

period. For example, there is no “failure to market” provision for OTC drug approvals in the legislation similar to the provisions applying to generic drugs under Hatch-Waxman to prevent OTC drug manufacturers, who can otherwise enter the market, from refraining to do so (a practice called exclusivity parking).

Anti-competitive behavior—like exclusivity parking—has disrupted the generic drug industry. In fact, exclusivity parking has become common in the context of patent litigation settlement agreements where proprietary drug manufacturers pay generic drug manufacturers to delay entering the market, allowing proprietary drug manufacturers to charge higher prices for long periods of time (i.e. pay-for-delay settlements). The Federal Trade Commission has estimated that this behavior costs consumers \$3.5 billion per year as a result of higher brand-name drug prices. And even though the process for obtaining OTC drug approval under H.R. 269 is more straightforward than that for obtaining market approval for a generic drug—anti-competitive behavior (e.g., exclusivity parking) may creep into the OTC drug space if Congress fails to include sufficient oversight mechanisms in the legislation to ensure adequate accountability and effective competition.

Modernizing the OTC drug approval process under H.R. 269 will benefit consumers and advance the public health; however, H.R. 269 as currently drafted does not give the FDA the necessary oversight tools to ensure accountability in the OTC space. Including a “failure to launch” provision in H.R. 269—that is, a mechanism that gives an OTC drug manufacturer a reasonable amount of time to bring an FDA approved OTC product to market—will protect the incentive to innovate and invest, while also providing adequate accountability. Indeed, to ensure effective competition in the OTC space, Congress must provide the FDA with the necessary oversight tools to prevent abuse of the OTC regulatory approval process under the reforms of H.R. 269.

Thank you for protecting my rights as a Senator to weigh in on this legislation, which has not gone through regular order during my time as a member of the Committee to which this legislation has been referred to in the 116th congress.

Sincerely,

MIKE BRAUN,
United States Senator.

RECOGNIZING THE AMERICAN LEGION

Mr. CRAPO. Mr. President, I congratulate the American Legion on its 100-year anniversary.

On March 15, 1919, the first American Legion caucus was held. Later that year, Congress established the American Legion as a federally chartered corporation with purposes that include “to cement the ties and comradeship born of service; and to consecrate the efforts of its members to mutual helpfulness and service to their country.” The original membership to the American Legion was extended to those who served in the Armed Forces during World War I, which had ended a few months before the organization was started. Over the past 100 years, its membership has grown to nearly 2 million, with more than 12,000 posts.

I recently joined fellow Senators in cosponsoring S. 504, the Let Everyone

Get Involved in Opportunities for National Service, or LEGION, Act, which would enable the American Legion to establish its own membership criteria instead of requiring an act of Congress to change eligibility requirements. In this legislation, we recognize the American Legion “provides invaluable services to its members and supports the community of veterans who sacrificed in service of the United States,” and it “has aided, assisted, and comforted the families of the men and women who were called to serve or volunteered to serve . . .”

I join many others across our country, including local posts, in recognizing the American Legion’s century of representation of American veterans. In Idaho alone, there are approximately 9,750 Idaho members of the American Legion as of 2018.

Thank you to the American Legion and its membership for your outstanding service to our country and America’s veterans. Congratulations on 100 years of achievements on their behalf. I look forward to our continued work ahead to ensure veterans have access to the highest quality services worthy of their remarkable dedication to our Nation.

ADDITIONAL STATEMENTS

50TH ANNIVERSARY OF FUELCELL ENERGY

• Mr. BLUMENTHAL. Mr. President, today I wish to recognize FuelCell Energy as it celebrates 50 years of dedication to the research and delivery of clean, affordable fuel cell solutions.

Founded in 1969 by Dr. Bernard Baker as the Energy Research Corporation, the company has grown exponentially over the past half century. Starting as a highly regarded research company focused on electrochemical battery and fuel cell technologies, FuelCell Energy is now a worldwide leader in its field.

The Danbury, CT, based company provides efficient commercial fuel cell solutions for the supply, recovery, and storage of energy. Fifty years of tireless commitment, diligent effort, and creative innovation has resulted in SureSource power plants located in three continents. These power plants have produced over 8.7 million megawatt-hours of ultraclean power.

FuelCell Energy invests its work in all steps of the process: recognizing a need, developing a solution, and then implementing a solution in an economic and sustainable manner. The breadth of their successes and the critical level of forward progress in the realm of clean energy are truly impressive. Thanks to their remarkable efforts, FuelCell Energy enables universities, commercial enterprises, government entities, and other industries the opportunity to make clean choices in a more affordable and accessible way than ever before.

As they mark this important anniversary, the company continues to

look toward the future, searching for even more effective options that will benefit our planet and its people. Though there is still more progress to be made, FuelCell Energy stands at the forefront of past innovation and future possibility.

Devoted to creating energy solutions that will make it easier for more and more industries to use clean power, FuelCell Energy is a positive model for modernization and advancement in this vital field. I applaud the accomplishments of FuelCell Energy’s visionary leaders and highly skilled and dedicated workers and hope my colleagues will join me in congratulating FuelCell Energy on 50 years of excellence.●

REMEMBERING EUBA HARRIS- WINTON

• Mr. BOOZMAN. Mr. President, today I wish to recognize the contributions of Euba Harris-Winton to Fort Smith and the State of Arkansas. She passed away on Monday, March 11, at the age of 95 and leaves behind a large, loving family and countless Arkansans whom she helped and inspired throughout her life.

Euba was born on June 26, 1923, to Rev. Daniel Haven Edward Harris and Martha T. Hill Harris in Cotton Plant, AR. Her school years were spent in Fort Smith where she attended Howard Elementary School and Lincoln High School. After attending Westark Community College and Philander Smith College, she returned to Fort Smith to raise a family with her husband, Ellsworth Daniel Winton. They had 10 children: five girls and five boys.

She was a devout member of the United Methodist Church, and her great faith and passion for service led her to become the executive director of the Mallalieu Community Development Center in 1970. The center’s mission was to strengthen the outreach ministry of the church. As part of that mission, she worked on efforts to fight poverty, improve substandard housing, increase educational opportunities, and personally provide help to anyone who asked. She led the organization for 25 years and improved the lives of countless Arkansans in the process.

Throughout her life, she met with leaders at all levels of government to advocate for others and served on numerous boards and councils. In an article in the Lincoln Echo several years ago, Bennie Mae Ware Gunn remarked that, “Euba is known and respected for being both relentless and resourceful in her pursuit of justice and opportunities for others. However, she is also known for her sensitivity and compassion.”

That is certainly true of my experience with her and that of so many others she influenced or helped over the years. I was honored to know Mrs. Euba and will personally miss her example, kindness, advice, and willingness to help others.

She was a rare individual who never stopped fighting to improve the world
