

the government. And while I supported S. 24 for this reason, I have serious concerns about the legislation's funding structure.

Though federal employees are generally paid through discretionary accounts, as written and passed, the Government Employee Fair Treatment Act of 2019 does not require salaries for furloughed and excepted staff to be funded with annual appropriations during a shutdown. This opens the door for the creation of new entitlement spending. I do not believe this was the legislation's intent, and in the future, I will work with my colleagues to provide for these salaries through their appropriate discretionary accounts.

I have consistently expressed concerns about the growth of autopilot mandatory spending and its impact on our nation's debts and deficits. Rather than perpetuating this problem, we should resolve ourselves to fixing the budget and appropriations process to ensure that Congress fulfills its duty and government shutdowns and pay for federal employees are taken off the table.

Ms. JACKSON LEE. Madam Speaker, I rise in support of S. 24, the "Government Employees Fair Treatment Act," which provides for retroactive pay for nearly 800,000 federal workers who have been furloughed as a result of the government shutdown proudly caused by the President of the United States.

I support this bill because it is the right thing to do.

The men and women who have been furloughed because of this manufactured crisis are not responsible for the 'Trump Shutdown'.

They did not vote to reject the clean continuing resolution passed by the Republican Senate but rejected by the President that would have resolved the crisis and made this legislation unnecessary.

The dedicated men and women of the federal civilian workforce, like those who serve in the Armed Forces, have not spent their professional lives trying to sabotage the Affordable Care Act or conjuring an imaginary crisis on the southern border or pursuing policy initiatives that harm America's allies and benefit its adversaries, especially Russia.

Instead, these loyal and committed public servants are motivated by their paramount interest in serving the American public without fear or favor and, for the last 20 days, without any guarantee that they would be compensated for their labor.

And yet, they gladly and willingly serve, some risking their lives to keep us safe.

Others stand watch monitoring weather systems and providing information necessary to protect the public from hurricanes and tornadoes and wildfires or conducting research to find cures for disease or that will yield technological innovations or help us mark and measure the far reaches of space.

Others work to secure the borders and homeland, ensure the safety of our food and water, serve our seniors and children, provide training and support for those looking for work, and protecting our environment and keeping watch over our treasures—our national parks and monuments, including this magnificent Capitol where the people have sent us to their business.

Madam Speaker, the men and women of the federal workforce do the people's business.

They serve everyone equally.

They do not single out some persons to serve and ignore others.

We should follow their example and the best way to do that is for the Senate to pass and the President sign into law the clean continuing resolution passed by the House on January 3, 2019; legislation that is identical to bill the Senate passed 98–0 in the last Congress.

That is the best way to keep faith with all persons who serve the American people as employees of the federal government, and those who depend upon the services they provide.

Madam Speaker, holding harmless the federal employees who have been furloughed by this unnecessary government shutdown is a matter of simple justice.

I urge all Members to join me in voting for S. 24.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Maryland (Mr. CUMMINGS) that the House suspend the rules and pass the bill, S. 24.

The question was taken.
