

Children's Healthcare of Atlanta is the home of this Nation's largest pediatric sickle cell disease program with more than 1,800 children and teens. Georgia is home to over 8,000 people who have sickle cell disease, one of the Nation's most impacted populations.

On this Thursday, February 7, Children's Healthcare of Atlanta will be hosting a briefing at 1 p.m. right here in the Capitol in room HVC-201 to discuss innovations in sickle cell disease treatment.

Madam Speaker, more than 100,000 Americans have and suffer from sickle cell disease. It is a painful, genetic blood disorder that prevents the children from getting air. It is debilitating.

Madam Speaker, I ask that we stand proudly and support the Children's Healthcare of Atlanta.

INVEST IN MEANINGFUL PHYSICAL BARRIERS AT OUR BORDER

(Mr. GIANFORTE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIANFORTE. Madam Speaker, Border Patrol agents recently made the largest fentanyl bust in the agency's history. A suspect attempted to cross our southern border with nearly 400 pounds of meth and enough fentanyl to kill 57 million Americans.

Montana faces a meth epidemic that is tearing our families apart. We must secure the border to cut off the meth supply that cartels push through the ports of entry and across our porous borders.

Securing the border with a physical barrier enjoys bipartisan support. More than 60 Democrats in the House and the Senate have claimed a physical barrier should be part of the solution.

Both U.S. Senators from Montana have voted for physical barriers. Yet, despite bipartisan support for a physical barrier, the Speaker recently declared there is not going to be any money for a wall.

Madam Speaker, I urge Members of the border security conference committee to listen to lawmakers from both parties and invest in meaningful physical barriers at our southern border.

REVERSE TRANSGENDER MILITARY BAN

(Mr. PAPPAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAPPAS. Madam Speaker, yesterday, I welcomed a transgender veteran from New Hampshire named Tavion as my guest to the State of the Union. I am proud to say that he was warmly received here in the people's House.

Tavion didn't give a big speech last night but he still delivered a powerful message. His story and exemplary service stand as a direct rebuttal to the

false claims and flimsy logic used to justify the Trump administration's ban on transgender military service.

By politicizing our military and marginalizing patriot servicemembers, this unjust policy is weakening America's Armed Forces. Any American who is prepared to risk life and limb in defense of our Nation deserves our undying respect.

In spite of our political differences, my sincere hope is that members of both parties can come together to support our men and women in uniform, regardless of gender identity.

Madam Speaker, the American people sent us to Washington to stand up for our constituents and our values. We can live up to that responsibility by reversing the transgender military service ban and honoring brave trans vets like Tavion.
