

green to promote organ donation awareness, I am proud to introduce a bipartisan resolution to recognize April 2019 as “National Donate Life Month” and support its goals and ideals.

Every ten minutes, a person is added to the national transplant waiting list. As of April 2019, more than 113,000 people are awaiting an organ donation. Unfortunately, despite over 145 million people registered to be donors, the need for donated organs outweighs the supply of organs. Sadly, on average, 20 people die each day while waiting for an organ transplant.

The simple truth is that organ donation and transplantation saves lives. In fact, organ donation from a single deceased donor can benefit up to eight individuals and tissue donation can benefit an additional 75 people or more. Living kidney and liver donors provide transplant candidates with the chance to live longer.

I am proud to sponsor this resolution in the U.S. House of Representatives again and recognize that organ donation is the gift of life.

REMEMBERING THE LIFE OF
CHARLES EUGENE GEE

HON. BRIAN BABIN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 12, 2019

Mr. BABIN. Madam Speaker, I rise today to remember the life of Charles Eugene Gee of Jasper, Texas, who recently lost his four-year battle with cancer. Mr. Gee passed away at his home surrounded by loved ones on April 3, 2019.

Charles Eugene Gee, more affectionately known as Charlie, was born on October 10, 1942 in Wilkes-Barre, Pennsylvania. His family eventually moved to Jasper, Texas, where he graduated from Jasper High School in 1960 and married his high school sweetheart, Sue Hollis Gee, in July of 1962.

In 1966, Charlie graduated from Stephen F. Austin State University with a Bachelor’s degree in Agriculture and Forestry. He began working as a new-hire for Kirby Lumber Co. and eventually became the logging superintendent. After 18 years with Kirby, Charlie decided to start his own logging business, Charles Gee Logging Inc. Over the years, he worked many long hours as the dedicated and successful owner of his logging company, as well as several other local businesses. In fact, Charlie later became the State Coordinator for the Texas Logging Counsel, a position in which he served proudly to improve conditions for future generations of loggers.

After his college graduation, Charlie became a dedicated member of the Jasper Volunteer Fire Department. During his time at the department, he served as an original member of

the Board of Trustees for the Texas Fire Museum, president of the East Texas Firemen and Fire Marshall’s Association, a member on the committee for the Retirement and Pension Fund for Jasper’s firemen, and even as the Fire Chief. He also became an instructor for the Texas A&M Fire School in College Station, where he eagerly shared his years of fire-fighting knowledge and experience with younger generations. His devotion and service will live on through the various fire departments in Jasper County and surrounding areas that were established on his instruction.

Charlie is survived by his bride of nearly 57 years, Sue Hollis Gee; his daughters Sarah Smith and husband Sam; Laura McMillon and husband Mitch; Rebecca Soisson and husband Scott; Jennifer Cline and husband Billy; and brother Bill Gee and wife Sue. Charlie is also survived by his grandchildren: Matthew and wife Halea; Ashleigh, Charlie, John, Henry, Jacob, Emily, Michael, Brian, Brandon, and Grant, as well as four great-grandchildren.

Madam Speaker, it is my honor to remember the life of Charles Eugene Gee. May God comfort his family during this time.

CONGRATULATING JOHN REID
FROM JOHN DEERE FOR HIS
ELECTION TO THE NATIONAL
ACADEMY OF ENGINEERING

HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 12, 2019

Mrs. BUSTOS. Madam Speaker, I rise today to recognize John Reid for his election into the National Academy of Engineering through his company, John Deere. Election to the Academy is among the highest professional distinctions accorded to an engineer, and Dr. Reid was elected for innovation in automation technologies for agricultural systems.

Membership in the National Academy of Engineering honors those who have made outstanding contributions to engineering, including significant contributions to the engineering literature and to the pioneering of new and developing fields of technology, advancements in traditional fields of engineering, or innovative approaches to engineering education. John Reid graduated from Virginia Tech with a bachelors and master’s degree in agricultural engineering. He obtained his Ph.D. from Texas A&M in 1987. Dr. Reid is currently the Director of Product Technology & Innovation at John Deere, and is also a full professor at the University of Illinois at Urbana—Champaign. Dr. Reid has created several patents with the U.S. Patent Office in the years he has worked at John Deere. He is also on the board of several organizations in the Moline area.

It is because of dedicated leaders such as John Reid that I am especially proud to serve Illinois’ 17th Congressional District. Madam Speaker, I would like to again formally congratulate John Reid for his acceptance into the National Academy of Engineering.
