

provides inspiration for individuals working to better human rights, empower workers, and advance the American Dream, which includes all individuals of the United States;

Whereas César Estrada Chávez died on April 23, 1993, at the age of 66 in San Luis, Arizona, only miles from his birthplace;

Whereas more than 50,000 people attended the funeral services of César Estrada Chávez in Delano, California;

Whereas César Estrada Chávez was laid to rest at the headquarters of the United Farm Workers of America, known as “Nuestra Señora de La Paz”, located in the Tehachapi Mountains in Keene, California;

Whereas, since the death of César Estrada Chávez, schools, parks, streets, libraries, and other public facilities, as well as awards and scholarships, have been named in his honor;

Whereas more than 10 States and dozens of communities across the United States honor the life and legacy of César Estrada Chávez each year on March 31;

Whereas March 31 is recognized as an official State holiday in California, Colorado, and Texas, and there is growing support to designate the birthday of César Estrada Chávez as a national day of service to memorialize his heroism;

Whereas, during his lifetime, César Estrada Chávez was a recipient of the Martin Luther King Jr. Peace Prize;

Whereas, on August 8, 1994, César Estrada Chávez was posthumously awarded the Presidential Medal of Freedom;

Whereas, on October 8, 2012, President Barack Obama authorized the Secretary of the Interior to establish a César Estrada Chávez National Monument in Keene, California;

Whereas President Barack Obama was the last President to honor the life and service of César Estrada Chávez by proclaiming March 31, 2016, to be “César Chávez Day” and by asking all people of the United States to observe March 31 with service, community, and education programs to honor the enduring legacy of César Estrada Chávez; and

Whereas the United States should continue the efforts of César Estrada Chávez to ensure equality, justice, and dignity for all people of the United States: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes the accomplishments and example of César Estrada Chávez, a great hero of the United States;

(2) pledges to promote the legacy of César Estrada Chávez; and

(3) encourages the people of the United States to commemorate the legacy of César Estrada Chávez and to always remember his great rallying cry, “¡Sí, se puede!”, which is Spanish for “Yes, we can!”.

SENATE RESOLUTION 130—RECOGNIZING THE SIGNIFICANCE OF ENDOMETRIOSIS AS AN UNMET CHRONIC DISEASE FOR WOMEN AND DESIGNATING MARCH 2019 AS “ENDOMETRIOSIS AWARENESS MONTH”

Ms. DUCKWORTH (for herself, Mrs. CAPITO, Mrs. SHAHEEN, Mr. BLUMENTHAL, Ms. WARREN, Ms. CANTWELL, and Mrs. FEINSTEIN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 130

Whereas 6,500,000 women in the United States are living with endometriosis;

Whereas endometriosis is a chronic disease affecting—

(1) 176,000,000 women throughout the world; and

(2) an estimated 1 in 10 women in the United States between the ages of 18 and 49;

Whereas medical societies and patient groups have expressed the need for greater public attention and updated resources targeted to public education about this unmet health need for women;

Whereas endometriosis occurs when tissue similar to that normally found in the uterus begins to grow outside the uterus;

Whereas, although endometriosis is one of the most common gynecological disorders in the United States, there is a lack of awareness and prioritization of endometriosis as an important health issue for women;

Whereas women can suffer for up to 10 years before being properly diagnosed;

Whereas approximately 1/3 to 1/2 of all women with endometriosis will have difficulty getting pregnant;

Whereas endometriosis is a painful and debilitating disorder;

Whereas endometriosis is associated with increased health care costs and poses a substantial burden to patients in the health care system;

Whereas the total annual direct health care cost of symptoms associated with endometriosis is \$56,000,000,000, or nearly \$11,000 per patient;

Whereas 51 percent of endometriosis patients report that the disease detrimentally affects their performance of their job;

Whereas the Centers for Disease Control and Prevention found that the average number of “bed days” for patients with endometriosis was 18 days per year;

Whereas women with endometriosis can lose 11 hours per work week through lost productivity;

Whereas, in 2010, endometriosis patients were hospitalized over 100,000 days because of the disease;

Whereas there is a need for more research and updated guidelines to treat endometriosis;

Whereas the research dollars from the National Institutes of Health dedicated to endometriosis has dropped from \$16,000,000 in 2010 to \$6,000,000 in 2019;

Whereas there is an ongoing need for additional clinical research and treatment options to manage this debilitating disease; and

Whereas there is no known cure for endometriosis: Now, therefore, be it

Resolved, That the Senate—

(1) designates March 2019 as “Endometriosis Awareness Month”;

(2) recognizes the importance of endometriosis as a health issue for women that requires far greater attention, public awareness, and education about the disease;

(3) encourages the Secretary of Health and Human Services—

(A) to provide information to women, patients, and health care providers with respect to endometriosis, including available screening tools and treatment options, with a goal of improving the quality of life and health outcomes of women affected by endometriosis;

(B) to conduct additional research on endometriosis and possible clinical options; and

(C) to update information, tools, and studies currently available with respect to helping women live with endometriosis; and

(4) respectfully requests that the Secretary of the Senate transmit an enrolled copy of this resolution to the Secretary of Health and Human Services.

SENATE RESOLUTION 131—DESIGNATING APRIL 2019 AS “NATIONAL 9-1-1 EDUCATION MONTH”

Ms. KLOBUCHAR (for herself and Mr. BURR) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 131

Whereas 9-1-1 is recognized throughout the United States as the number to call in an emergency to receive immediate help from law enforcement agencies, fire services, emergency medical services, and other appropriate emergency response entities;

Whereas, in 1967, the President’s Commission on Law Enforcement and Administration of Justice recommended that a “single number should be established” nationwide for reporting emergency situations, and various Federal Government agencies and governmental officials supported and encouraged the recommendation;

Whereas, in 1968, the American Telephone and Telegraph Company (commonly known as “AT&T”) announced that it would establish the digits 9-1-1 as the emergency code throughout the United States;

Whereas Congress designated 9-1-1 as the national emergency call number in the Wireless Communications and Public Safety Act of 1999 (47 U.S.C. 615 et seq.);

Whereas section 102 of the ENHANCE 911 Act of 2004 (47 U.S.C. 942 note) declared an enhanced 9-1-1 system to be “a high national priority” and part of “our Nation’s homeland security and public safety”;

Whereas it is important that policymakers at all levels of government understand the importance of 9-1-1, how the 9-1-1 system works, and the steps that are needed to modernize the 9-1-1 system;

Whereas the 9-1-1 system is the connection between the eyes and ears of the public and the emergency response system in the United States and is often the first place emergencies of all magnitudes are reported, making 9-1-1 a significant homeland security asset;

Whereas nearly 6,000 9-1-1 public safety answering points serve more than 3,000 counties and parishes throughout the United States;

Whereas telecommunicators at public safety answering points answer more than 200,000,000 9-1-1 calls each year in the United States;

Whereas a growing number of 9-1-1 calls are made using wireless and Internet Protocol-based communications services;

Whereas a growing segment of the population of the United States, including individuals who are deaf or hard of hearing or who suffer from speech or language disorders, autism spectrum disorder, cerebral palsy, or anxiety, is increasingly communicating with nontraditional text, video, and instant messaging communications services and expects those services to be able to connect directly to 9-1-1;

Whereas Next Generation 9-1-1 promises enhanced accessibility, interoperability, flexibility, and features, as well as network resiliency and reliability;

Whereas the growth in usage and diversification of means of communication to 9-1-1 services, including mobile and Internet Protocol-based systems, impose unique challenges for accessing 9-1-1 and, thus, require increased education and awareness about the emergency communications capabilities of these different methods of communication;

Whereas numerous other “N-1-1” and 800 number services exist for nonemergency situations, including 2-1-1, 3-1-1, 5-1-1, 7-1-1, 8-1-1, poison control centers, and mental
