

for over 30 years, providing a great service to the people of North Carolina.

I am honored and humbled to represent a woman who served her state with such dedication, courage, and selflessness. Tiawana Ramsey began her career with North Carolina Emergency Management in November of 1988 as Secretary. She performed her job with great attention to detail and was promoted to Program Assistant in January 1994. After well-deserved promotions to Administrative Assistant and then Emergency Management Planner Specializing in Earthquakes, Mrs. Ramsey was honored with the job title of Area 12 Coordinator in July 2007. In this role, Tiawana oversaw a three-tiered response system which serviced disaster events in both familiar and unfamiliar areas in the counties of Ashe, Avery, Caldwell, McDowell, Mitchell, Watauga, and Yancey.

In her positions of responsibility, Tiawana demonstrated poise, foresight, and accountability in constructing disaster preparation and disaster response plans. Her efforts have undoubtedly saved numerous lives and prevented many deaths from natural disasters in the areas she has served.

Mrs. Tiawana Ramsey is the proud wife of Mr. Jimmie Ramsey, who also serves in the North Carolina Division of Emergency Management. Mrs. Ramsey has had a tremendous impact on her community, and she will always be remembered for her diligent, professional service to the state of North Carolina. I thank Tiawana for her three decades of service and wish her the best in her retirement.

CONGRATULATING THE TUCSON
BOTANICAL GARDEN DISPLAY IN
OUR CAPITAL

HON. RAÚL M. GRIJALVA

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2019

Mr. GRIJALVA. Madam Speaker, I rise today to congratulate the Tucson Botanical

Gardens for their achievement in bringing a piece of Tucson's rich cultural heritage to the National Mall in Washington, D.C. and recreating their Barrio Garden in the U.S. Botanical Gardens. For 55 years, the Tucson Botanical Garden has demonstrated an unwavering commitment to connecting people with plants and nature through art, science, history, and culture, and I'm proud their work will be shared in the heart of our nation's capital.

As the oldest botanical gardens in North America, the U.S. Botanical Garden's displays include plants and visual elements to provide visitors with a deeper understanding of the variety of flora and garden cultures found across the country—including their styles, regional characteristics, and missions.

The theme of this year's exhibit is Gardens Grow Diversity, and I can think of no better representative of this than the Tucson Botanical Gardens. As one of only 14 public gardens to be selected, the Tucson Botanical Garden will share Tucson's own Barrio culture and the rich local heritage it represents with the millions of guests who visit Washington, D.C. every summer.

Founded in 1964, the Tucson Botanical Garden has been committed to creating a garden that was aesthetically appealing and educational. Containing an extensive collection of over 5,400 plants, this garden serves to showcase the local community and the diversity it reflects. The Tucson Botanical Garden has received numerous honors and was named one of the top ten gardens to visit in North America by Readers Digest and the Canadian Garden Council.

I am especially grateful for their dedication to creating a community resource for Tucson's learners of all ages, knowledge levels, and abilities. In hosting events such as farm to fork feasts, dog days, and exhibits showcasing local and national art, the garden has lived up to their mission, and is an invaluable resource to the Tucson community.

I congratulate the Tucson Botanical Gardens on being selected for this honor, and am excited to see a piece of Southern Arizona's Sonoran Desert culture in Washington, D.C.

IN RECOGNITION OF THE TRADI-
TION OF BREAKFAST ON THE
FARM IN KEWAUNEE COUNTY

HON. MIKE GALLAGHER

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2019

Mr. GALLAGHER. Madam Speaker, I rise today to recognize the tradition of Breakfast on the Farm in Kewaunee County hosted this year by Kinnard Farms in Casco.

Breakfast on the Farm is an iconic Wisconsin tradition that provides the community an opportunity to see first-hand how a dairy farm operates and learn about the significant role the dairy industry plays in Wisconsin's economy. Community members meet dairy farmers, explore the barns and equipment, and enjoy a delicious meal prepared on the farm.

I am grateful to Kinnard Farms for hosting the 2019 Kewaunee County Breakfast on the Farm. Kinnard Farms was founded on April 9, 1948 by Alvin and Milly Kinnard with the purchase of eighty acres, fourteen cows, and

seven heifers. Today, the Kinnard Family farms over 10,000 acres and milks 7,200 cows between two locations. Ninety percent of today's herd originates from the bloodline of the original fourteen cows purchased by Alvin and Milly.

Kewaunee County Dairy Promotion organizes the annual Breakfast on the Farm by recruiting host farms, sponsors and volunteers to support this terrific event. In addition, Kewaunee County Dairy Promotion provides educational opportunities to the community to increase awareness of Wisconsin's daily industry and the products produced by area dairy farmers.

Madam Speaker, I urge all Members of this body to join me in commending the efforts of Breakfast on the Farm to educate the community through this time-honored tradition. Thank you to the Kinnards, Kewaunee County Dairy Promotion, and the countless sponsors and volunteers for their continued support of Wisconsin's dairy industry.

IMPORTANCE OF FUNDING HIV/
AIDS RESEARCH

HON. DAVID B. MCKINLEY

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2019

Mr. MCKINLEY. Madam Speaker, as a member of the Congressional HIV/AIDS Caucus, I rise today in support of provisions of the Labor-H Appropriations bill which would fund President Trump's initiative to end HIV/AIDS by the year 2030.

Our nation is facing a continuing HIV crisis which has made its way into all of our communities and has destroyed the lives of too many of our constituents. Significant progress has been made in the fight against HIV/AIDS over the past several decades, but the CDC reports that over one million Americans still struggle with this terrible disease. In 2019, this is simply unacceptable.

The Labor-H Appropriations bill being voted on today includes many controversial matters which are sure to guarantee it is dead on arrival in the Senate. Despite this fact, the HIV/AIDS provisions enjoy broad bipartisan support. It is my wish that we could come together as one body to pass beneficial, bipartisan provisions which would make all Americans better off.

We cannot set this issue to rest until HIV has been fully eradicated from the United States. The administration has made this issue a priority and it is about time Congress follows suit. Many of us have known family, friends, or constituents who suffer from this abominable disease. We owe it to all of them to put aside our partisan differences and fund the initiative to eradicate HIV/AIDS from the United States by 2030.
