TRIBUTE TO HOLLIE CUNNINGHAM

● Mr. RUBIO. Madam President, today I recognize Hollie Cunningham, the Marion County Teacher of the Year from West Port High School in Ocala, FL.

After Hollie received the teacher of the year award at the Circle Square Cultural Center, she credited God with leading her on this journey. When she first started college, she was an education major and contemplated earning degrees in teaching or nursing. One of her professors, Dr. Osteen, gave her advice she considered an impactful pearl of wisdom: Dr. Osteen advised her to become a nurse as she would always have the chance to teach. She earned her bachelor of science in nursing from Florida State University in 2002 and her master of science in family practice from the University of South Alabama, College of Medicine in 2011.

Hollie said she left the nursing profession because God put it on her heart to become a high school teacher as her students are worth the effort and sacrifice. Hollie teaches certified nursing assistant, electrocardiograph technician tech honors, health science foundations II honor, and medical skills classes and is the department chair for the vocational department.

She has the opportunity to instruct young students interested in nursing. She believes great teachers are always on call, like doctors and nurses, and that teaching is a gift, not a degree.

I extend my sincere thanks and gratitude to Hollie for her medical work and dedication to teaching her students. I look forward to hearing of her continued success in the years to come.●

TRIBUTE TO SARAH PASION

● Mr. RUBIO. Madam President, today I am pleased to recognize Sarah

Pasion, the Duval County Teacher of the Year from Sadie Tillis Elementary School in Jacksonville, FL.

Sarah considered this recognition an unexpected blessing from God. She believes teaching is more than a profession; its role is to serve as an inspiration for students to learn and become productive members of society. To Sarah, education is the key to a better life.

Sarah likes to engage her students in conversations to help them understand mathematical concepts, which results in the students discussing the concepts amongst one another. When she sees them agree or disagree with their ideas, she knows this is a more effective and efficient strategy to teaching and helps them to fully grasp the concepts.

Sarah is a 4th grade teacher at Sadie Tillis Elementary School and is a 15-year veteran educator in Jacksonville. ● Mr. RUBIO. Madam President, today I recognize Shelli Rhoden, the Baker County Teacher of the Year from Baker High School in Glen St. Mary, FL.

Shelli was shocked and humbled to be named teacher of the year and considers it to be a great honor. Originally a civil engineer, Shelli became a teacher because she wanted to have more interaction with the local youth and influence their growth. She enjoys the opportunity to build relationships with her students and says that while it can be challenging, seeing their success makes it worthwhile.

Each of her students come to class with different academic and emotional needs. Shelli tries to meet with them individually, but knows they can be distracted with life outside of the classroom. Though she finds this frustrating, humbling, and heartbreaking, she also finds the relationship and their questions fulfilling and always worth the effort.

Shelli is a math and science teacher and she teaches pre-calculus, algebra 2, and physics. Aside from teaching, Shelli cochairs the Positive Behavioral Intervention and Supports, PBIS, team and cosponsors the Mu Alpha Theta math honor society.
