So the bill was passed.
The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. HASTINGS. Madam Speaker, as an original co-sponsor of H.R. 9—Climate Action Now Act, I would have voted YES on rollcall #184, had I been present.

REQUEST TO CONSIDER H.R. 962, BORN-ALIVE ABORTION SURVIVORS PROTECTION ACT

Mr. CLINE. Madam Speaker, I ask unanimous consent that the Committee on the Judiciary be discharged from further consideration of H.R. 962, the Born-Alive Abortion Survivors Protection Act, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by successive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

Mr. CLINE. Madam Speaker, I urge that the Speaker would immediately schedule this important bill that will save lives.

The SPEAKER pro tempore. The gentleman has not been recognized for debate.

Mr. HOYER. Madam Speaker, I ask unanimous consent that when the

House adjourns today, it adjourn to meet at 2:30 p.m. tomorrow, and further, when the House adjourns on that day, it adjourn to meet at noon on Tuesday next for morning-hour debate and 2 p.m. for legislative business.

The SPEAKER pro tempore (Ms. SHALALA). Is there objection to the request of the gentleman from Maryland? There was no objection.

(Mr. MCADAMS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCADAMS. Madam Speaker, I rise to address what, for my constituents, is an urgent concern: the rising cost of healthcare. I hear about it everywhere I go.

Healthcare is personal. Having access to quality, affordable care is central to our quality of life and our ability to decide where we live and where we work.

At a healthcare townhall I held last week, I heard from people such as a small business owner who worried that, while the very poor and wealthy have coverage options, she struggles to find an affordable policy for her family. She said: Please don't forget about people like me.

Another woman talked about how complicated her copays were for the drug treatment prescribed by her doctor, and another asked about the confusion surrounding billing codes and invoices.

Healthcare is probably the most complex issue we will address in Congress. My top goals include to ensure that Federal law continues to protect people with preexisting conditions, to promote coverage and enrollment, and to find solutions to bring down costs.

I believe that a good first step will be passing three bipartisan bills to make the drug market more competitive and prices more transparent:

The CREATES Act, which address an outrageous action by some name-brand companies to unfairly stop generics;

The BLOCKING Act, to stop "first" generic drug "parking"; and

The drug price STAR Act, to improve transparency.

With the cost of prescription drugs increasing dramatically, we need to take steps now.

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Madam Speaker, I rise today to bring attention to the National Day of Prayer, a day that exists to encourage prayer for America.

Since our country's founding, from Washington to Lincoln to Kennedy to Trump, prayer to our Creator has served as our most important resource during times of celebration and days of trial.
