PROCEEDINGS AND DEBATES OF THE 116<sup>th</sup> CONGRESS, FIRST SESSION

Vol. 165

WASHINGTON, FRIDAY, JANUARY 18, 2019

No. 11

## House of Representatives

The House met at 10:30 a.m. and was called to order by the Speaker pro tempore (Mr. RASKIN).

### DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,  
January 18, 2019.

I hereby appoint the Honorable JAMIE RASKIN to act as Speaker pro tempore on this day.

NANCY PELOSI,  
*Speaker of the House of Representatives.*

### PRAYER

Reverend Alisa Lasater Wailoo, Capitol Hill United Methodist Church, Washington, D.C., offered the following prayer:

God of love and truth, thank You for each servant in the people's House, Members and staff alike, and all they sacrifice to serve.

On the eve of Dr. King's holiday, fill us with the faith of Your servant Martin when he proclaimed, "I believe that unarmed truth and unconditional love will have the final word. . . ."

So Lord, disarm us today. Help us hand over our weapons of word and action that intend to wound our perceived opponents. Then help us hear the deep truths of all our constituents, especially the most vulnerable among us, and of Your children in need around the world.

Remove the conditions we impose on what we believe is possible so that today Your unconditional love will lead us not only to a just resolution of the shutdown and the end of the pain it is causing, but to becoming a country and a globe that looks more like Your kingdom, so that we, like Dr. King, leave this world better because of our courageous actions today.

Amen.

### EXPLANATORY STATEMENT SUBMITTED BY MRS. LOWEY OF NEW YORK, CHAIRWOMAN OF THE HOUSE COMMITTEE ON APPROPRIATIONS, REGARDING H.R. 648, CONSOLIDATED APPROPRIATIONS ACT, 2019

The following is an explanation of the Consolidated Appropriations Act, 2019.

This Act includes 6 regular appropriations bills for fiscal year 2019. The divisions contained in the Act are as follows:

- Division A—Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2019
- Division B—Commerce, Justice, Science, and Related Agencies Appropriations Act, 2019
- Division C—Financial Services and General Government Appropriations Act, 2019

• Division D—Department of the Interior, Environment, and Related Agencies Appropriations Act, 2019

• Division E—Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019

• Division F—Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2019

• Division G—Other Matter

Section 1 of the Act is the short title of the bill.

Section 2 of the Act displays a table of contents.

Section 3 of the Act states that, unless expressly provided otherwise, any reference to “this Act” contained in any division shall be treated as referring only to the provisions of that division.

Section 4 of the Act states that this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this legislation as if it were a joint explanatory statement of a committee of conference.

Section 5 of the Act provides a statement of appropriations.

Section 6 of the Act states that each amount designated by Congress as being for Overseas Contingency Operations/Global War on Terrorism (OCO/GWOT) is contingent on the President so designating all such OCO/GWOT amounts and transmitting such designations to Congress. The provision is consistent with the requirements in the Budget Control Act of 2011.

The Act includes language in Division G to provide departments and agencies funded in the Act with the necessary authorities to provide backpay to employees as soon as practicable in accordance with section 1341(c) of title 31, United States Code (as added by the Government Employee Fair Treatment Act of 2019). It is the Committee’s intent to cover all required obligations for Federal employees for the period which began on or about December 22, 2018 during which there occurred a lapse in appropriations. In addition, Division G includes language to reimburse State, or other Federal grantees consistent with prior precedent following a lapse in appropriations.

The Act does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined by clause 9 of rule XXI of the Rules of the House of Representatives.

#### **DIVISION A—AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2019**

##### **CONGRESSIONAL DIRECTIVES**

The statement is silent on provisions that were in both the House Report (H.Rpt. 115-706) and Senate Report (S.Rpt. 115-259) that remain unchanged, except as noted herein.

The statement notes that executive branch wishes cannot substitute for Congress’s own statements as to the best evidence of congressional intentions, which are the official reports of the Congress. The statement further points out that funds in this Act must be used for the purposes for which appropriated, as required by section 1301 of title 31 of the United States Code, which provides: “Appropriations shall be applied only to the objects for which the appropriations were made except as otherwise provided by law.”

The House and Senate report language that is not changed by the statement is approved and indicates congressional intentions. This statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein.

In cases in which the House or the Senate have directed the submission of a report,

such report is to be submitted to both the House and Senate Committees on Appropriations no later than 60 days after enactment of this Act, unless otherwise directed.

Hereafter, in division A of this statement, the term the Committees’ refers to the Committees on Appropriations of the House of Representatives and the Senate.

For the appropriations provided by this Act and previous Acts, the departments and agencies funded by this bill are reminded that the Committees use the definitions for transfer, reprogramming, and program, project, and activity as defined by the Government Accountability Office (GAO) in GAO-04-261SP Appropriations Law—Vol. I and GAO-05-734SP Budget Glossary.

A transfer is the shifting of funds between appropriations. It applies to (1) transfers from one agency to another, (2) transfers from one account to another within the same agency, and (3) transfers to an interagency or intra-agency working fund. In each instance, statutory authority is required.

Reprogramming is the utilization of funds in an appropriation account for purposes other than those contemplated at the time of appropriation. It is the shifting of funds from one object to another within an appropriation.

A program, project, or activity (PPA) is an element within a budget account. PPAs are identified by reference to include the most specific level of budget items identified in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Act, 2019, accompanying Committee reports, explanatory statements, the Statement of Managers, and budget justifications. Program activity structures are intended to provide a meaningful representation of the operations financed by a specific budget account by project, activity, or organization.

For fiscal year 2019, the Committees continue to include bill language requiring advanced notification of certain agency actions. Notification will be required at least 30 days in advance of any action if (1) a major capital investment is modified; (2) an office is realigned or reorganized; and (3) activities are carried out that were not described in the budget request.

The statement directs the Office of Budget and Program Analysis (OBPA) of the U.S. Department of Agriculture (USDA) to provide an organizational chart for each agency funded by this Act to the division and subdivision level, as appropriate, by March 1, 2019.

The statement also directs the Food and Drug Administration (FDA) and the Farm Credit Administration (FCA) to provide an organizational chart of each agency respectively to the division and subdivision level, as appropriate, by March 1, 2019.

Further, USDA and FDA should be mindful of Congressional authority to determine and set final funding levels for fiscal year 2020. Therefore, the agencies should not presuppose program funding outcomes and prematurely initiate action to redirect staffing prior to knowing final outcomes on fiscal year 2020 program funding. The statement directs OBPA to provide the Committees with the number of staff years and employees on board for each agency funded by this Act on a quarterly basis.

#### **TITLE I**

##### **AGRICULTURAL PROGRAMS**

##### **PROCESSING, RESEARCH AND MARKETING**

##### **OFFICE OF THE SECRETARY**

##### **(INCLUDING TRANSFERS OF FUNDS)**

The bill provides \$46,603,000 for the Office of the Secretary.

In addition to updates provided to the Committees, the Department is directed to

include in its fiscal year 2020 Congressional Justification, as a single exhibit, a table listing all deliverables, with a column for due dates if applicable.

The bill includes continued investment towards providing access to high-speed broadband infrastructure and services to rural areas of the United States. The bill continues to provide resources for broadband deployment through the Broadband Loan program, Community Connect grant program, Distance Learning and Telemedicine program and an additional \$550,000,000 for the broadband pilot program established in section 779 of division A of the Consolidated Appropriations Act, 2018 (Public Law 115-141). To ensure these investments are maximized, the Department is reminded to avoid efforts that could duplicate existing networks built by private investment or those built leveraging and utilizing other federal programs; the Secretary of Agriculture is directed to coordinate with the Federal Communications Commission (FCC) and the National Telecommunications Information Administration (NTIA) to ensure wherever possible that broadband loans and grants issued under the broadband programs are targeted to areas that are currently unserved. In particular, USDA is directed to utilize the NTIA’s assessment of the current state of broadband access nationwide, which includes the identification of existing infrastructure, gaps, and opportunities for more efficient deployment.

In implementing a strategy for broadband deployment to unserved communities, the Department shall explore utilizing all technologies, including but not limited to, fiber, cable modem, fixed wireless, and television white space as a means of building sustainable rural infrastructure for the modern economy. The amounts made available for the broadband pilot program, as with the Rural Economic Development Loan Program shall remain available until expended.

The Secretary is encouraged to work with stakeholders to develop accepted remediation protocols that will allow for the repurposing of poultry growing facilities into controlled environment agriculture facilities safe for food production.

There is bill language authorizing a law enforcement protection operation for the Secretary and other officials of the Department, reflecting a finding that the Department has a bona fide security concern relative to providing a law enforcement protection operation, including secure transportation for both official and personal purposes.

There is concern about the unknown costs associated with the proposed move of the National Institutes of Food and Agriculture and the Economic Research Service to a new location outside of the National Capital Region. In submitting the fiscal year 2020 budget justification, the Department is directed to include all cost estimates for the proposed move of the two agencies, as well as a detailed analysis of any research benefits of their relocation. There is an expectation that this process will be followed in the future for any other potential proposed agency relocations by the Department.

The Department is directed to delay indefinitely the proposed transfer of ERS to the Office of the Chief Economist. At this time, it is appropriate for ERS to remain under the Research, Education and Economics mission area, as several questions remain about the merits of the proposed transfer as well as the proposed relocation of ERS outside of the National Capital Region. Insufficient information and justification relating to the reorganization and relocation make moving forward on these proposals premature at this time.

The cost-benefit analysis of the National Finance Center and accompanying sufficiency review by the Comptroller General of the United States, as directed in P.L. 115-141, is awaited. The Department is reminded of enacted language prohibiting the initiating, planning, developing, implementing, or making of any changes to remove or relocate any systems, missions, or functions of the offices of the Chief Financial Officer or any personnel from the National Finance Center prior to written notification to and prior approval of the Committee on Appropriations of both Houses of Congress.

**AGRICULTURAL RESEARCH SERVICE SALARIES AND EXPENSES**

The bill provides \$1,303,266,000 for the Agricultural Research Service (ARS), Salaries and Expenses.

The President's budget request regarding the termination of research programs, redirections of research programs, or closure of research locations is not accepted. Extramural research shall be funded at no less than the fiscal year 2018 levels. There are funding increases for cotton ginning, alfalfa, small grains genomics, postharvest dairy research, marine aquaculture seedstock, sugarcane, high performance computing, sugar beets, salmonella, the Pollinator Center, warmwater aquaculture, poultry, fruit fly and exotic pest control, chronic wasting disease, the Pulse Crop Health Initiative, coffee germplasm, citrus germplasm, feed enhancement, food systems at land-grant institutions, greenhouse technology, long-term agro-ecosystem research, hops research, resilient dryland research, wheat and sorghum, shellfish genetics, sudden oak death, industrial hemp, oats, cranberry and blueberry research, whitefly research, and human nutrition.

It is recognized that the Department proposes to transfer the responsibility for operational planning, and future operations of the National Bio and Agro-Defense Facility (NBAF) to USDA and support the fiscal year 2019 funding request to allow NBAF to be fully operational by December 31, 2022. The efforts of the joint DHS/USDA transition team working to identify and outline transition activities to address all requirements for the timely operational stand-up of NBAF are appreciated. The bill provides \$10,600,000

to address one-time costs associated with the transfer of the science program from the Plum Island Animal Disease Center to NBAF and \$42,000,000 to address stand-up activities and other initial costs to operate and maintain the facility.

NBAF will provide the U.S. with expanded capacity to implement a comprehensive bio-defense research program to protect against foreign animal diseases that pose the greatest threats to animal agriculture and public health. The bill provides an additional \$5,000,000 for ARS to increase research efforts on foreign animal diseases and emerging diseases with high consequence to animal and public health.

The Committees have read the quarterly reports on animal welfare issues submitted by ARS. While providing helpful information, on some issues, ARS did not report a single specific negative finding by APHIS inspectors, despite the fact that numerous violations have been found involving the death of numerous animals and serious health issues of many more. The failure to report these problems to the Committees is unacceptable. ARS is directed to submit a single report covering all violations found by APHIS to date and the specific actions taken to prevent them from recurring within 60 days of enactment. It is also directed to continue to submit quarterly reports that include all violations found by APHIS during that quarter and the specific actions that will be taken to prevent their recurrence. The quarterly reports shall also include each issue found by APHIS inspectors at the pre-compliance inspections of newly-covered research activities and the remedial actions taken.

The need for advancements in dryland production practices, cropping, and equipment to increase profitability, conserve the soil, enhance soil water storage, promote soil health, and decrease reliance on herbicides is recognized. The bill provides an additional \$2,000,000 to expand research focused on resilient dryland farming.

The bill provides \$58,361,000 for the Risk Management Agency (RMA), Salaries and Expenses.

NATURAL RESOURCES CONSERVATION SERVICE CONSERVATION OPERATIONS

The bill provides \$819,492,000 for Conservation Operations.

The bill provides \$9,400,000 for the Snow Survey and Water Forecasting Program; \$9,481,000 for the Plant Materials Centers; \$74,685,000 for the Soil Surveys Program; and \$725,926,000 for Conservation Technical Assistance.

NRCS' ongoing work to prevent soil erosion leading to harmful algal blooms through the introduction of cover crops is appreciated and NRCSA is encouraged to continue targeting of watersheds where harmful algal blooms pose a threat. In addition, no less than \$5,000,000 shall be provided to support cooperative agreements focused on innovative phosphorus removal strategies where agricultural runoff has contributed nutrients to a waterbody. Such work shall be conducted in consultation with the National Institute for Food and Agriculture and the Agricultural Research Service.

In carrying out the programs under section 524(b) of the Federal Crop Insurance Act, the Secretary is encouraged to establish multi-year pilot projects to provide financial and technical assistance to farms regulated under the FSMA Produce Safety Rule for capital improvements to address on-farm agricultural water concerns, including irrigation systems and other conservation practices to improve water quality and soil health. Payment limits and other provisions of the AMA program will apply.

There is concern about the number of staff vacancies at NRCS, as unfilled state-level positions are creating delays in application approval and the deployment of important conservation funding. NRCS is directed to provide a report no later than 90 days after

enactment of this Act updating the Committees on staffing levels at each NRCS office across the country, by location, including vacancies that have remained unfilled for more than 6 months, plan to fill those vacancies, and the workload analysis that demonstrates the total number of employees needed compared to the national staffing cap.

Support is indicated for irrigation agriculture and NRCS is encouraged to leverage all possible funding streams to support the expansion of on-farm irrigation in regions that have previously not had widespread irrigation systems, specifically in the Southeast United States. NRCS is directed to focus efforts on the development of conservation and irrigation techniques to reduce water usage in agriculture production while maintaining crop quality and yield in rural America.

DOMESTIC FOOD PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR FOOD, NUTRITION, AND CONSUMER SERVICES

The bill provides \$800,000 for the Office of the Under Secretary for Food, Nutrition, and Consumer Services.

The marketplace continues to develop innovative technologies, such as third-party mobile applications, which can assist nutrition program participants in managing their benefits. USDA is encouraged to ensure that these new technologies have a secure system in place to protect personal account information; do not sell, distribute or make available personal account information for commercial marketing purposes; and that participants have consistent access to their account information regardless of the means in which they choose to access it.

Retailer SNAP sales data should be treated as proprietary and confidential information. Should such information be made publicly available, USDA is directed to make every effort to protect confidential business information likely to cause harm to the competitive position in the retail industry, especially small grocery stores and small grocery stores in rural areas. Personal information about individual SNAP participants should also remain confidential.

SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

The bill provides \$6,075,000,000 for the Special Supplemental Nutrition Program for Women, Infants, and Children.

The bill recommends full funding for WIC that will meet estimated participation in fiscal year 2019. The recommendation includes \$60,000,000 for breastfeeding support initiatives and \$19,000,000 for infrastructure. New technologies, including telemedicine, that support breastfeeding mothers through access to professional breastfeeding and nutrition consultants are recognized. The bill provides \$5,000,000 for telehealth competitive grants to supplement the nutrition education and breastfeeding support offered in the WIC clinic, and to decrease barriers to access to WIC services, particularly in rural communities. Funding can be used to support a variety of telehealth interventions, including but not limited to the use of telehealth tools by WIC staff as well as clinical services and technologies provided by third-party vendors.

The work of the National Academies of Science (NAS) to review and make rec-

ommendations for updating the WIC food packages to reflect current science and cultural factors is recognized. It is noted, however, that while all revised packages now allow some fish, the amounts remain low compared to the recommendations of other authoritative health agencies. The Department is strongly encouraged to consider the health and cultural benefits of fish consumption as the NAS recommendations are reviewed and used to inform the Department's next course of action. The Department is strongly encouraged to continue to allow states to submit cultural food package proposals to respond to the cultural preferences of WIC participants in states like Alaska.

/1 The FY19 budget year request for the Commodity Futures Trading Commission is reflected on the bill report for the Financial Services subcommittee

**DIVISION B—COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES APPROPRIATIONS ACT, 2019**

Report language included in House Report 115-704 (“the House report”) or Senate Report 115-275 (“the Senate report”) that is not changed by this explanatory statement or the Act is approved. The explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein. In cases where both the House report and the Senate report address a particular issue not specifically addressed in the explanatory statement, the House report and the Senate report should be read as consistent and are to be interpreted accordingly. In cases where the House report or the Senate report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement, and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this Act; unobligated balances from previous appropriations Acts that are available for obligation or expenditure in fiscal year 2019; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2019. These procedures are specified in section 505 of this Act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project, or activity cited in this explanatory statement, or in the House report or the Senate report and not changed by this Act, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this Act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies shall not submit reprogramming notifications after July 1, 2019, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 533 of this Act, each department and agency funded in this Act shall submit spending plans, signed by the respective department or agency head, for the Committees’ review not later than 45 days after enactment.

**TITLE I**

**INTERNATIONAL TRADE ADMINISTRATION**

**OPERATIONS AND ADMINISTRATION**

The agreement includes \$495,000,000 in total resources for the International Trade Administration (ITA). This amount is offset by \$11,000,000 in estimated fee collections, resulting in a direct appropriation of \$484,000,000. The agreement provides no less than \$88,500,000 for Enforcement and Compliance and no less than \$320,000,000 for Global

MBDA is directed to allocate the majority of its total appropriation, including the entire increase above fiscal year 2018, toward cooperative agreements, external awards, and grants, including not less than \$10,400,000 to continue MBDA’s traditional Business Center program and Specialty Project Center program. The agreement does not approve of the Department’s recent proposal to transform MBDA’s service delivery model, but transformation proposals can be considered if proposed as part of the Department’s fiscal year 2020 budget request. While the agreement is supportive of MBDA and its programs, MBDA is encouraged to obtain an independent external evaluation of its various programs.

In October 2017, the Secretary of Commerce delivered a new life-cycle cost estimate for the 2020 Decennial Census totaling \$15,625,000,000. In addition to reliance on a new independent cost estimate, the Secretary’s estimate includes additional assumptions to enhance the robustness and reliability of the program. For example, the new estimate assumes the need for additional in-person follow-up visits due to fewer households expected to initially respond to the Census. In addition, the Census Bureau is directed to provide the Committees with notification 15 days before any spending it intends to incur in fiscal year 2019 that is above the amounts included in the October 2017 life-cycle cost estimate for fiscal year 2019.

*2020 Census Partnership and Communications Activities.*—The agreement reiterates House and Senate language regarding the Bureau’s partnership and communications efforts aimed at maximizing self-response to the 2020 Decennial Census. *Coastal Science, Assessment, Response and Restoration.*—The agreement provides \$2,372,000 for the operations and staffing of the Gulf of Mexico Disaster Response Center. Additionally, in lieu of Senate language regarding emergency preparedness training, the agreement supports the requested increase for the Disaster Preparedness Program to bolster NOS's emergency response to coastal storms and other disasters.

*National Geodetic Survey.*—The agreement provides \$500,000 above the request to support continued development and advancement of geospatial analytical and mapping techniques to precisely update shorelines in a common data format.

*Regional Data Portals.*—Within funding for Integrated Ocean Observing System (IOOS) Regional Observations, \$1,500,000 is for the regional ocean partnerships, or their equivalent, to enhance their capacity for sharing and integration of Federal and non-Federal data to support regional coastal, ocean, and Great Lakes management priorities as outlined in Executive Order 13840. The IOOS Program Office shall coordinate with the Office of Coastal Management on the implementation of these funds. This effort is not intended to detract from the existing work of IOOS, but to enhance collaboration and coordination in the regions. Additionally, Senate language regarding IOOS is adopted.

*Harmful Algal Blooms.*—The agreement adopts House and Senate language regarding Harmful Algal Blooms. Within the funds available for Coastal Science and Assessment, a \$5,000,000 increase is for additional Competitive External Research to determine and mitigate the impact of Harmful Algal Blooms in marine and freshwater habitats.

*Consultation and Permitting Capacity.*—Senate guidance under NMFS for addressing Endangered Species Act and Essential Fish Habitat consultation backlogs is adopted. The agreement provides increases of \$3,000,000 in Protected Resources Science and Management, and \$3,000,000 in Habitat Conservation and Restoration for these purposes.

*Economic Impact of Turtle Excluder Devices (TEDs).*—The agreement adopts House and Senate language regarding the economic impact of TEDs but clarifies that the House and Senate require only a single report on the specific steps NMFS would consider taking to eliminate the negative economic impact of any rule requiring TEDs. NMFS is directed to deliver the report as soon as possible, but not later than 90 days prior to the release of any rule.

*Gulf of Mexico Red Snapper.*—Senate guidance on stock assessments used for management of reef fish in the Gulf of Mexico is adopted. Within the level of funding provided for Fisheries Data Collections, Surveys and Assessments, NMFS shall work on development, implementation, and validation of electronic logbooks for the Federally permitted charter-for-hire sector, as described in the House report, and continue to provide technical support to the Gulf States, as described in the Senate report.

*Oyster Restoration.*—The agreement provides \$1,500,000 within Habitat Conservation and Restoration for oyster restoration, as described in House report language.

*National Integrated Drought Information System (NIDIS).*—The agreement provides \$13,500,000 for NIDIS activities.

*Ocean Exploration and Research.*—The agreement adopts House and Senate report language regarding ocean exploration and research. The agreement supports the use of existing tele-presence technology, and applied exploration, to map critically important mineral deposits within America’s exclusive economic zone and sites of submerged human history, particularly in the Pacific.

*Multi-Function Phased Array Radar (MPAR) Program.*—The fiscal year 2018 appropriations Act directed NOAA to maintain its leadership in the Spectrum Efficient National Surveillance Radar (SENSR) Program. There is frustration with the decision to de-scope the SENSR program by removing the high-resolution weather sensing requirements, and

concern that NOAA is unprepared to execute a weather radar follow-on program. In lieu of Senate language, the agreement directs OAR, in coordination with the National Weather Service, to develop and submit to the Committees, within 90 days of enactment of this Act, a weather radar follow-on research-to-operations transition plan, in accordance with the requirements for agency transition plans set forth under NOAA Administrative Order 216–105B, section 3.06.

*Oceanographic Research Partnership Program.*—\$5,500,000 is for NOAA to advance ocean science research through the program established under 10 U.S.C. 7901. Senate guidance for this funding and support for Ocean Joint Technology Transfer Initiative projects funded in fiscal year 2018 is adopted.

*Joint Technology Transfer Initiative (JTTI).*—House language regarding JTTI is adopted. Of the amount provided for JTTI, up to

\$5,000,000 shall be available to pursue innovative, modern techniques to accelerate the transition of weather research to operations.

*Highly Migratory Species.*—In lieu of House and Senate language under NMFS, the agreement provides up to \$2,000,000 within OAR for the Sea Grant program to partner with State agencies, academia, and the fishing industry to research highly migratory fish species in the Gulf of Mexico and the Atlantic. This should include examining the impact of offshore oil platforms on the biology of highly migratory species, such as yellow fin tuna. Highly migratory species, and the coastal communities that rely on the health of these stocks, could greatly benefit from improved, science-based management and conservation.

*National Weather Service (NWS).*—\$1,020,719,000 is for NWS Operations, Research, and Facilities.

*Quarterly Briefings.*—The fiscal year 2018 appropriations Act directed the NWS to provide quarterly briefings to the Committees on all NWS management and budget issues. The agreement adopts House and Senate language regarding such reporting. However, there is frustration and disappointment that the NWS was unable to provide any quarterly briefings during fiscal year 2018. The American people entrust the NWS with more than \$1,000,000,000 each year to provide accurate weather forecasting. It is unacceptable that the NWS is unwilling or unable to report to the Committees on its operations. The leadership of the Department of Commerce and NOAA shall ensure NWS improves the transparency of its operations and provides quarterly briefings on management and budget issues to the Committees.

*National Mesonet Program.*—The agreement adopts Senate report language on the National Mesonet Program and provides \$19,000,000 for these activities.

*Advanced Weather Interactive Processing System (AWIPS).*—Within the increased funding for Central Processing, the agreement fully funds the request for the AWIPS Cyclical Refreshment.

*Facilities Maintenance.*—Within funding for Analyze, Forecast, and Support, the agreement provides \$8,000,000 for the National Weather Service’s highest priority facilities repair and deferred maintenance requirements at Weather Forecast Offices. Thirty days prior to obligating any of these additional facilities repair and deferred maintenance funds, NWS shall submit a report providing: (1) a prioritized list of NWS deferred facilities maintenance needs, based on the facilities condition assessment; and (2) an estimate of the total amount and composition of deferred facilities maintenance. In subsequent fiscal years, NOAA shall request resources in line with the September 2017 NWS Facilities Strategic Plan.

*Dissemination.*—House report language regarding the Integrated Dissemination Program system is not adopted.

*National Water Center (NWC) Operations.*—The agreement adopts Senate language under NWS for the NWC and provides an additional \$1,500,000 within Analyze, Forecast, and Support to expedite hiring within the NWC Water Prediction Operations Division. The increasing prevalence and severity of flooding events results in loss of life and bil-

ions of dollars of property damage. While NOAA has made progress in developing next-generation water modeling capabilities, such as the National Water Model, it is imperative that these technologies be transitioned into operations to enable more accurate and longer range flood forecasts. Objective 3.3 of the Department of Commerce’s Strategic Plan directs NOAA to begin demonstrating these capabilities. Therefore, NWS should also simultaneously be preparing to operationalize these capabilities. NWS is directed to develop and make public, by the end of fiscal year 2019, an operations and services policy directive that defines national instructions on operations at the NWC, and the content and provision of NWC products and services. Further, such policy should establish the NWC as the operational center of excellence for water prediction and related decision support services within NOAA.

NOAA's proposal to combine the JPSS and PFO programs will continue to be considered, and NOAA is encouraged to provide the Committees, concurrent with the submission of its fiscal year 2020 budget request, a revised proposal that clearly identifies the cost and programmatic efficiencies that would be gained by combining these programs into one funding line.

GENERAL ADMINISTRATION

SALARIES AND EXPENSES

The agreement includes \$113,000,000 for General Administration, Salaries and Expenses. This reduction of \$1,000,000 from the fiscal year 2018 level reflects dissatisfaction with continued poor responsiveness to congressional inquiries. The Department shall comply with Senate Report 114-239 direction regarding timely responses to the Committees.

*Fighting the Opioid Epidemic.*—The agreement includes significant increases in both law enforcement and grant resources for the Department of Justice (DOJ) to continue combating the rising threat to public health and safety from opioid and heroin use and drug trafficking. The Drug Enforcement Administration (DEA) is also funded at \$2,687,703,000, an increase of \$77,803,000 more than fiscal year 2018, to help fight drug trafficking, including heroin and fentanyl. Funding for DEA will also expand interdiction and intervention programs including the addition of at least four new heroin enforcement teams and DEA 360 Strategy programming.

*Working Capital Fund and Non-appropriated Fund Budget Requests and Expenditure Plans.*—DOJ shall include a detailed breakout of its non-appropriated funding sources in its future budget requests, as specified in the House report. The Department should continue to hire the most qualified IJs from a diverse pool of candidates to ensure the adjudication process is impartial and consistent with due process.

EOIR shall continue to submit monthly reports on performance and IJ hiring in the format and detail provided in fiscal year 2018, to include statistics available on the number of cases where visa overstay is a relevant factor and the median days pending for both detained and non-detained cases. The reports shall also list IJs who are temporarily deployed away from their permanent courtrooms, noting the permanent and temporary duty stations of each IJ and the length of such temporary duty assignments. TITLE III  
SCIENCE

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

The agreement includes \$5,544,000 for the Office of Science and Technology Policy (OSTP).

*Emerging Contaminants.*—OSTP submitted the “Plan for Addressing Critical Research Gaps Related to Emerging Contaminants in Drinking Water” in October 2018. Within 90 days of the enactment of this agreement, OSTP shall update the implementation plan included in that report, including identifying budgetary resources required, by agency, for fiscal years 2019, 2020, and 2021.

NATIONAL SPACE COUNCIL

The agreement includes \$1,965,000 for the activities of the National Space Council.

*Execution of Space Programs.*—Under Executive Order 13803, the National Space Council (the Council) is directed to, among other duties, “develop recommendations for the President on space policy and space-related issues” and “foster close coordination, cooperation, and technology and information exchange among the civil, national security, and commercial space sectors.” In executing these duties, the Council is reminded that, in recent years, poor workmanship, poor oversight, and poor performance (e.g., flawed welding techniques, component tube contamination, incorrect cleaning methods, using the wrong voltage in testing, unreliable launch vehicle bolt cutter assembly, mishandling of rocket stages during transport, and substandard strut components) have led to costly delays and even loss of mission. Overly ambitious technology development, optimistic scheduling, and poor cost estimation have become common. No type of contract vehicle seems immune, whether traditional cost-plus contracts or firm, fixed-price contracts are used. These are inherent,

systemic problems that cannot continue. National security, technology development, scientific discoveries, and improved weather forecasting are too important to the future of the Nation and require the Council to address these issues.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The agreement includes \$21,500,000,000 for the National Aeronautics and Space Administration (NASA). The agreement includes substantial new resources for activities related to Moon exploration and retains language regarding submission of a detailed report prior to obligating certain funds. As noted elsewhere in this statement, the lack of progress across science and exploration programs despite continued significant and sustained investments in these programs is dismaying. Reports by the NASA Inspector General (IG), the Government Accountability Office (GAO), and independent experts point to a number of deficiencies that NASA and its private sector partners must address. During fiscal year 2019, NASA is expected to show marked success in addressing the myriad deficiencies identified by oversight bodies.

SCIENCE

The agreement includes \$6,905,700,000 for Science.

*Earth Science.*—The agreement includes \$1,931,000,000 for Earth Science and adopts all funding levels designated by the House and the Senate.

*Planetary Science.*—The agreement includes \$2,758,500,000 for Planetary Science. The agreement adopts House language regarding the Europa Clipper and Lander missions modified to reflect launch dates of 2023 for the Clipper and 2025 for the Lander. The agreement includes \$97,000,000 for the Double Asteroid Redirection Test and no less than the fiscal year 2018 level for NEOcam. The agreement includes up to \$218,000,000 for the Lunar Discovery and Exploration program, including \$21,000,000 for the Lunar Reconnaissance Orbiter. The agreement adopts Senate language regarding the helicopter technology demonstration planned for Mars 2020.

*Astrophysics.*—The agreement includes \$1,191,600,000 for Astrophysics, including \$98,300,000 for Hubble Space Telescope operations and \$45,000,000 for Education and Public Outreach activities. The agreement does not adopt House language regarding certain work with private sector or philanthropic organizations.

*Wide-Field Infrared Survey Telescope (WFIRST).*—The agreement includes no less than \$312,200,000 for WFIRST. The agreement emphasizes and reiterates House and Senate language regarding cost overruns, schedule delays, and adherence to the \$3,200,000,000 cost cap. The agreement also includes \$10,000,000 for starshade technology development and \$10,000,000 for search for life technology development.

*James Webb Space Telescope (JWST).*—The agreement includes \$304,600,000 for JWST. There is profound disappointment with both NASA and its contractors regarding mismanagement, complete lack of careful oversight, and overall poor basic workmanship on JWST, which has undergone two significant reviews because of failures on the part of NASA and its commercial sector partner. NASA and its commercial partners seem to believe that congressional funding for this project and other development efforts is an entitlement, unaffected by failures to stay on schedule or within budget. This attitude ignores the opportunity cost to other NASA activities that must be sacrificed or delayed. The agreement includes a general provision to adjust the cap for JWST to \$8,802,700,000, an increase of \$802,700,000 above the previous cap. NASA should strictly adhere to this cap or, under this agreement, JWST will have to find cost savings or cancel the mission. NASA and its contractors are expected to implement the recommendations of both the most recent independent review and the previous Casani report and to continue cooperation with JWST's standing review board. The agreement does not adopt the reorganization of JWST into Astrophysics, and the JWST Program Office shall continue the reporting structure adopted after the Casani report and reiterated by the recent Webb Independent Review Board.

*Heliophysics.*—The agreement includes \$720,000,000 for Heliophysics, including \$15,000,000 for a Space Weather Science Applications Project.

#### AERONAUTICS

The agreement includes \$725,000,000 for Aeronautics, including no less than \$38,000,000 for hypersonic research activities as directed by the House. The agreement modifies House language regarding air mobility and automation and directs that this report be submitted within 90 days of enactment of this agreement.

#### SPACE TECHNOLOGY

The agreement includes \$926,900,000 for Space Technology. The agreement reiterates House and Senate language regarding the need to maintain an independent research and technology portfolio to support both science and human exploration programs. It

is understood that NASA has further refined internal oversight responsibility for programs within this account and the Exploration account and directs NASA to make adjustments as necessary in the fiscal year 2019 spending plan. The agreement includes \$180,000,000 for RESTORE-L; \$20,000,000 for the Flight Opportunities Program; \$35,000,000 for additive manufacturing; \$48,100,000 for solar electric propulsion activities; \$5,000,000 for NASA's regional economic development program; \$5,000,000 for innovative use of nanomaterials; \$2,000,000 to address challenges associated with high-speed crosslink and downlink communications for low Earth orbit small satellite constellations; and not less than \$100,000,000 for the development of nuclear thermal propulsion, of which not less than \$70,000,000 shall be for the design of a flight demonstration by 2024 for which a multi-year plan is required by both the House and the Senate within 180 days of enactment of this agreement.

#### EXPLORATION

The agreement includes \$5,050,800,000 for Exploration. The recommendation includes \$2,150,000,000 for the Space Launch System, including no less than \$150,000,000 to ensure continued work developing the Exploration Upper Stage (EUS). The bill also provides \$48,000,000 for launch capabilities and infrastructure associated with constructing a second mobile launch platform. There is strong support for the development of the EUS in order to ensure that NASA has sufficient heavy lift capabilities to support a regular cadence of heavy lift science and human exploration missions. NASA shall allocate sufficient funding to ensure that both the EUS and the second mobile launch platform will be ready for flight no later than 2024. The agreement provides not less than \$145,000,000 for the Human Research Program; \$176,200,000 for habitation, airlock for docking vehicles and other logistics activities as requested; adopts House and Senate direction regarding lunar lander-related language and provides up to \$116,500,000 for Advanced Cislunar and Surface Capabilities; and \$450,000,000 for the Lunar Orbital Platform.

#### SPACE OPERATIONS

The agreement provides \$4,639,100,000 for Space Operations, and includes \$40,000,000 for commercial low Earth orbit (LEO) development, as recommended by the Senate, for LEO port implementation analysis and other activities to enable future commercial activities at the International Space Station. The agreement maintains 21st Century Space Launch Complex language as directed by the Senate. The agreement includes up to \$60,000,000 for test facilities as directed by the House. In lieu of House or Senate direction regarding launch vehicles for small payloads, the agreement encourages NASA to work as appropriate to increase opportunities for improved access to space.

#### SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS ENGAGEMENT

The agreement includes \$110,000,000 for Science, Technology, Engineering, and Mathematics Engagement, including \$21,000,000 for the Established Program to Stimulate Competitive Research; \$44,000,000 for Space Grant; \$33,000,000 for the Minority University Research and Education Project; and no less than \$5,000,000 for the Competitive Program for Science Museums, Planetariums, and NASA Visitor Centers within the STEM Education and Accountability Projects. The agreement reiterates House and Senate direction regarding administrative costs.

#### SAFETY, SECURITY AND MISSION SERVICES

The agreement includes \$2,755,000,000 for Safety, Security and Mission Services. The

agreement modifies House language regarding submission of reports from NASA pursuant to National Academy of Public Administration, GAO, and NASA IG reviews of NASA security compliance protocols and foreign national access management and directs that these reports be provided annually. The agreement adopts House language in this account and Senate language from the Science account regarding cloud computing services and directs that this report be submitted within 90 days of enactment of this agreement.

#### CONSTRUCTION AND ENVIRONMENTAL

##### COMPLIANCE AND RESTORATION

The agreement includes \$348,200,000 for Construction and Environmental Compliance and Restoration. NASA is expected to continue to work with communities to resolve water contamination issues. The agreement adopts Senate report language regarding access to Kennedy Space Center and clarifies that in-kind contributions be directly related to bridge repairs.

##### OFFICE OF INSPECTOR GENERAL

The agreement includes \$39,300,000 for the Office of Inspector General.

##### ADMINISTRATIVE PROVISIONS

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement includes the following administrative provisions for NASA: a provision that makes funds for announced prizes available without fiscal year limitation until the prize is claimed or the offer is withdrawn; a provision that establishes terms and conditions for the transfer of funds; a provision that subjects the NASA spending plan and specified changes to that spending plan to the reprogramming procedures under section 505 of this agreement; a provision regarding remaining balances in the "Education" account; and a provision regarding the obligation of certain lunar program funds.

##### NATIONAL SCIENCE FOUNDATION

The agreement includes \$8,075,000,000 for the National Science Foundation (NSF).

##### RESEARCH AND RELATED ACTIVITIES

The agreement includes \$6,520,000,000 for Research and Related Activities (R&RA), including \$175,689,000 for the Established Program to Stimulate Competitive Research. The agreement reiterates House and Senate language regarding support for existing NSF research infrastructure and clarifies that this language excludes funding allocated in fiscal year 2018 for one-time upgrades or refurbishments. The agreement includes no less than the fiscal year 2018 level for the Innovation Corps program.

Inouye Solar Telescope; \$48,820,000 for the Large Synoptic Survey Telescope; and \$103,700,000 for the Antarctic Infrastructure Modernization for Science (AIMS) project. It is noted that the request and the House bill provided funds for AIMS under the R&RA account. The agreement adopts the Senate approach to fund this activity under the MREFC account. The agreement also includes \$1,000,000 for enhanced oversight of MREFC projects.

##### EDUCATION AND HUMAN RESOURCES

The agreement includes \$910,000,000 for Education and Human Resources, including no less than \$66,000,000 for the Advanced Technological Education program; no less than \$35,000,000 for the Historically Black

##### SALARIES AND EXPENSES

The agreement includes \$53,000,000 for the salaries and expenses of USTR.

*Section 301 Exclusion Process.*—USTR has finalized tariffs on goods from China under Section 301 of the Trade Act of 1974 in three separate rounds, and provided an exclusion process that allows U.S. businesses to obtain relief from the Section 301 tariffs for goods subject to tariffs in rounds 1 and 2. It is concerning that there is no exclusion process for goods subject to tariffs in round 3 of the Section 301 proceedings, as was done in the first two rounds. USTR shall establish an exclusion process for tariffs imposed on goods subject to Section 301 tariffs in round 3. This process should be initiated by January 1, 2019, following the same procedures as those

in rounds 1 and 2, allowing stakeholders to request that particular products classified within a tariff subheading subject to new round 3 tariffs be excluded from the Section 301 tariffs. USTR shall consult with the Committees on Appropriations, the House Committee on Ways and Means, and the Senate Committee on Finance regarding the nature and timing of the exclusion process. USTR shall also report to such committees not later than 30 days after enactment of this Act on the status of the exclusion process.

#### TRADE ENFORCEMENT TRUST FUND

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities and transfers authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

#### STATE JUSTICE INSTITUTE

##### SALARIES AND EXPENSES

The agreement includes \$5,971,000 for the State Justice Institute. The additional funding above the enacted level shall be for addressing the opioid epidemic as described in the House and Senate reports.

Section 503 provides that the expenditure of any appropriation contained in this Act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this Act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this Act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project or activity; (2) eliminates a program, project or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a "Made in America" label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this Act. The section further provides that

to the extent practicable, with respect to purchases of promotional items, funds made available under this Act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions in this Act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this Act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this Act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds in this Act to require certain export licenses.

Section 517 prohibits the use of funds in this Act to deny certain import applications regarding "curios or relics" firearms, parts, or ammunition.

*Transmissions of Local Television Programming.*—In lieu of House report language, the

bill notes that the bipartisan Satellite Television Extension and Localism Reauthorization (STELAR) Act of 2014 was enacted to promote consumers' access to television broadcast station signals that originate in their state of residence, with an emphasis on localism and the cultural and economic importance of local programming. **DIVISION D—DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2019**

The following statement is an explanation of the effects of Division D, which provides appropriations for the Department of the Interior, the Environmental Protection Agency (EPA), the Forest Service, the Indian Health Service, and related agencies for fiscal year 2019.

The explanatory statement accompanying this Act is approved and indicates congressional intent. Report language contained in House Report 115-765 and Senate Report 115-276 providing specific guidance to agencies regarding the administration of appropriated funds and any corresponding reporting requirements carries the same emphasis as the language included in this explanatory statement and should be complied with unless specifically addressed to the contrary herein. This explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein.

In cases where the House report, Senate report, or this explanatory statement direct the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Interior, Environment, and Related Agencies and the Senate Subcommittee on Interior, Environment, and Related Agencies.

Each department and agency funded in this Act is directed to follow the directions set forth in this Act and the accompanying statement and to not reallocate resources or reorganize activities except as provided herein or otherwise approved by the House and Senate Appropriations Committees through the reprogramming process as referenced in this explanatory statement. This explanatory statement addresses only those agencies and accounts for which there is a need for greater explanation than provided in the Act itself. Funding levels for appropriations by

account, program, and activity, with comparisons to the fiscal year 2018 enacted level and the fiscal year 2019 budget request, can be found in the table at the end of this division.

Unless expressly stated otherwise, any reference to “this Act” or “at the end of this statement” shall be treated as referring only to the provisions of this division.

**Arts and Humanities Advocacy.**—The decades of arts and humanities advocacy by the late Rep. Louise M. Slaughter is acknowledged and appreciated. In her memory, the National Endowment for the Arts and the National Endowment for the Humanities are encouraged to expand grant-making activities in a manner that honors her advocacy, especially in rural and under-served areas, so more Americans are able to benefit from the economic, social, and educational effects of the arts and humanities.

**Delivery of Reports and Correspondence.**—All reports, correspondence, and reprogramming requests from the agencies to the Committees shall be provided in both physical and electronic formats.

**Directives.**—The Department of the Interior and Forest Service are directed to continue the directions included in the explanatory statement accompanying the Consolidated Appropriations Act, 2017 (P.L. 115-31) relating to Vacant Grazing Allotments; State Wildlife Data; Bighorn Sheep; Land Grants, Acequias, and Community Ditches; and Public Access.

**Harassment-Free Workplace.**—It is the expectation that all Federal employees, especially those in leadership positions, at the agencies funded by this Act will create and maintain harassment-free workplaces and remind the agencies of the directives in House Report 115-765 and Senate Report 115-276.

**Making Litigation Costs Transparent.**—The Department of the Interior, EPA, and the Forest Service are directed to provide to the House and Senate Committees on Appropriations, and to make publicly available no later than 60 days after enactment of this Act, detailed Equal Access to Justice Act

(EAJA) fee information as specified in the explanatory statement accompanying Division G of the Consolidated Appropriations Act, 2017 (Public Law 115-31).

**Multi-Agency Transparency.**—Increasing transparency within all agencies of the Department of the Interior, the Forest Service, and EPA is supported. These agencies are encouraged to disclose costs associated with analyses required by the National Environmental Policy Act.

**Paper Reduction Efforts.**—The Department of the Interior, EPA, Forest Service, and Indian Health Service are urged to work with the Office of Management and Budget to reduce printing and reproduction costs and each agency is directed to report to the Committees within 90 days of enactment of this Act on steps being undertaken to achieve this goal and how much each agency expects to save by implementing these measures.

**Recreation Fee Authority.**—A one-year extension of recreation fee authority for the Department of the Interior and the Forest Service was included in Public Law 115-245.

**Twenty-first Century Conservation Service Corps.**—Consistent with the direction in House Report 115-765 and Senate Report 115-276, the Department of the Interior and the Forest Service are expected to continue conservation partnerships with the 21st Century Conservation Service Corps and Public Lands Corps.

**Water Rights.**—The Department of the Interior and the Forest Service are reminded of the States’ jurisdiction over water law and expect that all applicable laws will be followed when considering a request for a permit or permit renewal.

**White Nose Syndrome.**—The agencies funded by this Act are reminded of the directive included in Senate Report 115-276.

**Land and Water Conservation Fund.**—The bill includes \$435,000,000 derived from the Land and Water Conservation Fund (LWCF) for programs consistent with chapter 2003 of title 54 of the United States Code, as identified in the table below.

The agencies are expected to move forward with all projects specifically identified and funded through this bill; to utilize funding in a timely manner; and to seek congressional approval for reprogramming unobligated balances if applicable. It is expected that the agencies will provide timely information on project status and available balances. Agencies are directed to continue their long-standing process of identifying and prioritizing potential Federal land acquisition projects in anticipation of program appropriations as consistent with previous years. Within 30 days of the submission of the fiscal year 2020 budget or by March 1, 2019, whichever comes first, each agency is directed to submit to the Committees a prioritized list of projects for fiscal year 2020 consideration.

Increasing access to our public lands for hunting, fishing, and other recreational activities is important and this bill includes

funding for these projects. The agencies are expected to work with their respective regions, State offices, and/or management units to identify potential recreation access projects and to inform the Committees on project selections prior to proceeding.

**REPROGRAMMING GUIDELINES**

The following are the procedures governing reprogramming actions for programs and activities funded in the Department of the Interior, Environment, and Related Agencies Appropriations Act. The agencies funded in this Act are reminded that these reprogramming guidelines are in effect, and must be complied with, until such time as the Committees modify them through bill or report language.

**Definitions.**—“Reprogramming,” as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item, or program area, to another within any appropriation funded in this Act.

In cases where either the House or Senate Committee report displays an allocation of an appropriation below that level, that more detailed level shall be the basis for reprogramming.

For construction, land acquisition, and forest legacy accounts, a reprogramming constitutes the reallocation of funds, including unobligated balances, from one construction, land acquisition, or forest legacy project to another such project.

A reprogramming shall also consist of any significant departure from the program described in the agency’s budget justifications. This includes proposed reorganizations, especially those of significant national or regional importance, even without a change in funding. Any change to the organization table presented in the budget justification shall be subject to this requirement.

The agencies funded by this Act have indicated that they are currently working to implement Executive Order 13781, a Comprehensive Plan for Reorganizing the Executive Branch, and have included in the fiscal year 2019 budget request a number of significant reorganization proposals for the Committees' consideration. There have been reports that agencies funded by this Act may be weighing additional organizational changes during the remainder of this fiscal year. Agencies are reminded that this bill continues longstanding General Guidelines for Reprogramming that require agencies funded by this Act to submit reorganization proposals for Committee review prior to their implementation. It is noted that such reprogramming guidelines apply to proposed reorganizations, workforce restructure, reshaping or transfer of functions presented in the budget justifications, or bureau-wide downsizing, especially those of significant national or regional importance, and include closures, consolidations, and relocations of offices, facilities, and laboratories presented in the budget justifications. In addition, no agency shall implement any part of a reorganization that modifies regional or State boundaries for agencies or bureaus that were in effect as of the date of enactment of this Act unless approved consistent with the General Guidelines for Reprogramming procedures specified herein. Any such reprogramming request submitted to the Committees on Appropriations shall include a description of anticipated benefits, including anticipated efficiencies and cost-savings, as well as a description of anticipated personnel impacts and funding changes anticipated to implement the proposal.

*General Guidelines for Reprogramming.*—

(a) A reprogramming should be made only when an unforeseen situation arises, and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.

(b) Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming, but instead, funds should again be sought for the deferred project or activity through the regular appropriations process.

(c) Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.

(d) Reprogramming proposals submitted to the House and Senate Committees on Appropriations for approval shall be considered approved 30 calendar days after receipt if the Committees have posed no objection. However, agencies will be expected to extend the approval deadline if specifically requested by either Committee.

*Criteria and Exceptions.*—A reprogramming must be submitted to the Committees in writing prior to implementation if it exceeds \$1,000,000 annually or results in an increase or decrease of more than 10 percent annually in affected programs or projects, whichever amount is less, with the following exceptions:

(a) With regard to the tribal priority allocations of the Bureau of Indian Affairs (BIA) and Bureau of Indian Education (BIE), there is no restriction on reprogrammings among these programs. However, the Bureaus shall report on all reprogrammings made during a given fiscal year no later than 60 days after the end of the fiscal year.

(b) With regard to the EPA, reprogramming requests associated with the States and Tribes Partnership Grants, or up to a cumulative total of \$30,000,000 from carryover balances among the individual program areas

delineated in the Environmental Programs and Management account are not required. No funds, however, shall be reallocated from individual Geographic Programs.

*Assessments.*—"Assessment" as defined in these procedures shall refer to any charges, reserves, or holdbacks applied to a budget activity or budget line item for costs associated with general agency administrative costs, overhead costs, working capital expenses, or contingencies.

(a) No assessment shall be levied against any program, budget activity, subactivity, budget line item, or project funded by the Interior, Environment, and Related Agencies Appropriations Act unless such assessment and the basis therefor are presented to the Committees on Appropriations in the budget justifications and are subsequently approved by the Committees. The explanation for any assessment in the budget justification shall show the amount of the assessment, the activities assessed, and the purpose of the funds.

(b) Proposed changes to estimated assessments, as such estimates were presented in annual budget justifications, shall be submitted through the reprogramming process and shall be subject to the same dollar and reporting criteria as any other reprogramming.

(c) Each agency or bureau which utilizes assessments shall submit an annual report to the Committees which provides details on the use of all funds assessed from any other budget activity, line item, subactivity, or project.

(d) In no case shall contingency funds or assessments be used to finance projects and activities disapproved or limited by Congress, or to finance programs or activities that could be foreseen and included in the normal budget review process.

(e) New programs requested in the budget should not be initiated before enactment of the bill without notification to, and the approval of, the Committees on Appropriations. This restriction applies to all such actions regardless of whether a formal reprogramming of funds is required to begin the program.

*Quarterly Reports.*—All reprogrammings between budget activities, budget line-items, program areas, or the more detailed activity levels shown in this explanatory statement, including those below the monetary thresholds established above, shall be reported to the Committees within 60 days of the end of each quarter and shall include cumulative totals for each budget activity, budget line item, or construction, land acquisition, or forest legacy project.

*Land Acquisitions, Easements, and Forest Legacy.*—Lands shall not be acquired for more than the approved appraised value (as addressed in section 301(3) of Public Law 91-646), unless such acquisitions are submitted to the Committees on Appropriations for approval in compliance with these procedures.

*Land Exchanges.*—Land exchanges, wherein the estimated value of the Federal lands to be exchanged is greater than \$1,000,000, shall not be consummated until the Committees have had a 30-day period in which to examine the proposed exchange. In addition, the Committees shall be provided advance notification of exchanges valued between \$500,000 and \$1,000,000.

*Budget Structure.*—The budget activity or line item structure for any agency appropriation account shall not be altered without advance approval of the House and Senate Committees on Appropriations.

TITLE I—DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT  
MANAGEMENT OF LANDS AND RESOURCES

*Bureau of Land Management Directives.*—The Bureau is reminded of the importance of

the directives included in House Report 115-765 and Senate Report 115-276 not addressed herein, as well as the new directives in this explanatory statement, including the front matter. The innovative use of technology to improve the timeliness and accuracy of permitting decisions is supported and the Bureau is directed to provide a report within 90 days of enactment as directed by House Report 115-765. The direction related to Chaco Canyon included in Senate Report 115-276 is reiterated.

*Management of Lands and Resources (MLR).*—The bill provides \$1,198,000,000 for MLR. Within this amount, the Colorado Basin Salinity Control Program is funded at \$2,000,000. Unless noted herein, the bill does not accept the proposed funding decreases; specific funding allocation information is located at the end of this explanatory statement.

*MLR Budget Restructuring.*—The Bureau's request to restructure several budget line items to increase efficiency in the delivery of programs is accepted. In fiscal year 2019, Soil, Water and Air Management moves into Rangeland Management. Riparian Management moves into Wildlife and Aquatic Habitat Management. Within the new Wildlife and Aquatic Management budget line item, the specific funding for Threatened and Endangered Species is maintained to ensure transparency of funding for these activities and it is expected these changes will improve the Bureau's ability to report expenditures and performance as required by the Endangered Species Act (ESA). The proposal to consolidate Hazardous Materials and Abandoned Mine Lands is also accepted.

*Budget Restructuring Report Requirement.*—It is expected that the restructuring will improve program delivery and provide better on-the-ground results for Bureau-managed lands and direct the Bureau to provide a report with evidence of this improvement within 180 days of enactment of this Act.

*Wild Horse and Burro Management.*—The bill provides \$80,555,000 for wild horse and burro management. The financial and political challenges of controlling wild horse and burro populations are fully recognized and it is noted that significant management changes need to be made within the near future in order to control costs, improve range conditions, and humanely manage wild horse and burro populations. As such, appreciation for the Bureau's April 26, 2018, report titled "Management Options for a Sustainable Wild Horse and Burro Program" is noted, but it is believed that additional analysis is needed as directed by House Report 115-765. This analysis should be provided to Congress no later than 180 days after enactment of this Act. The Bureau is expected to continue evaluating its internal policies, procedures, and regulations to reduce costs and administrative burdens, as well as researching and developing appropriate, humane protocols for fertility control methods, including sterilization, and improve its contracting for off-range holdings. It is incumbent upon the Bureau to request the funding necessary to address this growing problem; better management of this program now will result in fewer dollars necessary in the future to restore the lands that wild horses, burros, and other wildlife depend upon. Therefore, the Bureau is expected to include in its fiscal year 2020 budget request a proposal that outlines its proposed strategy and the funding necessary for implementation, including anticipated out-year estimates. Current prohibitions on destruction and sale authority contained in the bill are continued.

LAND ACQUISITION

(INCLUDING RESCISSION OF FUNDS)

The bill provides \$28,316,000 for Land Acquisition and includes a rescission of

\$1,800,000 from previously appropriated Emergencies, Hardships, and Inholdings funding. The amounts provided by this bill for projects are shown in the table below, listed in priority order pursuant to the

project list received for fiscal year 2019. It is understood that projects on that list, such as the Upper Snake/South Fork River Special Recreation Management Area, meet the criteria for recreational access funding and

should receive full consideration from the amounts included for recreational access. Further instructions are contained under the Land and Water Conservation Fund heading in the front of this explanatory statement.

OREGON AND CALIFORNIA GRANT LANDS

The bill provides \$106,985,000 for Oregon and California Grant Lands to be distributed as displayed in the funding allocation table at the end of this explanatory statement.

RANGE IMPROVEMENTS

The bill provides \$10,000,000 to be derived from public lands receipts and Bankhead-Jones Farm Tenant Act lands grazing receipts.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The bill provides an indefinite appropriation estimated to be \$25,850,000 for Service Charges, Deposits, and Forfeitures.

MISCELLANEOUS TRUST FUNDS

The bill provides an indefinite appropriation estimated to be \$24,000,000 for Miscellaneous Trust Funds.

UNITED STATES FISH AND WILDLIFE SERVICE

RESOURCE MANAGEMENT

The bill provides \$1,292,078,000 for Resource Management. All programs, projects, and activities are maintained at fiscal year 2018 enacted levels unless otherwise specified below or in the table at the end of this explanatory statement. For this and all other Service accounts funded in this bill, the Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 115-765 and Senate Report 115-276, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

*Planning and Consultation.*—The bill includes \$3,000,000 to avoid permitting delays and to achieve compliance with other statutes, which should be apportioned in accordance with workload needs nationwide rather than by region. In addition, \$4,000,000 is provided for Gulf Coast Restoration activities to ensure that the Service has the resources necessary to avoid delays in projects related to the Deepwater Horizon incident. This is consistent with the amount provided in fiscal year 2018. Because substantial resources are provided to the Service for Gulf Coast Restoration, the Service is expected to move forward with project reviews in a timely manner.

*Lesser Prairie Chicken.*—There is concern that by listing the lesser prairie chicken (LPC) under the ESA in spite of the unprecedented level of voluntary conservation efforts in the habitat area, the Service significantly reduced the incentive for stakeholders to pursue future initiatives to preserve the LPC and other species. It is noted

that if the listing of a species is viewed as inevitable, stakeholders lose the incentive to invest in private, voluntary conservation efforts. Therefore, the Service is directed to collaborate with local and regional stakeholders on improving voluntary solutions to conserve the species with the goal of avoiding the necessity of listing the LPC under the ESA.

*Recovery.*—The bill includes: a \$2,000,000 general program increase; \$1,000,000 to implement the Prescott Grant Program as authorized by section 408(e) of the Marine Mammal Protection Act (16 U.S.C. 1421f-1(e)); and \$6,000,000 for Recovery Challenge matching grants to enhance and increase partnerships with agencies and organizations implementing highest priority recovery actions as prescribed in recovery plans, and in particular for genetically-sound breeding, rearing, and reintroduction programs. Long-standing partnerships, including for the northern aplomado falcon, California condor, and Steller's eider, should be funded at not less than \$2,500,000, and partner contributions should be not less than their current amounts. The remaining funds should be dedicated to new partnerships and should require a 50:50 match, which may include in-kind services. Unless an affected State is a partner on the project, none of the funds may be awarded to a project until the project partners have consulted with such State. The Service is expected to explore entering into an agreement with the National Fish and Wildlife Foundation (NFWF) for the purpose of administering the program and leveraging the funds with corporate and non-profit contributions, in full consultation with the Service, and to brief the Committee within 60 days of enactment of this Act. None of the funds may be used for indirect costs.

*Five-Year Reviews.*—The Service is directed to complete all five-year reviews within the period required by law, and, for any determination on the basis of such review whether a species should be delisted, downlisted, or uplisted, promulgate an associated regulation and complete the rulemaking process prior to initiating the next status review for such species.

*Gray Wolf.*—The Service's recent commitment to work closely with Federal, State, Tribal and local partners to assess the currently listed gray wolf entities in the Lower 48 States using the best available scientific information, and if appropriate, to publish a proposal to revise the wolf's status in the Federal Register by the end of the calendar year, is recognized.

*Grizzly Bear.*—The Service is directed to work with ranchers, conservation groups, local governments, and other local partners to reduce conflicts between grizzly bears and livestock. These efforts should draw upon lessons learned with the Wolf Livestock Loss Demonstration Program to improve conservation outcomes while limiting effects to agricultural producers. Not less than 30 days after the date of enactment of this Act, and for a duration of not less than 90 days, the Service and the National Park Service are directed to re-open the public comment period regarding the draft environmental impact statement with proposed alternatives for the restoration of grizzly bears to the North Cascades Ecosystem. Any member of the public in attendance at any of the associated public forums and wishing to voice their opinion must be afforded the opportunity to do so.

*Preble's Meadow Jumping Mouse.*—The Service is urged to address consultations and permitting of public and private projects related to the Preble's meadow jumping mouse as one of the highest priorities.

*Marbled Murrelet.*—There is concern that the draft Long Term Conservation Strategy for the marbled murrelet is focused primarily on inland nesting habitat when more than 90 percent of the life cycle of this species is spent in the marine environment. It is also recognized that while the relationship between nesting habitat and marbled murrelet abundance is well documented, there is comparatively little known about factors linked to the marine environment, including environmental conditions, prey availability and bycatch mortality, that may be contributing to recent population declines in Washington, Oregon, and California. Therefore, the Service is urged to partner with the National Oceanic and Atmospheric Administration to pursue additional studies to determine the full range of factors linked to the marine environment that may affect marbled murrelet populations and to develop a comprehensive set of recommendations to address those factors. In addition, the Service is directed to work collaboratively with local communities, elected officials, and other stakeholders in the development of the final Long Term Conservation Strategy for the marbled murrelet.

*National Wildlife Refuge System.*—The bill includes a general program increase of \$1,000,000 for Wildlife and Habitat Management, and the Service is encouraged to prioritize invasive species eradication activities. The subsistence program is continued

at \$2,835,000. In addition, \$55,000,000 is provided for Refuge Maintenance Support.

**Refuge Law Enforcement.**—Adequate refuge law enforcement is critical to protect our natural resources, staff, and more than 53 million visitors at refuges. The Service should request adequate funding so no refuge is without law enforcement at any time.

**Trapping on Refuges.**—The Service website includes information on trapping on refuges at <https://www.fws.gov/refuges/visitors/trapping.html> and has instituted signage at those refuges. Trapping information for individual refuges can be found on their web pages under Resource Management.

**Alaska Maritime National Wildlife Refuge.**—The Service is expected to follow the directive from fiscal year 2018 that prohibits a caribou hunt on Kagalaska Island and efforts to remove cattle on Chirikof and Wosnesenski Islands in the State of Alaska.

**Urban Wildlife Refuges.**—Funding has been provided to continue the Urban Wildlife Refuge Partnership program at the fiscal year 2018 enacted level and to support efforts to promote conservation in urban areas.

**Green River National Wildlife Refuge.**—The Service is reminded of the direction included in Senate Report 115-276 to establish the Green River National Wildlife Refuge.

**Rio Mora National Wildlife Refuge.**—The Service is expected to continue to support staffing and educational programming at Rio Mora National Wildlife Refuge and to continue dialogue with nonprofit and Tribal partners on the Service's plan for long-term operations of the refuge. The Service shall brief the Committees within 60 days of enactment of this Act on the status of the operations plan.

**Migratory Bird Management.**—The bill provides \$3,237,000 as requested for aviation management, which is transferred to the General Operations activity to more accurately reflect the program's responsibilities across the Service.

**Law Enforcement.**—The bill includes \$2,000,000 for combating violations of the In-

dian Arts and Crafts Act, and the Service is directed to brief the Committees within 60 days of enactment of this Act on the proposed distribution of the funds.

**International Affairs.**—The bill provides \$15,816,000 for International Affairs with the expectation that the Service will spend above the fiscal year 2018 enacted funding level for Wildlife Trafficking. Arctic Council Support is continued at \$550,000.

**National Fish Hatchery System Operations.**—The bill provides \$4,000,000 for Klamath Basin Restoration Agreement activities, of which at least \$3,500,000 is to support rearing and population monitoring, and of which \$3,000,000 is transferred from Habitat Assessment and Restoration. None of the funds may be used to terminate operations or to close any facility of the National Fish Hatchery System. None of the production programs listed in the March 2013 National Fish Hatchery System Strategic Hatchery and Workforce Planning Report may be reduced or terminated without advance, informal consultation with affected States and Tribes.

**Aquatic Habitat and Species Conservation.**—The bill includes \$6,000,000 to implement the Delaware River Basin Conservation Act, \$9,554,000 for the subsistence program, and \$500,000 for the Lake Champlain sea lamprey program.

**Asian Carp.**—The importance of the work conducted by the Service to combat the serious threat of Asian carp is recognized and \$11,000,000 is provided for Asian carp activities, of which \$2,000,000 is for contract fishing and deterrents to extirpate Asian carp, including grass carp. Funding should be used to control Asian carp in the Mississippi and Ohio River Basins, including in Kentucky Lake, Lake Barkley, Tennessee river systems, and the Ohio River, and to prevent Asian carp from entering and establishing in the Great Lakes. The Service should consider the utility of creating a dedicated funding source to increase the intensity and geo-

graphic scope of efforts to prevent entry into the Great Lakes.

**Cooperative Landscape Conservation.**—The bill provides \$12,500,000 for Cooperative Landscape Conservation to support partnerships of Federal, State, Tribal, and other organizations to develop shared conservation priorities as outlined in the congressional budget justifications provided to the Committees on Appropriations. Any deviation from that justification must be transparent and officially presented to the Committees on Appropriations, and there must be opportunities for public review and comment before any changes are instituted. Funding for Gulf Coast Restoration is continued at \$1,000,000.

**General Operations.**—The bill includes \$5,516,000 for annual maintenance needs of the National Conservation Training Center (NCTC).

CONSTRUCTION

(INCLUDING RESCISSION OF FUNDS)

The bill provides \$55,613,000 for Construction, including \$39,873,000 for the backlog of deferred maintenance principally at national fish hatcheries and national wildlife refuges, and rescinds \$1,500,000 from prior year unobligated balances, of which \$300,000 was made available by Public Law 111-8. The Service is directed to provide a spend plan to the Committees within 120 days of enactment of this Act for the deferred maintenance funding. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement. For line-item construction, the Service is expected to follow the project priority list in the table below. When a construction project is completed or terminated and appropriated funds remain, the Service may use those balances to respond to unforeseen reconstruction, replacement, or repair of facilities or equipment damaged or destroyed by storms, floods, fires, and similar unanticipated events.

LAND ACQUISITION

The bill provides \$65,189,000 for Land Acquisition. The amounts provided by this bill for projects are shown in the table below, listed in priority order pursuant to the project list received for fiscal year 2019. Further instructions are contained under the Land and Water Conservation Fund heading in the front of this explanatory statement.

In a time when budgetary constraints allow for only a limited number of new land acquisition projects, the Committees are encouraged by programs that leverage public/private partnerships for land conservation like the Highlands Conservation Act, which has a record of more than a 2 to 1 ratio in

non-Federal matching funds. Therefore, the bill includes \$20,000,000 for the Highlands Conservation Act Grants and the Service is directed to work with the Highlands States regarding priority projects for fiscal year 2019.

Revised bill language is included that provides appropriations for land acquisition and removes unnecessary language regarding the use of funding for Highlands Conservation Act activities. The language included in this bill provides sufficient authority to enable the use of funds appropriated in the Service's land acquisition account to meet the requirements of the Highlands Conservation Act (P.L. 108-421).

The detailed allocation of funding by activity is included in the table at the end of this explanatory statement. In addition, the bill includes a rescission of \$7,500,000 from unobligated balances of appropriations made prior to fiscal year 2014 for HCP Planning Assistance and Grants to States.

NEOTROPICAL MIGRATORY BIRD CONSERVATION  
FUND

The bill provides \$3,910,000 for the Neotropical Migratory Bird Conservation Fund.

MULTINATIONAL SPECIES CONSERVATION FUND

The bill provides \$11,561,000 for the Multinational Species Conservation Fund. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The bill provides \$2,502,711,000 for the Operation of the National Park System. All programs, projects, and activities are maintained at fiscal year 2018 levels, unless otherwise specified below.

For this and all other Service accounts funded in this bill, the Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 115-765 and Senate Report 115-276, unless otherwise specified below. The Service is directed to submit to the House and Senate Committees on Appropriations, within 60 days of enactment of this Act, an operating plan for the Operation of the National Park System appropriation that includes any necessary adjustments to the amounts provided to maintain park operations of all units budgeted in the fiscal year 2019 request. Such plan shall be subject to the reprogramming guidelines contained in this explanatory statement. Additional details, instructions, and requirements follow below and in the table at the end of this division.

**Resource Stewardship.**—The bill includes: \$3,000,000 for zebra mussel and quagga mussel containment, prevention, and enforcement; \$10,032,000 for Everglades restoration; \$1,500,000 to continue landscape restoration at newly authorized national parks, as provided by Public Law 114-113; and a total of \$800,000 to continue cave and karst ecosystem research.

**Visitor Services.**—The bill rejects all of the reductions proposed in the budget request. The Service is reminded of the directive in House Report 115-765 with regard to maintaining fiscal year 2018 funding levels.

**Park Protection.**—The bill does not include a one-time increase provided in fiscal year

2018 for the replacement of Park Police aircraft. Annual funding related to new aircraft is provided under Park Support and includes a program increase of \$1,200,000 to return the Service to a standard aircraft replacement cycle.

**Facility Operations and Maintenance.**—The bill includes \$135,980,000 for repair and rehabilitation projects and \$151,575,000 for cyclic maintenance.

**Park Support.**—The bill includes \$10,535,000 of increases requested in the budget addendum, including: \$6,225,000 for additional park rangers; \$830,000 for increased law enforcement training costs; \$1,200,000 for the U.S. Park Police helicopter replacement; \$1,300,000 for public health officers; \$150,000 for unmanned aircraft services expertise; \$400,000 for Katahdin Woods and Waters; \$965,000 for new parks such as Ste. Genevieve, Birmingham Civil Rights, and Freedom Riders; and \$400,000 for Captain John Smith National Heritage Trail to manage the new land acquisition of Werowocomoco. The bill also includes \$500,000 for the Semiquincentennial Commission to be expended in accordance with the United States Semiquincentennial Commission Act of 2016. Funding for the Roosevelt-Campobello International Park is maintained at the fiscal year 2018 level. Funding requested for the agency's reorganization efforts is provided subject to the guidance included at the front of this explanatory statement.

It is noted there are concerns regarding the Service's current inventory of hand-held equipment supporting global positioning systems. These systems are at end-of-life and have operating systems that are no longer supported by the developer. The Service is directed to brief the Committees on these issues within 90 days of enactment of this Act.

**External Administrative Costs.**—The bill includes \$184,925,000 for external administrative costs, including required fixed costs.

**Quagga and Zebra Mussel Control.**—Concern remains about the spread of quagga and zebra mussels in the West and \$3,000,000 is provided for continued containment, prevention, and enforcement efforts, equal to the fiscal year 2018 enacted level.

**Blackstone River Valley National Historical Park.**—The bill includes requested funding for the Blackstone River Valley National Historical Park with the expectation that the Service will continue to make funds available to the local coordinating entity to maintain staffing and capacity to assist in management of the park as authorized in Public Law 113-291.

**Captain John Smith National Historic Trail.**—There is strong disagreement with the Service's decision to proceed with management changes that affect the Service's Chesapeake Bay Office, the Captain John Smith Chesapeake National Historic Trail, and the Werowocomoco site despite congressional concerns. The Service is directed to produce the report required by Senate Report 115-276 that details the Service's legal authorities to make the change and the steps it plans to take to ensure that the management changes do not weaken the Service's commitment to Chesapeake Bay Program partnerships.

**Denali National Park Road.**—There is particular concern regarding the condition of the Denali National Park road and the Service is directed to follow the guidance contained in Senate Report 115-276 concerning the road.

**Everglades Restoration.**—The progress made toward restoration of the Everglades ecosystem is noted and support is continued for this multi-year effort to preserve one of the great ecological treasures of the United States.

**Oklahoma City National Memorial & Museum.**—The Service's submission of the re-

port required by the Consolidated Appropriations Act, 2018 concerning Federal funds allocated for the Oklahoma City Memorial is acknowledged. The Service should continue to work with all interested stakeholders to determine options for providing the fully authorized level of \$5,000,000 for the memorial.

**Point Reyes National Seashore.**—It is noted that multi-generational ranching and dairying is important both ecologically and economically for the Point Reyes National Seashore and the surrounding community. These historic activities are also fully consistent with Congress's intent for the management of Point Reyes National Seashore. There is awareness that the Service is conducting a public process to comply with a multi-party settlement agreement that includes the preparation of an environmental impact statement to study the effects of dairying and ranching on the park. The inclusion of alternatives that continue ranching and dairying is strongly supported, including the Service's Initial Proposal to allow existing ranch families to continue ranching and dairying operations under agricultural lease/permits with 20-year terms, and expect the Service to make every effort to finalize a General Management Plan Amendment that continues these historic activities.

**Trestles Historic District.**—It is recognized that Trestles Beach plays a vital role in the training and readiness of the United States Marine Corps and note that amendments to the National Historic Preservation Act included in National Park Service Centennial Act (P.L. 114-289) modified the nomination and approval process for the listing of Federal properties on the National Register of Historic Places. It is also noted that the Department has taken the position that it does not have jurisdiction to hear an appeal alleging a failure of the Department of the Navy to nominate the Trestles Historic District to the National Register and do not expect the Department to take any further action on this issue.

NATIONAL RECREATION AND PRESERVATION

The bill provides \$64,138,000 for national recreation and preservation programs and includes the following additional instructions.

**Heritage Partnership Program.**—The bill includes \$20,321,000 for the Heritage Partnership Program. Individual heritage areas are encouraged to develop plans for long-term sufficiency. The Alliance of National Heritage Areas is commended, in response to congressional direction, for developing an allocation model that maintains core services of more established areas while proposing additional resources to newer areas. This progress is noted and the Service is directed to work with heritage areas to further develop consensus toward a sustainable funding distribution. As this effort continues, the Service is expected to distribute funds in the same manner as fiscal year 2017 with the increase above the enacted level to be equally distributed to Tier I areas or Tier 2 areas currently receiving the minimum funding levels of \$150,000 and \$300,000 respectively.

**Natural Programs.**—The bill maintains funding for Natural Programs, including the Chesapeake Gateways and Trails program and Rivers, Trails, and Conservation, at the fiscal year 2018 enacted level.

**Cultural Programs.**—The bill includes \$25,562,000 for cultural programs, an increase of \$500,000 above the enacted level. The increase above the enacted level is provided pursuant to 20 U.S.C. 4451(b) for grants to nonprofit organizations or institutions for the purpose of supporting programs for Native Hawaiian or Alaska Native culture and arts development at a total program level of \$1,000,000 to be utilized consistent with the

direction outlined in the explanatory statement accompanying Public Law 115-141. This program is a good example of a multi-state, multi-organizational collaboration as envisioned under the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act. Other cultural programs, including grants to preserve and interpret Japanese American Confinement Sites, are continued at their fiscal year 2018 levels.

**Grants Administration.**—The bill does not include the proposed transfer of grants administration to cultural programs as proposed in the request.

**Native American Graves Protection and Repatriation Grants.**—The bill supports the Native American Graves Protection and Repatriation Grant Program and maintains funding at the fiscal year 2018 enacted level.

**American Battlefield Protection Program Assistance Grants.**—Funding is provided at the fiscal year 2018 enacted level. The importance of public-private partnerships to maintain the preservation of America's battlefields is recognized and the Service is urged to give priority to projects with broad partner support. The timely review and processing of grants continues to be encouraged.

**HISTORIC PRESERVATION FUND**

The bill provides \$102,660,000 for the Historic Preservation Fund. Within this amount, \$49,675,000 is provided for grants to States and \$11,735,000 is provided for grants to Tribes. The bill also includes \$15,250,000 for competitive grants, of which \$750,000 is for grants to underserved communities and \$14,500,000 is for competitive grants to document, interpret, and preserve historical sites associated with the Civil Rights Movement. The bill also includes \$8,000,000 for competitive grants to Historically Black Colleges and Universities and \$13,000,000 for the Save America's Treasures competitive grant program for the preservation of nationally significant sites, structures, and artifacts.

The bill continues \$5,000,000 for preservation grants to revitalize historic properties of national, State, and local significance in order to restore, protect, and foster economic development of rural villages and downtown areas. Grants shall be made available to States, local governments, Tribes, or community or statewide non-profit organizations for the purpose of making sub-grants to eligible projects. Priority shall be given to applicants with a demonstrated capacity for allocating similar awards for preservation of such sites. To ensure that limited funds are targeted in the most effective manner, it is recommended that the Service give priority to applicants that cap their administrative costs at no more than five percent. The Service shall confer with the House and Senate Committees on Appropriations prior to finalizing a grant announcement for these funds and shall distribute grants expeditiously.

**CONSTRUCTION**

The bill provides \$364,704,000 for Construction and includes a general program increase of \$127,151,000 above the request to address longstanding deferred maintenance and major construction related requirements of the Service. The Service is directed to provide, no later than 60 days after enactment of this Act, an operating plan for the allocation of funds, including Line Item Construction projects. Requests for reprogramming will be considered pursuant to the guidelines included at the beginning of this explanatory statement. No funds are provided for project number 16, entitled "Rehabilitate Historic Main Parade Ground Barracks" at the Fort Vancouver National Historic Site. It has been indicated that the proposed project is intended as part of a future plan to relocate the Service's Pacific West Regional Office

from its current location in California. However, the budget request does not indicate any such plans, and the Department subsequently implemented new regional boundaries for the Service as of August, 2018. Therefore, it is premature to fund this project during fiscal year 2019. It is further noted with concern that the Service decided to move the current regional office without first consulting stakeholders and Congress. The Service is reminded that major organizational proposals like this should be disclosed as part of the annual budget proposal so that Congress and the public have the opportunity to vet them.

**Gustavus Intertie, Glacier NP.**—The Service is directed to consult regularly with the City of Gustavus as it issues the RFP, prospectus, and design/build contracts for the intertie at Glacier Bay National Park.

**LAND ACQUISITION AND STATE ASSISTANCE**

The bill provides \$168,444,000 for Land Acquisition and State Assistance. The amounts provided by this bill for projects are shown in the table below, listed in priority order pursuant to the project list received for fiscal year 2019. Further instructions are contained under the Land and Water Conservation Fund heading in the front of this explanatory statement.

**CENTENNIAL CHALLENGE**

The bill provides \$20,000,000 for the Centennial Challenge matching grant program. The program provides dedicated Federal funding to leverage partnerships for signature projects and programs for the national park system. The Service is expected to use these funds to address projects that have a deferred maintenance component in order to alleviate the sizeable deferred maintenance backlog within the national park system. A one-to-one match is required for projects to qualify for these funds. The Service is urged to give preference to projects that demonstrate additional leveraging capacity from its partners. From amounts in the Centennial Challenge account, the Department is encouraged to make \$5,000,000 available for critical programs and projects, pursuant to 54 U.S.C. 1011 Subchapter II, subject to terms and conditions outlined in Title VI of Public

Law 114-289. It is noted that amounts appropriated for the Centennial Challenge are now supplemented by additional mandatory revenues from sales of Federal Recreational Lands Senior Passes, as authorized by the National Park Service Centennial Act (P.L. 114-289).

**UNITED STATES GEOLOGICAL SURVEY SURVEYS, INVESTIGATIONS, AND RESEARCH**

The bill provides \$1,160,596,000 for Surveys, Investigations, and Research of the U.S. Geological Survey (USGS, or the Survey). Within this funding, \$16,100,000 is provided for continued development of an earthquake early warning (EEW) system and \$5,000,000 is provided for capital costs associated with the buildout of the EEW. Additionally, \$5,000,000 is provided for Advanced National Seismic System (ANSS) infrastructure and \$1,200,000 is provided to address base staffing needs necessary to support the ANSS.

The Committees have not yet received an updated Technical Implementation Plan for the ShakeAlert Production System, including revised cost estimates and timelines, as directed in the statement accompanying P.L. 115-141. All programs, projects, and activities are maintained at fiscal year 2018 levels, except for requested fixed cost increases and transfers, or unless otherwise specified below. For this and all other Bureau accounts funded in this bill, In-

dian Affairs is expected to comply with the instructions and requirements at the beginning of this division and in House Report 115-765 and Senate Report 115-276, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division. It is understood that the Pacific Salmon Commission is close to reaching an agreement to amend Annex IV of the Pacific Salmon Treaty to replace management terms that expired on December 31, 2018; therefore, the Bureau is directed to report back within 90 days of enactment of this Act with a detailed cost estimate of the responsibilities under the Pacific Salmon Treaty and, specifically, Annex IV of the Treaty as proposed to be amended.

TITLE II—ENVIRONMENTAL PROTECTION AGENCY

The bill provides \$8,058,488,000 for the Environmental Protection Agency (EPA). The bill does not support reductions proposed in the budget request unless explicitly noted in the explanatory statement.

*Congressional Budget Justification.*—The Agency is directed to continue to include the information requested in House Report 112-331 and any proposals to change State allocation formulas that affect the distribution of appropriated funds in future budget justifications.

*Reprogramming and Workforce Reshaping.*—The bill does not include any of the requested funds for workforce reshaping. Further, it is expected that the Agency will not consolidate or close any regional offices in fiscal year 2019. The Agency is held to the reprogramming limitation of \$1,000,000 and should continue to follow the reprogramming directives as provided in the front of this explanatory statement. It is noted that such reprogramming directives apply to proposed reorganizations, workforce restructuring, reshaping, transfer of functions, or downsizing, especially those of significant national or regional importance, and include closures, consolidations, and relocations of offices, facilities, and laboratories.

Further, the Agency may not use any amount of de-obligated funds to initiate a new program, office, or initiative, without the prior approval of the Committees. Within 30 days of enactment of this Act, the Agency is directed to submit to the House and Senate Committees on Appropriations its annual operating plan for fiscal year 2019, which shall detail how the Agency plans to allocate funds at the program project level.

*Other.*—It is noted that the current workforce is below the prior year levels, therefore, the bill includes rescissions in the Science and Technology and Environmental Programs and Management accounts that capture expected savings associated with such changes. The Agency is directed to apply the rescissions to reflect efficiency savings in a manner that seeks, to the extent practicable, to be proportional among program project areas. Amounts provided in

this Act are sufficient to fully fund Agency payroll estimates, and the Agency's fiscal year 2019 FTE target is expected to be no less than the fiscal year 2018 levels. It is understood that the Agency routinely makes funding payroll requirements a top priority and it is expected that the Agency will continue to do so as it executes its fiscal year 2019 appropriation and applies the rescissions.

It is not expected that the Agency will undertake adverse personnel actions or incentive programs to comply with the rescissions, nor is it expected that the Agency will undertake large-scale adverse personnel actions or incentive programs in fiscal year 2019. As specified in the bill language, the rescissions shall not apply to the Geographic Programs, the National Estuary Program, and the National Priorities funding in the Science and Technology and Environmental Programs and Management accounts. The Agency is directed to submit, as part of the operating plan, details on the application of such rescissions at the program project level.

There is continued support for the EnergySTAR program for both appliances and buildings at the fiscal year 2018 enacted level and the proposed shift to fee-based funding, is not recommended. There is concern that litigation over non-compliance of voluntary EnergySTAR efficiency standards, which can be the result of a standard that has changed, may lead some participants to avoid participating in the program. There is Committees also awareness of the need for products carrying the EnergySTAR label to achieve the required efficiency levels to best benefit consumers. The Agency is directed to evaluate how the Agency may balance these interests to ensure that the EnergySTAR program is both fair to voluntary participants and reliable for consumers and to report back to the Committees within 180 days of the enactment of this Act. The Agency shall require each grantee to provide a minimum 10 percent match, including in-kind contributions. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

The Agency is directed to brief the Committees within 60 days of enactment of this Act about its plans for this action.

*Regulation of Groundwater.*—The Agency is directed to continue following the guidance contained in the explanatory statement accompanying Public Law 115-141. It is reiterated that, since enactment in 1972, the Clean Water Act (CWA) has regulated effects to navigable waters, while regulation of groundwater has remained outside of the Act’s jurisdiction. Instead, legislative history surrounding the CWA indicates that Congress intended for groundwater pollution to be regulated through the CWA’s nonpoint source program and other Federal and State laws.

The Congressional Budget Office estimates that in fiscal year 2019 fee collections will begin several months after the beginning of the fiscal year and will total \$5,000,000.

*Transparency of Public Calendars.*—It is appreciated that the EPA has recently taken steps to improve transparency of the daily calendars of the Agency’s senior leaders. The Agency is directed to continue to take all necessary steps to comply with Senate Report 115-276 as it relates to the transparency of public calendars.

*Vehicle Idling Training.*—It is noted that diesel vehicle operators and businesses in the private sector have reduced their vehicle fleet costs and improved air quality by participating in programs that offer certifications for idle reduction and fuel efficient driving programs. The Agency is directed to conduct a cross-agency analysis to determine which branches of government could achieve savings and improve air quality by engaging in external programs, including university extension programs that offer this training.

*Water Quality Certification.*—The Administrator is encouraged to finalize guidance on the implementation of Clean Water Act Section 401 (33 U.S.C. 1341).

To determine these areas, the Agency shall use the most recent design values calculated from validated air quality data. It is noted that these funds are available for emission reduction activities deemed necessary for compliance with national ambient air quality standards and included in a State Implementation Plan submitted to EPA. Not later than the end of fiscal year 2019, EPA should provide a report to the Committees that includes a table showing how fiscal year 2017 and 2018 funds were allocated. The bill provides \$875,000 for the Office of the Under Secretary for Natural Resources and Environment.

**Forest Service Accounting, Budgeting, and Management.**—The Service's efforts to improve its accounting, budgeting, and management practices are appreciated and ongoing work with the Service, Office of Budget and Program Analysis, Under Secretary for Natural Resources and Environment, and Secretary of Agriculture to continue these improvements is expected. There is particular interest in the Service's plan to transition away from Cost Pools and remind the Service that a plan is required within 180 days of enactment of P.L. 115-141.

**Wildland Fire Management.**—The Consolidated Appropriations Act, 2018 (P.L. 115-141) provided a budget cap adjustment for wildfire suppression costs and included forest management reforms. The Service and the Secretary of Agriculture are reminded of the multi-year effort to achieve these budget and legislative changes and expect that all authorities will be appropriately used to improve the condition of the Nation's forests, as well as the ability of the Service to proactively manage and sustain them for future generations. The Service is also reminded of expectations for more accurate accounting for wildfire suppression costs, especially in light of the availability of the cap adjustment in fiscal year 2020. There is hope that the Secretary's Shared Stewardship initiative will result in better forest management, healthier forests, and an increase in the number of fire-adapted communities.

**Report on Partnerships.**—Within 180 days of enactment of this Act, a detailed report on the funding the Service has provided to the National Forest Foundation and National Fish and Wildlife Foundation for each of the past 10 fiscal years is requested. The report

also should include information on the specific projects and activities, other partners involved, and the Foundations' administrative operations that were supported by these funds.

**Conservation Finance.**—The Service is encouraged to continue conservation finance efforts to leverage non-Federal investments in outcome-focused projects, promote collaboration with public and private sector partners, and utilize new tools to accelerate the pace and scale forest management activities.

The interest of Members of Congress, States, forestry and research associations, industry, and researchers in the Service's various research programs, projects, and activities is noted. It is believed that Congress should broadly define the highest priority research goals, and that the Service should formulate the specific programs, projects, and activities to achieve them. The Service is expected to complete the review and restructuring of the research program, as directed by House Report 115-765 and Senate Report 115-276, prior to the end of the second quarter of fiscal year 2019. There is interest in reviewing the Service's plan for strengthening its research program and note that they will adjust the directions regarding forestry research as needed in the future.

The Service is directed to prioritize data collection and analysis on U.S. forests; research to support land affected by wildland fire; post-fire analysis; research to support the National Forest System; and research related to forest products for fiscal year 2019.

The Service is directed to provide information to the Committees regarding the mission of the Southern Research Station Pineville Research Facility and the viability of continued wood utilization research at that site within 60 days of enactment of this Act.

The Service is directed to provide a report regarding its current and planned research on issues and risks related to firefighter health and safety in wildlands and wildland urban interface within 90 days of enactment of this Act. **Forest Legacy.**—The bill provides \$63,990,000 for the Forest Legacy program. This includes \$6,400,000 for program administration and \$57,590,000 for projects. The Service should fund projects in priority order according to the updated, competitively selected national priority list submitted to the Committees and the directive contained in Division G of

the explanatory statement accompanying Public Law 115-141, the Consolidated Appropriations Act, 2018. The bill includes a rescission of \$1,503,000 in Forest Legacy funds. This funding rescission is from cost savings of some projects and funds returned from failed or partially failed projects.

There is concern with the Service's ability to provide timely information on project status and available balances and expect the Service to be able to provide this information expeditiously moving forward. Ensuring project recordkeeping is accurate must be a top priority in fiscal year 2019.

**Requested Reports.**—A report is requested regarding options to improve parking and access to the Cleveland National Forest within 180 days of enactment of this Act. The Service should consult with the State of California, communities surrounding the forest, and private partners for their input and recommendations. Also requested, is a report on its efforts to address road construction and maintenance issues in the Uwharrie National Forest within 30 days of enactment of this Act.

**Comprehensive Capital Improvement Plan.**—The Service is reminded of the directive included in the explanatory statement accompanying P.L. 115-141 that required the development of a long-term, multi-year plan to guide needed investments in buildings, facilities, transportation systems, and other infrastructure by December 30, 2018. There is interest in reviewing the plan and it is expected that the Service will utilize the plan in formulating future budget requests. The annual budget justification documents should detail the amounts requested for new construction, maintenance, decommissioning, and other activities for the Facilities, Roads and Trails programs.

LAND ACQUISITION

DEPARTMENT OF HEALTH AND HUMAN SERVICES  
INDIAN HEALTH SERVICE  
INDIAN HEALTH SERVICES

The bill provides a total of \$5,804,223,000 for the Indian Health Service (IHS), of which \$4,103,190,000 is for the Services account as detailed below. All programs, projects, and activities are maintained at fiscal year 2018 enacted levels unless otherwise specified below. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 115-765 and Senate Report 115-276, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

**Staffing for New Facilities.**—The bill includes \$103,931,000 for staffing newly opened health facilities, which is the full amount based upon updated estimates provided to the Committees. Funds for the staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or the Joint Venture Construction Program that have opened in fiscal year 2018 or will open in fiscal year

2019. None of these funds may be allocated to a facility until such facility has achieved beneficial occupancy status.

**Hospitals and Health Clinics.**—The bill provides \$2,147,343,000 for hospitals and health clinics, and includes \$36,000,000 for operations and maintenance of village built and tribally leased clinics, and \$4,000,000 for domestic violence prevention. There is awareness of ongoing litigation between the Cherokee Nation and the United Keetoowah Band of Cherokee Indians. The bill is neutral on this matter and provides the requested \$1,969,000 for new Tribes. The agency is expected to consult with both parties before disbursing funds.

**Dental Health.**—The bill provides \$204,672,000 for dental health and includes the requested transfer of \$800,000 from direct operations. The Service is directed to backfill vacant dental health positions in headquarters.

**Mental Health.**—The bill provides \$105,281,000 for mental health programs and includes \$6,946,000 to continue behavioral health integration and \$3,600,000 to continue the suicide prevention initiative.

**Alcohol and Substance Abuse.**—The bill provides \$245,566,000 for alcohol and substance abuse programs and includes: \$6,500,000 for the Generation Indigenus initiative;

\$1,800,000 for the youth pilot project; and \$2,000,000 to fund essential detoxification and related services provided by the Service's public and private partners to IHS beneficiaries. The Service is expected to continue its partnership with the Na' Nizhoozhi Center in Gallup, New Mexico, as directed by the Consolidated Appropriations Act, 2017, and to distribute funds provided for detoxification services in the same manner as in fiscal year 2017. It is believed that Service and Tribally operated facility participation in state prescription drug monitoring programs can help to combat the abuse of drugs like opioids and direct the agency to provide the report required by Senate Report 115-276 on this issue.

**Opioid Grants.**—To better combat the opioid epidemic, the bill includes an increase of \$10,000,000 and instruct the Service, in coordination with the Assistant Secretary for Mental Health and Substance Use, to use the additional funds provided above the fiscal year 2018 level to create a Special Behavioral Health Pilot Program modeled after the Special Diabetes Program for Indians. This Special Behavioral Health Pilot Program for Indians shall be developed after appropriate Tribal consultation and should support the development, documentation, and sharing of more locally-designed and culturally appropriate prevention, treatment, and aftercare services for mental health and substance use disorders in Tribal and urban Indian communities. The Director of the Indian Health Service, in coordination with the Assistant Secretary for Mental Health and Substance Use, shall award grants for providing services, and provide technical assistance to grantees under this section to collect and evaluate performance of the program.

**Purchased/Referred Care.**—It is recognized that there is a strong need for Purchased/Referred Care funding across Indian Country, particularly in areas that lack Indian Health Service facilities. The Service's continued pro rata allocation of any increases provided for population growth and inflation, regardless of any population growth or cost-of-living differences among areas, as documented by the Government Accountability Office (GAO-12-466) is further recognized. Consistent with GAO recommendations, the Service is encouraged to consider allocating any future budget increases using the allocation formula established in consultation with the Tribes.

**Urban Indian Health.**—The bill provides \$51,315,000 for urban Indian health and includes a \$2,000,000 general program increase. The Service is expected to continue to include current services estimates for urban Indian health in future budget requests.

**Indian Health Professions.**—The bill provides \$57,363,000 for Indian health professions and includes bill language allowing up to \$44,000,000 for the loan repayment program. The bill provides an increase of \$195,000 to expand the Indians into Medicine program to four sites. Funding for the Quentin N. Burdick American Indians into Nursing Program and the American Indians into Psychology Program is continued at no less than the fiscal year 2018 enacted levels.

**Maternal and Child Health.**—The hiring of a national maternal/child health coordinator as a top priority for the Office of Clinical and Preventive Services and await the report required in House Report 115-765 is supported.

#### CONTRACT SUPPORT COSTS

The bill continues language from fiscal year 2018 establishing an indefinite appropriation for contract support costs estimated to be \$822,227,000, which is equal to the request. By retaining an indefinite appropriation for this account, additional funds may be provided by the agency if its budget esti-

mate proves to be lower than necessary to meet the legal obligation to pay the full amount due to Tribes. It is believed that fully funding these costs will ensure Tribes have the necessary resources they need to deliver program services efficiently and effectively.

The stipulations included in the "Indian Health Services" account regarding the allocation of funds pertain to this account as well.

**Health Care Facilities.**—There is continued dedication to providing access to health care for IHS patients across the system. IHS is expected to aggressively work down the current Health Facilities Construction Priority System list. In addition, within 180 days of enactment of this Act, the Service is directed to publish the gap analysis directed by House Report 115-238 so that the Committees can more accurately determine facilities needs across the IHS system.

**Indian Health Care Improvement Act Demonstration Authorities.**—The Service is directed to provide a report within 180 days of enactment of this Act identifying the criteria the agency will use for ranking projects funded through demonstration authorities provided in the most recent reauthorization of the Indian Health Care Improvement Act should funds become available in future fiscal years. The Service is encouraged to consider as one factor the location of existing or proposed facilities and the distance that patients must travel to receive the same or similar services.

**Health Facilities Requirements in Alaska.**—The Service is directed to work with appropriate Tribal organizations and submit a report to the Committees within 180 days of this Act that includes an assessment of updated facilities needs in the State of Alaska as well as recommendations for alternative financing options which could address the need for additional health care facilities space suitable to meet the current and future health care needs of IHS beneficiaries in the State.

In addition, HHS is encouraged to conduct public outreach, in collaboration with State departments of health, particularly in the 10 States with the highest age-adjusted incidence rate of cancer among persons aged less than 20 years old, to improve awareness by residents, clinicians, and others, as appropriate, of possible contributing factors to pediatric cancer, including environmental exposures, in a manner that is complementary of, and does not conflict with, ongoing pediatric cancer-related activities supported by HHS. **DIVISION E—DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2019**

In implementing this bill, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in H. Rept. 115-829 (House report) accompanying H.R. 6385 (House bill) and S. Rept. 115-282 (Senate report) accompanying S. 3108 (Senate bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House and Senate report language for emphasis or clarification, does not negate language in such reports unless expressly provided herein. Language expressing an opinion or making an observation in the House or Senate reports represents the view of the respective committee unless specifically endorsed in this explanatory statement. In cases in which the House and Senate reports provide contradictory directives or contradictory instructions that are not addressed in this explanatory statement, such directives or instructions are negated.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House and Senate reports, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

In lieu of the tables and allocations of funding contained in the House and Senate reports, the tables and such allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds.

Section 7019 of the Act requires that amounts designated in the respective tables referenced in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available in such designated amounts, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act of 1961 (FAA) (the 653(a) report), where applicable. The section also includes limited authority to deviate from such specified amounts and continues language similar to prior years including exceptions to the application of the requirements of such section for amounts designated in tables included in this explanatory statement for International Military Education and Training, Global Health Programs, and Economic Support Fund/Global Programs, funds for which the initial period of availability has expired, amounts designated by the Act as minimum funding requirements, and funds made available for a country pursuant to sections 7043(c), 7047(d), and 7071(b) of the Act.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations, unless an exception or deviation authority is specifically provided herein.

For the purposes of this explanatory statement, the term “prior Acts” means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, any reference to “division K of Public Law 115-141” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2018, and any reference to “division J of Public Law 115-31” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2017.

For purposes of the Act and explanatory statement, the term “regular notification procedures of the Committees on Appropriations” means such Committees are notified

not less than 15 days in advance of the obligation of funds. The Secretary of State and USAID Administrator are directed to submit notifications for the obligation of funds made available by the Act and prior Acts not later than 60 days prior to the expiration of such funds.

Congressional notifications submitted by the Secretary of State and USAID Administrator for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer intended to be used as previously justified.

For purposes of the Act, the term “prior consultation” means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which the Committees are provided a meaningful opportunity to provide facts and opinions to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Direction to consult with the “Committee” in either the House or Senate reports shall mean to consult with the Committees on Appropriations.

In the Act, the term “stabilization assistance” has the same meaning as defined by the Stabilization Assistance Review in “A Framework for Maximizing the Effectiveness of U.S. Government Efforts to Stabilize Conflict-Affected Areas, 2018.”

As in prior fiscal years, additional funding designated as Overseas Contingency Operations/Global War on Terrorism (OCO/GWOT) pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) is contained in title VIII of the Act. Such funds are intended to address the extraordinary costs of operations and assistance in countries in conflict and areas of instability and violence, particularly in the Middle East, South Asia, and Africa; security, stabilization, and peacekeeping programs; humanitarian activities; and counterterrorism and counterinsurgency efforts.

The Secretary of State shall comply with the directive under section 7015 in the House report regarding the transfer or release of any individuals detained at Naval Station, Guantanamo Bay, Cuba in the manner described.

**TITLE I  
DEPARTMENT OF STATE AND RELATED AGENCY**

The Secretary is not directed to prioritize multimodal projects and projects on major corridors of the national freight network when awarding projects in urbanized areas. The Secretary is not directed to prioritize applications for bridge replacement and rehabilitation projects, including off-system bridges, or to prioritize applications that demonstrate cost savings by bundling multiple rural bridge projects into a single proposal, when awarding projects in a rural area.
