

**SUPPORT FOR SEPTEMBER 11
VICTIM COMPENSATION FUND**

(Mr. ROSE of New York asked and was given permission to address the House for 1 minute.)

Mr. ROSE of New York. Mr. Speaker, I rise today to urge all my colleagues to support the Never Forget the Heroes: Permanent Authorization of the September 11th Victims Compensation Fund Act because it is the right thing to do.

I would like to thank my fellow New Yorkers CAROLYN MALONEY, PETE KING, and JERRY NADLER, who have led this fight for years, and LEE ZELDIN, who will work with me to build bipartisan support amongst the freshman class.

Because 9/11 wasn't just an attack on New York City; Washington, D.C.; and a field in western Pennsylvania; 9/11 was an attack on our entire country. This was an attack on the United States of America and everything that we stand for.

But what thousands of these 9/11 heroes and their families now face is being forgotten because the Victims Compensation Fund, which supports these families and these heroes in all 50 States, is running out of money and cutting benefits by 50 to 70 percent.

That is wrong. And if we fail to make this right, shame on us. Shame on anyone who says "never forget" and then turns their backs and pretends this doesn't affect their State or their district or they're suddenly fiscally responsible.

Shame on anyone who says that we can't afford to do this while we spend trillions of dollars on bombs in Afghanistan.

When it comes to doing what is right, it is about keeping our promises and honoring those who put their lives on the line and didn't ask for anything in return.

Now is the chance to put action behind the words "never forget."

**ENSURE HEALTH PLANS COVER
MEDICALLY NECESSARY SERVICES**

(Mr. RIGGLEMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RIGGLEMAN. Mr. Speaker, I rise today to speak for Kannon Koser, a constituent and friend of mine who is with his family in the gallery this afternoon.

Mr. Speaker, 3-year-old Kannon is one of 4 percent of children in the United States who is born with a congenital anomaly—in his case, hypohidrotic ectodermal dysplasia.

Most health plans provide coverage for congenital anomalies, and many States require insurers to provide coverage of any health services related to congenital anomalies.

Despite this, health plans systematically and routinely deny claims and appeals for any oral or dental related procedures under the pretense that such service is merely cosmetic.

That is why Representative COLLIN PETERSON and I have joined together to introduce the Ensuring Lasting Smiles Act, a bipartisan bill that would directly address this issue and ensure that we don't have to tell children like Kannon that their health condition isn't valued by insurance companies.

As the original sponsor on the Republican side, I am proud to put my name on this bill and ask my colleagues on both sides of the aisle to support it.

ELSA would ensure all health plans cover medically necessary services, including reconstructive surgeries that are a result of congenital anomalies or birth defects.

If enacted, this life-changing bill will allow the Koser family the opportunity to save for Kannon's college rather than spend money on reconstructive surgery.

Commonsense reforms like this will help children like Kannon grow up healthier and have a better quality of life.

Hi, Kannon. We will see you later, Buddy.

The SPEAKER pro tempore. Members are reminded to refrain from referencing occupants of the gallery.

**IGNORING OUR CONSTITUTIONAL
BORDERS**

(Mr. DOGGETT asked and was given permission to address the House for 1 minute.)

Mr. DOGGETT. Mr. Speaker, the serious border emergency that America is confronted with today is an emergency that Donald Trump has created by ignoring borders—ignoring the borders set forth in our Constitution, borders that were set forth to prevent an all-powerful executive, a would-be king, or the type of tyrant that Trump so admires abroad.

After Congress repeatedly rejected his phony border crisis and wasteful wall, Trump decided: build it anyway.

Well, today's emergency wouldn't have happened without two years of Republicans who have continued to yield the right-of-way to his creeping wrongdoing—more and more of it—Republicans who can just never summon the ability to say "no" to Trump.

Today, we must reject this unconstitutional power grab that diverts resources from real threats to an imaginary, politically contrived one.

Today, we defend our Constitution and our democracy by pushing back on the lies, the deceit, the anti-immigrant hysteria, and the fear-mongering mismanagement of this administration.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

GUN VIOLENCE

(Mr. MOULTON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MOULTON. Mr. Speaker, last year I attended a rally where the father of a gunshot victim spoke, and he talked about all the things that he and other people around this country are doing to end senseless gun violence.

Then he turned to the crowd and asked: But what is Congress doing? And tens of thousands of Americans, as if they had rehearsed it hundreds of times, all said in unison: "Nothing."

But what is Congress doing? Nothing. Standing in that crowd was not a proud moment for me, because he is right.

Mr. Speaker, 37 Americans have died from gun violence in my district alone in the past 5 years. Gun violence is now the second leading killer of young people Nationwide, trailing only car accidents.

For too long, Congress has done exactly what the crowd said: nothing.

This week, we are putting forth legislation to enhance background checks, but this alone isn't enough. Thoughts and prayers won't cut it. Only action saves lives. This is just a start.

WELCOMING THE MAYORS COUNCIL ON RAHWAY RIVER WATERSHED FLOOD CONTROL

(Mr. MALINOWSKI asked and was given permission to address the House for 1 minute.)

Mr. MALINOWSKI. Mr. Speaker, today I rise to welcome the Mayors Council on Rahway River Watershed Flood Control to Washington. They represent towns in and around New Jersey's Seventh District and are here to ask our help to stop the flooding that hurts thousands of people in our communities.

For years, homeowners near the Rahway River have lived under the constant threat of flooding that devastates businesses and homes whenever there are heavy rains. The last major flood was in 2011, when Hurricane Irene ravaged the East Coast. The town of Cranford was the worst hit, with 1,600 homes sustaining damage worth \$40 million.

Our mayors have presented a proposed solution to the Army Corps of Engineers and are now asking for a feasibility study to be completed. This will get us one step closer to authorizing construction on the Rahway River Basin.

Mr. Speaker, this is a solvable problem. We need to start now. I will do everything I can to support our mayors' call to action and expedite this process so that we do not have to be pulling people out of second-floor windows in suburban New Jersey, so people up and down the Rahway River can feel safe in their homes.

**ADDRESSING THE EPIDEMIC OF
GUN VIOLENCE**

(Mr. LEVIN of California asked and was given permission to address the
