

HONORING THE SERVICE OF  
CORPORAL DAVID WOLMAN

**HON. LEE M. ZELDIN**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 18, 2019*

Mr. ZELDIN. Madam Speaker, I rise today to honor the life and service of a distinguished New Yorker and proud World War II Veteran, Corporal David Wolman of the 412th Air Service Group. Born in Brooklyn, New York, Mr. Wolman began his life of service to our nation in 1942, when he elected to pursue a job in air traffic operations with the U.S. military. He served as an Air Traffic Controller, assisting with operations during the D-Day invasion of Normandy.

Corporal Wolman began his service by training across the United States, starting on Long Island at Camp Upton. After months of specialized training he was stationed on the Thorpe Abbots Airfield in England, where he would communicate with pilots of the 8th Army Air Force, 100th Bomb Group. Corporal Wohman communicated with pilots before, during, and after missions, directing them during takeoff and landing, and getting returning planes any desperately needed emergency services upon landing. In addition to serving his country, Corporal Wolman was a servant of his faith, helping conduct Jewish services on Friday evenings.

Corporal Wolman was with the 100th Bomb Group through some of their most difficult operations, like the October 10, 1943, mission to Munster, Germany. Corporal Wolman's proudest and most memorable experience during his time at Thorpe Abbots came on June 6, 1944—D-Day. He worked tirelessly for three days to ensure air traffic operations during that crucial turning point in history went smoothly.

Returning home, Corporal Wolman continued to pursue his passion, serving several years as an Air Traffic Control Specialist with the Federal Aviation Administration. Corporal Wohman remained a loyal friend, always keeping in touch with his former Lieutenant, James Pound. He was also a loyal husband and father, married to his wife Gladys for 66 years. Corporal David Wolman is a distinguished American hero, dedicated to his family, his faith, and his country. For his service to our nation, we will be forever grateful.

DEPARTMENTS OF LABOR,  
HEALTH AND HUMAN SERVICES,  
AND EDUCATION, AND RELATED  
AGENCIES APPROPRIATIONS  
ACT, 2020

SPEECH OF

**HON. MARCY KAPTUR**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2019*

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 2740) making appropriations for the Departments of Labor, Health, and Human Services, and Education, and related agencies for the fiscal year ending September 30, 2020, and for other purposes:

Ms. KAPTUR. Mr. Chair, I thank the Gentlewoman from New York for writing such a

strong State Foreign Operations Appropriations Bill. You are a truly able chair. The base bill and report contain \$500,000 for Grass Carp control and this amendment doubles down on that investment, by providing an additional \$500,000 for a total of \$1 million for the Great Lakes Fisheries Commission to manage Grass Carp.

Much of the countries Asian Carp focus has been on stopping the Big-Head Carp, but let us not forget that the Grass Carp pose an existential threat to the economic future of the Great Lakes.

This threat is not theoretical. Just a few weeks ago, we found Grass Carp larva in the Maumee River. Every day, fisherman remove Grass Carp from the Lakes.

To understand just how dangerous the Grass Carp are, it is important to understand that on average, they consume 50 percent of their body weight of vegetation in just one day.

Think about those numbers. A five-pound grass carp consumes 2.5 pounds of vegetation in a single day.

While Grass Carp present a deadly threat to the Great Lakes fishery today, far too few resources have been allocated to the Grass Carp.

The Great Lakes Fisheries commission is an ideal partner to control this bi-national threat. The commission operates in coordination across our national borders to protect both American and Canadian fisheries.

The biodiversity, commercial and recreational fishery on the Great Lakes are threatened by the Grass Carp.

The Great Lakes Fishery Commission has a long history of controlling invasive species across the American-Canadian border.

This amendment fills critical gaps and I urge my colleagues to support it.
