

EXTENSIONS OF REMARKS

CELEBRATING THE LIFE OF
CONGRESSMAN DONALD FRASER

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 13, 2019

Ms. PELOSI. Madam Speaker, I rise with my colleague Congresswoman BETTY MCCOLLUM to honor the life of a dedicated public servant, Congressman Donald Fraser. A life-long Minnesotan, Congressman Fraser devoted his life to fighting for the people of Minneapolis and all Americans. Whether serving in the Navy during WWII, in the Minnesota State Senate, in the U.S. Congress or as the longest-serving mayor in Minneapolis's history, Congressman Fraser was a patriot who never wavered in his commitment to lifting up hard-working families and building a brighter future for our children and grandchildren.

Congressman Fraser was a true champion for good. Together with his beloved wife of 68 years, Arvonne, a deeply respected women's rights advocate, he fiercely promoted human rights and championed progressive values. In the U.S. House of Representatives, Congressman Fraser earned the respect of all his colleagues on both sides of the aisle as a skilled and thoughtful legislator. He was a man of quiet dignity, who allowed the power of his ideas build coalitions for progress.

He believed deeply in the importance of ensuring that our nation's foreign policy upheld our bedrock principles of liberty, justice and human rights. Congressman Fraser lived his values through action, introducing legislation to ensure that American humanitarian aid never enriched tyrants or enabled oppression and persecution. He was persistent in his work to deepen America's commitment to democracy, not only abroad but at home: introducing the Home Rule Act of 1973 to allow the citizens of our nation's capital the right to self-governance and have their voices heard.

Congressman Fraser was also a dedicated conservationist who helped protect many of Minnesota's and America's most beautiful natural places. As the father of the Boundary Waters Canoe Area Wilderness Act, he helped guarantee that this beautiful landscape would be preserved and enjoyed by generations of Americans for years to come.

We all saw how much joy Congressman Fraser took in being mayor of Minneapolis. During his 14 years in office, he brought transformational change to the city he called home. He prided himself on his ability to listen to the needs of his constituents and never assumed to know the answers, but worked to bring people together to address the most pressing problems facing their community. He distinguished himself as a champion of early childhood education, recognizing that a free, quality public education was the key to success for America's young people and the most effective tool for fulfilling our founding promise of equality and opportunity for all.

Congressman Fraser has left an enduring legacy of progress for the people of Minneapolis, communities throughout Minnesota and for all Americans. May it be a comfort to

Thomas, Mary, John, Jean and the entire Fraser family that Don is now reunited with the love of his life, Arvonne, and with his beloved Anne and Lois. May it be a comfort that so many people across the country mourn with and pray for them at this sad time.

CELEBRATING THE 30TH ANNIVERSARY OF CR FLETCHER ASSOCIATES

HON. JOHN KATKO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 13, 2019

Mr. KATKO. Madam Speaker, I rise today in celebration of CR Fletcher Associates, Inc. This year marks the organization's 30th anniversary providing employment placement services throughout the greater Central New York area. CR Fletcher Associates has assisted job seekers and employers alike throughout its history.

CR Fletcher Associates was started in 1989 by Carol Fletcher. A graduate of LeMoyne College, Ms. Fletcher spent nine years gaining expertise in the recruiting industry before using her knowledge to begin her own recruitment and professional placement business. Her business has rapidly grown since opening its doors and has become a family operation with her husband Tom Fletcher joining in 2000. Thousands of job openings have been filled with the help of CR Fletcher Associates under the esteemed leadership of Ms. Fletcher, and she is a symbolic role model for those aspiring to become business leaders.

The services provided by CR Fletcher strengthen the Central New York economy by helping businesses meet labor needs. In addition, CR Fletcher supports individuals eager to pursue meaningful careers and opportunities. The firm's efforts have yielded several awards and recognitions, including CNY Business Journal's Fast Track 50 Award and Greater Syracuse Chamber of Commerce's Business of the Year Award.

Madam Speaker, I ask my colleagues in the House to join me in celebrating the 30th anniversary of CR Fletcher Associates. Businesses and individuals truly benefit from the presence of CR Fletcher Associates in our community. I am confident CR Fletcher Associates will provide further benefit to our community for many more years to come.

CARBON CAPTURE PRIZE ACT

HON. GRACE MENG

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 13, 2019

Ms. MENG. Madam Speaker, we stand at a critical juncture where the decisions we make today about combating climate change will have lasting consequences for generations to come. Each year, millions of metric tons of carbon dioxide (CO₂) are emitted into the atmosphere. These emissions are causing the planet to warm and creating more sudden, severe weather-related storms. On top of that, significant amounts of CO₂ already reside in the atmosphere. While it is critical that all nations transition to a low-carbon future, we must also explore technologies that remove and sequester carbon pollution to keep global average temperatures from rising above 1.5 degrees.

That is why, today, I am introducing the Carbon Capture Prize Act, which would direct the Department of Energy (DOE) to create a prize competition to incentivize research, development, and commercialization of direct air capture technology to remove and permanently sequester CO₂ from the atmosphere.

Technologies, like direct air capture, can provide nations the tools needed to reduce carbon pollution in the atmosphere. The benefit of this technology is that it can be located anywhere, making its potential scale of deployment enormous. A major challenge facing direct air capture technology, however, is cost, which can range between \$800 and \$250 per metric ton of CO₂ removal from the atmosphere.

My legislation would address this issue by establishing a prize competition for direct air capture technology that reduces CO₂ in the atmosphere. This bill authorizes an aggregate prize amount of \$30,000,000, and DOE may run the competition individually or with other agencies. Prize competitions have long been an effective tool to find cost-effective solutions for expensive problems.

Madam Speaker, I urge my colleagues to support the Carbon Capture Prize Act. It is undeniable that the fate of our children and future generations rests on the decisions we make today about fighting climate change.
