

this body and because of the President and the Vice President of the United States. The Bank is technically open but can't approve any transaction greater than \$10 million.

The Senate's inaction, the President's inaction, and the Vice President's inaction have hurt Ohio manufacturers. In the past, Ohio companies exported more than \$400 million a year in products using Export-Import Bank credit assistance. That amount has been cut nearly in half. That means jobs. It means good-paying industrial jobs. If the President and Republicans in Congress were serious about helping American manufacturers after years and years of obstruction, which they have done, they would approve these nominees and work with us to authorize the Bank this summer.

My colleagues have a choice: Do they care about these businesses; do they care about manufacturing; do they care about workers; do they care about the dignity of workers; or do they care more about their extreme special interest politics?

I stand with our workers. I will vote to reopen the Export-Import Bank.

Thank you.
