**PRAYER**

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:

God of the universe, we give You thanks for giving us another day.

In the final hour of the 115th Congress, we give You thanks for Your faithfulness to our Nation. There have been many struggles, many sorrows, and yet we are still here and able to give You thanks that millions of our citizens live free.

May the work of the new Congress issue forth with legislation to the benefit of our Nation and its citizens, and where the efforts of the 115th Congress have fallen short, we ask Your forgiveness and the forgiveness of all Americans.

May all that is done this day be for Your greater honor and glory.

Amen.

EXTENSIONS OF REMARKS

PERSONAL EXPLANATION

HON. RON KIND
OF WISCONSIN
IN THE HOUSE OF REPRESENTATIVES

Thursday, January 3, 2019

Mr. KIND. Mr. Speaker, I was unable to have my votes recorded on the House floor on Wednesday, December 19 through Friday, December 21, 2018. Had I been present, I would have supported all bills considered under a suspension of the rules, with the following exceptions:

I would have voted no on S. 1934 as I feel that it is important that environmental standards in remote areas must be strengthened whenever possible to preserve natural landscapes.

I would have voted against H.R. 7388. While I support long term reforms to the National Flood Insurance Program, I feel that it is important to avoid any lapse in the program to ensure continuity for homeowners and those looking to purchase a home. To that end, this bill would have been counterproductive by creating uncertainty about the NFIP by sending the extension back to the Senate at the 11th hour.

I would also like to add a few comments on a couple bills that I would have supported:

In particular, as an original cosponsor of the Codifying Useful Regulatory Definitions (CURID) Act, I would have voted yes on final passage of S. 2322. This bill would give real Wisconsin cheese makers the certainty they need to produce a special natural product.

I also would have voted yes on the Space Frontier Act of 2018, despite serious concerns about process. Just as Ranking Member of the House Science, Space, and Technology Committee BERNICE JOHNSON stated on the floor, I support NASA’s mission and thus would have supported this bill.

Additionally, I would have opposed the following bills considered under a rule:

I would have voted against H.R. 88. A $100 billion boondoggle, H.R. 88 would have arbitrarily extended some important credits but not others, leave some communities suffering from disasters out in the cold and inject unnecessary social politics into our tax code. As I said on the floor on November 29th, the first time this bill was brought to the floor, I would have opposed the package.

I would have voted against H.R. 695, as amended. Rather than providing pay for dedicated public servants over the holidays, particularly TSA agents working to protect Americans traveling to see loved ones over the holidays, House leadership rejected a unanimous agreement in the Senate to keep the government open. Instead, they passed a blatantly partisan package that had no chance of passage in the Senate and virtually ensured a government shutdown.

Mr. McCLINTOCK. Mr. Speaker, I rise to recognize Sheriff Keith Royal, who is retiring from the Nevada County Sheriff’s Office after more than 40 years in law enforcement.

Sheriff Royal is a life-long public servant dedicated to protecting and serving his community. His father Kenneth, a Deputy with the Sacramento County Sheriff’s Office, was killed in the line of duty while attempting to apprehend a robbery suspect. His two brothers, Ken and Patrick, and nephew Steven all served in the Sacramento County Sheriff’s Office, where his son-in-law Jeff is currently a Deputy.

Keith was born and raised in Northern California and remains an active member of his community. After graduating from Cal State Sacramento with a degree in Criminal Justice, he served as a California DMV Investigator, shortly after which he began training at the Sacramento Sheriff’s Academy. As an Executive Lieutenant, he served in various roles with the Sacramento Sheriff’s Office, including as a Jail Manager, Reserve Coordinator, and Vice Detail.

First elected as Nevada County Sheriff in 1998, Royal’s leadership led to an overall drop in the crime rate. He worked to modernize the dispatch center, expand the Neighborhood Watch and Volunteer programs, and establish the School Resource Officer Program. Additionally, Sheriff Royal amassed $8 million in special revenue funds for the Sheriff’s Office, implemented computerized jail management and high-band radio systems, and obtained a new evidence facility and DNA lab. During this time, he also served as President of the California State Sheriffs’ Association, and as Chair of its Undersheriff’s Committee.

These are just a handful of the things that Sheriff Royal was able to accomplish over his tenure, which has created a safer and more prosperous community for the residents of Nevada County.

Having been the second-longest serving Sheriff in the history of Nevada County, Sheriff Royal is now ready to spend more time with his daughters and grandchildren. Along with teaching them to fish, he hopes to spend time maintaining his garden, golfing, and enjoying some much-needed down time.

Sheriff Royal’s service has left a lasting impact on Nevada County, and I thank him for his service and wish him the best in his future endeavors.

I am also pleased that the Conference report includes several provisions that will improve the types of programs that SNAP employment and training program by facilitating better connections between existing workforce development efforts and employers in local communities. Specifically, conferees rejected the one-size-fits-all approach to training programs that H.R. 2 had initially adopted, as these programs have consistently proven to be ineffective—too often failing to match low-income adults with the types of training and job opportunities they need. Instead, the Farm Bill conference report supports collaboration between workforce development programs and employers already tackling this job in their communities to better serve SNAP participants—a win for both participants and for local employers.

I am also pleased that the Conference report includes several provisions that will improve the types of programs that SNAP employment and training can provide. The conference report reinforces the requirement that states properly assess clients and assign them to programs appropriate to their needs and skills. It also recognizes the important role case management services can play in helping to address barriers to work by requiring states to provide these types of services. Additionally, conferees prioritized the funding of innovative employment and training pilot programs, including pilot programs that serve specific groups with known barriers to work. These types of smart investments will have a

demonstrated impact on improving client outcomes, as opposed to spending billions on the creation of large new bureaucracies to track monthly work tests for millions of SNAP participants as the House passed bill would have done.

I am also pleased that the conference address a long-standing problem—when a SNAP participant is referred to a training program, and the program determines that the services they provide are not well matched to the needs of the participant. States have long been required to do meaningful assessments in order to properly assign clients. We believe the expanded investment in case management should improve this capacity. And, this bill emphasized that reassessment is important as well. But sometimes, when the state refers someone to a local training provider the provider—after doing their own assessment—determines that their services aren’t appropriate for the individual. Under current law, that leaves the individual out of luck and even at risk of losing SNAP benefits and wastes the time and services of the training provider. The bill and report make clear that states must reassess and reallocate the participant if appropriate. Participants will no longer lose benefits because states are doing a poor job of assigning them to programs that don’t work for them.

The bill also recognizes that job dislocation and unemployment and training programs should always be to transition people to sustained self-reliance rather than to find reasons to cut them off from benefits.

DEPARTURE OF BARBARA ANGUS FROM THE HOUSE WAYS AND MEANS COMMITTEE

HON. KEVIN BRADY OF TEXAS IN THE HOUSE OF REPRESENTATIVES Thursday, January 3, 2019

Mr. BRADY of Texas. Mr. Speaker, it is with a deep sentiment of gratitude that I rise today to recognize Barbara Angus, Chief Tax Counsel for the Ways and Means Committee, as she departs our Committee staff.

Whenever I travel Texas and the country, folks often ask me when I knew that tax reform was going to be a reality. Without a doubt, that moment hit me when Barbara interviewed for the position of Chief Tax Counsel.

Holding degrees from two Ivy League institutions, and with decades of experience at the Treasury Department and within the private sector, few in Washington match Barbara’s intelligence, leadership, and work ethic. Barbara understands our tax code almost better than anyone else. Which is why she understood that it was not just for all of their hard work throughout this past year and for bringing home the state championship to their school and community.

I ask you to join me in recognizing the Eureka Wildcats Volleyball team for a job well done.

CONGRATULATING THE EUREKA WILDCATS VOLLEYBALL TEAM FOR WINNING THE 2018 MISSOURI CLASS 4 STATE VOLLEYBALL CHAMPIONSHIP

Mr. LUETKEMEYER. Mr. Speaker, I rise today to ask my colleagues to join me in congratulating the Eureka Wildcats Volleyball team for winning the 2018 Missouri Class 4 State Volleyball Championship.

This team and Coach Jordy Fowler should be commended for all of their hard work throughout this past year and for bringing home the state championship to their school and community.

I ask you to join me in recognizing the Eureka Wildcats Volleyball team for a job well done.

TRIBUTE TO THOMAS G. HUNGAR

HON. GREGG HARPER OF MISSISSIPPI IN THE HOUSE OF REPRESENTATIVES Thursday, January 3, 2019

Mr. HARPER. Mr. Speaker, on behalf of myself and Mr. BRADY of Pennsylvania, the Ranking Member of the Committee on House Administration, I would like to take this opportunity to recognize Thomas G. Hungar for his distinguished service as General Counsel to the House of Representatives.

Drawing on his mastery of constitutional law and broad litigation experience, Mr. Hungar has provided thoughtful and effective legal advice to Members, Committees, and staff on a host of legal matters, without regard to political affiliation. As the House’s top lawyer, Mr. Hungar has employed his considerable expertise and sound judgment to protect and strengthen the institutional prerogatives of the House, rightly earning him the respect and admiration of the entire House community.

Of particular importance to the Committee on House Administration, Mr. Hungar has skillfully counseled the Committee’s Members and staff on a wide range of significant matters with far-reaching institutional implications. Mr. Hungar has also been a trusted advisor to the Chief Administrative Officer of the House. Mr. Hungar has been a source of tremendous leadership and legal advice to the Committee and the House.

On behalf of the Members of the Committee on House Administration and the Committee staff, we thank Mr. Hungar for his service to the House and wish him the very best as he takes the next step in his illustrious career.

RECOGNIZING JASON EVERETT FOR HIS SERVICE TO THE JUDICIARY COMMITTEE

HON. JERROLD NADLER OF NEW YORK IN THE HOUSE OF REPRESENTATIVES Thursday, January 3, 2019

Mr. NADLER. Mr. Speaker, today, I rise, along with HANK JOHNSON, Chair of the Subcommittee on Courts, Intellectual Property, and the Internet; and SHEILA JACKSON LEE, Chair of the Subcommittee on Crime, Terrorism, Homeland Security, and Investigations—to thank Jason Everett for nearly a decade of service to the House Judiciary Committee.

Growing up in Alexandria, Virginia, Jason attended college at Duke University and law school at William and Mary, before returning to the Washington, D.C. area. He began his career at Capital Hill as a Legislative Aide to Senator Barbara Boxer, and he later worked for Congressman Mel Watt as a Legislative Assistant covering Judiciary Committee issues. He joined the House Judiciary Committee in 2009 as a Counsel, working on intellectual property and other issues, and he later rose to become Chief Counsel of the Subcommittee on Courts, Intellectual Property, and the Internet, as well as a Deputy Chief Counsel of the Full Committee, overseeing the Intellectual Property and Crime Subcommittees.

As Chief Counsel of the Intellectual Property Subcommittee, Jason was responsible for handling highly complex patent, copyright, trademark, and courts issues, among other matters. Many Members and staff relied heavily on his ability to explain, in a clear and understandable manner, the often complicated and highly technical matters that moved through his Subcommittee. He also deftly balanced his substantive expertise with a keen appreciation of the various stakeholders’ interests in each issue, and an ability to find consensus among these sometimes divergent interests.

Jason’s efforts were vital to enacting significant reforms to the intellectual property ecosystem that will promote innovation and protect the creative community. For example, he worked tirelessly to pass the Defend Trade Secrets Act, which helps firms keep proprietary information—which, if disclosed, could be ruinous to them—from being made public. This legislation will save the American economy many billions of dollars, and preserve many thousands of jobs.

Jason was also a critical player in the Committee’s lengthy review of the Copyright laws, leading to passage of the Music Modernization Act, historic bipartisan legislation to reform the music licensing system. He spent countless hours working with a vast array of stakeholders to draft legislation that will better serve music creators and digital music providers, and ultimately consumers. He was also instrumental in passing legislation to promote greater diversity among patent holders, passing legislation to promote great innovation and ultimately consumers. He was also instrumental in passing legislation to promote greater diversity among patent holders, passing legislation to ensure that visually impaired individuals have access to published works, and developing hearings to oversee the implementation of the America Invents Act.
In each of these matters, Jason not only worked with various parties to achieve consensus, but he also worked closely with his Republican counterparts to find a bipartisan solution. Jason’s cooperative spirit and excellent sense of humor helped pave the way for legislation that ultimately garnered near-unanimous support.

In addition to Jason’s work on the Intellectual Property Subcommittee, as a Deputy Chief Counsel for the Full Committee, he also worked closely with his colleagues on the Crime Subcommittee. In this role, he helped navigate many thorny issues in pursuit of criminal justice reform, and his efforts paid off with passage of the First Step Act. He has also been involved in a range of other criminal justice issues, such as the Violence Against Women Act and gun safety.

Jason is universally well-liked and respected among Democrats and Republicans. Members and staff, both on the Hill and off. His positive attitude and hard work will be greatly missed by everyone who worked with him, but we wish him all the best in his future endeavors, and we thank him for his service to the Judiciary Committee, to the Congress, and to the country.

HONORING THE CONGRESSIONAL BLACK CAUCUS DURING THE 115TH CONGRESS

HON. CEDRIC L. RICHMOND
OF LOUISIANA
IN THE HOUSE OF REPRESENTATIVES
Thursday, January 3, 2019

Mr. RICHMOND. Mr. Speaker, I rise to honor the work of the Congressional Black Caucus during the 115th Congress.

The Congressional Black Caucus (CBC) spent the 115th Congress fighting against attempts to return this country to darker days by working with this Presidential administration to turn back the clock. The CBC has stood up for our values time and time again to say that we will not go back to those dark days. We have been unrelenting in standing against this tide and will not shy away from this battle.

The CBC has worked tirelessly to infuse morality into the legislative debates during the 115th Congress and perform tireless oversight into the harmful policies of this Presidential administration. Since this President took office, he has led efforts to reverse substantive policies that had benefitted all Americans and failed to stem the tide of hatred and racism that made a strong resurgence during this divisive tenure. The lack of moral leadership has endangered disenfranchised communities and policy decisions have eroded critical economic, health and education programming. The Caucus has taken every opportunity to lift every voice to object to hurtful and immoral lawmaking while engaging the public in conversations about the stakes we were facing.

The CBC had to fight for our values from the earliest days of this Congress, with an inaugural address that called on all Americans to set aside their differences while ignoring the nation’s most vulnerable citizens. The Caucus once again reprised its role as the Conscience of the Congress by opposing this Congress and this White House as they worked in concert to attack vulnerable communities by neutering programming that served them.

When the White House planned a national voter suppression and intimidation effort, the Congressional Black Caucus criticized the Administration’s sham “Voter Integrity Commission” for highlighting a number of unqualified people to lead his cabinet agencies, including then Senator Jeff Sessions Beaurageur Sessions, who the President wanted to appoint to the Department of Justice. I represented the Caucus alongside my colleagues Senator Booker and Representative John Lewis in speaking out against Sessions’ lifetime of support for troubling policies that impeded the progress of black Americans.

The President wasted no time in partnering with his allies in Congress to advance an agenda that carried water for billionaires while ignoring the nation’s most vulnerable citizens. The Caucus once again reprised its role as the Conscience of the Congress by opposing this Congress and this White House as they worked in concert to attack vulnerable communities by neutering programming that served them.

world that we would not let a hurtful administration impose an ounce of fear upon us.

In addition to performing robust oversight, this Caucus set out to introduce legislation that would protect vulnerable communities while investing in the future. Our members put significant effort into addressing a host of issues that would improve outcomes for black families and for all Americans that yearn for better. The Caucus’ 1300-page bill, the Jobs and Justice Act of 2018, is a blueprint for serious legislators that want to bring change to this country in an inclusive way. I hope that the next Congress leverages the work that the Caucus has done by implementing much of the bill in the important legislation that is to come.

This Caucus also worked to hold corporate America accountable for ensuring that all of America was represented in its ranks and to ensure that their businesses were not being leveraged to harm communities of color. We called on the largest companies and investors in America to diversify their boards, c-suites and supply chains. We also called on powerful social media companies to invest in more diverse workforces to better identify attempts to weaponize platforms to inflame racial tensions.

In addition, we called on technology companies to better address implicit bias in the development of new artificial intelligence tools to ensure that these new tools demonstrated more promise than peril.

When the history books are written, this Congress will be cited as a failure. Instead of serving as a constitutional check and balance against a historically corrupt President who is using his unlawful power to advance his political agenda, this Republican led Congress enabled and emboldened an unqualified executive to run roughshod over civil liberties and the rights of underserved and struggling communities. It is no surprise that several members of this Caucus have been some of the earliest voices to examine whether the constitutional remedy of impeachment is an appropriate tool to address the dangers this President poses to our republic. This Congress has been an embarrassment and has failed American families time and time again.

But just as the rising, America is not the world that we would not let a hurtful administration impose an ounce of fear upon us. The members of the Congressional Black Caucus are members of the human race who care for their fellow man and woman. We come from communities that have been long forgotten over the broad sweep of American history. These same communities have bred hope and promise during these same times. Our optimism and faith has never wavered, even at the darkest times. We have come this far by faith. And we have miles left to go before we sleep. The members of this Caucus will continue to lead in that fight.

It has been an honor to serve as the chairman of this incredible group of legislators. I pray that in our service, the 48 members of this bi-partisan, bi-cameral caucus have made our ancestors proud and our constituents eager to continue to work with us to advance the interests of all communities that seek to be led by men and women of conscience. We walk in the footsteps of our ancestors and have not yet completed the journeys that they started when they were first forced off overcrowded slave ships onto the shores of this nation. This has been an imperfect union, but it is one that is worth fighting to preserve.

As I yield the chairmanship of the CBC to incoming Chair Karen Bass of California, I wish her strength and resolve for the fights to come. I pray the Lord will guide her steps to continue the work of our ancestors and the work of the 13 Founders of the CBC, who came together in 1971 to raise their voices to confront the massive challenges that faced them at that time. Many of our challenges are the same though the times have changed around us. I know that Representative Bass will continue to lead this Caucus with intelligence, integrity and courage. I wish her well and I thank my colleagues for the opportunity to serve them as chairman.

Mr. Speaker, I celebrate the Congressional Black Caucus during the 115th Congress.

REFLECTIONS ON THE 115TH CONGRESS

HON. GRACE MENg OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Thursday, January 3, 2019

Ms. MENg. Mr. Speaker, I rise today to speak about the 115th Congress. While I am disappointed that the current spending impasse could not be resolved this Congress, I am hopeful that we will remedy our current predicament after the swearing-in of the new Democratic majority. The historic House takeover by a once-in-a-generation incoming Democratic class of lawmakers is nothing short of inspiring. I wish them all the luck in the world.

This Congress, Mr. Speaker, it was an honor to be named the 8th Most Effective Democrat in the House by the Center for Effective Lawmaking at the University of Virginia. It was also an honor to receive 100 percent ratings from the ACLU, the Human Rights Campaign, and Planned Parenthood. I am proud of the fact that, according to Govtrack, the legislation I introduced in 2017—we are still awaiting the results for 2018—placed me in the top 10 percent of all Members with respect to the number of cosponsors secured, and the top 20 percent of all Members with respect to the number of bipartisan cosponsors secured.

Additionally, Mr. Speaker, it was also a pleasure serving on the House Appropriations Committee this Congress, particularly under the leadership of my good friend, Ranking Member LOWEY. The work that went into crafting legislation totaling more than $1.2 trillion in discretionary spending each year was staggering, as was my own learning curve on my two subcommittees, Commerce, Justice, Science Subcommittee and the Subcommittee on State and Foreign Operations. Drafting measures on those subcommittees that accounted for a combined $109 billion in discretionary federal spending each year was an unforgettable experience, as was securing $1.4 billion for personal spending priorities.

I would like to take this opportunity to include in the RECORD some of the legislative
achievements that were signed into law this Congress as the result of work performed by my office on behalf of the people of the Sixth Congressional District of New York:

1) H.R. 423, the “Anti-Spoofing Act of 2017”, which criminalizes acts of spoofing (the practice of disguising one’s phone number) during a government telecommunica-
tion 503 of Division P of Public Law 115-141, the “Consolidated Appropriations Act, 2018”.
2) H.R. 7943, the “Better Airplanes Noise Stabilization Act”, which directs the Federal Aviation Administration to complete evaluations of alternative aircraft noise measure-
ments. (via Section 243 of Public Law 115-141, the “Consolidated Appropriations Act, 2018”)
3) H.R. 7041, the “Unmanned Aircraft Sys-
tems Collegiate Training Initiative Program Act”, which authorized the Collegiate Train-
ing Initiative Program for Unmanned Air-
craft Systems, as section 612 of Public Law 115-254, the “FAA Reauthorization Act of 2018” (via amendment no. 90 to H.R. 4).
4) H.R. 7044, the “Unmanned Aircraft Sys-
tems Collegiate Training Initiative Program Act”, which authorized the Collegiate Train-
ing Initiative Program for Unmanned Air-
craft Systems, as section 612 of Public Law 115-254, the “FAA Reauthorization Act of 2018” (via amendment no. 56 to H.R. 4 to the House Rules Committee).
5) H.R. 754, the “Anwar Sadat Centennial Celebration Act”, which I co-authored with Rep. Chris Stewart from Utah, awarded a Congressional Gold Medal to Anwar Sadat and permitted it to be presented to his widow, Jehan Sadat, and a representati-
vie on the findings of the report (via amend-
ment no. 37 to H.R. 4).
6) Section 407 of Public Law 115-254, the “FAA Reauthorization Act of 2018”, which requires the FAA to review the North Shore Helicopter Route to address the noise impact on affected communities, improve altitude enforcements, and establish alternative routes that include an all-water route over the At-
tantic Ocean (via Zeldin, Meng, Suozzi H. AMDT. 568 to H.R. 4).
7) Section 302 of Public Law 115-254, the “FAA Reauthorization Act of 2018”, which requires the FAA to review the North Shore Helicopter Route to address the noise impact on affected communities, improve altitude enforcements, and establish alternative routes that include an all-water route over the At-
tantic Ocean (via Zeldin, Meng, Suozzi H. AMDT. 568 to H.R. 4).
8) Section 188 of Public Law 115-254, the “FAA Reauthorization Act of 2018”, which requires a new FAA study— in addition to on-going studies— of alternative aircraft noise metrices (via Palomares, Spain and on Enewetak Atoll in the Mar-
shall Islands to be exposed to radiation for disability benefits pur-
poses. (Incorporated by reference into the Joint Explanatory Statement accompanying H.R. 5895, the “Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019”). This provision directs the VA to report to Congress on the number of female health care professionals hired by the Veterans Health Administration each year for five years, including inform-
ation pertaining to job type and employ-
ment location, so that additional female VA health care professionals are hired in order to provide the growing number of fe-
male veterans greater opportunities to choose the gender of their health care pro-
viders.

This provision urges the Secretary of State to appoint a Special Envoy to Monitor and Combat Anti-Semitism as quickly as possible given the global rise in anti-Semitic incidents.

39) Page 49 of House Report 115–235—“Water, Sanitation, and Hygiene (WASH)” (Incorporated by reference into the Joint Explanatory Statement accompanying H.R. 1625, the “Consolidated Appropriations Act, 2018”). This provision directs the USAID Administrator to submit a report to Congress within 90 days outlining how the provision of funding for WASH is included in both the design and implementation of WASH programs. This report will allow additional directed work to be pursued to address this important issue in the lives of vulnerable women and girls.

40) Page 14 of House Report 115–237—“Noise Health Effects Research” (Incorporated by reference into the Joint Explanatory Statement accompanying H.R. 1625, the “Consolidated Appropriations Act, 2018”). This provision directs the FAA to continue to prioritize the research being conducted at the Center of Excellence for Alternative Jet Fuel and Environment, the Aviation Sustainability Center (ASCENT) on the impact of aviation noise on both sleep and cardiovascular health.

As Appropriations Taskforce Chair for the Congressional Asian Pacific American Caucus (CAPAC), I was proud to lead joint appropriation requests letters for the Caucus that resulted in the following provisions being signed into law:

41) Page 31 of House Report 115–231—“Profiling.” (Incorporated by reference into the Joint Explanatory Statement accompanying H.R. 1625, the “Consolidated Appropriations Act, 2018”). This provision expresses Congress’s concern about reports of Asian Americans and Pacific Islanders being profiled by Department of Justice investigators and prosecutors on the basis of race and national origin, including in espionage and trade secret cases. It directs an Office of Inspector General investigation be conducted into the matter.

This provision requires the submission of a report by the Voting Section of the Civil Rights Division of the Department of Justice to Congress containing the number of section 203 cases investigated in the past year broken out by language, including the number of grievances and the number closed—as well as the reasons for closure.

43) Page 15 of House Report 115–234—“CDFIs in U.S. Insular Areas.” (Incorporated by reference into the Joint Explanatory Statement accompanying H.R. 1625, the “Consolidated Appropriations Act, 2018”). This provision notes the absence of Community Development Financial Institutions (CDFI) serving American Samoa, the Northern Mariana Islands, and other insular areas, and recommends that the CDFI Fund use its Capacity Building Initiative to expand service to these areas.

To conclude, I am proud to have secured passage of the following legislation through the U.S. House of Representatives prior to today, and will continue to fight to secure passage of these provisions into law in the future:

1) H.R. 382, the “100 Years of Women in Congress Act,” which seeks to commemorate the centennial of the election of the first woman to Congress—Jeannette Rankin.

2) Section 151 of H.R. 6846, “To require the United States Postal Service to establish new ZIP codes, and for other purposes,” which would designate a new ZIP Code for Glendale, New York. This section stems from my bill H.R. 803, “To direct the United States Postal Service to designate a single unique ZIP Code for Glendale, New York,” an effort that originated with former-Representative, and Vice Presidential candidate, Geraldine Ferraro almost 40 years ago.

3) Section 7(a)(2) of H.R. 6199, “Restoring Access to Medication and Modernizing Health Savings Accounts Act of 2018”, which would permit the purchase of menstrual hygiene products with health flexible spending accounts.

4) Section 504 of H.R. 5515, the “John S. McCain National Defense Authorization Act for Fiscal Year 2019”, which would allow any member of the armed forces who gives birth to be exempt from deployment for up to 12 months following childbirth.

5) Section 966 of H.R. 5515, the “John S. McCain National Defense Authorization Act for Fiscal Year 2019”, which would require the Secretary of Defense to permit military parents flexible (non-continuous) maternity and paternity leave, allowing this time off to be spread out over time instead of being used all at once.

6) Section 717 of H.R. 5515, the “John S. McCain National Defense Authorization Act for Fiscal Year 2019”, which would authorize the Secretary of Defense to develop a burn patient transfer system. This system would include military and civilian burn centers that could be used in mass casualty events.

8) Section 595 of H.R. 5515, the “John S. McCain National Defense Authorization Act for Fiscal Year 2019”, which would require the Department of Defense to conduct surveys on attrition levels for members of the military in order to better understand why attrition rates are higher for women than for men.

9) Section 212(b)(3) of H.R. 5515, the “John S. McCain National Defense Authorization Act for Fiscal Year 2019”, which sought to add oversight responsibilities to the DOD Artificial Intelligence and Machine Learning Program Oversight Council currently has no oversight requirement in its mandate. The Council will
be responsible for overseeing the research, development, and deployment of artificial intelligence and autonomous machines used by the military. The provision was cosponsored by Rep. David Scott of Georgia.

10) Section 3(a)(7) of H.R. 1638, the “Iranian Leadership Asset Transparency Act”, which would require an assessment of the effectiveness of U.S. economic sanctions against Iran.

11) Section 2 of H.R. 1367, “To improve the authority of the Secretary of Veterans Affairs to hire and retain physicians and other employees of the Department of Veterans Affairs and for other purposes”, which would assist the VA Secretary in filling Veterans Health Administration positions for which there are severe staffing shortages. Under current law, the Inspector General (IG) of the VA must issue an annual report on which positions within the agency are severely understaffed. The VA Secretary is then granted expedited hiring authority to fill those positions. This provision would have permitted the IG to report on additional shortages than those currently allowed by law so that the VA Secretary could fill those positions more quickly as well.

12) Section 13 of H.R. 1367, “To improve the authority of the Secretary of Veterans Affairs to hire and retain physicians and other employees of the Department of Veterans Affairs and for other purposes”, which would require the Secretary of the VA to establish a program that encourages members of the Armed Forces serving as health professionals to pursue jobs with the Veterans Health Administration (VHA) upon their discharge or separation from the military.

Mr. Speaker, there is no greater honor than serving my neighbors, family, and friends in the United States Congress. I thank them for the opportunity during the 115th Congress. I wish you well in your retirement.

THE LIFE AND LEGACY OF DALE GOLIGHTLY
OF IOWA

HON. DAVID YOUNG
OF IOWA
IN THE HOUSE OF REPRESENTATIVES
Thursday, January 3, 2019

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to bring remembrance to a great Iowan—Dale Golightly. Dale was a man who loved and worked hard for his family. He had a huge and compassionate heart who brought a quick quip and smile to all he met. Dale was a man of integrity who gave sage advice and wisdom who all could trust. When you met or talked to Dale, you felt special. You knew you had a true friend in Dale Golightly, he always had your back.

Dale loved his wife, Vera, dearly. He was devoted to his children—Brad, Randy, Dan, and Jean. His grandchildren and great-grandchildren brought him great joy. They will all carry on the good name and legacy he left them—a legacy of loving God, country, nature and agriculture, the friend, and the stranger.

May God bless his soul. May Dale forever rest in his Saviour’s arms in heaven.

Sanford Dale Golightly was born June 18, 1933 at home in Madison County, Iowa, the son of Jerome and Ethel (Reigle) Golightly. He graduated from Van Meter High School in 1952 and served in the United States Army during the Korean Conflict. He married Vera Jamison on June 19, 1955 at the Trinity Lutheran Church in Van Meter.

Dale came home from the service and started farming, never really retiring. He was a member of the Trinity Lutheran Church where he held various offices. He was on the Van Meter School Board, the Booneville Co-op Board and the Madison County Fair Board. Dale was a collector and enjoyed attending flea markets and auctions. He enjoyed fishing with his children, gardening and watching Iowa State basketball and football. Above all else, Dale cherished spending time with family, especially with his grandchildren.

Dale died Tuesday, November 13, 2018 at Spurgeon Manor in Dallas Center. He was 85 years old.

Dale is survived by his wife of 63 years, Vera Golightly of Van Meter; four children, Brad (Shelly) Golightly of Perry, Randy (Anna) Golightly of Van Meter, Dan (Michelle) Golightly of Wanee, and Jean (J.R.) Hall of Urbandale; five grandchildren, Jana Ferguson, Austin (Brittney) Golightly, Karlee Golightly, Jason (Angela) Mickelson and Nathan Mickelson; three great-grandchildren, extended family and friends.

He was preceded in death by his parents, Jerome and Ethel Golightly and a grandson, Bret Golightly.
