

of Congress and learn about the American legislative process. Over the years, I have been honored to host many outstanding Australian students, and Jack has been no exception.

As an intern, Jack has helped my office with many of the day-to-day administrative functions, including taking calls from constituents, welcoming visitors, and drafting letters in response to inquiries. He also had the opportunity to work on floor remarks, as well as helping my staff with legislative research and outreach on several bills that I have introduced in the 116th Congress. Jack approached his internship with great enthusiasm and clearly has showed his passion for public service.

On February 5th, Jack had the opportunity to attend the 2019 State of the Union Address by President Trump. I know this is just one of several experiences that he will take away from his time in Washington and the United States.

Madam Speaker, it has been my honor to host Jack for his Congressional internship. I have no doubt he will go on to do great things in the future. I wish him much success.

HONORING THE LIFE AND LEGACY
OF MRS. MILLIE RUTH
McCLELLAND CHARLES

HON. CEDRIC L. RICHMOND

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 7, 2019

Mr. RICHMOND. Madam Speaker, I rise to honor the life and legacy of Mrs. Millie Ruth McClelland Charles, a legendary social worker and native of New Orleans, Louisiana. Mrs. McClelland passed away at the age of 96.

Mrs. Charles was born July 25, 1923 in New Orleans, Louisiana to Rev. Williams McClelland, a Baptist preacher, and Frankie Little, a school teacher.

Mrs. Charles entered Dillard University when she was only 15 years old and graduated with a degree in secondary education. However, after a few years of teaching in north Louisiana and loving the children in her classes, she realized she could find more fulfillment in social work because she would be able to help children and their families find ways to solve problems. Therefore, she earned a master's degree in the subject at the University of Southern California in the mid-1950s.

Mrs. Charles was married briefly, to Charles Carrol Charles, in 1950, while she was working in the City Welfare Department, Children and Family Services Division. He died while she was pregnant with her only child, who goes by the name H.M.K. Amen.

In or about 1965, Dr. Emmett W. Bashful, asked an energetic, passionate 42 year old Mrs. Charles to start a social work program at Southern University in New Orleans (SUNO). In its beginnings, it was a department of Social Work. Under the leadership of Mrs. Charles, the department transformed into a fully-accredited school of social work offering baccalaureate and masters level degrees.

Mrs. Charles's work has been recognized nationally. The National Association of Social Workers named her Social Worker of the Year. SUNO has a Millie McClelland Charles

Endowed Chair of Social Work, and the Louisiana Legislature passed a special resolution to name SUNO's School of Social Work building after her. The building opened in 2016.

Mrs. Charles served as Co-Chair of the Council on Social Work Education (CSWE) Annual Meeting; a Member of the CSWE Committee on Undergraduate Curriculum Standards; and a Site Visitor for the CSWE Accreditation Commission. In addition, since 1972, she has consulted with numerous Undergraduate and Graduate Social Work Programs around the U.S., advising them on curricula.

Mrs. Charles has received numerous awards: National Social Worker of the Year (NASW), 1975; Humanitarian of the Year, Federal Women Employees Association, 1975; Founders Award, New Orleans Chapter, National Association of Black Social Workers, 1979; Doctor of Humane Letters, Dillard University, 1993; and she also was one of four women honored by the New Orleans YWCA for lifetime of service to the community. Mrs. Charles was hailed as a lifelong crusader for equality during a ceremony in which she was presented The Times-Picayune Loving Cup on Tuesday, June 24, 2013.

Mrs. Charles loved the city and the people of New Orleans. Her legacy will forever be a part of the city and her dedication to community embodies the spirit of New Orleans. We cannot match the sacrifices made by Mrs. Charles, but surely, we can try to match her sense of service. We cannot match her courage, but we can strive to match her devotion.

Madam Speaker, I celebrate the life and legacy of Mrs. Millie Ruth McClelland Charles.

INTRODUCTION OF THE YAKIMA
RIVER BASIN WATER ENHANCE-
MENT PROJECT PHASE III ACT

HON. DAN NEWHOUSE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 7, 2019

Mr. NEWHOUSE. Madam Speaker, I rise today to introduce my legislation, the Yakima River Basin Water Enhancement Project Phase III Act. As my constituents know all too well, communities across the western United States are often faced with the detrimental impacts of droughts and water shortages. This bipartisan legislation offers solutions to give water users more certainty, while also recognizing the concerns of conservationists and the various stakeholders in the Yakima River Basin.

The Yakima River Basin is one of the leading agricultural regions in Washington State and throughout the country. The orchardists, wine grape and hop growers, and other members of the agricultural community inject approximately \$3.2 billion into Washington's economy and support countless jobs in the area. However, the demand for water in the region currently exceeds the resources available, especially during times of drought, which have hit the state especially hard in the past few years.

With researchers predicting that drought seasons will only become more common and

get worse as snowpack in the mountains continues to decline, action needs to be taken so that stakeholders in the Yakima River Basin can continue operating without having to worry about whether or not they will be able to water their crops or support key commercial and municipal activities. As the nation has witnessed extreme water problems in California, we must be proactive and have a viable plan in place should intense drought persist in Washington State.

The Yakima River Basin Integrated Plan was developed by a diverse group of stakeholders from the region, including farmers and ranchers; irrigation districts; county and city governments; tribes; conservation organizations; and state and federal agencies. The Plan will protect, mitigate and enhance fish and wildlife habitat; provide increased operational flexibility to manage instream flows to meet ecological objectives; and improve the reliability of the water supply in the Yakima River Basin for irrigation, municipal supply, and domestic uses.

After years of tough negotiations, the Yakima River Basin Plan is a model of collaboration that offers a solution to give water users more certainty, while also recognizing the concerns of conservationists and the various stakeholders in the Yakima Basin. The authorization of this next crucial phase of the Plan is vital for my District. This legislation will provide the tools and necessary next steps to addressing our water challenges in Central Washington.

I thank my new colleague, Representative SCHRIER, for joining me in introducing this legislation, as well as Senator CANTWELL for her partnership and continued determination to get this effort across the finish line. As this identical legislation currently moves through the Senate in the lands package legislation, I welcome all members to join me in supporting the legislation here in the People's House.

AMERICAN FOOD FOR AMERICAN SCHOOLS ACT OF 2019

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 7, 2019

Mr. GARAMENDI. Madam Speaker, today I reintroduce the "American Food for American Schools Act." I want to thank my colleague and northern California neighbor Congressman DOUG LAMALFA (R-CA) for his support as the original cosponsor.

The "American Food for American Schools Act" would strengthen "Buy American" requirements under the National School Lunch Program, administered by the U.S. Department of Agriculture (USDA). This will ensure that school districts use federal taxpayer dollars to purchase domestically sourced food products for in-school meals. Our bipartisan bill would also increase transparency so that parents are notified when their schoolchildren are served foreign-produced foods.

Even in northern California and Central Valley farming communities, some school districts use taxpayer dollars to buy imported foods, unnecessarily, without informing parents. In numerous cases, these same imported foods have been recalled due to safety concerns and outbreaks of foodborne diseases, when

those same foods could have been sourced locally in the first place.

Under our bill, school districts would be required to obtain a waiver from the USDA to use any federal taxpayer dollars to purchase foreign-sourced food products. Any such USDA waivers would only be granted if the domestically produced food was cost prohibitive or simply unavailable.

Our bill would also require that school districts notify parents of all foreign-sourced foods served to students, by posting any such waivers obtained from the USDA on the school's website. This would increase public transparency and provide American farmers an opportunity to seek out school districts that need affordable, domestically grown foods. Our nation's schoolchildren should be served nutritious, American-grown foods produced under the strictest food safety standards in the world. That is exactly what our bill would do.

Last year, Congress included "Buy American" language for the National School Lunch Program in the Agriculture Improvement Act of 2018 (Public Law 115-334). This is a good first step in addressing this critical issue for American farmers and school parents. Now Congress needs to finish the job by passing our "American Food for American Schools Act" into law.

Madam Speaker, I hope all members of the House will join me and Congressman LaMalfa in cosponsoring the "American Food for American Schools Act of 2019." I also hope that our bipartisan bill will be included in any future Child Nutrition Reauthorization taken up by the House and Senate.
