

business within the federal government that advocates on the behalf of this vital sector of the U.S. economy.

H.R. 128 clarifies and amends the duties of the Office of Advocacy to better serve the concerns of small businesses before Congress, the Federal Government and the international economy.

Small businesses are a critical component of the United States economy and the 8 million minority owned businesses reflect the diversity of our economy and our country.

Small businesses make up 44 percent of the U.S. wages and salaries paid annually to employees which helps stimulate and drive the rest of the U.S. economy.

SBA reported in 2018 that 99.9 percent of businesses within the United States are classified as Small Businesses, encompassing almost 50 percent of all employees with the United States.

In Texas, 98.6 percent of firms with employees were small businesses in 2012 and 93 percent of goods exported internationally were by small businesses.

By including the international economy within the interests of the SBA Office of Advocacy, small businesses will be able to compete effectively with international entities and expand to their full potential.

For these reasons, I ask my colleagues to join me in supporting H.R. 128 and upholding the importance of small businesses within our own economy and our presence internationally.
