S. 5030

To provide for negotiations for the establishment or designation of a trust fund administered by the international community for the prevention and reduction of marine debris, including marine plastic pollution, and for other purposes.

IN THE SENATE OF THE UNITED STATES

DECEMBER 16, 2020

Mr. COONS (for himself, Mr. GRAHAM, Mr. SULLIVAN, and Mr. WHITEHOUSE) introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To provide for negotiations for the establishment or designation of a trust fund administered by the international community for the prevention and reduction of marine debris, including marine plastic pollution, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Unify Nations In
5 Trash Elimination for our Oceans Act of 2020” or the
6 “UNITE for our Oceans Act of 2020”.

1 **SEC. 2. DEFINITIONS.**

2 In this Act:

3 (1) APPROPRIATE COMMITTEES OF CON-
4 GRESS.—The term “appropriate committees of Con-
5 gress” means—

6 (A) the Committee on Foreign Relations,
7 the Committee on Commerce, Science, and
8 Transportation, and the Committee on Finance
9 of the Senate; and

10 (B) the Committee on Foreign Affairs, the
11 Committee on Financial Services, the Com-
12 mittee on Natural Resources, and the Com-
13 mittee on Ways and Means of the House of
14 Representatives.

15 (2) MARINE DEBRIS.—The term “marine de-
16 bris” means any persistent solid material that is
17 manufactured or processed and directly or indirectly,
18 intentionally or unintentionally, disposed of or aban-
19 doned into the marine environment or the Great
20 Lakes.

21 (3) MARINE PLASTIC POLLUTION.—The term
22 “marine plastic pollution” means any plastic mate-
23 rial directly or indirectly discarded, disposed of, or
24 abandoned in the marine or coastal environment, in-
25 cluding microplastics.

1 (4) MICROPLASTICS.—The term “microplastics”
2 means small particles or fragments of plastic meas-
3 uring less than 5 millimeters in diameter.

4 (5) SECRETARY.—Except as otherwise specifi-
5 cally provided, the term “Secretary” means the Sec-
6 retary of State.

7 **SEC. 3. FINDINGS; SENSE OF CONGRESS.**

8 (a) FINDINGS.—Congress makes the following find-
9 ings:

10 (1) A large portion of the world’s population
11 depends on oceans and marine environments for
12 food security and economic livelihoods.

13 (2) Marine debris, including marine plastic pol-
14 lution, is a global problem that directly and indi-
15 rectly threatens marine habitats and species, eco-
16 nomic growth, and human health and safety.

17 (3) Each year, billions of pounds of trash and
18 other pollutants enter the ocean, a large proportion
19 of which is plastic.

20 (4) The increasing production, consumption,
21 and improper disposal of plastic products, including
22 single-use plastic products, contributes substantially
23 to the issue of marine debris.

1 (5) In 2016, the United States generated the
2 largest amount of plastic waste of any country in the
3 world.

4 (6) A significant portion of marine debris, in-
5 cluding marine plastic pollution, originates from
6 land-based activities, and the movement of such de-
7bris has significant impacts on marine environments.

8 (b) SENSE OF CONGRESS.—It is the sense of Con-
9 gress that—

10 (1) the United States must improve domestic
11 production, consumption, and end-of-life practices to
12 achieve a comprehensive and sustainable life-cycle
13 system for products;

14 (2) it is critical to support and enhance the ca-
15 pacity of countries to manage their waste systems
16 and marine and coastal ecosystems sustainably; and

17 (3) international efforts to enhance the control
18 of the transboundary movements of plastic waste, in-
19 cluding the Basel Convention on the Control of
20 Transboundary Movements of Hazardous Wastes
21 and their Disposal, adopted by the United Nations
22 March 22, 1989, and ongoing discussions on poten-
23 tial agreements relating to marine debris, provide
24 meaningful frameworks to reduce marine debris, in-
25 cluding marine plastic pollution.

1 **SEC. 4. ESTABLISHMENT OR DESIGNATION OF TRUST FUND**
2 **FOR MARINE DEBRIS AND PLASTIC POLLU-**
3 **TION.**

4 (a) **IN GENERAL.**—The Secretary shall seek to enter

10 nating an existing trust fund, to serve as the “Trust
