

(2) by adding after section 136 the following:

“SEC. 137. Amounts made available in this Act for personnel pay, allowances, and benefits in each department and agency shall be available for obligations incurred pursuant to 31 U.S.C. 1341.

“SEC. 138. All obligations incurred and in anticipation of the appropriations made and authority granted by this Act for the purposes of maintaining the essential level of activity to protect life and property and bringing about orderly termination of Government function, and for purposes as otherwise authorized by law, are hereby ratified and approved if otherwise in accord with the provisions of this Act.

“SEC. 139. (a) If a State (or another Federal grantee) used State funds (or the grantee's non-Federal funds) to continue carrying out a Federal program or furloughed State employees (or the grantee's employees) whose compensation is advanced or reimbursed in whole or in part by the Federal Government—

“(1) such furloughed employees shall be compensated at their standard rate of compensation for such period;

“(2) the State (or such other grantee) shall be reimbursed for expenses that would have been paid by the Federal Government during such period had appropriations been available, including the cost of compensating such furloughed employees, together with interest thereon calculated under section 6503(d) of title 31, United States Code; and

“(3) the State (or such other grantee) may use funds available to the State (or the grantee) under such Federal program to reimburse such State (or the grantee), together with interest thereon calculated under section 6503(d) of title 31, United States Code.

“(b) For purposes of this section, the term ‘State’ and the term ‘grantee’ shall have the meaning as such term is defined under the applicable Federal program under subsection (a). In addition, ‘to continue carrying out a Federal program’ means the continued performance by a State or other Federal grantee, during the period of a lapse in appropriations, of a Federal program that the State or such other grantee had been carrying out prior to the period of the lapse in appropriations.

“(c) The authority under this section applies with respect to any period in fiscal year 2019 (not limited to periods beginning or ending after the date of the enactment of this Act) during which there occurs a lapse in appropriations with respect to any department or agency of the Federal Government which, but for such lapse in appropriations, would have paid, or made reimbursement relating to, any of the expenses referred to in this section with respect to the program involved. Payments and reimbursements under this authority shall be made only to the extent and in amounts provided in advance in appropriations Acts.”

SEC. 102. For the purposes of division C of Public Law 115-245, the time covered by such division shall be considered to include the period which began on or about December 22, 2018, during which there occurred a lapse in appropriations.

SEC. 103. Subsection (c)(2) of section 1341 of title 31, United States Code, is amended by inserting “, and subject to the enactment of appropriations Acts ending the lapse” before the period.

This Act may be cited as the “Further Additional Continuing Appropriations Act, 2019”.
