Madam Speaker, on behalf of the Fourth District of Indiana, I want to congratulate both teams, their families, schools, and coaches on an impressive 2019 basketball season.

Monday, April 8, 2019

Mr. HUFFMAN. Madam Speaker, I rise today to recognize the significant career and accomplishments of Peter Cameron, a United States Army veteran who has dedicated more than 47 years to serving his fellow veterans in Sonoma County, on the occasion of his retirement.

Mr. Cameron entered military service in 1965 and served his country with distinction in Vietnam in 1966 and 1967. He was awarded the National Defense Service Medal, Vietnam Service Medal, and the Vietnam Campaign Medal.

Following his Army service, Mr. Cameron became the founder, President, and Chief Executive Officer of Veterans Resource Centers of America, a community-based nonprofit organization in Sonoma County that provides employment training, housing, rehabilitation and case management as well as small business, legal, and advocacy services to veterans. The organization also supports a clinic and construction of three elementary schools in Luong Son, in the Republic of Vietnam.

As a prominent leader and active voice for veterans, Mr. Cameron has, over the past 47 years, been a consultant to the White House, Department of Labor, Department of Veterans Affairs, and Agent Orange Class Assistance Program as well as numerous state and local agencies. Mr. Cameron collected materials for the first archival collection of Vietnam veterans' memorabilia which is now held at Cornell University. He also organized the first Vietnam veterans symposium held at Sonoma State University in 1979 and coordinated delegations of Vietnam veterans to travel to the Soviet Union and Kazakhstan to meet Soviet veterans of the war in Afghanistan in 1989 and 1990. In more recent years, he served as Secretary and Board Member of the National Coalition for Homeless Veterans.

RECOGNIZING THE 50TH
ANNIVERSARY OF LEIDOS

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 8, 2019

Mr. CONNOLLY. Madam Speaker, I rise to recognize Chairman/CEO Roger Krone and the 32,000 employees of Leidos on the occasion of the company's 50th anniversary.

Founded in 1969 by Dr. J. Robert Beyster as Science Applications Incorporated (SAI), the company that would become Leidos was a result of Dr. Beyster's lifelong commitment to innovation. Born in Detroit, Michigan in 1924 and raised in the midst of the Great Depression, Dr. Beyster watched as his family struggled through incredible hardships to provide for themselves. He joined the Navy after graduating from high school and served on a destroyer during World War II. With the help of the GI Bill, he attended the University of Michigan after his naval career and earned several degrees, including his Ph.D. in nuclear physics in 1950.

After earning his doctorate, Dr. Beyster spent five years working at the Los Alamos National Laboratory before spending a dozen years with General Atomics in San Diego. His time there came to an end shortly after Gulf Oil acquired General Atomics. Dr. Beyster felt that senior management had little interest in the research his department was performing. He resolved to create a company where that would never be the case and which nurtured a culture of innovation and entrepreneurship. That vision led to the creation of SAI, which changed its name to SAIC in 1984.

I served as Director of Community Relations for SAIC from 2002 to 2008 and will always remember fondly my time with the company. I was pleased to be present in Congress in 2009 when SAIC made the decision to relocate its headquarters from San Diego to my district in Tysons. I'm not sure anyone, including Dr. Beyster, could have foreseen the growth that this company would experience. What began as a \$50,000 loan with Dr. Beyster's house as collateral has evolved into a \$7 billion Fortune 500 powerhouse. In 2013, SAIC bifurcated its company into two entities; Leidos, the solutions-focused parent company and a services business spin-off which carried on the SAIC name. I am confident that both of these companies will continue the fine legacy that has been left by Dr. Beyster, Roger Krone and so many others over the last 50 years.

The impact of Leidos and SAIC is not solely confined to a profit margin or a balance sheet. Both companies have received numerous accolades for their work in their communities, including being named one of the Best Places to Work by the Human Rights Campaign in 2017, receiving an Annual Corporate Equality Index Score of 100 percent and being named one of the World's Most Ethical Companies by the Ethisphere Institute just last year. When I served as Director of Community Relations, I saw firsthand the engagement in and care for the community that SAIC/Leidos exhibited. The community was not merely where their facilities were located; it was their home and they treated it accordingly. We could all stand to learn from their example.
