

a time I had truly hoped would remain in the past. We must continue to be vigilant against anything that would impede the right to vote. We must also protect our democratic institutions for the people, and not just for a few wealthy interests.

The U.S. election system is complex and highly decentralized, encompassing approximately 10,000 local, county, and state election offices. States and local jurisdictions face a number of challenges in their administration of federal elections, including outdated and insecure technology. Most of us are on screens all day long and have become accustomed to the convenience. There are probably some young people that don't like to read on paper at all. However, when it comes to electronic voting systems, these same conveniences may be subject to technical malfunctions as well as significant cybersecurity risks that have already been shown, in real elections, to undermine Americans' constitutional right to vote.

The last major voting legislation was passed almost two decades ago. It created several new responsibilities for the National Institute of Standards and Technology (NIST) to work with the Election Assistance Commission, election administrators, and manufacturers on voting systems technology standards development. The Science Committee was active in the development of that language.

Today's bill, H.R. 1, makes an effort at expanding NIST's role in voting and elections technology. While I support H.R. 1 overall, I do have some concerns with the proposed new scope of activities for NIST. NIST's core mission is measurement science and standards. Most people have never heard of NIST and don't understand what it does, but NIST plays a central and unique role in advancing U.S. competitiveness as well as in cybersecurity across the public and private sector. The agency has no regulatory authority, which allows it to win the trust of and work closely with industry and all kinds of stakeholders in the standards development process. The Science Committee has worked very hard to preserve this standards development function of NIST. NIST expressed concern to us that some of the language in this bill may compromise the agency's ability to work closely with states and counties on elections technology. In addition, while other provisions in the bill are better aligned with NIST's mission and worthy of support, we must ensure there is additional funding for NIST to accomplish these important goals. As this bill moves through the legislative process, I look forward to working with my colleagues in the House and Senate to address both of these issues.

Election and voting integrity and security are important to everyone in this Chamber on both sides of the aisle, and my colleagues on the Science Committee are eager to present legislative ideas for the role of NIST in voting and elections technology, as well as recommendations for sufficient levels of support to ensure the agency can succeed in this mission.

Mr. Chair, I support H.R. 1 and urge its passage.

IN MEMORY OF MR. W. PARKER  
GREENE, SR.

**HON. SANFORD D. BISHOP, JR.**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, March 7, 2019*

Mr. BISHOP of Georgia. Madam Speaker, I rise today to honor a distinguished and staunch advocate for our nation's military, and dear friend of longstanding, Mr. W. Parker Greene, Sr. Sadly, Mr. Greene passed away on Tuesday, December 18, 2018, at the age of 86. He leaves behind an impeccable legacy of service that will never be forgotten. A memorial service will be held for Mr. Greene at Moody Air Force Base on Thursday, March 14, 2019, at 10 a.m.

Woodbridge Parker Greene, Sr. was born on December 3, 1932, to the union of the late Woodbridge and Mildred Parker Greene in Thomaston, Georgia. A product of the Upson County Public School System, he graduated from Robert E. Lee High School in 1951 and went on to attend the Georgia Institute of Technology. He later served in the U.S. Army from 1953 to 1955. During that time, he was assigned to the Safety Education Division of the Georgia Department of Public Safety

where he made safety presentations to schools and civic groups. He was also part of President Eisenhower's Georgia security detail. After honorably serving his country, Mr. Greene continued his studies at the University of Georgia, majoring in Business Administration, and at Northwestern University, where he attended business seminars. He spent the next 29 years of his career as a regional manager for Rhodes Furniture Company.

Mr. Greene's dedication to the military continued after his retirement. He was the first Squadron Commander of the "White Knuckle" Squadron, a unit formed by local civic leaders who have received orientation flights in Moody Air Force Base (AFB) aircraft. In 1991, he helped establish the Moody Support Group, which was instrumental in strengthening the relationships between the local community and the Air Force. As the Executive Director of the group, he helped protect Moody AFB from closure. In 2000, he was appointed to the Georgia Military Affairs Committee by then Governor Roy Barnes.

In conjunction with his professional accomplishments, Mr. Greene was heavily involved in his community, serving as the Chairman (1972–85) of the Military Affairs Committee and Vice President (1978–79) of the Valdosta/Lowndes County Chamber of Commerce; on the Board of Directors for the Valdosta State College/University Foundation; and as an active member of the ACC Commander's Air Power Support Group, the National Civic Leader Group for the U.S. Air Force Chief of Staff, Rotary International, the Kiwanis Clubs of America, the Boy Scouts of America, the Young Men's Christian Association, the Moody AFB Red Carpet Committee, the University of Georgia Gridiron Society, and the Sigma Alpha Epsilon Alumnae organization. In addition to his extensive community involvement, he was also a faithful member of the First United Methodist Church in Valdosta, where he once served on the Administrative Board.

Mr. Greene received several prestigious awards for his dedicated civic service, including the Distinguished Citizen award from the Alapaha Area Boy Scout Council (2000); the first-ever Chief of Staff of the Air Force Award for Exceptional Public Service (2007); and the Air Force Distinguished Public Service Award (2009), the highest honor the Air Force can bestow upon a civilian. Additionally, a portion of Bemiss Road from Valdosta to Moody AFB (W. Parker Greene Highway, 2005) and Moody AFB's headquarters (W. Parker Greene Base Support Center, 2007) were named in his honor.

Mr. Greene achieved much in his life, but none of it would have been possible without the love and support of his loving wife, Lucy; his children, Sharon and Woodbridge Jr.; and a host of family and friends who will miss him deeply.

Dr. Martin Luther King Jr. once said, "Life's most persistent and urgent question is, 'What are you doing for others?'" Mr. Greene undoubtedly lived by this philosophy. From his extensive work with the development of Moody AFB to his efforts to provide a bridge between the military and civilians, his work made a tremendous impact on the lives of many.

On a personal note, I was privileged to work with Parker for over 26 years in behalf of Moody AFB and have not encountered a more committed citizen to his community and Nation.

Madam Speaker, I ask my colleagues to join my wife, Vivian, and me, along with the more than 730,000 people in Georgia's Second Congressional District in paying tribute to Mr. W. Parker Greene, Sr. for a life well lived and in extending our deepest sympathies to his family, friends, and loved ones during this difficult time of bereavement. Moreover, we pray that they will be consoled and comforted by an abiding faith and the Holy Spirit in the days, weeks, and months ahead.

On behalf of my constituents in New Hampshire's First Congressional District, I want to thank Toula for her decades of dedication to our community. I hope that she enjoys celebrating this well-deserved honor, and I thank her for all that she does to make our state such a wonderful place to learn, live, and grow.
