

million in scholarships to support students pursuing higher education.

Other beneficiaries of Fundación Familia González Reynoso are DREAMer immigrants, who receive scholarships through Northgate's support of the OC Hispanic Education Endowment Fund, UCI Dream Center, TELACU Education Foundation and Catholic Charities of Orange County.

To raise awareness of chronic health issues affecting the Latino community, the family-owned and operated company introduced Viva La Salud, a comprehensive health and wellness initiative. Northgate started stocking its store shelves with healthier products, as well as partnering with vendors and providers that also work toward improving health and nutrition. As part of this program, Northgate offers special fresh food promotions, in-store cooking classes, store tours and food labeling education.

In keeping with their Viva La Salud philosophy, Northgate Markets is working with grant partner UC San Diego School of Medicine to increase affordable food access to low-income families who receive Supplemental Nutrition Assistance Program benefits. Called "Mas Fresco, More Fresh," the program helps promote long-term health by providing financial rebates on fruit and vegetable purchases.

Orange County Kid Healthy is another example of a Northgate partnership promoting healthy eating. For the last seven years, Northgate has hosted the Kid Healthy Cooking Up Change contest for culinary students who attend Title I schools. The program provides the tools and training to transform school lunch menus to include healthier foods, develop their cooking skills, and inspire students to continue their educations in the field of culinary arts and nutrition sciences.

Additionally, the Viva La Salud program organizes local 5K runs and clinical breast exams and mammogram screenings for at-risk women through a partnership with the Susan G. Komen Affiliates.

Northgate employees, who are referred to as "associations" and treated like family, are also provided with tools to thrive and succeed. The company offers a comprehensive health program, matches retirement plan contributions, and offers college scholarships.

Madam Speaker, it is my distinct privilege to honor this humble, loyal family of innovators who not only achieved the American Dream but are now recognized and trusted as the "Supermarket Champions of Health and Wellness."

INTRODUCING LEGISLATION REQUIRING THE DEPARTMENT OF DEFENSE TO REVIEW AND UPDATE FORMS CONTAINING RACIALLY OR ETHNICALLY INSENSITIVE TERMINOLOGY

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 10, 2019

Mr. HASTINGS. Madam Speaker, I rise today to introduce legislation requiring the Department of Defense (DOD) to review and modernize any of its in use forms utilizing outdated and racially insensitive terminology. Today, Senator TAMMY DUCKWORTH will intro-

duce the same legislation in the U.S. Senate. I thank her for joining me in this effort, and express my gratitude for the 42 members of the House of Representatives and the four Senators who have joined us in introducing this legislation.

It was recently brought to my attention that the Defense Department's DD-2064 Form, which is issued when a service member loses his or her life while deployed overseas, utilized the term "Negroid" as one of the means for denoting race. Quite frankly, I was shocked to see this term listed on documentation sent to the family of one of my constituents just a few months ago, after their son lost his life in service to our country.

Imagine for a moment what this must feel like. In the midst of the pain and crisis of losing a son, a daughter, a husband, or a wife, to receive a form from the Federal government identifying that loved one with outdated, offensive, pseudoscientific terminology once used to justify racism and concepts like racial inferiority or racial superiority. No family should ever have to cope with such added injury when mourning a family member in a time of crisis.

This terminology is not compliant with requirements from DOD and the Office of Management and Budget (OMB). In 1997, OMB set guidance for federal data on race and ethnicity, and in the years that followed, DOD released several issuances guiding the implementation of OMB's direction.

I also want to acknowledge—and I want to be very clear—that the Department of Defense acted expeditiously to rectify this oversight once my office brought it to their attention. While I commend them for addressing this issue with the seriousness it requires, the fact that this document retained outdated terminology for more than two decades calls into question the status of other forms in use by the Department. It is my understanding that the Department has begun a process of reviewing hundreds of other forms to ensure that no others are out of compliance. However, this review is just a small fraction of the forms and surveys utilized by the Department, individual service components, and military installations world-wide.

That is why this legislation is a necessary step that is in the best interest of our service members and our country.

This is a short, straightforward bill. It requires the DOD to review each of its forms and surveys currently in use to determine if any others contain terms or classifications that may be considered racially or ethnically insensitive. If they find any, they must take the appropriate steps to modernize them.

I would again like to thank my colleagues who have supported this measure, and ask that we move expeditiously to bring it to the floor for a vote.

IN SUPPORT OF H. RES. 413 RECOGNIZING THE 75TH ANNIVERSARY OF D-DAY

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 10, 2019

Mr. KEATING. Madam Speaker, I rise today in support of H. Res. 413 recognizing the 75th anniversary of D-Day.

I would like to thank Congressmen WILSON, SCHIFF, and LATTI, as my fellow co-chairs of the French Caucus, for joining me in introducing H. Res. 413 to express the gratitude and appreciation of the House of Representatives to the members of the United States and Allied Armed Forces for their leadership, bravery, and sacrifices in Normandy on June 6, 1944.

June 6, 2019 marks the 75th anniversary of the day the United States launched the largest amphibious assault in history at Normandy, alongside troops of the United Kingdom, Canada, and France. Operation Overlord—more commonly known as D-Day—was instrumental in bringing an end to World War II.

The success of the Normandy campaign did not come without tremendous loss of life, but it ultimately turned the tide for the Allies and led to the liberation of Europe. We owe a debt of gratitude to the members of the "Greatest Generation," who helped free the world from Nazi and Fascist regimes and restore liberty in Europe. Without their heroism and valor, our world today would be a very different place.

Five hundred veterans will travel to Normandy to commemorate the 75th anniversary of D-Day and the Normandy landings. They are just a fraction of the more than 2 million men that landed in Northern France over the course of Operation Overlord. As their numbers dwindle, so does the living memory of the events. It is incumbent upon us to ensure their sacrifices are never forgotten.

A generation ago—in the aftermath of D-Day and World War II—it was second nature that the ties the United States had with European nations represented our most important alliance. This relationship was fresh in our minds, having fought alongside one another and sacrificed so much over the course of the war. I too share this bond; my own uncle was killed defending democracy on French soil during World War II. Today, I fear the significance of the events of World War II and our
