CONGRESSIONAL WOMEN'S SOFTBALL GAME

(Ms. WASSERMAN SCHULTZ asked and was given permission to address the House for 1 minute.)

Ms. WASSERMAN SCHULTZ. Madam Speaker, in the beginning of the 116th Congress, we elected more than 80 new Members; and so, in order to welcome you to the 116th Congress, the women of the Congressional Women's Softball team want to make sure that everyone knows that the game is finally here.

The 11th Annual Congressional Women's Softball Game is tomorrow night at 7 p.m. It is at Watkins Recreation Center, 420 12th Street, Southeast.

The reason I refer to the 80-plus new Members is that many of you may not know that we began playing this game 11 years ago, after I made an announcement, a public announcement that I had been through breast cancer at 41 years old. I was diagnosed, at 41 after doing a self-exam in the shower.

One day I was the picture of health; the next day I was a cancer patient. And, subsequently found that I was also BRCA2 positive, meaning that I had a genetic mutation that made it infinitely more likely that I would have a recurrence, and that I would very likely get ovarian cancer at some point.

So, after a year, 15 months really, of hell, and seven surgeries, not sharing it until I was all the way through the other side, I shared my story.

We introduced the EARLY Act, the Education and Awareness Requires Learning Young Act, which has been law since 2010, which is a law that now raises awareness in young women, an education and awareness campaign that has been funded every year with \$5 million, to make sure that we can help young women be aware of their breast health.

So many young women work for us on our staffs. We have a team that we play against, the common adversary of all of us, the press corps, the female press corps, and they generally are much younger.

So, Madam Speaker, we raise money for the Young Survival Coalition at this game. It is an organization that helps young women who deal with the challenges that they face when they have breast cancer.
