

body is being affected and not a single group's beliefs.

The Women's Health Protection Act would prevent states from passing these dangerous legislations and would prohibit state and federal politicians from imposing a range of dangerous anti-choice provisions. Senator Sanders needs to expand and protect the reproductive rights of women by continuing to fight and support for The Women's Health Protection Act, and by bringing attention to this continuing struggle for equality and individual choice over one's own body. Senator Sanders also can fight to keep Planned Parenthood funded and covered by Medicaid, as attacking Planned Parenthood remains a priority for social conservatives in our Congress today. As of right now 2.5 million people rely on Planned Parenthood for a range of health care services, like birth control and cancer screenings, and defunding it would change the health of millions of Americans as found in the article "How Women's reproductive rights stalled under Trump" by Julia Belluz. So therefore I am not only asking for continuing support for women's reproductive rights but also the health of millions of Americans.●
