## A BILL

To allow Americans to earn paid sick time so that they can address their own health needs and the health needs of their families.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Healthy Families Act”.

5 **SEC. 2. FINDINGS.**

6 Congress makes the following findings:

1           (1) Working people need time to meet their own  
2 health care needs and to care for family members.  
3 The absence of paid sick time has forced working  
4 people to make untenable choices between needed in-  
5 come and jobs on the one hand and caring for their  
6 own and their family's health on the other. It is in  
7 the national interest to ensure that all working peo-  
8 ple can care for their own health and the health of  
9 their families while prospering at work.

10           (2) Twenty-nine percent of the private sector  
11 workforce and 9 percent of the public sector work-  
12 force lack paid sick time. Millions more theoretically  
13 have access to sick time, but have not been on the  
14 job long enough to use it. Millions more lack sick  
15 time they can use to care for a sick child or ill fam-  
16 ily member.

17           (3) Working people without paid sick days are  
18 more likely to go to work sick and delay or forgo  
19 needed health care. A 2016 study in the journal  
20 Health Affairs found that working adults without  
21 paid sick days are 3 times more likely to forgo med-  
22 ical care for themselves, and 1.6 times more likely  
23 to forgo medical care for their family, compared to  
24 working adults with paid sick days. Lack of paid  
25 sick days is also a barrier to receiving annual health

1 screenings and preventive care, according to a 2017  
2 study in the American Journal of Nursing.

3 (4) Nearly 1 in 4 parents without paid sick  
4 time reports sending a sick child to school or child  
5 care because the parent has to go to work. When  
6 children go to school and child care sick, they risk  
7 their own health and that of other children, teach-  
8 ers, and administrators. Research suggests that  
9 schools play a key role in transmitting contagious ill-  
10 nesses like influenza.

11 (5) A 2012 study published in the American  
12 Journal of Public Health found that a lack of work-  
13 place policies like paid sick days contributed to an  
14 additional 5,000,000 cases of influenza-like illness  
15 during the H1N1 pandemic of 2009.

16 (6) A National Bureau of Economic Research  
17 analysis examining influenza rates following the im-  
18 plementation of comprehensive paid sick time laws  
19 in 7 major cities in the United States found that  
20 when workers gained access to paid sick time in  
21 those cities, the general influenza rate in the popu-  
22 lation decreased by 5.5 to 6.5 percent. This analysis  
23 estimates that those laws helped prevent about 100  
24 influenza-like infections per week for every 100,000  
25 people.

1           (7) Paid sick days contribute to more cost-effective  
2           tive use of health care resources. A 2011 study by  
3           the Institute for Women’s Policy Research found  
4           that a universal paid sick days policy would reduce  
5           preventable visits to the emergency room and result  
6           in cost savings of \$1,100,000,000 per year, including  
7           \$500,000,000 in savings for public health insurance  
8           programs like Medicare and Medicaid.

9           (8) The American Productivity Audit completed  
10          in 2003 found that lost productivity due to illness  
11          costs \$226,000,000,000 (\$308,000,000,000 in 2019  
12          dollars) annually, and that 71 percent of that cost  
13          stems from presenteeism—the practice of employees  
14          coming to work while ill. Studies in the *Journal of*  
15          *Occupational and Environmental Medicine* and the  
16          *Journal of the American Medical Association* show  
17          that presenteeism is a larger productivity drain than  
18          either absenteeism or short-term disability.

19          (9) Working while sick also increases a worker’s  
20          probability of suffering an injury on the job. A 2012  
21          study published by the *American Journal of Public*  
22          *Health* found that workers with access to paid sick  
23          leave were 28 percent less likely than workers with-  
24          out paid sick leave to suffer nonfatal occupational  
25          injuries.

1           (10) Workers' access to paid sick time varies  
2 dramatically by wage level, as demonstrated by the  
3 following:

4           (A) For private sector workers—

5           (i) for workers in the lowest quartile  
6 of earners, 55 percent lack paid sick time;

7           (ii) for workers in the next 2 quar-  
8 tiles, 27 and 17 percent, respectively, lack  
9 paid sick time; and

10          (iii) even for workers in the highest  
11 quartile, 10 percent lack paid sick time.

12          (B) For public sector workers—

13          (i) for workers in the lowest quartile  
14 of earners, 21 percent lack paid sick time;

15          (ii) for workers in the next 2 quar-  
16 tiles, 5 and 3 percent, respectively, lack  
17 paid sick time; and

18          (iii) for workers in the highest quar-  
19 tile, 5 percent lack paid sick time.

20          (11) Workers' access to paid sick days also var-  
21 ies depending on their occupation and race. For ex-  
22 ample, more than 80 percent of workers in food  
23 preparation and serving occupations lack access to  
24 paid sick days, compared to only 23 percent of work-  
25 ers in management occupations. More than half of

1 Latino workers and nearly half of Native American  
2 or Alaskan Native workers do not have access to  
3 paid sick days, compared to nearly 40 percent of  
4 White and Black workers.

5 (12) According to the Centers for Disease Con-  
6 trol and Prevention, more than 1 in 3 women and  
7 more than 1 in 4 men in America report having ex-  
8 perienceed rape, physical abuse, or some form of un-  
9 wanted sexual contact at some point in their lives.  
10 Women and men of color are even more likely to re-  
11 port being impacted by intimate partner violence.  
12 Too many people, and especially women, are forced  
13 to risk losing their jobs or critical income when they  
14 need to take time away from work to address domes-  
15 tic-violence-related issues, such as obtaining a re-  
16 straining order or finding housing, in order to avoid  
17 or prevent physical or sexual abuse.

18 (13) Without paid sick time that can be used  
19 to address the effects of domestic violence, these vic-  
20 tims are in grave danger of losing their jobs. In a  
21 2018 survey of domestic violence survivors, nearly  $\frac{3}{4}$   
22 (73 percent) reported that financial problems forced  
23 them to remain with their abusers longer than they  
24 wanted or to return to their abusers after having  
25 left, and more than half (53 percent) said they lost

1 a job because of the abuse. The loss of employment  
2 can be particularly devastating for victims of domes-  
3 tic violence, who often need economic security to en-  
4 sure safety.

5 (14) The Centers for Disease Control and Pre-  
6 vention has estimated that intimate partner violence  
7 costs over \$700,000,000 annually due to the victims’  
8 lost productivity in employment.

9 (15) A 2018 study published in the American  
10 Journal of Orthopsychiatry found that workers with-  
11 out paid sick leave benefits have higher levels of psy-  
12 chological distress and are 1.45 times more likely to  
13 report that their distress symptoms interfere “a lot”  
14 with their daily life activities.

15 (16) Efforts to assist abused employees result  
16 in positive outcomes for employers as well as em-  
17 ployees because employers can retain workers who  
18 might otherwise be compelled to leave.

19 (17) Dozens of States, cities, and localities have  
20 or will soon have paid sick time laws in place and  
21 evidence shows that those laws are working well for  
22 workers, businesses, and the economy.

23 (18) A 2009 study by the Center for Economic  
24 and Policy Research found that, of 22 countries with  
25 comparable economies, the United States was 1 of

1       only 3 countries that did not provide any paid time  
2       off for workers with short-term illnesses.

3 **SEC. 3. PURPOSES.**

4       The purposes of this Act are—

5           (1) to ensure that working people can address  
6       their own health needs and the health needs of their  
7       families by requiring employers to permit employees  
8       to earn up to 56 hours of paid sick time including  
9       paid time for family care;

10          (2) to diminish public and private health care  
11       costs by enabling workers to seek early and routine  
12       health care for themselves and their family members;

13          (3) to assist employees who are, or whose fam-  
14       ily members are, victims of domestic violence, sexual  
15       assault, or stalking, by providing the employees with  
16       paid time away from work to allow the victims to re-  
17       ceive treatment and to take the necessary steps to  
18       ensure their protection;

19          (4) to address the historical and persistent  
20       widespread pattern of employment discrimination on  
21       the basis of gender by both private and public sector  
22       employers;

23          (5) to accomplish the purposes described in  
24       paragraphs (1) through (4) in a manner that is fea-  
25       sible for employers; and

1           (6) consistent with the provision of the 14th  
2 Amendment to the Constitution relating to equal  
3 protection of the laws, and pursuant to Congress'  
4 power to enforce that provision under section 5 of  
5 that Amendment—

6           (A) to accomplish the purposes described  
7 in paragraphs (1) through (4) in a manner that  
8 minimizes the potential for employment dis-  
9 crimination on the basis of sex by ensuring gen-  
10 erally that paid sick time is available for eligible  
11 medical reasons on a gender-neutral basis; and

12           (B) to promote the goal of equal employ-  
13 ment opportunity for women and men.

13 (a) EARNING OF PAID SICK TIME.—

14           (1) IN GENERAL.—An employer shall provide  
 15 each employee employed by the employer not less  
 16 than 1 hour of earned paid sick time for every 30  
 17 hours worked, to be used as described in subsection  
 18 (b). An employer shall not be required to permit an  
 19 employee to earn, under this section, more than 56  
 20 hours of paid sick time in a year, unless the em-  
 21 ployer chooses to set a higher limit.

22           (2) EXEMPT EMPLOYEES.—

23           (A) IN GENERAL.—Except as provided in  
 24 paragraph (4), for purposes of this section, an  
 25 employee who is exempt from overtime require-

1           ments under section 13(a)(1) of the Fair Labor  
2           Standards Act of 1938 (29 U.S.C. 213(a)(1))  
3           shall be assumed to work 40 hours in each  
4           workweek.

5           (B) SHORTER NORMAL WORKWEEK.—If  
6           the normal workweek of such an employee is  
7           less than 40 hours, the employee shall earn  
8           paid sick time based upon that normal work-  
9           week.

10          (3) SPECIAL RULE FOR SMALLER EMPLOY-  
11          ERS.—A smaller employer may provide paid sick  
12          time as provided under paragraph (1) but if such  
13          smaller employer opts not to do so, the smaller em-  
14          ployer shall provide not fewer than 56 hours of un-  
15          paid sick time to each employee per year to be used  
16          for the same purposes and under the same condi-  
17          tions as set out in this Act. The provision and earn-  
18          ing of unpaid sick time shall be treated in all re-  
19          spects the same as the provision and earning of paid  
20          sick time under this Act. References in this Act to  
21          paid sick time shall, with respect to smaller employ-  
22          ers, be deemed to be references to unpaid sick time.

23          (4) DATES FOR BEGINNING TO EARN PAID SICK  
24          TIME AND USE.—Employees shall begin to earn paid  
25          sick time under this section at the commencement of
