RESOLUTION

Reaffirming the support of the United States for the people of the Republic of South Sudan and calling on all parties to uphold their commitments to peace and dialogue as outlined in the 2018 revitalized peace agreement.

Whereas the United States recognized South Sudan as a sovereign, independent state on July 9, 2011, following its secession from Sudan;

Whereas the United States played a key role in helping draft the 2005 Comprehensive Peace Agreement that laid the groundwork for the 2011 referendum on self-determination, through which the people of South Sudan overwhelmingly voted for independence;

Whereas the people and Government of the United States have a deep and abiding interest in South Sudan's political stabilization and post-conflict development;

Whereas stability in Sudan is critical to peace and security in the region, including for South Sudan, and the United States Government remains committed to fostering Sudan's peaceful transition, as reflected by the passage of Senate Resolution 188 (116th), which "encourag[es] a swift transfer of power by the military to a civilian-led political authority in the Republic of the Sudan";

Whereas, since the onset of the civil war in South Sudan in December 2013, nearly 400,000 South Sudanese citizens are estimated to have been killed, 1,900,000 have been internally displaced, and 2,300,000 have fled the country and registered as refugees;

Whereas the Revitalized Agreement on the Resolution of the Conflict in the Republic of South Sudan (R-ARCSS) signed on September 12, 2018 by the political parties of South Sudan, affirms the Parties' commitment to the permanent ceasefire and forbids human rights violations and restrictions on humanitarian assistance;

Whereas the R-ARCSS establishes two phases of implementation, a Pre-Transitional Period until May 12, 2019, which was subsequently extended to November 12, 2019, followed by the establishment of a Revitalized Transi-

tional Government of National Unity (RTGoNU) for three years;

Whereas the six-month extension of the deadline to form the RTGoNU was granted to allow additional time to complete critical Pre-Transitional tasks, including agreement on the number and boundaries of states and important security arrangements;

Whereas the R-ARCSS stipulates that the signatories will create an enabling political, administrative, operational, and legal environment for the delivery of humanitarian assistance and protection;

Whereas the people of South Sudan continue to suffer from a humanitarian crisis, with the United Nations reporting that over 6,300,000 people, more than half the population, were classified as severely food insecure at the peak of the lean season in 2019, including an estimated 10,000 who faced famine conditions, and despite slight improvements in food security during the harvest, the number of children under age five who are acutely malnourished is projected to rise to 1,300,000 in early 2020;

Whereas humanitarian organizations are providing lifesaving assistance to more than 5,300,000 South Sudanese people and are providing other vital support services such as medical care to survivors of sexual violence and facilitating access to education to over 690,000 children;

Whereas religious and faith-based organizations have played a key role in the peace process and humanitarian response efforts in support of the people of South Sudan;

Whereas at least 112 humanitarian aid workers have been killed since the start of the conflict in 2013, including at least 15 in 2018;

Whereas the United States Department of State 2018 Country Report on Human Rights Practices in South Sudan states that both the government and opposition forces engaged in serious human rights abuses by perpetrating extrajudicial killings, including ethnically based targeted killings of civilians, and by engaging in arbitrary detentions, torture, rape, beatings, and looting of property;

Whereas, on March 15, 2019, the United Nations Security Council extended the mandate of the United Nations Mission (UNMISS) in South Sudan for one year and authorized UNMISS to use all necessary means to deter violence against civilians, to prevent and respond to sexual and gender-based violence, and to foster a secure environment for the return or relocation of internally displaced persons (IDPs) and refugees;

Whereas impunity for past atrocities continues to drive violence in South Sudan, and signatories to the R-ARCSS committed to the establishment of transitional justice measures;

Whereas the United Nations Children's Fund (UNICEF) has reported that children comprise approximately 25 percent of all reported cases of conflict-related sexual violence, and the United Nations Commission on Human Rights in South Sudan has reported that forced recruitment of child soldiers is increasing, despite the 2018 peace agreement;

Whereas illicitly obtained wealth and revenue sources perpetuate conflict in South Sudan;

Whereas leaders of South Sudan use violence and corruption as a means of capturing key sectors of the national econ-

omy, such as the oil and mining sectors, for purposes of personal enrichment; and

Whereas the United Nations Security Council adopted resolution 2471 on May 30, 2019, to extend its sanctions regime in South Sudan and renew the prohibition of the supply, sale, or transfer to South Sudan of arms and related material or the provision of training, technical, and financial assistance related to military activities or materials until May 31, 2020; Now, therefore, be it

Whereas the people and Government of the United States have a deep and abiding interest in South Sudan's democratic development and post-conflict stabilization;

Whereas the United States was a critical partner in the drafting and implementation of the 2005 Comprehensive Peace Agreement that laid the groundwork for the 2011 referendum on self-determination, through which the people of South Sudan overwhelmingly voted for independence;

Whereas the United States recognized South Sudan as a sovereign, independent state on July 9, 2011;

Whereas, since the onset of the civil war in South Sudan in December 2013, nearly 400,000 South Sudanese citizens are estimated to have been killed, 1,900,000 have been internally displaced, and 2,300,000 have fled the country and registered as refugees;

Whereas violence erupted in Juba in July 2016 and spread throughout the country in violation of the August 17, 2015, Agreement on the Resolution of the Conflict in the Republic of South Sudan (ARCSS);

Whereas the Revitalized Agreement on the Resolution of the Conflict in the Republic of South Sudan (R-ARCSS), signed on September 12, 2018, affirmed the Parties' com-

mitment to the permanent ceasefire, humanitarian access, and respect for human rights, and established two phases of implementation, an 8-month Pre-Transitional Period followed by a 36 month Transitional Period that includes the establishment of a Revitalized Transitional Government of National Unity (RTGoNU), and calls for elections 60 days prior to the end of the Transitional Period to establish a democratic government;

Whereas the R-ARCSS stipulates that the signatories will create an enabling political, administrative, operational, and legal environment for the delivery of humanitarian assistance and civilian protection;

Whereas two extensions to the deadline to form the RTGoNU have been granted to allow additional time to complete critical Pre-Transitional tasks, including agreement on the number and boundaries of states and important security arrangements;

Whereas the United States Department of State 2018 Country Report on Human Rights Practices in South Sudan states that both the government and opposition forces engaged in serious human rights abuses by perpetrating extrajudicial killings, including ethnically based targeted killings of civilians, and by engaging in arbitrary detentions, torture, rape, beatings, and looting of property;

Whereas, on March 15, 2019, the United Nations Security Council extended the mandate of the United Nations Mission in South Sudan (UNMISS) for one year and authorized UNMISS to use all necessary means to deter violence against civilians, to prevent and respond to sexual and gender-based violence, and to foster a secure environment for the return or relocation of internally displaced persons (IDPs) and refugees;

Whereas the people of South Sudan continue to suffer from a humanitarian crisis, despite over \$4,500,000,000 in United States humanitarian aid provided since the conflict began, with more than half the population experiencing acute food insecurity at the peak of the lean season in 2019, and humanitarian organizations are providing more than 5,300,000 people with lifesaving assistance and other vital support services, such as medical care to survivors of sexual violence and facilitating access to education to over 690,000 children;

Whereas South Sudan has been at the lowest tier of the Department of State's Trafficking in Persons rankings since 2015, indicating that its government does not fully meet the minimum standards for the elimination of trafficking and is not making significant efforts to do so;

Whereas impunity for past atrocities, corruption, and capture of key sectors of the national economy, such as the oil and mining sectors, continues to drive violence in South Sudan, and signatories to the R-ARCSS committed to the establishment of transitional justice and economic and resource management measures;

Whereas the United Nations Security Council adopted resolution 2471 on May 30, 2019, to extend its sanctions regime in South Sudan and renew the prohibition of the supply, sale, or transfer to South Sudan of arms and related material or the provision of training, technical, and financial assistance related to military activities or materials until May 31, 2020; and

Whereas peace and security in South Sudan is critical to peace and security in East Africa: Now, therefore, be it
