

of June 10, 1999, in Kosovo, has not been resolved. In addition, Executive Order 13219 was amended by Executive Order 13304 of May 28, 2003, to take additional steps with respect to acts obstructing implementation of the Ohrid Framework Agreement of 2001 relating to the former Republic of Macedonia (what is now the Republic of North Macedonia).

The acts of extremist violence and obstructionist activity outlined in these Executive Orders are hostile to United States interests and continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency with respect to the Western Balkans.
