

noise in its jurisdiction by re-establishing ONAC. This bill would also require the EPA Administrator to carry out a study of airport noise and examine the FAA's selection of noise measurement methodologies, health impact thresholds, and abatement program effectiveness.

Madam Speaker, I urge my colleagues to support this critical legislation—so that Congress does its part to help alleviate the aviation noise issues that impacts the health and welfare of Americans across our nation.

INTRODUCTION OF THE MEDICARE  
IVIG ENHANCEMENT ACT

**HON. GEORGE HOLDING**

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. HOLDING. Madam Speaker, I rise today to recognize the month of May as GBS/CIDP Awareness Month. I encourage my colleagues to join me in supporting those impacted by CIDP and a related disorder, MMN, by co-sponsoring H.R. 2905, the Medicare IVIG Enhancement Act.

Chronic Inflammatory Demyelinating Polyneuropathy (CIDP) is a rare and debilitating autoimmune disorder that affects the peripheral nerves. Multifocal Motor Neuropathy (MMN) is a related rare disorder in which one's nerves are attacked by their own immune system. Both conditions have a devastating impact on quality of life and require intensive care.

While CIDP and MMN patients may eventually develop resistance to common treatments and therapies, intravenous immune globulin (IVIG) therapy, a form of plasma therapy, has proven to be a safer and more effective alternative for treatment.

Please join me in supporting the Medicare IVIG Enhancement Act, which would provide CIDP and MMN patients the opportunity to receive IVIG therapy in their homes, which will improve quality of life for patients and caregivers alike.

IN REMEMBRANCE OF ROBERT  
PEAR

**HON. RICHARD E. NEAL**

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. NEAL. Madam Speaker, today I rise to recognize the life and service of Robert Pear, a longtime reporter for the New York Times, and someone who has been critical to the conversation around health care for more 40 years. Robert Pear was a fixture in the Halls of Congress with his unassuming style, quiet voice and insightful questions. Robert spent countless hours in the Ways and Means Committee room reporting on health care debates of our generation—the Clinton Health Care legislation, Medicare Part D and the Affordable Care Act. Robert's knowledge and expertise were unrivaled. His ability to take complex issues and present them in a clear and concise manner was a testament to his understanding of the policy but also what the American people needed to know.

Robert was born in our nation's capital on June 12, 1949 to Philip and Marion Pear. Growing up in our nation's capital, Robert was immediately fascinated with policy and politics—even leading him to produce “The Pear Press” while in high school. He later went on to Harvard University, where he worked on the literary magazine “The Advocate” and eventually graduated magna cum laude in 1971. He would then go on to earn his Master of Philosophy from Balliol College in Oxford, and a Master's in Journalism from Columbia University Graduate School of Journalism.

Robert joined The New York Times in 1981. It was here that he was able to communicate the complexity of issues such as health care with remarkable clarity. It was his meticulous, exacting reporting that most recently helped keep the American public informed and engaged on the failed Republican “repeal-and-replace” efforts in 2017. Robert made it his life's duty to ensure the American people fully understood the intricacies of Washington. Over his 40 years with the New York Times, he helped produce or support more than 6,700 New York Times articles.

Many a member or press secretary can recount stories of picking up the phone and hearing Robert's distinctive voice on the other end of the line late at night or early in the morning, working to glean one more insight or critical piece of information for his next article. His follow up questions on both the politics and substance showed he keenly understood the currents swirling well below the surface. While Robert Pear will be missed by all who had the pleasure to get to know him, he will be remembered for his critical work, his persistence, and his lifelong commitment to public service and the American people.

IN HONOR OF STAFF SERGEANT  
ROBERT STANTON

**HON. DAVID LOESACK**

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. LOESACK. Madam Speaker, I rise today to honor the life and service of SSgt. Robert Stanton of Davenport, Iowa. On December 11, 1942, at just 18 years of age, Robert enlisted in the United States Marine Corps and went on to serve as a Gunner in Marine Scout Bomber Squad 142. On March 24, 1945, while flying over the Philippines, engine trouble caused a forced landing on Panay Island. SSgt. Stanton was taken as a prisoner of war by Japanese forces and killed soon after. SSgt. Stanton left behind his loving family, including his father, Bryan Jennings Stanton, and mother, Harriett Elizabeth Conley.

As a military parent, I am honored to recognize the bravery of a fellow Iowan who answered the call to serve at just 18 and tragically died as a prisoner of war. Before serving his country in World War II, Robert Stanton was an amateur boxer known for his knockout punch. A fighter to the end, SSgt. Stanton made the ultimate sacrifice for his nation. For his sacrifice, and the sacrifice of all the men and women who have served in the United States Armed Forces, we must never forget their service and remain eternally grateful.

HONORING THE 100TH ANNIVERSARY OF THE UNIVERSITY OF CALIFORNIA, LOS ANGELES

**HON. ADAM B. SCHIFF**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. SCHIFF. Madam Speaker, I rise today to honor the University of California, Los Angeles upon its centennial anniversary.

Established in 1919, UCLA is geographically the smallest of the UC campuses, yet the largest student body. Nearly one third of current undergraduates are first-generation students and more than 35% of current undergraduates receive Pell Grants. Notably, UCLA is the most applied to university for undergraduate education and the highest ranked public university in the country, according to the U.S. News and World Report in 2019. UCLA's graduates have gone on to achieve great success and merit in a variety of professional fields, including 13 MacArthur Fellows, 3 Pulitzer Prize winners, and 38 Academy Award winners. Impressively, UCLA has also produced 14 Nobel Prize winners, including Ralph J. Bunche, the first person of color to receive a Nobel Peace Prize.

It is no surprise to learn that UCLA is a vital contributor to the California economy, contributing \$11 billion annually, including \$4 billion in the Los Angeles area. During the 2016–2017 school year alone, 251 patents were issued to UCLA and 24 startup companies launched using technologies developed at UCLA. UCLA's athletic programs are among the best in the nation, with UCLA Bruins having won 261 Olympic medals, 133 of which were gold.

UCLA is a wonderful resource to the Los Angeles region, California, and the nation as a whole, providing an outstanding education to students from a variety of backgrounds.

It is my pleasure to honor UCLA for marking 100 years of exceptional achievement. I ask all members to join me in commending their accomplishments.

HONORING JUDGE WILEY DANIEL

**HON. JOE NEGUSE**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. NEGUSE. Madam Speaker, today I offer you my heartfelt condolences to the Daniel family on the loss of their father and husband Judge Wiley Daniel. Judge Daniel was a chief judge for the U.S. District Court of Colorado and was my home state's first African-American federal judge.

Judge Daniel was not only an incredible legal mind, but also a role model for aspiring attorneys. I was lucky enough to try several cases in Judge Daniel's court, and found him to be tough and fair-minded, always pushing the attorneys before him to present the best and most sound case that we could put forward. He made each of us better at our craft.

Being a “first” for any community is difficult and brave, but if the work stops at getting through the door, then it does not leave a true legacy. Judge Daniel was the first through but then spent so much of his energy ensuring
