#### HEALTHCARE

Mr. DAINES. Madam President, 2 years ago, I exposed the Democrats' plan for socialized medicine and allowed every Senator here to take a clear stand and reject this disastrous idea once and for all. Unfortunately, very few Senate Democrats were willing to oppose socialized medicine then. Well, they are back at it again today. So now I am here again to shed some much needed light on what seems to be a never-ending game to score political points and, even worse, to set the stage for terrible policy—a continuing call for socialized medicine.

We are seeing this false narrative of “free socialized medicine” making headlines, but you see, it is not actually free; somebody has to pay for it. In fact, every single one of us and our kids and our grandkids will be paying for it for a long time if this nonsensical plan becomes reality.

Montanans face enough hardships with rising prescription drug costs and rising premiums. The Democrats' socialized medical scheme will cost the American taxpayer \$32 trillion over 10 years—\$32 trillion—not to mention that this scheme would kick millions off their healthcare plan and eliminate private health insurance.

In combination with the left's absurd Green New Deal, what we are seeing here today is a pattern when it comes to the Democrats' very liberal and leftist agenda. They don't blink an eye when their liberal policies cost the taxpayers trillions of dollars, and they aren't coming up with feasible solutions.

In fact, too many Montanans are faced with the very tough choice of choosing between health and putting food on the table. Prescription drug prices are out of control. Montanans are sick and tired of being sick and tired. They want Congress to do something. They want results. They want outcomes. That is why I have been fighting for a commonsense solution like my bill, the CREATES Act, which addresses high prescription drug costs and improves access to care in our rural communities.

The left's pie-in-the-sky proposal promises a great deal, but we all know the extent of empty promises in this town. These proposals do nothing but throw hard-working Montanans under the bus, foot the massive tax bill to the taxpayers, and prop up failed policies just to appease a radicalizing base across this country in the Democratic Party. The people of Montana want better than this. They deserve better than this.

To my colleagues who are attempting to make a hard run to the left to score some points within your base, I simply ask this: Will you please put your country over your party? Will you put the interests of the people over your own self-political interests, or will you continue to peddle the lie of socialized medicine to the American people?

I think it is time we get to work, hunker down and roll up our sleeves and produce real results that the people of Montana and across our Nation deserve. They deserve serious answers, and they deserve serious solutions, and it is long overdue that we give them that.

Thank you.

I yield the floor.

The ACTING PRESIDENT pro tempore. The Senator from Virginia.

#### NOMINATION OF JOHN P. ABIZAID

Mr. KAINE. Madam President, I rise to speak today about the vote we cast earlier confirming GEN John Abizaid, Retired, to be U.S. Ambassador to Saudi Arabia.

I was proud to vote for him. I think he is very well qualified for that position. The position has been vacant since 2017. Other critical countries in this most important region are without Ambassadors—Egypt, Jordan, and Pakistan.

General Abizaid has his work cut out for him, and I want to speak specifically about some of the challenges in Saudi Arabia now.

I believe there is a great day of reckoning that is now pending in the U.S.-Saudi relationship.

Last week, the House of Representatives passed a Senate resolution ordering the President to stop U.S. military action in support of Saudi Arabia's intervention in Yemen's civil war. The Senate had earlier acted on that bill in 2018. It went to the House and died. The Senate took up the bill again recently, and the House passed it. The bill is now on its way to the President's desk.

The President has indicated that he is likely to veto the bill, to continue U.S. support for Saudi military activity in Yemen. If that happens, the bill will come back to the Senate, and the Senate will then have the opportunity to vote on whether that veto should be overridden.

The House vote to withdraw U.S. support for this military activity was 247 to 175. The Senate vote was 54 to 46.

The Yemen civil war has been a humanitarian disaster. Many of my colleagues have spoken at length about this, so I will not speak at length. Just to underline key points, it has been a humanitarian disaster, and the United States should not be involved. Saudi intervention has made it worse.

As of November 2018, nearly 7,000 civilians have been killed, nearly 11,000 had been wounded—the majority by Saudi Arabia-led coalition airstrikes, many of which are targeted and prosecuted in amateurish ways. Those statistics are according to the Office of the U.N. High Commissioner for
