

Can we remember all their names? I can't. And shame on us for allowing that to happen.

Occasionally, one of those shootings captures our attention, and we offer some thoughts and prayers. Leave that to families. Leave that to people of faith. We are lawmakers. Our job is to write the laws, fix the laws.

If we took 100 million guns off the street tomorrow, we would still have more guns than any other country. We need to do more.

GREATER BRANDON CHAMBER OF COMMERCE

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Madam Speaker, I rise today to call attention to the Greater Brandon Chamber of Commerce, an institution that has helped small businesses and business owners in the Tampa Bay area succeed for over 60 years.

I think specifically of Ron Pierce, a very good friend of mine who started his own consulting firm 10 years ago. Over the past decade, he has grown his small business to include four other consultants and now provides advice to some of the largest interests in Tampa, including the Tampa Bay Lightning and the Port of Tampa Bay.

On top of managing his own successful business, he is also an upstanding member of our community. He regularly volunteers to bring food and clothing to families in need. He has worked on youth drowning prevention and provided advice to leaders in Tampa Bay on how to improve our local economy.

In recognition of his service, the Chamber recently bestowed upon him the Community Leadership Award, the highest honor granted by the organization.

The Greater Brandon Chamber of Commerce is a model organization in my district, and it helps small businesses succeed in their work so that they can then help others.

I am proud to be a member of the Brandon Chamber of Commerce. As a member of the Small Business Committee, I look forward to working with them to create a stronger economy for Tampa Bay.

GUN VIOLENCE PREVENTION

(Mr. SUOZZI asked and was given permission to address the House for 1 minute.)

Mr. SUOZZI. Madam Speaker, I just voted for H.R. 8, and I stand in support of H.R. 1112.

It has been 1 year since Parkland. It has been 6 years since Sandy Hook. It has been 19 years since Columbine. It has been 25 years since the Long Island Rail Road massacre, when Congresswoman Carolyn McCarthy lost her husband and her son was shot in the head.

It has been 37 years since President Reagan was shot.

Think of all the suffering that each of these shootings has caused. Think of the missing seats at the dinner table and other family events.

Countless families have been torn apart because of gun violence, including that of one of my constituents, Linda Beigel Schulman.

Linda's son, Scott, was one of the 17 innocent people who lost their lives in Parkland that day last year. Scott, a geography teacher and a cross-country coach, gave his life protecting his students. Scott died heroically while locking the door to his classroom, where students were hiding from the approaching gunman.

Since that date, we have been pushing more and more for commonsense gun reform, and H.R. 8 and H.R. 1112 are just that.

Last week, Linda said to me, "If a universal background check prevents just one shooting, it has served its purpose."

She inspires me. And I am inspired by my colleagues who are fighting for commonsense gun reform, whether they be Democrats or Republicans.

EUREKA BASKETBALL

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Madam Speaker, I rise to congratulate the Eureka College men's basketball team, which last weekend clinched their first ever Division III NCAA tournament bid.

On Saturday night, the Red Devils knocked off top-seeded Webster 70-69 on the road to secure their conference championship, assuring their spot in the Division III tournament.

With just a few weeks remaining in the regular season, the Red Devils needed to win out their remaining four games to enter the conference tournament, and they did just that.

The never-give-up spirit embodied by the team is a testament to the great work done by Coach Chip Wilde, and I have no doubt it will carry them through the NCAA tournament.

Our community in central Illinois is immensely proud of the historic accomplishments of this year's Eureka men's basketball team, and we will be cheering them on as they take on the number-one-seeded Nebraska Wesleyan this weekend.

Congratulations, and go Red Devils.

RECOGNIZING MAMA LILA CABBIL

(Mr. LEVIN of Michigan asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LEVIN of Michigan. Madam Speaker, as we recognize Black History Month, I rise to celebrate the life and contributions of a remarkable Detroit community activist.

While I was at the Macomb County Celebration of Black Excellence last Saturday, the Michigan activist community received news of the loss of Mama Lila Cabbil.

A close friend of Rosa Parks for 30 years, Ms. Cabbil was a national leader in the fight against racism and a powerful Detroit activist, particularly in the struggle for clean and accessible water.

At Rosa Parks' funeral service in 2005, Ms. Cabbil invoked Matthew 7:16: "You shall know them by their fruits." When I read those words today, I think of Mama Lila's commitment to Michigan's Black community and to all communities that have suffered the theft of their voting rights and the unjust loss of their homes and their water.

During Black History Month, it is my honor to highlight Mama Lila's contribution to Detroit and our region and the example she sets for all of us as a passionate servant leader.

RECOGNIZING JOHN WILLIAM TYSON

(Mr. WOMACK asked and was given permission to address the House for 1 minute.)

Mr. WOMACK. Madam Speaker, I rise today to recognize the life and legacy of Arkansas businessman and Tyson Foods founder, the late John William Tyson.

John spent his life building Tyson Foods into one of the world's leading food companies and was equally committed to serving northwest Arkansas.

In 1931, John Tyson moved his family to Springdale with only a nickel in his pocket. There, he laid the foundation for a future Fortune 100 company.

John transformed the poultry industry. He developed a novel in-transit feeding system, hatched chickens, and produced commercial feed himself. With each new venture, John diversified and grew his business.

In 1947, Tyson Feed and Hatchery was incorporated. Over time, the business expanded to become the successful company that we know today.

He exemplified the entrepreneurial spirit of our State, and it is for his contributions to the Arkansas economy that he is being posthumously enshrined in the Arkansas Business Hall of Fame.

I congratulate his family for this terrific honor.

TOLL OF GUN VIOLENCE

(Mr. GARCÍA of Illinois asked and was given permission to address the House for 1 minute.)

Mr. GARCÍA of Illinois. Madam Speaker, as a Member of the House representing a district disproportionately affected by gun violence, I know firsthand the toll that it takes on our community. That is why, earlier today, I voted on H.R. 8.

Just a year ago last October, a 27-year-old man was killed in a senseless
