

get worse as snowpack in the mountains continues to decline, action needs to be taken so that stakeholders in the Yakima River Basin can continue operating without having to worry about whether or not they will be able to water their crops or support key commercial and municipal activities. As the nation has witnessed extreme water problems in California, we must be proactive and have a viable plan in place should intense drought persist in Washington State.

The Yakima River Basin Integrated Plan was developed by a diverse group of stakeholders from the region, including farmers and ranchers; irrigation districts; county and city governments; tribes; conservation organizations; and state and federal agencies. The Plan will protect, mitigate and enhance fish and wildlife habitat; provide increased operational flexibility to manage instream flows to meet ecological objectives; and improve the reliability of the water supply in the Yakima River Basin for irrigation, municipal supply, and domestic uses.

After years of tough negotiations, the Yakima River Basin Plan is a model of collaboration that offers a solution to give water users more certainty, while also recognizing the concerns of conservationists and the various stakeholders in the Yakima Basin. The authorization of this next crucial phase of the Plan is vital for my District. This legislation will provide the tools and necessary next steps to addressing our water challenges in Central Washington.

I thank my new colleague, Representative SCHRIER, for joining me in introducing this legislation, as well as Senator CANTWELL for her partnership and continued determination to get this effort across the finish line. As this identical legislation currently moves through the Senate in the lands package legislation, I welcome all members to join me in supporting the legislation here in the People's House.

AMERICAN FOOD FOR AMERICAN SCHOOLS ACT OF 2019

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 7, 2019

Mr. GARAMENDI. Madam Speaker, today I reintroduce the "American Food for American Schools Act." I want to thank my colleague and northern California neighbor Congressman DOUG LAMALFA (R-CA) for his support as the original cosponsor.

The "American Food for American Schools Act" would strengthen "Buy American" requirements under the National School Lunch Program, administered by the U.S. Department of Agriculture (USDA). This will ensure that school districts use federal taxpayer dollars to purchase domestically sourced food products for in-school meals. Our bipartisan bill would also increase transparency so that parents are notified when their schoolchildren are served foreign-produced foods.

Even in northern California and Central Valley farming communities, some school districts use taxpayer dollars to buy imported foods, unnecessarily, without informing parents. In numerous cases, these same imported foods have been recalled due to safety concerns and outbreaks of foodborne diseases, when

those same foods could have been sourced locally in the first place.

Under our bill, school districts would be required to obtain a waiver from the USDA to use any federal taxpayer dollars to purchase foreign-sourced food products. Any such USDA waivers would only be granted if the domestically produced food was cost prohibitive or simply unavailable.

Our bill would also require that school districts notify parents of all foreign-sourced foods served to students, by posting any such waivers obtained from the USDA on the school's website. This would increase public transparency and provide American farmers an opportunity to seek out school districts that need affordable, domestically grown foods. Our nation's schoolchildren should be served nutritious, American-grown foods produced under the strictest food safety standards in the world. That is exactly what our bill would do.

Last year, Congress included "Buy American" language for the National School Lunch Program in the Agriculture Improvement Act of 2018 (Public Law 115-334). This is a good first step in addressing this critical issue for American farmers and school parents. Now Congress needs to finish the job by passing our "American Food for American Schools Act" into law.

Madam Speaker, I hope all members of the House will join me and Congressman LaMalfa in cosponsoring the "American Food for American Schools Act of 2019." I also hope that our bipartisan bill will be included in any future Child Nutrition Reauthorization taken up by the House and Senate.
