

massive tax cuts to himself and the richest 1 percent.

Instead, he should raise wages and invest in job training programs to prepare Americans for the work of the future.

Mr. Speaker, our nation still has a long way to go before we achieve economic equality for all its citizens.

The President and Congressional Republicans should work with Democrats to put more money in the pockets of hardworking Americans.

At the end of the day, our constituents should be able to support their children with one full-time job.

Ultimately, we need to give families the tools they need to rise out of poverty, not undercut programs that keep them afloat.

END THIS SHUTDOWN

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute.)

Mrs. WATSON COLEMAN. Mr. Speaker, I would like to share a letter I received from a constituent last week. He writes:

“Being out of work and not knowing how many days or weeks it will take to get back to work leaves me worried. These days off are no fun. So please, make them worthwhile by standing firm against the stupid Trump wall.

“This colossal waste of government funds could be spent doing so many worthwhile projects: fix the water in Flint, Michigan; hire more people to process the paperwork of people who want to be citizens; give more people access to healthcare.

“If Democrats cave during this shutdown, it will all be wasted.

“We Federal workers are unhappy, but we've been through this before. We can stand the wait and the frustration. What we cannot stand is the racism, cruelty, and criminality of this administration.
