

Clouds, the Hemingway-Boulders, the McClure-Jerry Peaks, and the Owyhees, they should be thanking Rick Johnson for his work, his effort, and most importantly his ability to compromise with others.

I will miss Rick greatly as a leader and as my partner in conservation, but I know he is not leaving us forever. I will always have my friend I can call on.

I am wishing Rick and his wonderful wife Roberta, the best of luck in their future endeavors and retirement. I thank them for all that both of them have done for Idaho.

VERTAFORE, INC.

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 15, 2019

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Vertafore, Inc. for celebrating their 50th anniversary.

For more than fifty years, Vertafore has provided software services to the insurance industry worldwide. Founded in 1969, Vertafore was previously known as AMS Holding Group, Inc. In 2017, they relocated their headquarters to Denver, Colorado where they have created hundreds of jobs in the city and partnered with the thousands of agents across the state. The mission at Vertafore is to transform the way the industry operates by putting people at the heart of insurance technology. By focusing on their customers and delivering results you can see, they offer a level of trust and security that's at the heart of the insurance industry. It is that service and level of trust that has allowed the company to be successful for over fifty years.

To all the employees of Vertafore, congratulations on this remarkable accomplishment, and I thank them for their continued commitment to the insurance community and contribution to the state of Colorado.

HONORING THE MONCOVICH FAMILY AND THE ORIGINAL SPRING LAMB BARBECUE

HON. JIMMY PANETTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 15, 2019

Mr. PANETTA. Madam Speaker, I rise today to recognize the Moncovich family for their commitment to philanthropy to empowering their community and bettering the lives of others through the Original Spring Lamb Barbecue. Mr. John Moncovich founded the Original Spring Lamb Barbecue in Watsonville, California 60 years ago, and his son, Mr. Bill Moncovich, has chaired the event since his father's passing in 1972. Since its inception, the Original Spring Lamb Barbecue has been a celebration of family, friends, and the fight against cancer on the central coast of California.

In May of 1959, John Moncovich held the very first Original Spring Lamb Barbecue. The Original Spring Lamb Barbecue started as a simple gathering among friends to collect donations for charity. Held annually, it has evolved into a beloved community event bene-

fiting the American Cancer Society. Volunteers from a local produce company, California Giant Berry Farms, and agriculture industry members from the Pajaro Valley commit their time and energy each year to make the event a memorable one. Live music, family friendly activities, and a horseshoe tournament make this a community event for culture and fun, all while benefitting families who have been affected by cancer.

The Original Spring Lamb Barbecue is the oldest consecutively held fundraiser for the American Cancer Society in the United States and has been recognized as such by the charity. Ten years ago, the organization congratulated the Original Spring Lamb Barbecue for raising over \$1 million worth of cumulative proceeds. This year, the event will celebrate its diamond anniversary for 60 years of outstanding community leadership and fundraising efforts for cancer research.

Madam Speaker, it is my honor to recognize the dedication and commitment to cancer prevention and community service that John and Bill Moncovich and the Original Spring Lamb Barbecue have provided to the Central Coast. We are fortunate to have such a longstanding tradition of community fundraising organized every year by the Moncovich family and California Giant Berry Farms. I ask my colleagues to join me in celebrating the Moncovich family and the Original Spring Lamb Barbecue.

U.S. TERRITORIES MID-DECADE CENSUS ACT

HON. GREGORIO KILILI CAMACHO SABLÁN

OF THE NORTHERN MARIANA ISLANDS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 15, 2019

Mr. SABLÁN. Madam Speaker, today I am introducing a bill that would require the United States Census Bureau to conduct a census every five years in the U.S. insular areas of the Northern Mariana Islands, Guam, American Samoa, and the U.S. Virgin Islands. This legislation is necessary because the priority, availability, timeliness, and types of data collected by federal agencies in the insular areas remains deficient compared to data collection in the states. Without accurate and timely information on changes in the economy, employment, income levels, and other key indicators, insular governments are hindered in the establishment of appropriate policy. And without these data, governments and the public are less able to assess the effectiveness of policies that have been established.

Every decade, the Census Bureau conducts a census throughout the country to determine the number of people living in the country. In the insular areas, detailed demographic, housing, and socioeconomic data is also collected in the decennial census using a "long-form" questionnaire consisting of about 75 questions. The decennial census conducted in the states, the District of Columbia, and Puerto Rico only asks 10 questions because the vital information gathered in the decennial census is now acquired annually in the American Community Survey.

The American Community Survey does not include data from the insular areas. The Census Bureau has claimed that a lack of funding to collect the data and the absence of a prov-

en methodology tested in the territories leaves the Bureau unable to include our districts and the hundreds of thousands of Americans living there. As a result, the insular areas have to wait every 10 years for critical, up-to date information on education, income, housing, jobs, and insurance that surveys like the American Community Survey provide. This data is vital to sustain economic development and for prudent government and business decisions. The decennial census is inadequate to this need. The allocation of federal funding for numerous programs is also largely based on the most recent census data available. With no alternative, most current funding allocations to the insular areas are based on data from the previous decennial census. 2010 Census data will continue to be used for many federal program funding allocations until 2023—the earliest key 2020 Census demographic data for the insular areas will likely be available.

As an alternative to annual surveys, my bill would require the Census Bureau to conduct a mid-decade census in the insular areas. The bill starts the first mid-decade census in 2025 and in addition to the decennial census, a census will be conducted every five years. This will provide more current data in the insular areas, similar to that provided by five-year estimates produced by the American Community Survey. Having a mid-decade census will also enable insular governments and the Census Bureau to plan and conduct data collection efforts that are often logistically challenging in these diverse, remote regions. My bill also authorizes appropriations for the mid-decade census, based on costs estimates provided by the Census Bureau to conduct the 2020 decennial census in U.S. insular areas. I ask my colleagues for their support.

RECOGNIZING COLTON SCRUDDER

HON. BRYAN STEIL

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 15, 2019

Mr. STEIL. Madam Speaker, I rise today to recognize one of our hardworking D.C. office interns, Colton Scrudder. Colton is a native of Coppell, Texas and studies finance at Georgetown University. He has been with our office since January. Colton was a great help getting our office up and running.

From drafting letters and memos, to giving Capitol tours, Colton was always eager to assist. Colton is an intelligent, diligent young man who aspires to continue serving his community.

We'll miss having Colton in the office and wish him all the best in the future. On behalf of Wisconsin's First Congressional District, we thank Colton for his help.

HONORING GARRETT WINHEIM

HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 15, 2019

Mr. GRAVES of Missouri. Madam Speaker, I proudly pause to recognize Garrett Winheim. Garrett is a very special young man who has exemplified the finest qualities of citizenship
