article 22 of the Basic Law—

(i) openly expressed support for candidates in Hong Kong for Chief Executive and Legislative Council;
(ii) expressed views on various policies
for the Government of Hong Kong and
other internal matters relating to Hong Kong; and

(iii) on April 17, 2020, asserted that
both the Liaison Office of China in Hong Kong and the Hong Kong and Macau Affairs Office of the State Council “have the right to exercise supervision . . . on affairs regarding Hong Kong and the mainland, in order to ensure correct implementation of the Basic Law”.

(D) The National People’s Congress has passed laws requiring Hong Kong to pass laws banning disrespectful treatment of the national flag and national anthem of China.

(E) The State Council of China released a white paper on June 10, 2014, that stressed the “comprehensive jurisdiction” of the Government of China over Hong Kong and indicated that Hong Kong must be governed by “patriots”.

(F) The Government of China has directed operatives to kidnap and bring to the mainland, or is otherwise responsible for the kidnapping
of, residents of Hong Kong, including businessman Xiao Jianhua and bookseller Gui Minhai.

(G) The Government of Hong Kong, acting with the support of the Government of China, introduced an extradition bill that would have permitted the Government of China to request and enforce extradition requests for any individual present in Hong Kong, regardless of the legality of the request or the degree to which it compromised the judicial independence of Hong Kong.

(H) The spokesman for the Standing Committee of the National People’s Congress said, “Whether Hong Kong’s laws are consistent with the Basic Law can only be judged and decided by the National People’s Congress Standing Committee. No other authority has the right to make judgments and decisions.”.

(10) Paragraph 3e of the Joint Declaration states, as reinforced by Article 5 of the Basic Law, that the “current social and economic systems in Hong Kong will remain unchanged, as so will the life-style.”.

(11) On multiple occasions, the Government of China has undertaken actions that have contravened
the letter or intent of the obligation described in paragraph (10) of this section, including the fol-
lowing:

(A) In 2002, the Government of China pressed the Government of Hong Kong to in-
troduce “patriotic” curriculum in primary and secondary schools.

(B) The governments of China and Hong Kong proposed the prohibition of discussion of Hong Kong independence and self-determination in primary and secondary schools, which infringes on freedom of speech.

(C) The Government of Hong Kong mandated that Mandarin, and not the native language of Cantonese, be the language of instruction in Hong Kong schools.

(D) The governments of China and Hong Kong agreed to a daily quota of mainland immi-
migrants to Hong Kong, which is widely be-
lieved by citizens of Hong Kong to be part of an effort to “mainlandize” Hong Kong.

(12) Paragraph 3e of the Joint Declaration states, as reinforced by Articles 4, 26, 27, 28, 29, 30, 31, 32, 33, 34, and 39 of the Basic Law, that the “rights and freedoms, including those of person,
of speech, of the press, of assembly, of association,
of travel, of movement, of correspondence, of strike,
of choice of occupation, of academic research and of
religious belief will be ensured by law” in Hong
Kong.

(13) On multiple occasions, the Government of
China has undertaken actions that have contravened
the letter or intent of the obligation described in
paragraph (12) of this section, including the fol-
lowing:

(A) On February 26, 2003, the Govern-
ment of Hong Kong introduced a national secu-
rity bill that would have placed restrictions on
freedom of speech and other protected rights.

(B) The Liaison Office of China in Hong
Kong has pressured businesses in Hong Kong
not to advertise in newspapers and magazines
critical of the governments of China and Hong
Kong.

(C) The Hong Kong Police Force selec-
tively blocked demonstrations and protests ex-
pressing opposition to the governments of China
and Hong Kong or the policies of those govern-
ments.
(D) The Government of Hong Kong refused to renew work visa for a foreign journalist, allegedly for hosting a speaker from the banned Hong Kong National Party.

(E) The Justice Department of Hong Kong selectively prosecuted cases against leaders of the Umbrella Movement, while failing to prosecute police officers accused of using excessive force during the protests in 2014.

(F) On April 18, 2020, the Hong Kong Police Force arrested 14 high-profile democracy activists and campaigners for their role in organizing a protest march that took place on August 18, 2019, in which almost 2,000,000 people rallied against a proposed extradition bill.

(14) Articles 45 and 68 of the Basic Law assert that the selection of Chief Executive and all members of the Legislative Council of Hong Kong should be by “universal suffrage.”.

(15) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (14) of this section, including the following:
(A) In 2004, the National People’s Congress created new, antidemocratic procedures restricting the adoption of universal suffrage for the election of the Chief Executive of Hong Kong.

(B) The decision by the National People’s Congress on December 29, 2007, which ruled out universal suffrage in 2012 elections and set restrictions on when and if universal suffrage will be implemented.

(C) The decision by the National People’s Congress on August 31, 2014, which placed limits on the nomination process for the Chief Executive of Hong Kong as a condition for adoption of universal suffrage.

(D) On November 7, 2016, the National People’s Congress interpreted Article 104 of the Basic Law in such a way to disqualify 6 elected members of the Legislative Council.

(E) In 2018, the Government of Hong Kong banned the Hong Kong National Party and blocked the candidacy of pro-democracy candidates.

(16) The ways in which the Government of China, at times with the support of a subservient
Government of Hong Kong, has acted in contraven-
tion of its obligations under the Joint Declaration
and the Basic Law, as set forth in this section, are
deeply concerning to the people of Hong Kong, the
United States, and members of the international
community who support the autonomy of Hong
Kong.

SEC. 1704. SENSE OF CONGRESS REGARDING HONG KONG.

It is the sense of Congress that—

(1) the United States continues to uphold the
principles and policy established in the United
5701 et seq.) and the Hong Kong Human Rights
and Democracy Act of 2019 (Public Law 116–76;
22 U.S.C. 5701 note), which remain consistent with
China’s obligations under the Joint Declaration and
certain promulgated objectives under the Basic Law,
including that—

(A) as set forth in section 101(1) of the
United States-Hong Kong Policy Act of 1992
(22 U.S.C. 5711(1)), “The United States
should play an active role, before, on, and after
July 1, 1997, in maintaining Hong Kong’s con-
fidence and prosperity, Hong Kong’s role as an
international financial center, and the mutually
beneficial ties between the people of the United States and the people of Hong Kong.”; and

(B) as set forth in section 2(5) of the United States-Hong Kong Policy Act of 1992 (22 U.S.C. 5701(5)), “Support for democratization is a fundamental principle of United States foreign policy. As such, it naturally applies to United States policy toward Hong Kong. This will remain equally true after June 30, 1997.”;

(2) although the United States recognizes that, under the Joint Declaration, the Government of China “resumed the exercise of sovereignty over Hong Kong with effect on 1 July 1997”, the United States supports the autonomy of Hong Kong in furtherance of the United States-Hong Kong Policy Act of 1992 and the Hong Kong Human Rights and Democracy Act of 2019 and advances the desire of the people of Hong Kong to continue the “one country, two systems” regime, in addition to other obligations promulgated by China under the Joint Declaration and the Basic Law;

(3) in order to support the benefits and protections that Hong Kong has been afforded by the Government of China under the Joint Declaration and the Basic Law, the United States should establish a
clear and unambiguous set of penalties with respect to foreign persons determined by the Secretary of State, in consultation with the Secretary of the Treasury, to be involved in the contravention of the obligations of China under the Joint Declaration and the Basic Law and the financial institutions transacting with those foreign persons;

(4) the Secretary of State should provide an unclassified assessment of the reason for imposition of certain economic penalties on entities, so as to permit a clear path for the removal of economic penalties if the sanctioned behavior is reversed and verified by the Secretary of State;

(5) relevant Federal agencies should establish a multilateral sanctions regime with respect to foreign persons involved in the contravention of the obligations of China under the Joint Declaration and the Basic Law; and

(6) in addition to the penalties on foreign persons, and financial institutions transacting with those foreign persons, for the contravention of the obligations of China under the Joint Declaration and the Basic Law, the United States should take steps, in a time of crisis, to assist permanent residents of Hong Kong who are persecuted or fear persecution.
as a result of the contravention by China of its obligations under the Joint Declaration and the Basic Law to become eligible to obtain lawful entry into the United States.

(4) as was done in 2008, upon completion of a new negotiated long-term extension of the Russian Suspension Agreement, Congress should enact legislation to codify the terms of extension into law to
ensure long-term stability for the domestic nuclear fuel supply chain; and

(5) if the negotiations to extend the Russian Suspension Agreement prove unsuccessful, Congress should be prepared to enact legislation to prevent the manipulation by the Russian Federation of global uranium markets and potential domination by the Russian Federation of the United States uranium market.

DIVISION E—ADDITIONAL PROVISIONS

TITLE LI—PROCUREMENT
Subtitle B—Army Programs

SEC. 5111. REPORT ON CH–47F CHINOOK BLOCK–II UPGRADE.

(a) In General.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense, in consultation with the Secretary of the Army, shall submit to the congressional defense committees a report that includes the following elements:

(1) An analysis of the warfighting capability currently delivered by the Block I and Block II configurations of H–47 Chinook helicopters.

(2) An analysis of the feasibility and advisability of delaying or terminating the CH–47F Chinook Block-II upgrade.

(3) A plan to ensure that warfighter capability is not negatively affected by the delay or termination of the CH–47F Chinook Block-II upgrade.

(b) Form.—The report required under subsection (a) shall be submitted in unclassified form, but may include a classified annex.
Subtitle C—Navy Programs

SEC. 5121. LIMITATION ON ALTERATION OF NAVY FLEET MIX.

(a) Sense of Congress.—It is the sense of Congress that—

(1) the United States shipbuilding and supporting vendor base constitute a national security imperative that is unique and must be protected;

(2) a healthy and efficient industrial base continues to be a fundamental driver for achieving and sustaining a successful shipbuilding procurement strategy;

(3) without consistent and continuous commitment to steady and predictable acquisition profiles, the industrial base will struggle and some elements may not survive; and

(4) proposed reductions in the future-years defense program to the DDG–51 Destroyer procurement profile without a clear transition to procurement of the next Large Surface Combatant would adversely affect the shipbuilding industrial base and long-term strategic objectives of the Navy.

(b) Limitation.—

(1) In general.—The Secretary of the Navy may not deviate from the 2016 Navy Force Struc-
ture Assessment to implement the results of a new
force structure assessment or new annual long-range
plan for construction of naval vessels that would re-
duce the requirement for Large Surface Combatants
to fewer than 104 such vessels until the date on
which the Secretary of the Navy submits to the con-
gressional defense committees the certification under
paragraph (2) and the report under subsection (c).

(2) CERTIFICATION.—The certification referred
to in paragraph (1) is a certification, in writing, that
each of the following conditions have been satisfied:

(A) The large surface combatant ship-
building industrial base and supporting vendor
base would not significantly deteriorate due to
a reduced procurement profile.

(B) The Navy can mitigate the reduction
in anti-air and ballistic missile defense capabili-
ties due to having a reduced number of DDG–
51 Destroyers with the advanced AN/SPY–6
radar in the next three decades.

(c) REPORT.—Not later than 90 days after the date
of the enactment of this Act, the Secretary of the Navy
shall submit to the congressional defense committees a re-
port that includes—
(1) a description of likely detrimental impacts to the large surface combatant industrial base and the Navy’s plan to mitigate any such impacts if the fiscal year 2021 future-years defense program were implemented as proposed;

(2) a review of the benefits to the Navy fleet of the new AN/SPY–6 radar to be deployed aboard Flight III variant DDG–51 Destroyers, which are currently under construction, as well as an analysis of impacts to the fleet’s warfighting capabilities, should the number of such destroyers be reduced; and

(3) a plan to fully implement section 131 of the National Defense Authorization for Fiscal Year 2020 (Public Law 116–92), including subsystem prototyping efforts and funding by fiscal year.

SEC. 6235. SENSE OF SENATE ON ADMISSION OF UKRAINE TO THE NORTH ATLANTIC TREATY ORGANIZATION ENHANCED OPPORTUNITIES PARTNERSHIP PROGRAM.

(a) INEFFECTIVENESS OF SECTION 1235.—Section 1235 shall have no force or effect.
(b) FINDINGS.—Congress makes the following find-ings:

(1) On August 24, 1991, Ukraine became a free and independent country after declaring its independence from the Soviet Union.

(2) The Russian Federation is required to re-spect the independence, sovereignty, and territorial integrity of Ukraine through its signed commitments to the 1994 Budapest Memorandum, the 1975 Helsinki Accords, and the Charter of the United Na-tions.

(3) On February 8, 1994, Ukraine was among the first post-Soviet states to join the North Atlantic Treaty Organization’s Partnership for Peace, and Ukraine subsequently participated in numerous North Atlantic Treaty Organization-led security as-sistance, peacekeeping, counterterror, and maritime initiatives.

(4) The North Atlantic Treaty Organization and Ukraine have continuously deepened their co-operation through the establishment of—

(A) the North Atlantic Treaty Organiza-
tion-Ukraine Charter on a Distinctive Part-nership and the North Atlantic Treaty Organiza-
tion-Ukraine Commission in 1997;
(B) the North Atlantic Treaty Organization-Ukraine Joint Working Group on Defense Reform in 1998; and

(C) the North Atlantic Treaty Organization-Ukraine Action Plan in 2002.

(5) In the Bucharest Summit Declaration of April 2008, heads of state and governments of North Atlantic Treaty Organization member countries declared, “NATO welcomes Ukraine’s and Georgia’s Euro-Atlantic aspirations for membership in NATO. We agreed today that these countries will become members of NATO.”.

(6) Beginning on November 21, 2013, and ending on February 22, 2014, during a period that became known as the Revolution of Dignity, the people of Ukraine peacefully protested the decision of then President Viktor Yanukovych to suspend the signing of the Ukraine-European Union Association Agreement, resulting in the unanimous removal from office of Yanukovych by the Verkhovna Rada.

(7) On May 25, 2014, Peter Poroshenko was elected democratically to become the President of Ukraine based on a pro-European Union and pro-North Atlantic Treaty Organization platform, which
laid the foundation for progress on the European
Union Association Agreement.

(8) In response to Ukraine’s Revolution of Dign-
ity, the Russian Federation launched an overt and
cover covert military campaign against Ukraine, illegally
occupied Ukraine’s Crimean Peninsula, and insti-
gated war in eastern Ukraine, resulting in the
deaths of approximately 14,000 Ukrainians.

(9) The Russian Federation’s invasion and ille-
gal occupation of the Crimean Peninsula and in-
stigation of conflict in eastern Ukraine in 2014 was
widely viewed as an effort to stifle pro-democracy
and pro-Western developments across Ukraine in the
wake of the Revolution of Dignity.

(10) At the 2014 Wales Summit, the North At-
lantic Treaty Organization adopted the Enhanced
Opportunities Partnership Program as a component
of the North Atlantic Treaty Organization Partner-
ship Interoperability Initiative, which would “encour-
age, facilitate, and sustain” Ukraine’s contributions
to the North Atlantic Treaty Organization.

(11) In 2016, as a result of the Warsaw Sum-
mit, the North Atlantic Treaty Organization pledged
additional training and technical support for the
military forces of Ukraine and endorsed a com-
prehensive assistance package that included “tailored capability and capacity building measures . . . to enhance Ukraine’s resilience against a wide array of threats, including hybrid threats”.

(12) In 2017, in the face of continued Russian Federation aggression in the eastern region of Ukraine and the continued occupation of Crimea, the Government of Ukraine rejected cooperation with the Russian Federation and voted to make co-operation with the North Atlantic Treaty Organization a foreign policy priority.

(13) On September 1, 2017, the Ukraine-European Union Association Agreement entered into force.

(14) On April 21, 2019, the new president of Ukraine, Volodymyr Zelenskyy—

(A) reaffirmed to European Union and North Atlantic Treaty Organization leaders that Ukraine’s strategic course was to achieve full membership in the European Union and the North Atlantic Treaty Organization; and

(B) championed the adoption of an amendment to the Constitution of Ukraine declaring that the Government of Ukraine is responsible for implementing such strategic course toward
membership in the European Union and the
North Atlantic Treaty Organization.

(15) In January 2020, the Government of
Ukraine requested that the North Atlantic Treaty
Organization grant Ukraine the status of an En-
hanced Opportunities Partner.

(16) Since Ukraine’s Revolution of Dignity and
in recognition of the United States-Ukraine strategic
partnership, the United States has—

(A) provided Ukraine with more than
$1,600,000,000 in security assistance, including
critical defense items;

(B) collaborated closely with the military
forces of Ukraine; and

(C) imposed strong sanctions on the Rus-
sian Federation in response to continued Rus-
sian Federation aggression in Ukraine.

(17) On June 12, 2020, the North Atlantic
Treaty Organization welcomed Ukraine into the En-
hanced Opportunities Partnership program, joining
Australia, Finland, Sweden, Georgia, and Jordan.

(c) SENSE OF SENATE.—It is the sense of the Senate
that the Senate—

(1) applauds the progress of Ukraine and the
Revolution of Dignity with respect to strengthening
the rule of law and combating corruption, aligning
with Euro-Atlantic norms and standards, and im-
proving Ukraine’s military combat readiness and
 interoperability with the North Atlantic Treaty Or-
 ganization;
(2) affirms the unwavering commitment of the
United States to—
       (A) supporting the continued efforts of
       Ukraine to implement democratic and free mar-
       ket reforms;
       (B) restoring the territorial integrity of
       Ukraine; and
       (C) providing additional lethal and non-
       lethal security assistance to strengthen the de-
       fense capabilities of Ukraine and to deter fur-
       ther Russian Federation aggression;
(3) condemns the Russian Federation’s ongoing
use of force and other malign activities against
Ukraine and renews its call on the Government of
the Russian Federation to immediately cease all ac-
tivities that seek to undermine Ukraine and desta-
 bilize Europe; and
(4) congratulates Ukraine on its inclusion in
the North Atlantic Treaty Organization Enhanced
Opportunities Partnership program and on the es-
establishment of a roadmap to full NATO accession for Ukraine.
